Writing and drawing are critical developmental skills that young children enjoy. Having a composition journal/notebook lets them keep all their creations together in one place. Many first grade classes use composition journals and teachers often require kids to buy their own. They are frequently found on school supply lists for first graders at back-to-school time. However, the journal is a great idea for kids from Kindergarten to 2nd grade. Each page inside the book has lines typically found on handwriting practice papers. So they can use the journal to practice their handwriting as well as write and illustrate their own stories. The top portion of the journal has room for the illustrations and the bottom portion has lines for writing. There are 160 pages in the notebook which is 80 actual sheets. The size is standard composition book size which is roomy enough for designs and writing but comfortable enough to hold. The back cover has a label to write the child's name. The journal makes a cute, inexpensive birthday, Christmas and other occasion gift for nieces, nephews and godchildren.

`A comprehensive, well-written and beautifully organized book on publishing articles in the humanities and social sciences that will help its

readers write forward with a first-rate guide as good company.' - Joan Bolker, author of Writing Your Dissertation in Fifteen Minutes a Day
`Humorous, direct, authentic ... a seamless weave of experience, anecdote, and research.' - Kathleen McHugh, professor and director of the UCLA Center for the Study of Women Wendy Laura Belcher's Writing Your Journal Article in Twelve Weeks: A Guide to Academic Publishing Success is a revolutionary approach to enabling academic authors to overcome their anxieties and produce the publications that are essential to succeeding in their fields. Each week, readers learn a particular feature of strong articles and work on revising theirs accordingly. At the end of twelve weeks, they send their article to a journal. This invaluable resource is the only guide that focuses specifically on publishing humanities and social science journal articles.

These 120-page journals are specially designed to use with Literacy Footprints First Grade kits. The journal provides first graders with the line spaces and page layout ideal for their developing skills. Students write on horizontally aligned 8" x 5" pages. The top portion of the journal features a blank practice area and the alphabet for reference. The bottom portion includes 3/4"-wide lines in the first half of the journal and adds dotted lines in the second half to support letter shape and size practice.
