Afraid of closing? That is an understatement. I used to talk with prospects on and on and on, afraid to close. So, in my lifelong quest to avoid rejection, I had to find new and effective closes that work. Here are 46 years' worth of our best closes. All of these closes are kind and comfortable for prospects, and rejection-free for us. Not every close is perfect for every prospect. We want a variety of closes. Let's choose which close is best for our prospects, and most natural for us. Never be afraid of closing again. Does anyone listen when we talk? Do we simply blend into the background? Let's change that now. Influence gives us the power to affect others and our world. Yes, we want to be heard, but what is more important than being heard? Getting others to take our advice and solutions, and apply them immediately. Few are born with influence. We must create our influence with others. But where do we start? If no one respects our opinions and ideas now, what can we do to establish our authority? We know it is possible. Others have influence. We can create our influence starting now. With ten unique strategies to choose from, we can change how the world reacts to us. Our voices will be heard. Our influence will create action. So instead of blending into the background, now we will feel the surge of excitement as others eagerly look forward to our ideas. We will be respected. We will make a difference. And we will accomplish more. Be somebody now.

Worried about presenting your business opportunity to prospects? Here is the solution. The two-minute story is the ultimate presentation to network marketing prospects. When our prospects see the big picture, they make decisions immediately. No more "I need to think it over" objections. In less than two minutes, our prospects will move forward, ready to join. This presentation requires no flipcharts, videos, research reports, testimonials, PowerPoint slides or graphics. All it takes is a simple two-minute story that we customize for our prospects. Forget all those boring presentation information dumps of the past. Instead, let's talk to our prospects in the way they love. Prospects enjoy a short story. Telling stories reduces our stress since stories are easy to remember. Plus, this story is 100% about our prospects. That means we become instantly interesting to our prospects and they will listen to every word we say. Now our prospects can see and feel what our business means to them. Enjoy connecting with prospects with no rejection and no objections. Prospects will love how we simplify their decision to join and make it stress-free. This is so much fun that now, our entire team can't wait to talk to prospects. And for us? We will love helping prospects see what we see, so they will ask to join our business. The two-minute story is the best way to help your prospects to join. Scroll up and order your copy now!

Will pressing the elevator button three times put it into “faster mode?” Did we break the secret elevator code? No. We all look for ways to break the “hidden codes” in our lives. Why? To better understand our world. Or maybe to discover shortcuts. It is the same when we try to understand our brains and the brains of our prospects. We wonder: - Why does my brain work against me? - What is my brain doing while I am not paying attention? - How do I break through the irrational defenses of my prospects? - What can I say to get through to prejudiced prospects? - Can I do something to change other people’s minds? - How can I understand my own irrational brain? It is hard to play the game if we don’t know the rules. Our brains operate in strange ways, but many of these quirks are consistent. We can learn some of these special brain rules and work with them. If we don’t, we’ll simply walk away muttering, “I just don’t get it. Nothing makes sense.” So instead of cursing the darkness, enjoy learning new and better ways to understand how we and our prospects think and act. We will smile as we learn how to deal with the 3-pound challenges inside our skulls. And the bonus? We will recognize these irrational brain rules as they play out in real life. With knowledge comes power.

We talk. Our prospects have a choice. #1. Continue thinking about their interesting lives, or #2. Stop what they are thinking, and listen to someone they don’t care about. Ouch. We can’t succeed if no one listens to our message. But how do we get prospects to pay attention to us? With hooks—strong openings that capture their curiosity. What kinds of hooks can we learn? • Curiosity hooks. • Magic phrases. • Humor hooks. • Shocking facts. • Quiz openings. • Challenges. • Story hooks and more. We want our prospects to think, “This is interesting. Please continue.” We don’t have to be creative. Let the simple lessons, examples, and templates in this book help us create professional hooks that work. No more presentations to people who fake their attention. No more nerve-racking encounters with uninterested prospects. Let’s feel confident that we can deliver our message to attentive prospects every time.

There is a reason many people succeed in network marketing while many others fail. This book explores the reasons so that anyone can understand and climb as high as they want in the business. Unfortunately, most network marketers never learn the skills. This is the book that contains easy to follow steps to fill that void. This book covers: How to select the business that is right for you How to select a team that can guide you to success How to get a financial incentive from the government How to always have people standing in line waiting to hear about your business What to show them How to start your new people on the path to success How to leverage the natural laws of business Network marketing professionals are some of the highest paid people in the world. *Paralyzed with fear? Can't get started? Never again! What if we could put our new team members into action immediately? How? With the exact words to say and the exact activities to do. In just a few minutes, our quick start instructions can help our new team members find the perfect prospects, close them, and avoid embarrassment and rejection. Our new team members have never done network marketing before. Let's shorten their learning curve while helping them get results in the first 24 hours. As with any profession, there are many skills to learn when we start a network marketing career. But, we don't have to learn them all right away. With just a few basic mindsets and phrases, our new team members can build a business while they learn their new profession. To start immediately, they need to learn how to: * Say the right words in the first 10 seconds. * Avoid rejection. * Never set off the dreaded salesman alarm. * Get others to point them to high-quality prospects who are ready to take action. * Get appointments immediately. * Give short answers to the biggest objections. * Talk about problems, not solutions. * Create better results with Level Six communication. * Follow up in minutes, not hours. * Address the five trigger points prospects use to make their final decision. Our new team members are at the peak of their enthusiasm now. Let's give them the fast-start skills to kick-start their business immediately.*

Why can't we convince others? And why won't people listen? We say great things to people. We offer great products to prospects. We share our vision and passion with others. And they don't believe us,

they don't buy, and they don't share our vision and passion. We say great things, but people don't believe us or act on our message. Why? Well, we don't need more good things to say. Instead, we need to learn how to get people to believe and trust the good things we are saying already. It's not about the price. It's not about the salesman's breath. It is not about the leader's PowerPoint presentation. It is all about the magical first few seconds when we meet people. What happens? In the first few seconds, people make an instant decision to: 1. Trust us. Believe us. Or, in the first few seconds, people make an instant decision to: 2. Turn on the salesman alarm. Put on the "too good to be true" filter. Be skeptical. Look for "the catch." This decision is immediate, and unfortunately, usually final. Tom "Big Al" Schreiter shows us exactly how to build a bond of trust and belief with prospects in seconds. How? By talking directly to the decision-making part of the brain, the subconscious mind. In this book, "How To Get Instant Trust, Belief, Influence And Rapport! 13 Ways To Create Open Minds By Talking To The Subconscious Mind," we will learn easy four- and five-word micro-phrases and simple, natural techniques that you can master within seconds. Yes, this is easy to do! Our message should be inside of other people's heads, not bouncing off their foreheads. Our obligation is to get our message inside of their heads so they will have options and choices in their lives. Now, if we can't get people to trust and believe our message, then we will effectively be withholding our message from them. Use these short, easy, tested, clear techniques to build that instant rapport with other people. Then, everything else is easy. If you are a leader, a salesman, a network marketer, an influencer, a teacher, or someone who needs to communicate quickly and efficiently, this book is for you. Order your copy now!

One tiny story ... changes everything. A ten-second story equals the impact of 1,000 facts. Now we can use micro-stories to communicate our network marketing message in just seconds. Our prospect becomes involved in the story, and instantly sees what we see. And isn't that what we want? Forget the flip chart, the presentation book, the website, the PowerPoint, and the video. Instead, use stories to get that "Yes" decision now. Later we can do our boring, fact-filled presentation. As an added bonus, stories answer objections. No more frustration or push-back from negative prospects. And of course, stories are easy to remember, both for us and our prospect. Here are the actual stories I use, word-for-word. Join the top earners now and become a professional storyteller. Order your copy now and start enjoying some great MLM and network marketing stories to move your business forward.

This is the one thing we can control. - We can change our mindsets in one second. - There is no cost. It's free to do. - The world responds, giving us better results. Instead of letting our mindsets control us, here is our chance to determine our future. Our first surprise is that nature gives us a negative mindset. We have programs that fear everything. Nature wants us to survive. Surviving is good, but achieving is great. And what about others? Can they affect our mindsets? Certainly, if we let them. This book gives us the tools to take control of our minds. Why be victims when we can be victors? Not only can we use these mindset skills for our personal success, but we can also change the mindsets of others. We can put our groups on the path to more positive outcomes and growth. What is magical about changing our mindsets? Other people can detect our mindsets and will react to them. This is how we can affect the outcomes in our lives. So even before we help others change their mindsets, our personal mindsets give us a big head start toward our goals. Why wouldn't we change our mindsets? Because we don't know how. Let's learn the precise skills to make this happen.

Intrusive ads, notifications, shiny objects, constant messaging and more combine to pull our prospects' attention away from our offer. We want effective phrases for: Clearing distractions from our prospects' minds. Closing our prospects. Getting final decisions. Reading our prospect's minds. Engaging prospects during presentations. Removing rejection. Bonding with our future team members. In seconds, we can take control of our prospects' minds and deliver our concise message. Now they can fairly decide if our sales message will serve them or not. Getting attention is the easy part. Keeping that attention requires using these magic phrases to ward off distractions. The rewards are huge when we master the art of controlling attention. We deliver a great sales message and prospects hear it. Prospects are smart. They have common sense. They will gladly take action on what serves them best. Stop delivering presentations, sales messages, and benefits to prospects who are not mentally engaged. The perfect prospect. The perfect presentation. And our prospect says, "No." What happened? Our prospect did not connect with or understand our presentation. Our presentation is clear to us, but our prospect understands the world differently. Yes, our prospect understands a different language. There are four different color personalities, and each of those personalities interprets our world differently. They have their own viewpoint and their own language. They make their decisions based upon their viewpoint, and the language we use to present to them has to match their personality. When we talk their language, magic happens. Our prospects understand and appreciate what we offer them. Once we have this connection, prospecting, selling, sponsoring, and presenting are easy. Learning the other color personalities' languages is easy. We simply modify our most common phrases to match their viewpoints. If our yellow personality prospect wants to serve and help the world, then why not present our opportunity from that viewpoint? It is just that easy. In this book we will quickly learn the different personalities and how to identify them. Then, we will learn proven phrases for connecting, prospecting, selling, and sponsoring for each color personality. The reactions of our prospects will be amazing. As network marketing leaders, we want to move people to take positive actions. Using their own color language is how we will do it.

Where do I start? What do I say? I don't want to sound like a salesman. How can I relax my prospects? When we are untrained, giving presentations can be difficult. We don't know the real questions in the minds of our prospects. We don't know what triggers a "yes" or "no" decision. Many times, we don't even know where to start. Our fascination with information holds us back. We can't see the big picture because we are drowning in facts. And, what actually is the big picture? It is simply this: Does the prospect want to join our business or not? But what would happen if we changed our entire business presentation model? First, we learn to get presentation appointments with almost 100% of the people we talk to. Next, we learn to give our entire business presentation in less than one minute. If we could do this, how do we think our prospects will feel? Thrilled! When we can give our entire business presentation in less than one minute, many good things happen. We save time, not only for ourselves, but for our prospect. That makes two people happy. Plus, this gives us the flexibility to give our presentation anywhere, at any time, in any circumstances. Caution: Our prospects make up their minds before we are ready. We have awesome facts, benefits, features, testimonials, videos, brochures, PowerPoint presentations, proof, and inspirational stories. But what happens? Our prospects decide if they want to do business with us or not, before we get to our good stuff. Why can't they wait? We can complain, or we can help them make up their minds quickly in our favor. We only have a few seconds before our prospects make their decisions. Use these seconds wisely. When we understand how our prospects make their decisions, we can address those processes early in the conversation, before they create a "no" decision. Of course, short is better than long. But how do we trigger our prospects' decisions in just a few seconds? Questions, indirect statements, micro-stories, analogies, and emotional programs help us navigate quickly through our prospects' brains. Why not effortlessly take the direct path to getting positive decisions? When we give up the old paradigm of prospects accumulating information, weighing the pros and cons, and processing the facts and figures to make a decision, then moving prospects forward to a positive sales decision is easy. Leave the door-to-door sales tactics of the 1980s behind. Instead, let's work with our prospects' minds to help them make great decisions.
