You may remember visiting a grandparent or elder friend who lived in a nursing home memory unit. When you were a child you

may recall sights, sounds, and smells that caused you to feel uneasy. Step into any one of today's 16,000 long-term care facilities across the US, and suddenly those memories reemerge. Nurse Supervisor K. Allen tells of the emotional investments found while working

Located at its core is found a locked memory care unit, the Rembrandt, where he and his heroic support team struggle to comfort those suffering from Alzheimer's and other types of

Increasingly,  
historical  
archaeology refers  
not to a particular  
period, place, or a  
method, but  
rather an  
approach that  
interrogates the  
tensions between

historical
