Almost twenty-five years after the infamous art heist at the Isabella Stewart Gardner Museum—still the largest unsolved art theft in history—one of the stolen Degas paintings is delivered to the Boston studio of a young artist. Claire Roth has entered into a Faustian bargain with a powerful gallery owner by agreeing to forge the Degas in exchange for a one-woman show in his renowned gallery. But as she begins her work, she starts to suspect that this long-missing masterpiece—the very one that had been hanging at the Gardner for one hundred years—may itself be a forgery. *The Art Forger* is a thrilling novel about seeing—and not seeing—the secrets that lie beneath the canvas.

The powerful, moving and turbulent novel of Sally Porter and the multiple personalities she has no idea she lives with... From the award-winning bestselling author of *FLOWERS FOR ALGERNON*: 'Heartbreaking, and utterly, completely brilliant' *GUARDIAN* Sally Porter is perfectly 'ordinary'. A waitress, divorcee, and loner in the great city. But, though she is unaware of it, she is also four other, quite different people: Nola, the cold independent artist who has a studio in Greenwich Village; Derry, the happy-go-lucky tomboy; Bella, the highly-sexed live wire with a talent for singing and

dancing; and finally Jinx, the hate-filled killer. Whenever events put too much of a strain on Sally Porter, she feels a headache and a blackout coming on - and a new character takes over. If there is a man to be fascinated, she will become Bella. If there is an intellectual problem, she will become Nola. And - as happens in the opening scene of the novel - if there is a rapist to be dealt with, she becomes the vicious Jinx. It is the task of the wise and patient psychiatrist, Dr. Roger Ash - a man who nevertheless has severe problems of his own - to deal with this case of multiple personality and, through painstaking therapy, to try to fuse the four disparate personalities into "the fifth Sally." "Welcome to Silvertown, Washington. Population: 602. (For now.) Officer Mary Whittaker is the lone cop in a small, bizarre mountain town that has yet to fully welcome her. With the chief of police on leave, she is left to uncover the truth behind a sudden spate of abnormal incidents. An exemplary, beloved teenager has died tragically after eating wild mushrooms from his lawn. A hiker was found dead on a trail, smiling serenely after being mauled by a bear. And other residents seem to have lost all sense of self-preservation as they walk out in front of her moving cruiser or sit placidly in the middle of a sharp bend in a mountain road. As she witnesses increasingly odd behavior and more bodies are discovered in baffling-and completely avoidable-circumstances, Officer Whittaker is dismayed to find no two cases are the same, except in their bizarreness. Though every possible explanation and conspiracy theory is considered, from mental breakdowns to aliens, it turns out to be something much more unsettling. The townsfolk are all losing their instincts, one by one. As the

town descends into panic, and Mary's own instincts begin to fail, she must figure out what is happening, who is behind it, and how to prevent the quirky mountain village from turning into a ghost town"--

When Jake's mother blames his head injury for his tales of attempted murder, he has to rely on his girlfriend, Laurissa, to help him escape the killers and the law enforcement agents convinced that Jake himself had a role in the crash. "Maggie understands that splatter for splatter's sake is boring. Psychopathy is boring. Coldness is boring. She's interested in feeling, and when her stories turn violent (as they frequently do), it's with a surreal emotional barbarity that distorts the entire world. You can mop up blood with any fabric. Maggie's concern is with the wound left behind, because the wound never leaves-it haunts. As a result, each of these stories leaves a wound of its own. Some weep, watching as you try (and fail) to recover. Others laugh. But never without feeling." -B.R. Yeager, author of Negative Space "And once finished, I felt like my tongue had been misplaced, guts heavy and expanded ... gums numb with a tongue that'd been put elsewhere, my mouth clean around a pipe weaving up through pitch and shadow ... and well past ready, primed for delight, waiting but knowing I had already been filled to skin; crying shit, hearing piss, fingernails seeping bile, pores dribbling blood, soles slopping off and out to meet a drain mid-floor ..." -Christopher Norris, author of Hunchback '88

Flowers for Algernon: A Novel by Daniel Keyes (Trivia-On-Books)

The full and unbridled inside story of the last twenty years of country music through the lens of Maren Morris, Mickey Guyton, and Kacey Musgraves—their peers and inspirations, their paths to stardom, and their battles against a deeply embedded boys' club, as well as their efforts to transform the genre into a more inclusive place for all (and not just white men in trucker hats), as told by award-winning Nashville journalist Marissa R. Moss. It was only two decades ago, but, for the women of country music, 1999 seems like an entirely different universe. With Shania Twain, country's biggest award winner and star, and The Chicks topping every chart, country music was a woman's world: specifically, country radio and Nashville's Music Row. Cut

to 2021, when women are only played on country radio 16% of the time, on a good day, and when only men have won Entertainer of the Year at the CMA Awards for a decade. To a world where artists like Kacey Musgraves sell out arenas but barely score a single second of airplay. But also to a world where these women are infinitely bigger live draws than most male counterparts, having massive pop crossover hits like Maren Morris's "The Middle," pushing the industry to confront its deeply embedded racial biases with Mickey Guyton's "Black Like Me," winning heaps of Grammy nominations, banding up in supergroups like The Highwomen and taking complete control of their own careers, on their own terms. When the rules stopped working for the women of country music, they threw them out and made their own: and changed the genre forever, and for better. Her Country is veteran Nashville journalist Marissa R. Moss's story of how in the past two decades, country's women fought back against systems designed to keep them down, armed with their art and never willing to just shut up and sing: how women like

The compelling story of Charlie Gordon, willing victim of a strange experiment - a moron, a genius, a man in search of himself. It was 1970 when thirteen-year-old runaway Kit Walker was abducted by Manny Romero, a smooth-talking, low-level criminal, who first coddled her and then groomed her into his partner-in-crime. Before long, Kit and Manny were infamous for their string of gas station robberies throughout Texas, making a name for themselves as the Texaco Twosome. Twenty years after they meet, Kit has scraped together a life for herself and her daughter amongst the pecan trees and muddy creeks of the town of Pecan Hollow, far from Manny. But when he shows up at her doorstep a new man, fresh out of prison, Kit is forced to reckon with the shadows of her past.
