NATIONAL BESTSELLER • “It takes a rare individual not only to see that history can live, but also to make it live for others. James Thom has that gift.”—The Indianapolis News *Mary Ingles was twenty-three, happily married, and pregnant with her third child when Shawnee Indians invaded her peaceful Virginia settlement in 1755 and kidnapped her, leaving behind a bloody massacre. For months they held her captive. But nothing could imprison her spirit. With the rushing Ohio River as her guide, Mary Ingles walked one thousand miles through an untamed wilderness no white woman had ever seen. Her story lives on—extraordinary testimony to the indomitable strength of one pioneer woman who risked her life to return to her own people.*

Rich, colorful and bursting with excitement, this remarkable story turns James Alexander Thom's power and passion for American history to the epic story of Tecumseh's life and give us a heart-thumping novel of one man's magnificent destiny—to unite his people in the struggle to save their land and their way of life from the relentless press of the white settlers. “Oh, what a man this will be, with such a sign as that!” In 1768, when Turtle Mother gave birth to a strong baby boy in the heart of the Shawnee nation, a green-yellow shooting star streaked across the heavens. Hard Striker saw the unsoma, the birth sign, and named his son

Tecumseh, meaning Panther in the Sky . . . Praise for Panther in the Sky “[James Alexander] Thom shows how, in honest, capable hands, fictionalized biography can add verisimilitude to the life and times of this extraordinary America. . . . The dialogue has the ring of reality about it. . . . Thom is able to get into the thoughts and emotions of his characters.”—Dee Brown, Los Angeles Times “The story of a bruised and threatened culture . . . Thom’s rendering of the Shawnee world is authoritative. Tecumseh is a wonderful character. . . . Panther in the Sky is bloody, brave and honorable.”—The Washington Post Book World “Through Thom’s masterful storytelling and his passion for Shawnee lore, customs and especially mysticism, you continually have the feeling that maybe, these simple, proud individuals can win back their land and have life go on as ‘Our Grandmother,’ that great spiritual force, intended.”—Chicago Tribune “A work of such sweep and compassion that it blurs the demarcation between novel and history . . . Totally admirable.”—The Cincinnati Enquirer “A brilliant job . . . meticulously researched . . . It is a detailed story of the almost mythical life of [Tecumseh] and that of the Shawnee of his time.”—Kansas City Star “A spellbinding novel about the life of Tecumseh . . . The book is almost epic in its scope. . . . Thom has carefully researched his facts. He has the care of a historian to go with the skills of the seasoned novelist.”—The Indianapolis Star “Riveting . . . Historical fiction at its finest.”—Booklist

IN A PLACE OF PEACE DURING A TIME OF WAR THE UNFORGIVEN WILL NOT GO FORGOTTEN. Edenville, 1940. In a rural hamlet where the majority of men are overseas to fight Hitler's Nazi war machine, someone is killing veterans of the first world war. Wartime Special Constable 'Lame' Eddie Sommers, a crippled rich boy and the butt of derision, is doing his best to fill a uniform he believes in, yet wears too large. Inexperienced and out of his depth, he turns to a former detective and veteran of the western front for assistance. Involving Marshall Geary might be his biggest mistake. Marshall wears a copper mask, as much to hide behind as to conceal his disfigurements. He struggles against howling flashbacks and the lingering stench of his own concealed crimes. In a town meant for sanctuary, repressed horrors awaken like worms in a collapsing coffin. The closer they get to the truth, the nearer everyone is dragged to their limits, their failings and their buried pasts.

*Courageous Women * Supportive Men * Helpful Angels* Angels Along the River is an inspirational story of hope, fear, joy and accomplishment that is a testament to the incredible tenacity and spirit of ordinary people everywhere. When Eleanor Lahr read *Follow the River*, a novel based upon the true experiences of Mary Draper Ingles, it changed her life. Mary was captured in 1755 by Shawnee Indians and carried 500 miles from her home. Eleanor felt inexplicably compelled to retrace Mary's escape route. With little previous experience in the great outdoors, but with plucky courage, she planned and trained extensively. Sometimes alone and sometimes with strangers, she hiked for 43 days along the Ohio, Kanawha, and New Rivers. Misunderstandings and ingrained prejudice challenged the band of walkers as much as Mother Nature; however, angels in everyday clothes helped them overcome their personal limitations, bloody blisters, broken bones, and life-threatening situations. Eleanor and her companions carried Mary's courageous story from Kentucky to Virginia in their own remarkable feat of determination and achievement. As an act of self-preservation Eleanor did not understand initially, her physical journey became a transformative personal journey that redefined her as a capable, strong, and independent woman. "The inspiration is contagious and it affects us all in different ways Eleanor's book is another carrier of the

Do You Abide?

James Alexander Thom, bestselling author of two magnificent historical novels, says about his modern novel, *Staying Out of Hell*: "Like my character, Scotty Montgomery, I grew up in the idyllic prewar Midwest,

was a Marine, and later a journalist appalled by the apparent cheapness of life and the world's casual disregard for human suffering. Like my protagonist, I am unable to reconcile my country's two roles: the citadel of humane idealism, and the leading world merchant of death-dealing weapons. I hope by this novel to awaken our benumbed souls to the awful absurdities with which we live."

It is an adaptation of the age-old Biblical tale of David and Goliath and opens the door for discussions on self-confidence and faith in the face of great obstacles. It is also an excellent book for schools, day cares and Sunday Schools. It is simple, inviting story, and is widely available in print and e-book for easy access.

In essence, this story is about how a certain person was searching his bookshelf for something to read and in the end found a book, which turned out to be the source, from which it is possible to obtain absolutely any kind of information about absolutely any person.

Meaning, information to the smallest particulars and details about what his or her qualities of personality are, how he or she lives, what he or she really wants to achieve, what he or she hides, and much more. And, it does not matter, if the subject is some person, who lived in the distant past or lives in the present or someone, who will live in the future. Since, as it turned out later on, this literary monument is nothing other than the Catalog of human population. In

Download Free Follow The River James Alexander Thom

other words, the encyclopedia of Homo sapiens; in essence, the same as encyclopedias, reference books for specialists, which contain complete information about representatives of a particular subspecies of animals, plants, etc. Although at some point, the course of this story turned banal: "bad guys" from security services, intelligence services, politics decided to not only use this source of knowledge for their dirty deeds, but also to appropriate it solely for their personal use. And, the way they tried to do this is also banal: by physically destroying the author of discovery of the Catalog of human population and all of his colleagues. However, the ending of this story makes it stand out from the category of ordinary spy stories. At least because the main characters of this story managed to survive not due to favorable concatenation of circumstances or someone's help, but thanks to that knowledge, which they discovered in the ancient text, which turned out to be the Catalog of human population. Of course, such an outcome upset and continues to upset not only the Russian special services, but also all those people in whose way developers of the Catalog of human population got. And, in this civilization, there are countless numbers of such people: from psychologists (who become no longer needed by anyone) to organizers of this civilization themselves. Since from the standpoint of the Catalog of human population-technogenic civilization without a human, which they

Download Free Follow The River James Alexander Thom

lovingly built for many centuries, is simply trash, to put it mildly, and beneath all criticism. And, they themselves are also trash. However, regular people, who (thanks to the scientific discovery made by Andrey Davydov) got the source with answers to all of their questions and individual recipes, now no longer need to pay "experts on the human soul" for being shamelessly fooled. Therefore, whoever tries to kill developers of the Catalog of human population in the future must know that it is no longer possible, as they already became part of history of humanity. After all, at the current stage of development, a Homo sapiens has only one possibility to continue to live after death, to live through the ages: in the product that he/she created. And, those, who tried and continue to try to kill them, were nobodies and will remain nobodies, who one day will cease to exist without leaving a trace. As for organizers of this "civilization"-maybe instead of trying to find new recipes to destroy "excess billions" and trying to examine human potential using Neanderthal methods, it would be more reasonable not only to find out the recipe of how to make Homo sapiens a 100% controllable producer and consumer from the source (which, by the way, seems to have been left to humanity by creators of nature and a human on this planet), but also how to build a civilization without quotes? After all, it only seems to them that they are the main deceivers, while in reality

they were fooled, and fooled majorly.

For famous one-armed war correspondent Paddy Quinn, this is to be his final Civil War assignment: the funeral of the assassinated President Lincoln. Quinn and his new bride Felice are aboard the steamboat Sultana going up the spring-flooded Mississippi River toward Illinois to meet the Funeral Train, when their honeymoon vessel stops at Vicksburg and takes on a pathetic human cargo of 2,000 sick and ragged survivors of the hellish Andersonville prisoner-of-war camp, kept alive only by their desire to get home. Quinn's lot is now thrown in with some of the unluckiest veterans of that awful war. While he is interviewing them about life in the notorious prison, the Sultana, carrying five times its lawful number of passengers, explodes after midnight. Quinn is blown overboard with the emaciated veteran Robb Macombie, and in the worst night of his life proves himself a better man than he had ever imagined he could be. In this narrative of America's worst maritime disaster, the deepest undercurrent is the spirit of the martyred President, whom Quinn and Macombie have vowed to honor by attending his funeral even if it kills them.

A bestselling master of historical fiction, James Alexander Thom has brought unforgettable Native American figures to life for millions of readers, powerfully dramatizing their fortitude, fearsomeness, and profound fates. Now he and his wife, Dark Rain, have created a magnificent portrait of an astonishing woman – one who led her people in war when she could not persuade them to make peace. Her name was Nonhelema. Literate, lovely, imposing at over six feet tall, she was the Women ' s Peace Chief of the Shawnee Nation – and already a legend when the most decisive decade of her life began in 1774. That fall, with more than three thousand Virginians poised to march into the Shawnees ' home, Nonhelema ' s plea for peace was denied. So she loyally became a fighter, riding into battle covered in war paint. When the Indians ran low on ammunition, Nonhelema ' s role changed back to peacemaker, this time tragically. Negotiating an armistice with military leaders of the American Revolution like Daniel Boone and George Rogers Clark, she found herself estranged from her own people – and betrayed by her white adversaries, who would murder her loved ones and eventually maim Nonhelema herself. Throughout her inspiring life, she had many deep and complex relationships, including with her daughter, Fani, who was an adopted white captive . . . a pious and judgmental missionary, Zeisberger . . . a series of passionate lovers . . . and, in a stunning creation of the Thoms, Justin Case – a cowardly soldier transformed by the courage he saw in the female Indian leader. Filled with the uncanny period detail and richly rendered drama that are Thom trademarks, *Warrior Woman* is a memorable novel of a remarkable person – one willing to fight to avoid war, by turns tough and tender, whose heart was too big for the

When Carl seeks help from his computer statistician girlfriend, Laurie, she discovers that various murders in four different states have similarities that can't be ignored. Jake is a mountain man in 1838 Colorado who finds he is dying from Cancer. He isn't given much time to live, and doc says it is going to be painful. He sends him off with some medicine to help cope with the pain. Instead of going home to die, Jake decides to set out on a last adventure to find the perfect secluded valley for his final resting place. His best friend, Joe Barnes, won't let him go alone, and he brings along a deaf mute girl named Beth. Along the way they save some children from hostile Indians, guide a wagon train to safety, spend time with old friends, and settle an old score with a past friend.

Joe Meek is one of the West's irresistible characters dashing, devil-may-care, cheeky, irreverent, more fun than a playful grizzly cub. Unlike so many of the West's other great characters, he comes down to us not as a myth, says the editor, but as "simply a right kind of fella." It is our good

luck that Joe knew how to yarn his mountain experiences truly and colorfully and with only a mite of stretching, and that he happened to cross trails with Frances Fuller Victor, who had the sense to see the worth of his tale as Joe told it, in the raw. The first of two volumes of "The River of the West" deals with Joe's years as one of the legendary mountain men, the fur trappers of the Rocky Mountains. Two centuries ago, with the support of the young Revolutionary government, George Rogers Clark led a small but fierce army west from Virginia to conquer all the territory between the Ohio and Mississippi rivers. He battled the British, forged friendships with French and Spanish settlers, and made treaties with many Indian tribes who revered the lanky, red-haired white man and called him Long Knife. He fell in love with the woman of his dreams, the beautiful Spanish maiden Teresa de Leyba. And George Rogers Clark was, in the end, bitterly betrayed by the same government he had so nobly served. Rich in the heroic characters, meticulously researched detail, and grand scale that have become James Alexander Thom's trademarks, Long Knife, his first historical epic, is simply unforgettable.
