"I am Ra. We came to your peoples to enunciate the Law of One. We wished to impress upon those who wished to learn of the unity all paradoxes are resolved; all that is forgotten is broken is healed; all that is forgotten is broken is buried deep within each of our hearts because we really are one in love and in light, the building blocks of the universe. We are all manifestations of the One Infinite Creator. We are the Creator. We are the Creator. We are not learning this law for the first time but are remembering it yet again as all mystics have taught throughout Earth's history. Our journey of self-realization is the discovery or remembrance of this essential truth, our essential identity. A waking up, as some have called it, within an illusion of separation. Don Elkins and Carla L. Rueckert worked together for 12 years to perfect the channeling process and receive philosophical inspiration and guidance from extraterrestrial sources. When Jim McCarty joined them in 1980 they began to receive a new and unique type of channeling contact, Ra shared information to help seekers of truth deepen their awareness and acceptance of self and other, and to help Earth move into the emerging fourth density of love and understanding. This book is the transcript from the recording of that conversation between the Questioner and Ra. Through questions & answers, the metaphysical blueprint of spiritual seekers and wanderers. * * * * * * * The Ra Contact: Teaching the Law of One Volume 2 contains Ra contact sessions 57-106. As with all L/L Research material, this book can be read for free in PDF form on the archive website www.llresearch.org.

Understanding Healthcare Financial Management The Ra Contact: Teaching the Law of One:

Americans often complain about the operation of their government, but scholars have never developed a complete picture of people s preferred type of government. In this provocative and timely book, Hibbing and Theiss-Morse, employing an original national survey and focus groups, report the governmental procedures Americans desire. Contrary to the prevailing view that people want greater involvement in politics, most citizens do not care about most policies and therefore are content to turn over decision makers be empathetic and, especially, non-self-interested, not that they be responsive and accountable to the people's largely nonexistent policy preferences or, even worse, that the people be obligated to participate directly in decision making. Hibbing and Theiss-Morse conclude by cautioning communitarians, direct democrats, social capitalists, deliberation theorists, and all those who think that greater citizen involvement is the solution to society s problems. From two bestselling authors—the first in a deliciously bold new series that takes readers to the most dangerous edge of desire . . . Nikolai: I have been a contract killer since I was a boy. For years I savored the fear caused by my name, the trembling at the sight of my tattoos. The stars on my knees, the marks on my fingers, the dagger in my neck, all spoke of danger. If you saw my eyes, it was the last vision you'd have. I have ever been the hunter, never the prey. With her, I am the mark and I am ready to lie down and let her capture me. Opening my small, scarred heart to her brings out my enemies. I will carry out one last hit, but if they hurt her, I will bring the world down around their ears. Daisy: I've been sheltered from the outside world all my life. Home-schooled and farm-raised, I'm so naive that my best friend calls me Pollyanna. I like to believe the best about people. Nikolai is part of this new life, and he's terrifying to me. Not because his eyes are cold or my friend warns me away from him, but because he's the only man who has ever seen the real me beneath the awkwardness. With

him, my heart is at risk . . . and also, my life. Sometimes the line between good and bad simply depends which side you're on... Good guys can have unsavory secrets, while so-called criminals can live by a code of ethics rivaling that of any law enforcement agency. Bending the law for money, power, or revenge is one thing, but what if you're bending it for your family-for love? Who would choose to become involved with a man who walks on the dark side... Some men will go to any lengths, legal or not, and make no apologies to protect their way of life and all they hold dear. But you don't always choose who you love, and sometimes you just have to decide if you're bold enough to risk it all and go along for the ride. Thirteen masterful authors come together to present Men of Mayhem. Compelling stories of loyalty and passion, love and lust, in which the moral and ethical lines are blurred, and call into question the notions of right and wrong.
