What do you do when your products are as popular as ever but consumers just don't want to pay for them anymore? Berman identifies five trends that will force companies to reinvent their business models

anyone truly ready for success. One of the 7 best motivational books of 2016, according to Inc. Magazine. Before Grant Cardone built five successful companies (and counting), became a multimillionaire, and wrote bestselling books... he was broke, jobless, and

drug-addicted. Grant had grown up with big dreams, but friends and family told him to be more reasonable and less demanding. If he played by the rules, they said, he could enjoy everyone else's version of middle class success. But when he tried it their way, he hit rock bottom. Then he tried

the opposite approach. He said NO to the haters and naysayers and said YES to his burning, outrageous, animal obsession. He reclaimed his obsession with wanting to be a business rock star, a super salesman, a huge philanthropist. He wanted to live in a

mansion and even own an airplane. Obsession made all of his wildest dreams come true. And it can help you achieve massive success too. As Grant says, we're in the middle of an epidemic of average. The conventional wisdom is to seek balance and take it easy. But that has

really just given us an excuse to be unexceptional. If you want real success, you have to know how to harness your obsession to rocket to the top. This book will give you the inspiration and tools to break out of your cocoon of mediocrity and achieve your craziest dreams.

Grant will teach you how to:

- Set crazy goals—and reach them, every single day.
- Feed the beast: when you value money and spend it on the right things, you get more of it.
- Shut down the doubters—and use your haters as fuel.

Joint ventures are
like mini-

or more individuals or businesses collaborate on a specific project, by pooling resources, talents, time and energy. Ultimately, both partners work together in some capacity for mutual benefit. They agree to share the

Read Book For Free Frank Kern

rewards, as well as any risks. Unlike a business partnership, joint ventures are short term collaborative projects. Joint ventures expand your reach by accessing a pre-qualified audience. Collaboration gives

Read Book For Free Frank Kern

you the opportunity to co-create new products or services by collaborating with partners who bring different competencies or expertise to the table. JV partnerships are the most effective marketing strategy,

Read Book For Free Frank Kern

whether you're just starting up or you're ready to take your business to the next level, and here's why: * First of all, it's free: In most cases, joint ventures don't cost anything. Instead, you work together to generate sales and

Read Book For Free Frank Kern

then split the profit.
* You don't need an audience to start with: If you have a huge following and a big email list, great! But if you don't that's okay too because you can establish a mutually beneficial partnership with

Read Book For Free Frank Kern

someone else that will expose you to their audience, which helps you build your list. *

It's highly targeted marketing: You can spend countless hours and money trying to identify and target your specific market of

Read Book For Free Frank Kern

ideal clients, or you can collaborate with someone who already works directly with them—and get a warm introduction.

* You get to leverage their credibility: People do business with people or companies

Read Book For Free Frank Kern

they know, like and trust, and by partnering with someone who promotes you to their established following who loves them, you benefit from the good will and trust they've already developed. The benefit is that

Read Book For Free Frank Kern

this warm-contact leads to much higher conversion rates than paid advertising. * Plus, it's scalable: You can work with as many joint venture partners as you want—there are no limits! In this course you'll learn

Read Book For Free Frank Kern

everything you need to start doing joint ventures right away.

* Explore different types of joint ventures, such as referrals, trading, affiliates, interviews, cross-promotions, presenting, and co-creating new

products or services.

* Learn best practices for networking to meet potential collaborators, including how to master your elevator pitch. * Build relationships, gain credibility, and develop content

increasing your sales and freeing you to focus on doing what you love.

* Use proven strategies for approaching potential partners in a way that expresses the benefits of working with you and eases any

resistance. * Create a JV agreement and contract that sets clear expectations for responsibilities, timeframes, money exchanges, marketing, confidentiality, termination, and more. ORDER NOW.
