

For My Children A Mothers Journal Of Memories Wishes And Wisdom

Become a calmer and happier mother with Buddhism for Mothers. 'This is an excellent, practical guide to everyday Buddhism not just for mothers, but for everyone who has ever had a mother.' Vicki Mackenzie, author of the bestselling Why Buddhism Parenthood can be a time of great inner turmoil for a woman yet parenting books invariably focus on nurturing children rather than the mothers who struggle to raise them. This book is different. It is a book for mothers. Buddhism for Mothers explores the potential to be with your children in the all-important present moment; to gain the most joy out of being with them. How can this be done calmly and with a minimum of anger, worry and negative thinking? How can mothers negotiate the changed conditions of their relationships with partners, family and even with friends? Using Buddhist practices, Sarah Naphthali offers ways of coping with the day-to-day challenges of motherhood. Ways that also allow space for the deeper reflections about who we are and what makes us happy. By acknowledging the sorrows as well as the joys of mothering Buddhism for Mothers can help you shift your perspective so that your mind actually helps you through your day rather than dragging you down. This is Buddhism at its most accessible, applied to the

daily realities of ordinary parents. Even if exploring Buddhism at this busy stage of your life is not where you thought you'd be, it's well worthwhile reading this book. It can make a difference.

Within each family lies a treasure of memories and experiences. Things that define who Mom is. That reflect the love she shares. Discover together the stories she holds close to her heart with these pages, filled with meaningful questions to answer. Invite her to speak from the heart, in her own words-it doesn't need to be formal or complex. Because when she is finished, she will create a priceless keepsake for generations to come. My Mom can be a gift for them to fill out or a meaningful way to "interview" and create a family dialogue around each story. Moms can also fill them out on their own and give them as a gift to younger generations"--publisher description.

Motherhood is full of uncertainty. What do my children really need? Why are they doing that? Is this normal? What can I do to help them? How can I know for certain that I am doing this right? The logistics are easy. Anybody can do laundry and carpool. But what makes a mother the best mom she can be? It's not better scheduling. Or more activities. Or less. It is passion—the passion to teach, protect, study, and prepare her children for the future. Great, but how? Susan Merrill, the mother of five incredibly different children, has

asked that question countless times. And she has read countless answers specific to a certain child's temperament, age, or situation. But nothing she read offered an overall approach to parenting that would enable her to say with confidence, "I am doing this right." She never guessed she would find a foundational plan—a reliable, universal parenting approach in the Old Testament book of Nehemiah. In The Passionate Mom, Susan takes you on a journey through Nehemiah and into the heart of parenting. Her stories and confessions in every chapter reveal what she has learned: no mom can control her child's future, but every mom can parent well. There is a plan—a roadmap for how a passionate mom can parent almost any child, confidently.

"...This book reaches mothers like me at both the heart level and the head level, showing us how to guide our children passionately and practically..."

--Shaunti Feldhahn, social researcher, national speaker and best-selling author of "For Women Only" "Being a mother is the greatest joy of my life. My friend Susan Merrill regularly inspires me in my role as a Mother. In her book, she will inspire you!" --Denise Jonas, Mother of Kevin, Joe, Nick and Frankie Jonas "Every mother's goal is to see her children fully blossom. In 'The Passionate Mom' Susan Merrill not only outlines the qualities women need to be successful moms, but also lays out a practical, biblical plan to help develop those qualities. She provides sound

advice to help in the difficult task of raising children." --Lauren and Tony Dungy

Create a wonderful keepsake for your child. Record your family history and share the hopes, dreams and fascinating stories of your life. By answering the prompts in this journal, you create a one-of-a-kind record of your memories bringing to life the world you grew up in along with the events, circumstances and defining moments that molded and shaped you into the person you are today. This guided journal contains 127 pages of thought-provoking and detail driven prompts such as... Childhood & Teenage Years... What trends or fads were popular when you were young? What do you feel was the most important lesson your parents taught you? Love & Marriage... When and how did you meet my father? What is the most difficult relationship challenge you have ever had to face? Parenting... How did you feel the first time you realized you were going to be a mother? Describe a rewarding moment in your life as a mother. Life... What hardships have you experienced? What challenges did you face and how did you overcome them? What do you wish you had done more of in your life? What skills or special knowledge do you have that you would like to pass down to the next generation? Also includes: Four Generation Family Tree Two Family Recipe Pages Two Dot Grid Pages (For Sketching Floor Plans or Diagrams) This keepsake journal makes

a wonderful gift! From child to mother: Present it to your mom requesting she share her stories with you. Baby Shower Gift: Surprise the mom-to-be with this journal so she can start recording her memories early. From Mother to Child: Fill out the journal and present it as a gift to your son or daughter.

How I Survived My First Empty-Nest Year and Reinvented the Rest of My Life

Why Parents Must Remove Their Children from Public Schools

52 Things Kids Need from a Mom

My Mother, My Mentor

For My Children

The Case of Kenya

Live your best life—even after your kids leave home When her children left for college, Melissa Shultz was certain that she had prepared them well for their new lives—but her own life was a different matter entirely. Her house was empty, her purpose unclear. If her life was no longer dominated by the day-to-day demands of being "Mom," then who exactly was she? And how would she ever move forward? From Mom to Me Again is the story of one woman's reinvention. Shultz's struggle with the empty nest

Acces PDF For My Children A Mothers Journal Of Memories Wishes And Wisdom

and the transformation of her marriage, friendships, career, and ultimately herself, is part memoir and part self-help guide. Funny, poignant, and practical, this book tells Shultz's personal story and provides valuable advice for readers preparing to send their children off into the world. She shows women that while they'll always be mothers, it's time for them to take center stage in their own lives once again.

School shootings, drugs, promiscuity, secular humanism, socialist indoctrination -- it's time to remove kids now! American schools are the best funded in the world, yet out of 41 nations, American students consistently rank near, or at the bottom in mathematics, physics and science.

Despite their failings more than 80% of evangelical Christians place their children in government (public) schools, exposing them to physical and moral danger on a daily basis. One of the first things missionaries abroad do, is to start Christian schools and home schools, to tutor their converts, yet in America, most Christians allow

Acces PDF For My Children A Mothers Journal Of Memories Wishes And Wisdom

their children to be brainwashed by the public schools' New Age, socialist agenda. Education belongs to the family first, with assistance from the church, but now the government has been permitted to usurp this vitally important role. The biblical instruction of our children may be the thrust that God could use to restore American society and revive the nation. A fresh obedience by the church, to its God-ordained role in education, may be the catalyst for a new Great Awakening.

This book will give working mothers the confidence that they can pursue a career while raising healthy, successful children. In *My Mother, My Mentor: What Grown Children of Working Mothers Want You to Know*, author Pamela F. Lenehan combines stories and research on children of working mothers. Using interviews and an independent survey, Lenehan delves into the recollections of the mothers and now-grown children to understand what worked well and what issues working mothers need to consider. These narratives also illustrate what the

Access PDF For My Children A Mothers Journal Of Memories Wishes And Wisdom

mothers and children thought about the best ways to spend their time together. In *My Mother, My Mentor* working mothers and their grown children relate their different views of what success means to them. The data show that the children of working mothers graduate from college, are employed, in committed relationships, have children, and are just as happy as children whose mothers stayed at home. Useful and informational, *My Mother, My Mentor* communicates that not only did the children of working mothers survive having a working mother, they thrived in an environment where mothers provided their children a strong work ethic, taught them resilience, and continued as a sounding board long into adulthood.

With Mothers Who Can't Love: A Healing Guide for Daughters, Susan Forward, Ph.D., author of the smash #1 bestseller *Toxic Parents*, offers a powerful look at the devastating impact unloving mothers have on their daughters—and provides clear, effective techniques for overcoming that painful legacy. In more than 35 years as a

Acces PDF For My Children A Mothers Journal Of Memories Wishes And Wisdom

therapist, Forward has worked with large numbers of women struggling to escape the emotional damage inflicted by the women who raised them. Subjected to years of criticism, competition, role-reversal, smothering control, emotional neglect and abuse, these women are plagued by anxiety and depression, relationship problems, lack of confidence, and difficulties with trust. They doubt their worth, and even their ability to love. Forward examines the Narcissistic Mother, the Competitive Mother, the Overly Enmeshed mother, the Control Freak, Mothers who need Mothering, and mothers who abuse or fail to protect their daughters from abuse. Filled with compelling case histories, Mothers Who Can't Love outlines the self-help techniques Forward has developed to transform the lives of her clients, showing women how to overcome the pain of childhood and how to act in their own best interests. Warm and compassionate, Mothers Who Can't Love offers daughters the emotional support and tools they need to heal themselves and rebuild their confidence and self-respect.

Being There

I'm Glad My Mom Died

A Mother's Memory Journal

A small Eskimo boy discovers that Mother's lap is a very special place with room for everyone.

A heartbreaking and hilarious memoir by iCarly and Sam & Cat star Jennette McCurdy about her struggles as a former child actor—including eating disorders, addiction, and a complicated relationship with her overbearing mother—and how she retook control of her life. Jennette McCurdy was six years old when she had her first acting audition. Her mother's dream was for her only daughter to become a star, and Jennette would do anything to make her mother happy. So she went along with what Mom called "calorie restriction," eating little and weighing herself five times a day. She endured extensive at-home makeovers while Mom chided, "Your eyelashes are invisible, okay? You think Dakota Fanning doesn't tint hers?" She was even showered by Mom until age sixteen while sharing her diaries, email, and all her income. In I'm Glad My Mom Died, Jennette recounts all this in unflinching detail—just as she chronicles what happens when the dream

Acces PDF For My Children A Mothers Journal Of Memories Wishes And Wisdom

finally comes true. Cast in a new Nickelodeon series called iCarly, she is thrust into fame. Though Mom is ecstatic, emailing fan club moderators and getting on a first-name basis with the paparazzi ("Hi Gale!"), Jennette is riddled with anxiety, shame, and self-loathing, which manifest into eating disorders, addiction, and a series of unhealthy relationships. These issues only get worse when, soon after taking the lead in the iCarly spinoff Sam & Cat alongside Ariana Grande, her mother dies of cancer. Finally, after discovering therapy and quitting acting, Jennette embarks on recovery and decides for the first time in her life what she really wants. Told with refreshing candor and dark humor, I'm Glad My Mom Died is an inspiring story of resilience, independence, and the joy of shampooing your own hair. Since she was a child, the trauma had been all too familiar for Mommy. Some girls dream of becoming housewives and mothers when they become adults. Some girls dream of having careers. Mommy wanted it all! She wanted a soulmate, children, and a career. But achieving her goals would not come without a heavy price. She experienced bullying, physical, mental abuse and became homeless. By the time Mommy was in her early 40s, she and her children made newspaper headlines and media outlets across the United States because of yet another traumatic experience. The family and career that she worked so hard to create had ceased to exist. Someone from

Acces PDF For My Children A Mothers Journal Of Memories Wishes And Wisdom

Mommy's family would pay a price. Could her family survive another traumatic event? A powerful look at the importance of a mother's presence in the first years of life **Featured in The Wall Street Journal, and seen on Good Morning America, Fox & Friends, and CBS New York** In this important and empowering book, veteran psychoanalyst Erica Komisar explains why a mother's emotional and physical presence in her child's life--especially during the first three years--gives the child a greater chance of growing up emotionally healthy, happy, secure, and resilient. In other words, when it comes to connecting with your baby or toddler, more is more. Compassionate and balanced, and focusing on the emotional health of children and moms alike, this book shows parents how to give their little ones the best chance for developing into healthy and loving adults. Based on more than two decades of clinical work, established psychoanalytic theory, and the most cutting-edge neurobiological research on caregiving, attachment, and brain development, Being There explains:

- How to establish emotional connection with a newborn or young child--regardless of whether you're able to work part-time or stay home
- How to ease transitions to minimize stress for your baby or toddler
- How to select and train quality childcare
- What's true and false about widely held beliefs like "I'm not good with babies" and "I'll make up for it when he's

Acces PDF For My Children A Mothers Journal Of Memories Wishes And Wisdom

older" • How to recognize and combat feelings of postpartum depression or boredom • Why three months of maternity leave is not long enough--and how parents can take control of their choices to provide for their family's emotional needs in the first three years
Being a new mom isn't easy. But with support, emotional awareness, and coping skills, it can be the most magical--and essential--work we'll ever do.

The Passionate Mom

A Guided Journal of Memories for My Child - Prompt Journal Memory Book from a Mother to Her Children

A Novel

Grown and Flown

A Calm Approach to Caring for Yourself and Your Children

The Story of the Midnight Angel

My Mom

The author looks at the psychological and sociological pressures that force women to be the primary parent, making it impossible to be successful at work, and shows how they can leave old ideas of motherhood behind through practical strategies.

This book draws international attention to the autonomy of the child accompanying incarcerated mothers, and those they leave behind in the community, despite being dependent on the convicted caregiver. Adopting a child rights perspective, the study explores how courts could

Acces PDF For My Children A Mothers Journal Of Memories Wishes And Wisdom

go about sentencing mothers of young children for the commission of criminal offences, whilst protecting the rights of the child as envisaged under the United Nations Convention on the Rights of the Child (UNCRC). Drawing on the author's experience as a sentencer in the Kenyan court and with reference to domestic, regional and international law, the book argues that children's rights are presently left in abeyance when their mothers are sentenced to imprisonment, and that greater efforts should be made to recognize and give effect to the child's existence as an autonomous equal holder of human rights, despite being dependent on the convicted caregiver. It explores the application of precedence as well as the court's discretion in view of the dependent child, and concludes that policy reform in this respect calls for change in attitude and approach on women and children's issues. Observing that internationally, most women imprisoned with their children fall beneath the custodial threshold set by law, the research examines how current sentencing practices could be reformed, and suggests harnessing the Power of Mercy Committee, the Sentencing Guidelines and progressive practices from developed countries in protecting the child's rights by imposing non-custodial sentences for the offending mothers. It is concluded that in all jurisdictions, strict accountability for the dependent child should be situated with the

Acces PDF For My Children A Mothers Journal Of Memories Wishes And Wisdom

judiciary, and that the same should be pronounced as a mandatory legal requirement. The book will be a valuable resource for academic, researchers and policy-makers working in the area of international children's rights law and criminal law.

In this inspiring book, Harvard-trained child and adult psychiatrist and expert in human motivation Dr. Shimi Kang provides a guide to the art and science of inspiring children to develop their own internal drive and a lifelong love of learning.

Drawing on the latest neuroscience and behavioral research, Dr. Kang shows why pushy "tiger parents" and permissive "jellyfish parents" actually hinder self-motivation. She proposes a powerful new parenting model: the intelligent, joyful, playful, highly social dolphin. Dolphin parents focus on maintaining balance in their children's lives to gently yet authoritatively guide them toward lasting health, happiness, and success. As the medical director for Child and Youth Mental Health community programs in Vancouver, British Columbia, Dr. Kang has witnessed firsthand the consequences of parental pressure: anxiety disorders, high stress levels, suicides, and addictions. As the mother of three children and as the daughter of immigrant parents who struggled to give their children the "best" in life—Dr. Kang's mother could not read and her father taught her math while they drove around in his taxicab—Dr. Kang argues that often

Access PDF For My Children A Mothers Journal Of Memories Wishes And Wisdom

the simplest “benefits” we give our children are the most valuable. By trusting our deepest intuitions about what is best for our kids, we will in turn allow them to develop key dolphin traits to enable them to thrive in an increasingly complex world: adaptability, community-mindedness, creativity, and critical thinking. Life is a journey through ever-changing waters, and dolphin parents know that the most valuable help we can give our children is to assist them in developing their own inner compass. Combining irrefutable science with unforgettable real-life stories, *The Dolphin Way* walks readers through Dr. Kang's four-part method for cultivating self-motivation. The book makes a powerful case that we are not forced to choose between being permissive or controlling. The third option—the option that will prepare our kids for success in a future that will require adaptability—is the dolphin way.

Updated and revised with seven new chapters, a new introduction, and a new resources section, this landmark book is invaluable for women facing a custody battle. It was the first to break the myth that mothers receive preferential treatment over fathers in custody disputes. Although mothers generally retain custody when fathers choose not to fight for it, fathers who seek custody often win—not because the mother is unfit or the father has been the primary caregiver but because, as Phyllis Chesler argues, women are held to a much higher standard of parenting.

Acces PDF For My Children A Mothers Journal Of Memories Wishes And Wisdom

Incorporating findings from years of research, hundreds of interviews, and international surveys about child-custody arrangements, Chesler argues for new guidelines to resolve custody disputes and to prevent the continued oppression of mothers in custody situations. This book provides a philosophical and psychological perspective as well as practical advice from one of the country's leading matrimonial lawyers. Both an indictment of a discriminatory system and a call to action over motherhood under siege, Mothers on Trial is essential reading for anyone concerned either personally or professionally with custody rights and the well-being of the children involved.

woman can have. Being a mom in recovery is even more challenging. In *Moms to Moms*, counselor Barbara Joy shares the stories, advice, and inspiration from more than 60 moms in recovery from across the United States who have struggled with addiction. These are women of all ages, races, and religious affiliations who candidly share their experiences: the challenges of being a mom in recovery, the values they want to teach their children, and their fears, struggles, and accomplishments. This is a book that offers help and hope to busy, stressed out moms in recovery; a book they can turn to again and again to find inspiration, comfort, and advice. Joy offers evaluation tools and strategies for positive parenting, journaling activities for reflections, and affirmations designed to relieve stress and reinforce positive behavior.

When you are fast asleep, the angel in your family is hard at work to make your home a joyful and happy place. Celebrating the bond between mother and child, this collection of 100 photographs reveals the whimsical and poignant emotions of the maternal relationship.

"Set in near-future America, [this novel] introduces readers to a government-run reform program where bad mothers are retrained using robot doll children with artificial intelligence. Protagonist Frida Liu, a 39-year-old Chinese-American single mother in Philadelphia, loses custody of her 18-month-old daughter Harriet after she leaves Harriet home alone for two hours on one very bad day. To regain custody, Frida must spend a year at [the] newly-created institution, where she practices parenting with bad mothers from all over the country. There, she learns to love an uncannily life-like toddler girl doll in order to demonstrate her maternal instincts and prove to her family court judge that she deserves a second chance."

Why Prioritizing Motherhood in the First Three Years Matters

*The author of **Strong Fathers, Strong Daughters** counsels mothers struggling with anxiety, low self-esteem and other common issues on how to embrace more positive habits, using inspirational stories and specific action plans based on living simply and rebalancing.*

A provocative and deeply important study of women's lives, women's choices—and an 'unspoken taboo'—that questions the societal pressures forcing women into motherhood

Women who opt not to be mothers are frequently warned that they will regret their decision later in life, yet we rarely talk about the possibility that the opposite might also be true—that women who have children might regret it. Drawing on years of research interviewing women from a variety of socioeconomic, educational, and professional backgrounds, sociologist Orna Donath treats regret as a feminist issue: as regret marks the road not taken, we need to consider whether alternative paths for women currently are blocked off. She asks that we pay attention to what is forbidden by rules governing motherhood, time, and emotion, including the cultural assumption that motherhood is a "natural" role for women—for the sake of all women, not just those who regret becoming mothers. If we are disturbed by the idea that a woman might regret becoming a mother, Donath says, our response should not be to silence and shame these women;

rather, we need to ask honest and difficult questions about how society pushes women into motherhood and why those who reconsider it are still seen as a danger to the status quo. Groundbreaking, thoughtful, and provocative, this is an especially needed book in our current political climate, as women's reproductive rights continue to be at the forefront of national debates.

Irish Mancunian Carmel Doherty's life is unravelling. She has just lost her mother Tess and brother Mikey, her marriage to Joe is coming apart at the seams and her thirty-year friendship with Karen is on the rocks. While clearing out her childhood home, Carmel discovers that her mother gave birth to a baby in an Irish Mother and Baby home when she was sixteen, a place notorious for its mass burial of babies and illegal adoptions. Carmel goes on a quest for the truth about her troubled mother's past. Her roller-coaster journey takes her from her comfortable Manchester home to the west of Ireland and to London's theatre land. It's a journey that leads her to ask: Can we ever escape our own family history or is our destiny in our DNA? A percentage of the author's royalties will be donated to ICAP, a mental health Charity offering therapy for the Irish in Britain. Based on Gregory Lang's New York Times bestselling original series! The perfect Mother's Day gift, birthday present for mom, or sweet keepsake to show why Mom is so special! A touching picture book showcasing all the ways a mother will help her son grow, this is the gift for every mom and little boy to celebrate their special bond. Featuring charming animal illustrations and heartwarming rhymes about the loving moments mothers and sons share, Why a Son Needs a Mom is the perfect story to connect mother and

son together. From the moment that I saw your beautiful face, Held you close to my heart in a mother's embrace, I promised to help you grow with strength and grace. My dear one, my sweet son, my boy. For new moms, mothers-to-be, or for that perfect mother-son moment, this sweet storybook celebrates how a mother helps her little boy grow with strength and love.

To My Daughter, with Love

Most Christian parents pray for their children, but many don't know how to pray effectively and powerfully. Now, from the coauthor of *A Woman's Guide to Spiritual Warfare* and *The Spiritual Warrior's Prayer Guide*, comes this step-by-step guide to praying faithfully and diligently for precious sons and daughters. The first step is to surrender growing children to the Lord, who longs to partner with parents to raise godly women and men. Once parents have invited the Holy Spirit into their child's growth and development, they can pray for their child's specific needs. Readers will learn how to pray for their children's friends, teachers, and pastors and to intercede when their sons or daughters are under spiritual attack. Stepparents and adoptive parents will find prayer guidance for their special circumstances, and mothers and fathers of severely ill children will discover how to pray through the most difficult situations a parent can face. When moms and dads covenant with God to be a household of faith, they will see Him act in their children's lives beyond what they could ever dream! PARENTING NEVER ENDS. From the founders of the #1 site for parents of teens and young adults comes an

essential guide for building strong relationships with your teens and preparing them to successfully launch into adulthood The high school and college years: an extended roller coaster of academics, friends, first loves, first break-ups, driver's ed, jobs, and everything in between. Kids are constantly changing and how we parent them must change, too. But how do we stay close as a family as our lives move apart? Enter the co-founders of Grown and Flown, Lisa Heffernan and Mary Dell Harrington. In the midst of guiding their own kids through this transition, they launched what has become the largest website and online community for parents of fifteen to twenty-five year olds. Now they've compiled new takeaways and fresh insights from all that they've learned into this handy, must-have guide. Grown and Flown is a one-stop resource for parenting teenagers, leading up to—and through—high school and those first years of independence. It covers everything from the monumental (how to let your kids go) to the mundane (how to shop for a dorm room). Organized by topic—such as academics, anxiety and mental health, college life—it features a combination of stories, advice from professionals, and practical sidebars. Consider this your parenting lifeline: an easy-to-use manual that offers support and perspective. Grown and Flown is required reading for anyone looking to raise an adult with whom you have an enduring, profound connection.
