

For Nagpur Metro

5. Benefits of book which distinguish it from others: • Chapter-wise & Topic-wise Concept Notes & Practice questions for systematic learning • Blended Learning (Print and online support) • Tips & Tricks to crack the Exam in first attempt • Concept-wise videos through QR Codes • NRA CET Phase -1 Common Exam Benefits • Mind Maps and Mnemonics
Megaproject Leaders brings together 18 prominent academics who interviewed 16 great megaproject leaders originating from 10 different countries. Based on a reflective methodological approach, these chapters investigate the managing of megaprojects from a human perspective, identify new trends in the managing of megaprojects and identify lessons learned from the personal views of the interviewees. The novel ideas presented will appeal to academics, practitioners and university students.

In this book, Author discuss the whole case of Financial Management for the Nagpur Improvement Trust. Also given the Analytical discussion in this e-book

Benefits of book which distinguish it from others: • Chapter-wise & Topic-wise Concept Notes & Practice questions for systematic learning • Blended Learning (Print and online support) • Tips & Tricks to crack the Exam in first attempt • Concept-wise videos through QR Codes • NRA CET Phase -1 Common Exam Benefits • Mind Maps and Mnemonics

FINANCIAL MANAGEMENT CASE: A PRACTICAL GUIDE

UPPSC BEO (Block Education Officer) Preliminary Examination Guide

Business and Economy Current Affairs Yearly Review 2021 E-book

THE MEGA YEARBOOK 2018 - Current Affairs & General Knowledge for Competitive Exams with 52 Monthly ebook Updates & eTests - 3rd Edition

Current Affairs April 2016 eBook

India 2018 - A Reference Annual is a comprehensive digest of country's progress in different fields. The book deal with all aspects of development- from rural to urban, industry to infrastructure, science and technology, art and culture, economy, health, defence, education and mass communication. The sections on general knowledge, current affairs, sports and important events, are a must read for comprehensive understanding of these fields. With its authenticity of facts and data, the book is a treasure for students, researchers and academicians.

Monthly Current Affairs GK Digest for the Month of March 2019, which Includes articles on important current affairs along with the important government schemes and awards and honours. Thedigest is helpful for upcoming SBI PO and IBPS PO exam.

This Current Affairs Yearly Review 2021 E-Book will help you understand in detail exam-related important news including National & International Affairs, Defence, Sports, Person in News, MoU & Agreements, Science & Tech, Awards & Honours, Books etc.

TERI Energy & Environment Data Diary and Yearbook (TEDDY) is an annual publication brought out by The Energy and Resources Institute

(TERI) since 1986. It is the only comprehensive energy and environment yearbook in India that provides updated information on the energy supply sectors (coal and lignite, petroleum and natural gas, power, and renewable energy sources), energy demand sectors (agriculture, industry, transport, household), and local and global environment sectors (environment and climate change). The publication also provides a review of the government policies that have implications for the sectors of the Indian economy. In TEDDY, an account of India ' s commercial energy balances is given, which provide comprehensive information on energy flows within different sectors of the economy and how they have been changing over time. These energy balances and conversion factors are a valuable ready reckoner for researchers, scholars, and organizations working in the energy sector. After the introductory chapters, for the ease of readers, TEDDY has been divided into sections on energy supply, energy demand, and local and global environment. Interactive graphs, figures, maps, and tables have been used throughout the chapters to explain facts, which make the book an interesting read. In addition, detailed tables at the end of each chapter represent statistical data on each of the above-mentioned sectors. The publication is accompanied by a complimentary CD containing full text. The publication has more than 15,000 readers across the globe and is often cited in international peer-reviewed journals and policy documents.

TERI Energy & Environment Data Diary and Yearbook (TEDDY) 2020/21

Proceedings of the Fifth International Conference of Transportation Research Group of India

ProjectX India | 1st October 2020 edition provides you with power -packed information on 163 projects from 48 sectors of the Indian economy. In this issue we have covered 40 projects in Conceptual/Planning Stage, 17 Contract Awards, 35 Projects Under Implementation, 59 Tenders, and 12 other projects. The project information is provided along with nearest contacts to facilitate B2B exchange. This issue covers projects from sectors such as Access Control System, Airport/Aviation, Alumina, Amusement Park, Biotech, Cement, Chemicals, Coal, Construction, Consultancy Services, Data Center, Drilling Rig, Dyes and Dyes Intermediates, Electrical/Electronics, Ferro Alloys, Fire Alarm System, Flooring Solutions, Healthcare, ICT, Industrial, Industrial Gases, Industrial Park, Iron and Steel, IT/ITES, Metro Rail, Mining and Metals, Mining Equipment, Petrochemical, Polyester Film, Ports and Shipping, R&D Centre, Railways, Real Estate, Roads/Highways/Bridges, Roof Treatment, Ropeway, Safety and Surveillance Systems, Sewage Treatment, Social Infrastructure, Solar Energy, Technical Services, Textiles, Tourism, Transport, Waste Management, Wastewater, Water Supply, and Water Treatment.

- Guide to RRB Junior Engineer Electrical 2nd Edition has 5 sections: General Intelligence & Reasoning, General Awareness, General Science, Arithmetic and Technical Ability.
- Each section is further divided into chapters which contains theory explaining the concepts involved followed by MCQ exercises.
- The

book provides the 2015 Solved Paper. • The detailed solutions to all the questions are provided at the end of each chapter. • The General Science section provides material for Physics, Chemistry and Biology till class 10. • There is a special chapter created on Computer Knowledge in the Technical section. • There is a special chapter created on Railways in the general awareness section. • The book covers 100% syllabus as prescribed in the notification of the RRB exam. • The book is also very useful for the Section Engineering Exam.

This book discusses policy instruments for sustainable infrastructure developments. Railways are one of the most important developmental instruments of a region, province, or country. They play a crucial role in economic development, urban growth, urban mobility, regional susceptibility, market integration, and world trade. Railways are an integral part of regional and urban development, both in terms of freight and passenger transport. By offering case studies from various regions and cities in South Asia, this book examines the evolution of railway transportation and the impact of these infrastructure projects on regional and urban development. It examines the interactions between evolving infrastructures and competing demands and considers the negative and positive externalities of railway transportation for people, places, and locations. The contributions analyze issues such as network infrastructure planning and technological development, passenger mobility and satisfaction, vulnerability to environmental impacts, and cross-border trade.

This book includes novel and state-of-the-art research discussions that articulate and report all research aspects, including theoretical and experimental prototypes and applications that incorporate sustainability into emerging applications. In recent years, sustainability and information and communication technologies (ICT) are highly intertwined, where sustainability resources and its management has attracted various researchers, stakeholders, and industrialists. The energy-efficient communication technologies have revolutionized the various smart applications like smart cities, healthcare, entertainment, and business. The book discusses and articulates emerging challenges in significantly reducing the energy consumption of communication systems and also explains development of a sustainable and energy-efficient mobile and wireless communication network. It includes best selected high-quality conference papers in different fields such as internet of things, cloud computing, data mining, artificial intelligence, machine learning, autonomous systems, deep learning, neural networks, renewable energy sources, sustainable wireless communication networks, QoS, network sustainability, and many other related areas.

Monthly Current Affairs April 2016 English

TERI Energy & Environment Data Diary and Yearbook (TEDDY) is an annual publication brought out by TERI since 1986. It is the only comprehensive energy and environment yearbook in India that provides updated information on the energy supply sectors (coal and lignite, petroleum and natural gas, power, and renewable energy sources), energy demand sectors (agriculture, industry, transport, household, buildings), and environment (local and global). Recent changes in the energy sector and environment are depicted with the help of graphs, figures, maps, and tables. The publication also reviews government policies associated with energy and environment. TEDDY 2020/21 gives an account of India's commercial energy balances, extensively covering energy flows within different sectors of the economy and how they have been changing over time. These energy balances and conversion factors are a valuable reference for researchers, scholars, and organizations engaged in energy and related sectors. Contents of the book are organized into three sections—Energy Supply, Energy Demand, and Local and Global Environment. Interlinkage of SDGs with energy and environment also forms the subject matter of TEDDY 2020/21. The thirty-sixth edition continues to remain less prose intensive with inclusion of more data, represented with the help of infographics, thus making the publication an authentic and interesting read.

Key Features:

- Provides a review of government policies, programmes and initiatives that have implications for the petroleum and natural gas sector and the Indian economy
- New chapters on Air Pollution, Solid Waste Management, Water Resource Management, and Land and Forest Resource Management
- Exhaustive data from energy supply, energy demand, and local and global environment sectors

Contents: Energy and environment: an overview Energy supply: Coal and lignite •

Petroleum and natural gas • Power • Renewable energy Energy demand: Agriculture • Industry • Transport • Household energy • Buildings Local and global environment: Air quality and pollution • Solid waste management • Water resource management • Land and forest resource management •

Climate change Audience: Researchers and Professionals from industries, government organizations, and public sector undertakings. Research scholars from different NGOs, bilateral and multilateral institutions, and academic institutions. Shelving: Energy, Environmental Sciences and Studies, Industry (Coal and lignite, oil and gas, power, renewable energy), climate change, Agriculture sector, Transport sector, domestic sector For sample chapters and Sankey

diagram, please visit: www.teriin.org/projects/terii List of Tables Energy and Environment: An Overview 1. SEC Indian industries 2. Trend in consumption of select petroleum products in the transport sector in India (in MT) · Commercial energy balance (2019/20) · Commercial energy balance (2020/21) (P) Coal and Lignite 1 New environmental norms for TPSs 2 FGD implementation status of TPSs—general summary (capacity in MW) 3 FGD implementation status of TPSs situated in NCR (capacity in MW) · Pithead run of mine price of non-coking coal applicable for Eastern Coalfields Limited, Bharat Coking Coal Limited, Central Coalfields Limited, Northern Coalfields Limited, Mahanadi Coalfields Limited, South Eastern Coalfields Limited, and North Eastern Coalfields Limited, with effect from 27 November 2020 · Revised price of coking coal for NRS · Pit head price of non-coking coal applicable for Western Coalfields Limited, with effect from 27 November 2020 Petroleum and Natural Gas 1 Proved and probable reserves status during 2019/20 2 LNG terminals in India 3 Trend in installed refining capacity of Indian refineries 4 Trend in subsidies for the sale of petroleum and natural gas in India 5 List of taxes for the production and sale of crude oil in India 6 List of taxes for the production and sale of natural gas in India 7 Retail selling price and taxes on petrol and diesel in India and other countries in 2019/20 8 Trend in CNG stations, CNG vehicles, and CNG sales quantity in India · City gas distribution bidding parameters · Year-wise work programme for successful CGD bidders · Crude oil pipelines and capacity status · Petroleum products pipeline infrastructure status · Status of existing natural gas pipeline infrastructure · Price build-up of LPG in Delhi · Price build-up of superior kerosene oil (LPG) in Mumbai · Price build-up of MS in Delhi · Price build-up of HSD in Delhi · Status of domestic PNG connections, industrial, commercial PNG, and CNG connections (as on 31 May 2021) Power 1 Progress of substations in India up to March 2020 2 Import /export of energy by India into/from countries during 2019/20 3 Status of construction of Green Energy Corridors as on 31 December 2019 4 Works accomplished under IPDS 5 State/UT-wise AT&C loss performance (in %) 6 Average cost of supply, average revenue, and revenue gap 7 Selected state-/union territory-average tariff for sale of electricity in India (2007/08 to 2013/14) (in paise/kWh) 8 Sanctioned smart grid pilot projects and implementation status Renewable Energy 1 Status of solar parks in India 2 Top five players in solar PV 3 Benchmark costs for various solar thermal technologies Agriculture 1 Production, imports, and consumption of fertilizers ('000 tonnes of fertilizers) 2 Source-wise net irrigated area in India (in Mha) 3 Distribution of GHG emissions by sub-sectors from the agriculture sector in 2010 and 2016 (in

GgCO2e) 4 State-/UT-wise cold storage capacity as on 31 December 2019 5 Irrigation water productivity of rice, wheat and sugar cane in major growing states 6 State-/UT-wise cumulative installation of solar water pumps (as of 31 December 2020) 7 On-farm solar energy interventions linking water and land use in different states in India · Policy categories and key nodal agency impacting energy use in agriculture · Electricity consumption in the agriculture sector Industry 1 Brief overview of different PAT cycles for aluminium sector 2 Production of aluminium by primary aluminium producers (in tonnes) 3 SEC in aluminium smelting 4 Brief overview of different PAT cycles for cement sector 5 Cement production 6 Average and best practice energy consumption values for Indian cement plants by process 7 Brief overview of different PAT cycle for chlor-alkali sector 8 Production of chlor-alkali 9 Section-wise energy consumption in caustic soda production 10 Brief overview of different PAT cycles for fertilizer sector 11 Production of urea, DAP and complex fertilizers (in MT) 12 Benchmarking energy consumption in the fertilizer sector 13 Brief overview of different PAT cycles for iron and steel sector 14 Crude steel production and capacity utilization 15 Comparison of Indian and international SEC for steel industry 16 Brief overview of different PAT cycles for pulp and paper sector 17 Benchmarking energy consumption in different industry groups of pulp and paper sector 18 Brief overview of different PAT cycles for textile sector 19 Production of yarn and fabric in India 20 Typical energy requirements for different process in the textile industry 21 Brief overview of different PAT cycles for petrochemical sector 22 Production (in MT) of major petrochemicals in India 23 Share of different types of energy consumption in petrochemical plants (in %) 24 Energy for ethane and naphtha crackers Transport 1 Trend in consumption of select petroleum products in India 2 India's road network 3 Lane-wise length of national highways in India (in km) 4 Freight and passenger movement by roads 5 Major port-wise capacity utilization during 2018/19 (in MT) 6 Cargo traffic handled at ports in India (in MT) 7 Traffic handled at non-major ports (in MT) 8 Funds allocated under Sagarmala scheme to coastal states/ UTs (2015/16–2018/19) 9 Cargo movement through inland waterways transport 10 Airports in India 11 Passenger traffic carried by scheduled airlines (in million) 12 Freight traffic carried by scheduled airlines (in thousand tonnes) 13 App-based transport projects under Smart Cities Mission 14 Operational metro rail length in Indian cities as of April 2021 · New acts/bills/rules · Status of various construction projects · Policies and programmes · Green initiatives Household Energy 1. A timeline of government acts, policies, and schemes for providing energy access to households · Per capita

consumption of electricity · Per capita consumption of electricity in India · Total energy consumption by countries/regions · Village electrification in India · Reliability of power supply in rural and urban areas · DISCOM-wise monthly average duration of interruptions (July 2021) in 11kV rural and mixed feeders · Consumers (total and residential) of electricity in India · Distribution of households based on energy source for lighting · Source of energy for cooking in residential sector in India · Percentage distribution of households by primary energy source for lighting (2001/02–2011/12) · Percentage distribution of households by primary energy source for cooking (2001/02–2011/12) · Consumption of LPG and kerosene · Residential consumption of LPG and kerosene · Residential consumers of LPG · Electricity consumption and consumers in the residential sector Buildings 1. India's energy projections 2. Electricity demand by 2030 3. Air-conditioning and cooling capacity of India in 2016 4. Final energy consumption for space cooling in buildings 5. Status of energy-efficiency policies in India Air Quality and Pollution 1. State-wise distribution of manual and continuous monitoring stations in operation under NAMP for 2020 2. Revised ambient air quality standards (2009) 3. Breakpoints for AQI scale 0–500 4. State-wise estimates of 24 h concentrations of PM_{2.5} in kitchens from the use of solid cooking fuels 5. Stack emission standards for major air polluting industries 6. New emission standards for TPPs 7. Emission standards for two-wheeler and three-wheeler categories 8. Emission standard for four-wheeler (4W) category 9. Emission norms for heavy diesel vehicles 10. Emission standards for generator sets (gensets) 11. Dose response study of short-term effects of criteria air pollutants on all daily mortality in India 12. Dose response study of short-term effects of criteria air pollutants all-cause mortality around the globe 13. Recent policies in different sectors to improve air quality in India · Comparison of ambient air quality standards of different countries · Number of days different cities/towns exceeded the NAAQS of PM_{2.5} in 2018 · Summary of source apportionment studies during the last decade in India · Studies conducted relating to health effects of air pollution Solid Waste Management · MSW gasification technologies · Recycling facilities located in Delhi and Ahmedabad · Management of C&D waste in major cities of India · Various treatment technologies for plastic waste and their environmental impacts Water Resource Management 1. Water resource potential (in BCM) in river basins of India 2. Criteria for categorization of assessment units 3. Sustainable Development Goal 6: National Indicator Framework Land and Forest Resource Management 1 Nutrient-wise consumption of fertilizer material in India (1999/2000–2018/19) (in lakh MT) 2 Category-wise total area under

wastelands 3 Changes in area under wetlands from 2005/06 to 2011/12 4 Status of wetland conservation in India 5 Number of forest fire alerts issued by FSI from November 2018 to June 2019 6 State/UT-wise funds released under National Afforestation Programme (INR in crore) 7 Year-wise funds released under Green India Mission from 2016/17-2020/21 (INR in crore) 8 State-/UT-wise funds released under Compensatory Afforestation Funds by Ad-hoc CAMPA 9 Number of floral species, their endemism, and threat status 10 Number of faunal species, their endemism, and threat status 11 Animals, plants, fungi, and protists in the International Union for Conservation of Nature Red List Categories 12 PAs in India 13 Some key acts related to the forestry and biodiversity sector in India

Climate Change 1 Emission scenario 2 Level of CO₂ emissions (in billion tonnes of CO₂) 3 Emission trends across four major CO₂ emitters 4 Global emissions and emission gap under the implementation of INDC for 2030 (median and range in GTCO₂e) 5 Sector-wise national GHG emission in MT for 2016 6 Current status of state action plans on climate change · Carbon dioxide emissions across regions (in MtCO₂) · Missions under National Action Plan on Climate Change · (a) Projects sanctioned under National Adaptation Fund on Climate Change · (b) Projects sanctioned under National Adaptation Fund on Climate Change

List of Figures Energy and Environment: An Overview 1 Energy mix in 2020/21 2 Sankey diagram for 2020/21 (P) 3 Industry-wise consumption of raw coal 4 Coal transportation by various modes for 2020/21 Total balance recoverable crude oil and natural gas reserves in India 4 5 Trend in domestic crude oil production 6 Crude import, product imports, and total imports (in '000 MT) 7 Trend in natural gas production, imports, consumption and import dependency 8 Installed generating capacity in India by mode (utilities) 9 Growth of gross electricity generation in India by mode 10 Growth of renewable energy sources 11 HSD and LDO consumption in the agriculture sector 12 Trends in electricity consumption in the industry sector 13 Consumption of selected petroleum products in the industry sector 14 Trend in fuel consumption in the Indian Railways 15 All-India annual per capita consumption of electricity since 2006 16 Consumption of electricity by the domestic sector from 2011/12 to 2020/21(P) 17 Percentage distribution of households by primary energy source for cooking (2001/02 and 2011/12) 18 Electricity consumption (kWh) in BU for commercial building segments 19 Commercial and residential energy consumption by use 20 Annual ambient concentrations of (i) SO₂ and (ii) NO₂ pollutants across the country (2008–20) 21 Annual ambient concentrations of PM_{2.5} across the country (2014–20) 22 Annual ambient concentrations of PM₁₀ across the country (2008–20) 23 Per capita water availability in

relation to population 24 Municipal solid waste management status in 2018/19 25 Trend of average water table in India from 1980 to 2015 26 Percentage of land area under various uses in 2017 27 Land-use change from 2010/11 to 2014/15 28 CO2 emissions in India as compared to GDP (PPP) 29 CO2 emissions within sub-sectors in India · Sankey diagram for 2019/20 Coal and Lignite 1 Coal reserves in India as on 1 April 2020 2 Lignite reserves in India (as on 1 April 2020) 3 Coal and lignite production in India 4 Target versus actual coal supply (in MT) in India 5 Coal production by CIL and SCCL 6 Production of coal (in %) from opencast and underground mining 7 Coal off-take (in %) by different sectors in India during 2020/21 8 Lignite off-take (in %) by different sectors in India during 2020/21 9 Coal transportation by various modes for 2018/19 10 India's import of coal (in percentage share) 11 Coal imports and production trend (in MT) 12 India's export of coal (in percentage share) 13 Fly ash generation and utilization (in MT) between 2015 and 2021 14 Mode of fly ash utilization during 2019/20 Petroleum and Natural Gas 1 Total balance recoverable crude oil and natural gas reserves in India 2 Basin-wise ultimate hydrocarbon reserves as on 31 March 2020 3 Basin-wise in-place hydrocarbon reserves as on 31 March 2020 4 Trend in domestic crude oil production 5 Crude import, product imports, and total imports 6 Crude import, product imports, and total imports 7 Trend in production of petroleum products from refineries and fractionators 8 Country-wise crude oil imports by India 9 Trend in petroleum products' consumption in India 10 Status of petroleum products' consumption during 2019/20 11 Trend in domestic natural gas production 12 Trend in natural gas production and import dependency 13 Trend in consumption of natural gas by different sectors 14 Trend in consumption of imported and domestic natural gas by different sectors 15 Crude throughput of Indian refineries 16 Trend in gross refining margin of Indian refineries 17 Trend in subsidies for the sale of petroleum and natural gas in India 18 Share of tax/duties to total contribution of petroleum sector to exchequer 19 Contribution of taxes from the oil and gas industry to the central exchequer 20 Trend of Excise Duty on petrol and diesel vis-à-vis crude oil price in India 21 Contribution of taxes from the oil and gas industry to the state exchequer 22 State-wise collection of sales tax/VAT/SGST/UTGST from the oil and gas industry in 2019/20 23 Trend in retail selling price and taxes of gasoline in India vis-à-vis other countries 24 Trend in retail selling price and taxes of diesel in India vis-à-vis other countries 25 Trends in the price of domestic gas produced in India on GCV basis 26 Trend in the geographical areas offered and awarded under city gas distribution bidding 27 Status of state-/UT-wise piped domestic,

commercial, and industrial connections · Indian sedimentary basins Power 1 Installed generating capacity in India by mode (utilities) as on 31 March 2021 2 Installed generating capacity in India by sector (utilities) as on 31 March 2021 3 Growth rate of installed generating capacity in India (2020/21) 4 CAGR of installed generating capacity in India (2012–20) 5 Growth rate of electricity generation in India (2019/20) 6 Electricity generation in India (2012–20) 7 Growth of gross electricity generation in India by mode 8 PLF of coal- and lignite-based power plants 9 Power supply position: energy 10 Power supply position: peak 11 Growth rate of peak demand and met (2011–21) 12 Growth rate of energy requirement and availability 13 Sector-wise electricity consumption pattern 14 Electricity intensity of economy 15 AT&C and T&D losses 16 Per capita electricity consumption 17 Sustainable Development Goals Renewable Energy 1 Linkages of other SDGs to SDG 7 2 Grid power and their percentage share till March 2021 3 Growth of renewable energy sources (till March 2021) 4 Top 10 states in renewable installation (till March 2021) 5 Installed solar capacity (2015–21) 6 Top 10 states grid-connected installed solar capacity (till 28 February 2021) 7 Solar tariff (till March 2020/21) 8 Top 10 states by targets rooftop capacities 9 Net solar PV installed (2017–2020) 10 State-wise wind power potential at 100 m above ground level 11 Growth of wind energy sector (till July 2019) 12 State-wise installed capacity (as on December 2020) 13 Cumulative biomass power, gasification and bagasse cogeneration projects (up to June 2019) 14 State/UT-wise cumulative commissioned biomass power, waste-to-power, and bagasse cogeneration grid connected projects (up to 30 June 2019) 15 Family-size biogas plants (up to June 2019) 16 State-/UT-wise maximum waste generation and processing in urban areas in India .. (as on 31 December 2018) 17 Cumulative waste-to-energy/power projects (up to June 2019) 18 State-wise ethanol manufacturing capacity in India 19 Year-wise cumulative installed capacity till June 2019 20 Tidal energy potential 21 Target for geothermal energy deployment Agriculture 1 Production of different agricultural products in India 2 HSD and LDO consumption in the agriculture sector 3 Electricity consumption in the agriculture sector 4 Region-wise electricity consumption in the agriculture sector 5 Production of urea, diammonium phosphate, and other complex fertilizers (in MT) 6 Trend in GHG emission from the agriculture sector in India (in GgCO₂e) 7 Percentage share of major farm machineries used in Indian agriculture 8 Farm power availability and foodgrain yield 9 Share of major crops in the gross cropped area in India (in %) 10 Number of tractors sold 11 Number of power tillers sold 12 Number of diesel and electric pumps used in India 13 Selected state UT-wise area covered under

microirrigation (drip and sprinkler) in India Industry 1 Share of different processes in crude steel production Transport 1 World transport sector energy balance 2 Share (in %) of GHG emissions in transport sector in India 3 India transport sector energy balance 4 Total number of registered motor vehicles in India 5 Trend in electrification of route network of railways 6 Gauge-wise growth in network of the Indian Railways 7 Addition made to capacity through new lines, gauge conversion, and doubling of lines by the Indian Railways 8 Trend in passenger traffic movement on the Indian Railways 9 Trend in railways freight segment earnings on average rate per tonne kilometre basis 10 Trend in fuel consumption in the Indian Railway 11 Share of commodity groups in total traffic at major ports in 2017/18 12 Growth in capacity in Indian shipping industry in terms of number of vessels and gross tonnage 13 Trend in passenger load factor of scheduled Indian airlines in the domestic market Household Energy 1 Residential consumers of LPG 2 Percentage of power consumption in residential sector to total power consumed by all sectors 3 Consumption of LPG and kerosene in the residential sector 4 LPG refills from May 2016 until June 2019 5 Growth of LPG consumers in India 6 Consumption of LPG consumers in India 7 Consumption of LPG (in %) in residential sector 8 Growth of residential consumers in India 9 Consumption of electricity by residential sector Buildings 1 Consumption of electricity by sectors in India in 2019/20 2 Commercial energy consumption by use 3 Residential energy consumption by use 4 Building typologies as per ECBC, 2017 5 Building typologies as per Eco-Niwas Samhita, 2018 6 HVAC load break-up (in %) 7 Energy-efficient building design process 8 Building form and orientation for passive design 9 Shading design strategies 10 Structural and thermal loads 11 Façade with different WWR 12 Daylighting as a passive design strategy 13 Types of ventilation 14 Energy reduction with increase in design indoor temperature 15 Percentage growth of cooling requirement in India Air Quality and Pollution 1 Annual ambient concentration of different pollutants across the country during 2008–20 2 State/UT-wise average ambient air quality status of different pollutant parameters for the period of 2008–20 3 Sectorial contribution to ambient PM10 and PM2.5 4 Institutional framework of air quality governance in India Solid Waste Management 1. Trajectory of average MSW generated in India between 2011 and 2019 2. MSW management status in India 3. MSW composition for waste received from Gurugram 4. Status of solid waste treatment 5. Major e-waste contributing states in India 6. Composition of plastic waste in major plastic waste generating cities in India as of 2015/16 7. GHG emissions from solid waste disposal sites and reduction potential 8. Emission points from MSW sector ·

Status of MSW generation in each state/UT of India · Major recycling infrastructure in some of the states of India · Plastic waste generation in some of the Indian states/UTs · Management of plastics in India · Average constituents of C&D waste · C&D waste generated in major cities of India · C&D waste management in India · C&D waste recycling in a typical recycling facility

Water Resource Management 1. Per capita water availability in relation to population (a) Category of groundwater exploitation in monitored blocks in India and (b) the number of groundwater assessment units 2. Depth to water-level maps for (a) pre-monsoon and (b) post-monsoon in 2018 3. Trend of average water table in India from 1980 to 2015 4. Number of districts with fluoride in groundwater above the permissible limit 5. Number of locations in different states with arsenic concentration in groundwater above the permissible limit (0.01 to 0.05 mg/L and > 0.05 mg/L) 6. Number of districts with electrical conductivity in groundwater above the permissible limit 7. Number of districts with iron in groundwater above the permissible limit 8. Number of districts with nitrate in groundwater above the permissible limit (45 mg/L) 9. Net irrigated area in India 10. Access to safe drinking water in rural households (in %) 11. Access to safe drinking water in urban households (in %) 12. BOD trends of waterbodies in India (in mg/L) 13. Total coliform (in MPN/100 mL) trends of waterbodies in India 14. Faecal coliform (in MPN/100 mL) trends of waterbodies in India

Land and Forest Resource Management 1. Percentage of area under various uses in 2017 2. Land-use change from 2010/11 to 2014/15 3. Linkage of SDG 15 to other SDGs 4. Forest cover in terms of percentage to the total geographical area 5. Trend analysis of forest cover in India between 2005 and 2019 6. Forest area of six regions of the country along with annual fire alerts 7. Trend in afforestation from 2007/08 to 2014/15 by MoEFCC 8. Endemic and threatened endemic species of India 9. The area under protected areas in India

Climate Change 1 Annual total number of extreme climatic events in India 2 All-India annual mean temperature anomalies for 1901–2020 (based on the 1981–2010 average) 3 Spatial patterns of liner trends of (a) maximum and (b) minimum temperatures 4. Spatial pattern of trend (°C/100 years) in mean annual temperature anomalies (1901–2020) 5. Decadal means of all-India summer monsoon rainfall (in percentage departure from mean) 6. All-India annual mean percentage departures for 1901–2020 (based on the 1961–2010 average) 7. Sub-divisional trends of (a) seasonal and (b) monsoon rainfall for 1901–2003 8. Time series of active (upper panel) and break (lower panel) during the monsoon season 9. Cyclone tracks of depressions and cyclonic storms formed during 2020: a) monsoon season b) other seasons 10.

With the use of latest figure, graphics and table, it serves as an accurate, perfect and coverage compact version of General Knowledge. This book is highly useful for the SSC, Banks, Railways, Police, NDA/CDS other examinations. TABLE OF CONTENT Current Affairs, History, Geography, Indian Polity, Indian Economy, General Science and General Knowledge.

All the latest national & international current affairs in one Book. EduGorilla's Current

Affairs guide covers all of the latest news that is especially likely to come in competitive exams. The book covers the whole year's current affairs with a chapter for each month from January to December 2021. Formulated by current affairs experts for competitive exams, the book is especially designed keeping in mind the topics asked in the current affairs asked in competitive exams. Packed with relevant study material, EduGorilla's Current Affairs are a sure-shot way to assured success. With the help of this guide, candidates can stay up to date with all the latest news. A must have for last-minute revisions and complete current affairs preparations.

The world is changing fast. It is imperative for aspirants of every competitive exam to keep themselves updated with the latest happenings and the causes and effects pertaining to these happenings. The aspirants must be aware of the fundamental structure/ tenets of our country that define the social, political and economic past, present and the future. Only these fundamentals build a foundation for larger self-improvement goals and the understanding of the global world. Disha's Mega Yearbook 2018, a thoroughly revised, reorganised, updated and ENLARGED 3rd edition, presents a comprehensive study of all the sections that are covered under the subject of General Knowledge. The Mega Yearbook 2018, the most authoritative and high-quality reference material book on all subjects – Current Affairs and General Knowledge – has specially been designed to cater to aspirants of various competitive exams like Civil services, Banks, Railways, UPSC and PSC exams and Quiz Competitions across the country. Given the latest exams structure, the book has been designed in a way that it will help aspirants get an insight into the recent developments and the types of questions asked therein. The Mega Yearbook 2018 has been divided into 2 inclusive parts: Part A - Current Affairs; Part B - General Knowledge. Current Affairs consists of: • Articles on issues India and the world grappling with, • India/ World Timeline, • People, Events, Ideas and Issues that left their mark in 2017, • India/ World at a Glance: Social-Economic-Political (Infographics), • Special coverage on Indian Economy, Union Budget 2017–18, Economic Survey, GST and Effects of Demonetization, • Global Economic Outlook, Bills & Acts, Policies & Schemes, • SWOT ANALYSIS -Indian Economic, Political & Social Climate, • India/ World's Who's Who, Emerging Trends, Books & Authors, Causes & Effects, Game Changers, Quote & Unquote, Mysteries solved/ unsolved, Popular Terms, Important Appointments, Awards & Honours, Obituaries, Top 20, Coming up 2018 and many more. General Knowledge covers: • India/ World Panorama • Geography, History, Polity, Economy, Business, General Science, Technology, Ecology

and Environment • People forever • Art & Culture, Sports, Healthcare, Communication, News & Media, Education & Career, IT & Computers • English Language, etc. The Mega Yearbook 2018 procures key information from the most credible sources from India as well as from abroad in a concise and easy-to-understand manner to help cover maximum material within a limited space. The book is a Ready Reckoner which will prove to be the cutting edge for the aspirants in cracking a competitive exam. The material has been given in bulleted points wherever necessary to make the content easy to grasp. The book has ample tabular charts, mind maps, graphic illustrations which further makes the learning process flexible and interesting. Hope the book will prove to be a milestone for the aspirants and they will be able to make it to the next exam they are aspiring for. The book also provides 52 WEEKLY Current Affairs Update ebook and eTests, which will keep you updated for the whole of 2018.

Congestion, lack of mobility and rising air pollution in our cities are becoming areas of serious concern for all stakeholders: authorities, operators and commuters alike. It is also widely accepted that augmentation of

public transport (PT) both in quality and quantity will provide relief. A critical issue in this context is the choice of a particular PT mode for a city. Comprehensive information on various modes, aspects of planning a city-wide PT network and choice of mode is not easily available at one place to students, planners and city officials. This book is an attempt to bridge this gap. This book is based on author's direct experience in planning, design and implementation of urban transport projects particularly public transport projects in India and abroad, in the overall context of urban mobility. The content of the book is largely at a conceptual level and brings out the finer points in planning. The book is divided into five parts, i.e. modes of public transport, planning a citywide public transport network, planning road-based modes, planning rail transit and other planning issues.

In this edition, we have featured the developments about the Delhi Metro which celebrated its 27th anniversary recently. We have discussed how the world's first metro rail system was built in London? Based on feedback received from the readers, we have also started a knowledge series to keep readers updated on metro rail technology. We have covered the interviews of Mr. Achal Khare, Managing Director, National High Speed Rail Corporation (NHSRCL), Mr. Ashutosh Shukla, Director (Transportation & Mobility), Schneider Electric India and Mr. Luong Vo Ta, General Director, Vinh Hung JSC, Vietnam. These leaders have made a huge success in their respective fields despite the covid-19 impact on the industry.

In this edition, we have featured the developments about the Lucknow Metro which celebrated its anniversary recently. Our scope is very genuine and we are hopeful that this magazine will surely be able to connect different stakeholders of the Metro and Rail sectors. Although we haven't much focused on the traditional Rail networks, we continue to provide a deep insight into the developments of the new Rail technologies and the changes which make the sector fast-growing. We have covered the interviews of Kumar Keshav, Managing Director, UPMRC and Anil Munjal, CEO, Riello Power India. The two people have made a huge success in their respective fields and we have brought the insights directly from the industry.

comes with "Supplement on One Liners" of past four months viz., from January 2016 to April 2016. These 1000+ one liners would be of immense help in the preparations of upcoming exams. Details - Current Affairs April 2016 eBook • It provides the comprehensive coverage of the current affairs that happened in April 2016. • It covers the current affairs of April 2016 with ample background and provides a detailed analysis of all the events related to national, international, economy, science & technology, environment & ecology. • The presentation of the current affairs is provided in very simple and easy-to-understand language. • The eBook will be handy for the forthcoming exams like IBPS CWE PO/MT -VI (Main) Exam, IBPS CWE RRB - V, Combined Defence Services Exam (II) 2016, NDA & NA Exam (II) 2016, Indian Economic Services/Indian Statistical Services Exam 2016, Combined Geo-Scientist & Geologists Exam 2016, Engineering Services Exam 2016, Combined Medical Services Exam 2016, Civil Services (Pre) Exam 2016, Central Armed Police Forces (AC) Exam 2016 and others.

TERI Energy & Environment Data Diary and Yearbook (TEDDY) is an annual publication brought out by TERI since 1986. It is the only comprehensive energy and environment yearbook in India that provides updated information on the energy supply sectors (coal and lignite, petroleum and natural gas, power, and renewable energy sources), energy demand sectors (agriculture, industry, transport, household, buildings), and environment (local and global). Additionally, the publication reviews government policies and analyses latest policy discourses that have implications on India's energy and environment sector. TEDDY 2018/19 gives an account of India's commercial energy balances, extensively covering energy flows within different sectors of the economy and how they have been changing over time. These energy balances and conversion factors are a valuable reference for researchers, scholars, and organizations engaged in energy and related sectors. After the introductory chapter, TEDDY 2018/19 is divided into three sections—Energy Supply, Energy Demand, and Local and Global Environment. One of the main highlights of TEDDY 2018/19 is the addition of a new chapter—Buildings—under Energy Demand section. This chapter gives an in-depth analysis of India's energy consumption by the buildings sector, and highlights the role of energy efficiency in buildings from the

perspectives of both economy and environment. The thirty-fourth edition of TEDDY continues to remain less prose intensive with inclusion of more data, represented with the help of infographics, thus making the publication an authentic and interesting read. TEDDY 2018/19 also features a section on interlinkages of SDGs with energy and environment. Key Features:

- Provides a review of government policies, programmes and initiatives that have implications for the petroleum and natural gas sector and the Indian economy
- New chapters on Air Pollution, Solid Waste Management, Water Resource Management, and Land and Forest Resource Management
- Exhaustive data from energy supply, energy demand, and local and global environment sectors

Contents: Energy and environment: an overview Energy supply: Coal and lignite • Petroleum and natural gas • Power • Renewable energy Energy demand: Agriculture • Industry • Transport • Household energy • Buildings Local and global environment: Air quality and pollution • Solid waste management • Water resource management • Land and forest resource management • Climate change

This book (in three volumes) comprises the proceedings of the Fifth Conference of Transportation Research Group of India (CTRG2019) focusing on emerging opportunities and challenges in the field of transportation of people and freight. The contents of the volume include characterization of conventional and innovative pavement materials, operational effects of road geometry, user impact of multimodal transport projects, spatial analysis of travel patterns, socio-economic impacts of transport projects, analysis of transportation policy and planning for safety and security, technology enabled models of mobility services, etc. This book will be beneficial to researchers, educators, practitioners and policy makers alike.

This book comprises speeches delivered by the Honourable Vice President of India Shri M. Venkaiah Naidu since his assumption of office as the 13th Vice President of India on the 11th of August 2017. The Vice President has, during the last one year, addressed more than 400 meetings covering a wide range of audiences on a variety of topics ranging from Education to National Security and from Agriculture and Culture to Science and Technology. He has addressed a number of convocations and has delivered keynote addresses and memorial lectures in all the States and Union Territories of our country. The book contains 92 speeches and is categorized into six broad sections - 'Functioning of Legislatures', 'Nation and Nationalism', 'Polity and Governance', 'Economic Development', 'Media' and 'India and the World'. The speeches included in this volume provide an insight into the Vice President's perspective and vision on a wide range of issues confronting the nation. They have been edited and compiled in

a way that ensures stylistic continuity, flow, and ease of reading. Hence they deviate slightly from the version that was delivered. We hope that this collection of speeches delivered between September 2017 and August 2018 will make an interesting read and will act as an important source of reference and record.

The ebook 'Quick General Awareness for Competitive Exams' captures, in a concise and easy to remember methodology, a panoramic view of India and the World covering the various states, capitals, UTs of India, their Heads, realms, the Superlatives and First in India, Bodies & Organisations, etc.; Countries, Capitals, International Bodies & Organisations, the Superlatives and First in World, etc. The book further comprises of Mind Maps, Infographics, Charts, Tables. The emphasis of the book has been on conceptual understanding and better retention which are important from the point of view of the exam. This ebook has been designed to cater to aspirants of various competitive exams like Civil services, Banks, Railways, UPSC and PSC exams and Quiz Competition across the country. The ebook will also be useful for GD, Interviews etc. Table of Contents Indian Panorama World Panorama Sports Art and Culture Communication, media and transport

This book presents select peer-reviewed proceedings of the International Conference on Advances in Mechanical Engineering (ICAME 2020). The contents cover latest research in several areas such as advanced energy sources, automation, mechatronics and robotics, automobiles, biomedical engineering, CAD/CAM, CFD, advanced engineering materials, mechanical design, heat and mass transfer, manufacturing and production processes, tribology and wear, surface engineering, ergonomics and human factors, artificial intelligence, and supply chain management. The book brings together advancements happening in the different domains of mechanical engineering, and hence, this will be useful for students and researchers working in mechanical engineering.
