Still, as good as she is, she wants to get out of the life. All she needs is one last big score, enough to bribe her lover's way out on parole, set up a safe and stable new life, and get her daughter back. However, things keep going wrong, like when her partner instead of walking away \$150K richer. The mess they made of the job and each other has put her on the run again. She's not the only one. Benny Roth, a former mobster, has been straight for years, but now he has his own problems. A face from the past has popped up to tell him that boss Joey Dio is finally dead and to ask about the five million dollars that Joey was rumored to have stashed away. Crissa and Benny are in a race to find the money, but Benny has a plan that could get them both killed. It and claims he's out of the business. That may be what he says, but he's willing to risk almost everything for one last shot. With the law and mobsters on the lookout and five million dollars on the line, it isn't long before Crissa and Benny find themselves on a collision course that neither of them can avoid.
