*This book explores Yayoi Kusama's best-known and most spectacular series--the Infinity Mirror Rooms--and its influence on the course of contemporary art over the past 50 years. World-renowned Japanese artist Yayoi Kusama has worked in a variety of media, including painting, sculpture, performance art, and installation. Kusama's iconic*

*Infinity Mirror Rooms, which originated with Phalli's Field in 1965, situate viewers in kaleidoscopic spaces filled with multicolored lights or whimsical forms. These mirror-lined installations reflect endlessly, distorting rooms to project the illusion of infinite space. Over the years, the works have come to symbolize different modalities within the various contexts they have inhabited, from Kusama's "self-obliteration" in the Vietnam War era to her more harmonious aspirations in the present. By examining her early unsettling installations alongside her more recent ethereal atmospheres,*

*this volume aims to historicize the body of work amidst the resurgence of experiential practices within the global landscape of contemporary art. Generously illustrated, this publication invites readers to examine the series' impact over the course of the artist's career. Accompanying essays, an interview with the artist, and a scholarly chronology round out the book.*

Heartwarming, wistful, mysterious and delightfully quirky, Toshikazu Kawaguchi ' s internationally bestselling novel explores the age-old question: What would you change if you could travel back in time?

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine.

Established in 1967, it is the oldest continuing LGBT publication in the United States.

Hollis Henry never intended to work for global marketing magnate Hubertus Bigend again. But now she ' s broke, and Bigend has just the thing to get her back in the game... Milgrim can disappear in almost any setting,

and his Russian is perfectly idiomatic—so much so that he spoke it with his therapist in the secret Swiss clinic where Bigend paid for him to be cured of his addiction... Gareth doesn't owe Bigend a thing. But he does have friends from whom he can call in the kinds of favors powerful people need when things go sideways... They all have something Bigend wants as he finds himself outmaneuvered and adrift, after a Department of Defense contract for combat-wear turns out to be the gateway drug for arms dealers so shadowy they can out-Bigend Bigend himself.

Which is what "the Tokyo Raiders" did. Lawson gives a vivid eyewitness account of the unorthodox assignment that eighty-five intrepid volunteer airmen under the command of celebrated flier James H. Doolittle executed in April 1942. The plan called for sixteen B-25 twin-engine medium bombers of the Army Air Forces to take off from the aircraft carrier Hornet, bomb industrial targets in Japan, and land at airfields in China. While the raid came off flawlessly, completely surprising the enemy,

abandon her home, and to reject her son's powerful father, sets off a dramatic saga that will echo down through the generations. Richly told and profoundly moving, *Pachinko* is a story of love, sacrifice, ambition, and loyalty. From bustling street markets to the halls of Japan's finest universities to the pachinko parlors of the criminal underworld, Lee's complex and passionate characters--strong, stubborn women, devoted sisters and sons, fathers shaken by moral crisis--survive and thrive against the indifferent arc of history.

Japanese cleaning consultant Marie Kondo takes tidying to a whole new level, promising that if you properly simplify and organize your home once, you'll never have to do it again. The KonMari Method, with its revolutionary category-by-category system, leads to lasting results. In fact, none of Kondo's clients have lapsed (and she still has a three-month waiting list). The controversial history of the dam is well known; what this book uncovers are its unexpected connections to the cultural traditions it seems to sever. By reconsidering the dam in relation to the aesthetic history of the Three Gorges region over more than two millennia, *Fixing Landscape* offers radically new ways of thinking about cultural and spatial production in contemporary China. Corey Byrnes argues that this monumental feat of

Synthesizing methods drawn from premodern, modern, and contemporary Chinese studies, as well as from critical geography, art history, and the environmental humanities, Byrnes offers innovative readings of eighth-century poetry, paintings from the twelfth through twenty-first centuries, contemporary film, nineteenth-century
