In the Midwest, the saying goes, “Revenge is a hot-dish best served cold” – or something to that effect. In Joel Arnold’s new short story collection *A WRINKLE IN CRIME*, revenge is also served at a lakeside resort, in an outhouse, at a state fair, on a camping trip in the Gallatin Mountains, and along a snow-swept lonely highway. In these 10 stories of foul play, murder and revenge, you’ll meet: A

man who takes advantage of an unfortunate accident to pull off a perfect crime. A woman whose only refuge against a knife-wielding assailant is a fiberglass outhouse. An elderly gay couple who come face to face with murder - and their past - at a cozy lake resort. A sister whose dark secrets reside in a beautiful pearl. A man who poses as an old woman's personal assistant in order to murder her at the Minnesota State Fair. These plus five more stories will keep you up late at night, turning the pages! "Joel Arnold

story have auto-related names, which continues my trademark from my first book, *Murder By Proxy*, where all the characters were named after intoxicating beverages. The middle of the story tells us how the H.W.B. Yes, it has its moments, but the chapters are also liberally sprinkled with my own special bend of sly

A motive for murder. This is a true story about Clarence Larson and the two women he married. His first wife, Martha, died in a suspicious farm accident. She was found wrapped up on the power-take-off mechanism on December 19, 1961. Neighbors felt the scene appeared suspicious, and may have been staged. Poor Martha was dead with a large, bloody gash in the back of her head. Less than two weeks before her suspicious death, her husband took out a 31-day accident policy on

Martha for \$10,000, naming him as the beneficiary - the perfect motive for murder. Next, Clarence married his second wife, Jean Sande in 1964. In early October 1980, she disappeared without a trace. Neighbors were suspicious and asked Clarence what happened to his wife. He told conflicting stories of her whereabouts. Clarence finally reported her missing three weeks later but didn't seem concerned that she was gone. He told the sheriff, "Jean will surface again someday." This story reveals intimate details of Martha's death, the two autopsies, the coroner's inquest, details of the trial after Clarence was arrested and indicted for first-degree murder, and how he gets acquitted. Then you

Jean's case remains open to this day. Justice has not been served for Martha or Jean. Their stories are heart-breaking. Clinical and Psychological Perspectives on Foul Play

Foul Play dissects the age-old subject of cheating in all its absurdity. From plain old doping to claiming a marathon victory despite having driven the middle section of the race, from match-fixing to diving for a penalty - cheating in sport is as old as sport itself. There are plenty of well-known cases of cheats being found out

in sport: Ben Johnson, for example, was stripped of his 100m Olympic medal after a positive drugs test; South African cricketer Hansie Cronje was banned from all cricket for life after admitting involvement in match-rigging; rugby union recently found itself having to deal with the "bloodgate" scandal. However, there are myriad other examples of bending the rules more subtly: pressuring the referee, demoralising an opponent with mind games, or shirt-pulling. But what constitutes cheating and where do we draw the line? Are some sports cleaner than others? Is cheating in one sport the same as cheating in another or does each sport's distinctive culture set different standards? Is there such a thing as a sport without sin? Or, indeed, a sporting
