The crime-infested intersection of West Fayette and Monroe Streets is well-known--and cautiously avoided--by most of Baltimore. But this notorious corner's 24-hour open-air drug market provides the economic fuel for a dying neighborhood. David Simon, an award-winning author and crime reporter, and Edward Burns, a 20-year veteran of the urban drug war, tell the chilling story of this desolate crossroad. Through the eyes of one broken family--two drug-addicted adults and their smart, vulnerable 15-year-old son, DeAndre McCollough, Simon and Burns examine the sinister realities of inner cities across the country and unflinchingly assess why law enforcement policies, moral crusades, and the welfare system have accomplished so little. This extraordinary book is a crucial look at the price of the drug culture and the poignant scenes of hope, caring, and love that astonishingly rise in the midst of a place America has abandoned.

Sarah Summers is enjoying a holiday on a Nigerian beach when a young girl named Little Bee crashes irrevocably into her life. All it takes is a brief and horrifying moment of crisis — a terrifying scene that no reader will forget. Afterwards, Sarah and Little Bee might expect never to see each other again. But Little Bee finds Sarah ’ s husband ’ s wallet in the sand, and smuggles herself on board a cargo vessel with his address in mind. She spends two years in detention in England before making her way to Sarah ’ s house, with what will prove to be devastating timing. Chapter by chapter, alternating between Little Bee ’ s voice and Sarah ’ s, Chris Cleave wholly and caringly portrays two very different women trying to cope with events they ’ d never imagined. Little Bee is experiencing all the fullness and emptiness of the rich world for the first time, and her observations are hopeful, charming and piercing: “ Most days I wish I was a British pound coin instead of an African girl, ” she says: “ Everyone would be pleased to see me coming. ” Sarah is more cynical and disheartened, a successful magazine editor trying to find meaning in the face of turmoil at home and work. As the story develops, however, we learn about what matters most to her, including her fierce, protective love for her funny little son ( “ From the Spring of 2007 until the end of that long summer when Little Bee came to live with us, ” Sarah says, “ my son removed his Batman costume only at bathtimes. ” ). Sarah is trying to find herself as much as Little Bee is — and, unexpectedly, each character discovers a ray of hope in the other. What follows when Little Bee comes back into Sarah ’ s life is a powerful story of reconciliation and healing, but it is mixed in with a generous helping of satire about the daily difficulties of modern life. This is a novel about important issues, from refugee policy to the devastating effects of violence, but more than that, it does something only great fiction can: Little Bee teaches us what it is like to live through experiences most of us think of only as far off disasters in the news. As ever, the author says it best: “ It ’ s an uplifting, thrilling, universal human story, and I just worked to keep it simple. One brave African girl; one brave Western woman. What if one just turned up on the other ’ s doorstep one misty morning and asked, Can you help? And what if that help was ’ t just a one-way street? ”

According to the Every Student Succeeds Act (ESSA), evidence-based practices are supported by rigorous research designs and demonstrate that they improve student outcomes, but the actual implementation of these practices in schools is limited. This essential guidebook assists coordinators of gifted education in implementing three evidence-based practices: universal screening, grouping, and acceleration. Each module includes an overview of research, administrative and assessment considerations, forms for implementing the practice, scripted presentation slides for educators and parents, and resources. Modules may be used by educators within a series of workshops for an entire school district, on an individual campus or for important stakeholders.

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

Strategic Reading Level 2 Student's Book

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.
