

## *Fragments Of Your Soul The Mirror Worlds Book 1*

Even at birth, everyone is unique. Can heredity alone account for the complex differences in people's temperaments and styles? The Michael teachings, an extraordinary body of channeled work, propose that we are each unique souls who deliberately take on a specific combination of traits to give us the experiences we seek. In this fascinating book, Shepherd Hoodwin expertly discusses these teachings from his vantage point as a Michael channel. "Michael" is a group of souls who teach that we are eternal beings journeying from the Tao and back again in an adventure of exploration and creativity. Each step along the way, we make choices that shape our experience. For example, after committing to a series of lifetimes, we choose one of seven roles, or soul types: server, priest, artisan, sage, warrior, king, or scholar. These teachings address many age-old questions, such as "How did we become who we are?" "Why are we here?" "Where are we going?" and "How does the universe work?" In addition, *Journey of Your Soul* sheds light on the channeling process itself, answering questions such as "How does channeling work?" "Why do different channels receive conflicting information?" and "What does it take to become a channel?" Hoodwin shows us that it is possible, and indeed beneficial, to engage all parts of the human consciousness. His unique analytical approach to channeling will help readers gain a firm intellectual understanding of what is involved. In his foreword, Jon Klimo, PhD, author of *Channeling: Investigations on Receiving Information from Paranormal Sources*, says, "Shepherd Hoodwin has given us one of the best books to date about the phenomenon of channeling. *Journey of Your Soul* may well also be the best of the Michael books due to its clarity, thoroughness, and detail, and thanks to the fact that the author, an exceptionally clearheaded Michael channel himself, brings real integrity and authenticity to our understanding of Michael in particular and to the channeling process in general."

This book is a practical and common sense approach to helping you overcome self defeating behavior. It explores some of the ways that you may have contracted the limiting, deep seated beliefs that are keeping you stuck in negative patterns. It is presented in a humorous and somewhat sagacious way, which gets "in your face" and makes you think. This work touches on many of the world religions, just enough to help you understand how they, along with parental and peer pressures have led you to think and act the way you do. It also looks at the possibility of soul choices and karma and even alien influences as a reason for your actions. Above all it gives you tools you can use to rethink your deepest beliefs thereby recreate your reality, regardless of where it came from.

This book will help you to remember who you truly are, and to be your true, authentic self, in its entirety, to unlock the beautiful spirit and essence of you. You have a soul mission: it's time to wake up to it and fulfill your destiny and be everything you ever dreamed of being, your soul and spirit self really are, unafraid to shine in a world that all too often might seem might seek to undermine or limit you...You are filled with infinite possibilities and great gifts. Many of us are waking up from the illusion of fear, lower consciousness and vibration that we have been trapped in. Though times may be dark, the light can prevail and by holding on to our dreams and visions, we will emerge with a higher consciousness. We will shed all the restrictions of the past, and break the chains of the judgmental and fear-based systems which have ruled and limited our lives in so many ways, to take a jump and leap of faith and really be the full expression of our unique and special

pain, I began searching for answers as to why all these difficulties kept happening. It was at this life threatening time that I was first approached by the energy vibration of the four archangels. As I wrote, my life began to make sense, which now enables me to live with more awareness of what part I have to play in my soul's journey opening my eyes to wonderful new possibilities. When angels speak, do you listen? The final volume in a trilogy of "alternate selves and alternate literary histories"

In essence, this story is about how a certain person was searching his bookshelf for something to read and in the end found a book, which turned out to be the source, from which it is possible to obtain absolutely any kind of information about absolutely any person.

Meaning, information to the smallest particulars and details about what his or her qualities of personality are, how he or she lives, what he or she really wants to achieve, what he or she hides, and much more.

And, it does not matter, if the subject is some person, who lived in the distant past or lives in the present or someone, who will live in the future. Since, as it turned out later on, this literary monument is nothing other than the Catalog of human population. In other words, the encyclopedia of Homo sapiens; in essence, the same as encyclopedias, reference books for specialists, which contain complete information about representatives of a particular subspecies of animals, plants, etc. Although at some point, the course of this story turned banal: "bad guys" from security services, intelligence services, politics decided to not only use this source of knowledge for their dirty deeds, but also to appropriate it solely for their personal use. And, the way they tried to do this is also banal: by physically destroying the author of discovery of the Catalog of human population and all of his colleagues. However, the ending of this story makes it stand out from

the category of ordinary spy stories. At least because the main characters of this story managed to survive not due to favorable concatenation of circumstances or someone's help, but thanks to that knowledge, which they discovered in the ancient text, which turned out to be the Catalog of human population. Of course, such an outcome upset and continues to upset not only the Russian special services, but also all those people in whose way developers of the Catalog of human population got. And, in this civilization, there are countless numbers of such people: from psychologists (who become no longer needed by anyone) to organizers of this civilization themselves. Since from the standpoint of the Catalog of human population—technogenic civilization without a human, which they lovingly built for many centuries, is simply trash, to put it mildly, and beneath all criticism. And, they themselves are also trash. However, regular people, who (thanks to the scientific discovery made by Andrey Davydov) got the source with answers to all of their questions and individual recipes, now no longer need to pay "experts on the human soul" for being shamelessly fooled. Therefore, whoever tries to kill developers of the Catalog of human population in the future must know that it is no longer possible, as they already became part of history of humanity. After all, at the current stage of development, a Homo sapiens has only one possibility to continue to live after death, to live through the ages: in the product that he/she created. And, those, who tried and continue to try to kill them, were nobodies and will remain nobodies, who one day will cease to exist without leaving a trace. As for organizers of this "civilization"—maybe instead of trying to find new recipes to destroy "excess billions" and trying to examine human potential using Neanderthal methods, it would be more reasonable not only to find out the recipe of how to make Homo sapiens a 100% controllable producer and consumer from the source (which, by the way, seems to have been left to humanity by creators of nature and a human on this planet), but also how to build a civilization without quotes? After all, it only seems to them that they are the main deceivers, while in reality they were fooled, and fooled majorly.

The secluded forest cabin was meant to give Sophie a place to hide, to heal, and to be safe. But from the moment she arrives, she's not alone. For you to survive on the New Earth you must also change your frequency to match that of the New Earth. Unless you make that change your body frequency will be incompatible with these new frequencies and you will have to leave. You have a choice, prepare to ascend or transfer to another third density planet. Ascension is available for those who choose to move out of duality consciousness into Unity Consciousness. Dr. Pettit explains some of the requirements and preparations needed to ascend from the Old Earth.

Shattered Fragments of My Soul, Fragment 1, introduces the poetry of Valerie Jupe in a fun, cohesive, accessible way. This is her first book of poetry, and the subject matter ranges from emotional themes of love, depression, suicide, and wildness, to philosophy, humor, and lifestyle. Val!'s poetry is filled with wit, as well as, at times, twist endings. There is a natural rhythm and honesty readers are sure to connect with, and quotes they will hopefully love to recount.

Describing the heartache, confusion and passionate love that belong to the mystical journey, this series of personal writings explores a central paradox: what belongs to the individual who makes this journey, and what belongs to God? This primary question is discussed in detail, drawing from the author's own experiences and the context of the Sufi tradition. The featured passages are personal, heartfelt, and full of the contradictions the author has endured, demonstrating how the Sufi path is lived today within the heart and soul of a contemporary mystic. Delving beneath the surface into the heart of the mystical relationship with God, this intimate memoir illustrates how

This daily devotional touches on the themes that have marked Rupp's work as you travel through the seasons of the year. She walks with you as you experience grief, embrace stillness, and see in your daily life the fingerprints of the Divine. She helps you welcome new life, practice selfless acts of kindness, and remember the gift that is the people in your life, all the while showing you glimpses of the heart of God. Filled with Rupp's characteristic prayers, poems, meditations, and blessings, this treasury provides a daily retreat to center yourself in the warmth of the Divine embrace and begin the day feeling renewed. Each day's reading concludes with a practice to carry with you for the rest of the day that brings you back to your center and reminds you to be light to the world.
