For a brief time following the end of the U.S. Civil War, American political leaders had an opportunity—slim, to be sure, but not beyond the realm of possibility—to remake society so that black Americans and other persons of color could enjoy equal opportunity in civil and political life. It was not to be. With each passing year after the war—and especially after Reconstruction ended during the 1870s—American society witnessed the evolution of a new white republic as national leaders abandoned the promise of Reconstruction and justified their racial biases based on

political, economic, social, and religious values that supplanted the old North-South/slavery-abolitionist schism of the antebellum era. *A Long Dark Night* provides a sweeping history of this too often overlooked period of African American history that followed the collapse of Reconstruction—from the beginnings of legal segregation through the end of World War II. Michael J. Martinez argues that the 1880s ushered in the dark night of the American Negro—a night so dark and so long that the better part of a century would elapse before sunlight broke through. Combining both a “top down” perspective on crucial political issues and public policy decisions as

## Read Book Free Html Black Book Qpkfill

well as a “bottom up” discussion of the lives of black and white Americans between the 1880s and the 1940s, *A Long Dark Night* will be of interest to all readers seeking to better understand this crucial era that continues to resonate throughout American life today.

*Expression in Contested Public Spaces* affirms the principles of free speech and civic engagement by highlighting the myriad ways people express their voices in public spaces to uphold the core tenets of democracy. The scholarly contributions address current day and enduring concerns about, debates on, and the promises for free expression.

Houston A. Baker Jr. condemns those black intellectuals who, he believes, have turned their backs on the tradition of racial activism in America. These individuals choose personal gain over the interests of the black majority, whether they are espousing neoconservative positions that distort the contours of contemporary social and political dynamics or abandoning race as an important issue in the study of American literature and culture. Most important, they do a disservice to the legacy of W. E. B. Du Bois, Martin Luther King Jr., and others who have fought for black rights. In the literature, speeches, and academic and public behavior of some black intellectuals in the past

## Read Book Free Html Black Book Qpkfill

quarter century, Baker identifies a "hungry generation" eager for power, respect, and money. Baker critiques his own impoverished childhood in the "Little Africa" section of Louisville, Kentucky, to understand the shaping of this new public figure. He also revisits classical sites of African American literary and historical criticism and critique. Baker devotes chapters to the writing and thought of such black academic superstars as Cornel West, Michael Eric Dyson, and Henry Louis Gates Jr.; Hoover Institution senior fellow Shelby Steele; Yale law professor Stephen Carter; and Manhattan Institute fellow John McWhorter. His provocative investigation into their

## Read Book Free Html Black Book Qpkfill

disingenuous posturing exposes what Baker deems a tragic betrayal of King's legacy. Baker concludes with a discussion of American myth and the role of the U.S. prison-industrial complex in the "disappearing" of blacks. Baker claims King would have criticized these black intellectuals for not persistently raising their voices against a private prison system that incarcerates so many men and women of color. To remedy this situation, Baker urges black intellectuals to forge both sacred and secular connections with local communities and rededicate themselves to social responsibility. As he sees it, the mission of the black intellectual today is not to do great

## Read Book Free Html Black Book Qpkfill

things but to do specific, racially based work that is in the interest of the black majority.

During the American Revolution (1775–1783), the British government offered freedom to slaves who would desert their rebel masters as a way of ruining the American economy. Many Black men and women escaped to the British fleet patrolling the East Coast, or to the British armies invading the colonies from Maine to Georgia. After the final surrender of the British to the Americans, New York City was evacuated by the British Army throughout the summer and fall of 1783. Carried away with them were a vast number of White Loyalists and

commitment as a society, Nichol argues, will we succeed in truly ending poverty, which he calls our greatest challenge.

Paul Polgar recovers the racially inclusive vision of America's first abolition movement. In showcasing the activities of the Pennsylvania Abolition Society, the New York Manumission Society, and their African American allies during the post-Revolutionary and early national eras,

## Read Book Free Html Black Book Qpkfill

he unearths this coalition's comprehensive agenda for black freedom and equality. By guarding and expanding the rights of people of African descent and demonstrating that black Americans could become virtuous citizens of the new Republic, these activists, whom Polgar names "first movement abolitionists," sought to end white prejudice and eliminate racial inequality. Beginning in the 1820s, however, colonization threatened to

## Read Book Free Html Black Book Qpkfill

eclipse this racially inclusive movement. Colonizationists claimed that what they saw as permanent black inferiority and unconquerable white prejudice meant that slavery could end only if those freed were exiled from the United States. In pulling many reformers into their orbit, this radically different antislavery movement marginalized the activism of America's first abolitionists and obscured the racially progressive

## Read Book Free Html Black Book Qpkfill

origins of American abolitionism that Polgar now recaptures. By reinterpreting the early history of American antislavery, Polgar illustrates that the late eighteenth and early nineteenth centuries are as integral to histories of race, rights, and reform in the United States as the mid-nineteenth century.

If postmortems of the 2016 US presidential election tell us anything, it's that many voters discriminate on the basis of race, which raises an important question: in a society that outlaws racial discrimination in employment, housing, and jury selections, should voters be permitted to racially discriminate in selecting a candidate for public office? In *Whitelash*, Terry Smith argues that such racialized decision-making is unlawful and that

## Read Book Free Html Black Book Qpkfill

remedies exist to deter this reactionary behavior. Using evidence of race-based voting in the 2016 presidential election, Smith deploys legal analogies to demonstrate how courts can decipher when groups of voters have been impermissibly influenced by race, and impose appropriate remedies. This groundbreaking work should be read by anyone interested in how the legal system can re-direct American democracy away from the ongoing electoral scourge that many feared 2016 portended.

Discusses the role and status of free blacks in

America from the time the colonies were founded through the Emancipation Proclamation.

Bodies out of Place asserts that anti-Black racism is not better than it used to be; it is just performed in more-nuanced ways. Barbara Harris Combs argues that racism is dynamic, so new theories are needed to help expose it. The Bodies-out-of-Place (BOP) theory she advances in the book offers such a corrective lens. Interrogating several recent racialized events—the Central Park birding incident, the killing of Ahmaud Arbery, sleeping while Black occurrences, and others—Combs demonstrates

## Read Book Free Html Black Book Qpkfill

how the underlying belief that undergirds each encounter is a false presumption that Black bodies in certain contexts are out of place. Within these examples she illustrates how, even amid professions to color-blindness, fixed attitudes about where Black bodies belong, in what positions, at what time, and with whom still predominate. Combs describes a long historical pattern of White pushback against Black advancement and illuminates how each of the various forms of pushback is aimed at social control and regulation of Black bodies. She describes overt and covert

## Read Book Free Html Black Book Qpkfill

attempts to push Black bodies back into their presumed place in U.S. society. While the pushback takes many forms, each works to paint a narrative to justify, rationalize, and excuse continuing violence against Black bodies. Equally important, Combs celebrates the resilient Black agency that has resisted this subjugation.

As this volume indicates, the issues facing black America are diverse, and the tools needed to understand these phenomena cross disciplinary boundaries. In this anthology, the authors address a wide range of topics including race, gender, class,

\*\*\*Finalist for the Gilder Lehrman Lincoln Prize\*\*\* Henry Louis Gates, Jr: "A stunning tale of a little-known figure in history." Candice Millard: "Be Free or Die makes you want to stand up and cheer." The astonishing true story of Robert Smalls' amazing journey from slave to Union hero and ultimately United States Congressman. It was a mild May morning in Charleston, South Carolina, in 1862, the second year of the Civil War, when a twenty-three-year-old slave named Robert Smalls did the unthinkable and boldly seized a Confederate steamer. With his wife and two young children hidden on board, Smalls and a small crew ran a gauntlet of heavily armed fortifications in Charleston Harbor and delivered the valuable vessel and the massive guns it carried to nearby Union forces. To be unsuccessful was a death sentence for

## Read Book Free Html Black Book Qpkfill

all. Smalls' courageous and ingenious act freed him and his family from slavery and immediately made him a Union hero while simultaneously challenging much of the country's view of what African Americans were willing to do to gain their freedom. After his escape, Smalls served in numerous naval campaigns off Charleston as a civilian boat pilot and eventually became the first black captain of an Army ship. In a particularly poignant moment Smalls even bought the home that he and his mother had once served in as house slaves. Cate Lineberry's *Be Free or Die* is a compelling narrative that illuminates Robert Smalls' amazing journey from slave to Union hero and ultimately United States Congressman. This captivating tale of a valuable figure in American history gives fascinating insight into the country's first efforts to help newly

## Read Book Free Html Black Book Qpkfill

freed slaves while also illustrating the many struggles and achievements of African Americans during the Civil War. Drawing on his personal fascinating story as a prosecutor, a defendant, and an observer of the legal process, Paul Butler offers a sharp and engaging critique of our criminal justice system. He argues against discriminatory drug laws and excessive police power and shows how our policy of mass incarceration erodes communities and perpetuates crime. Controversially, he supports jury nullification—or voting “not guilty” out of principle—as a way for everyday people to take a stand against unfair laws, and he joins with the “Stop Snitching” movement, arguing that the reliance on informants leads to shoddy police work and distrust within communities. Butler offers instead a “hip hop theory of justice,” parsing the

## Read Book Free Html Black Book Qpkfill

messages about crime and punishment found in urban music and culture. Butler's argument is powerful, edgy, and incisive. "College" is a word that means many things to many people: a space for knowledge, a place to gain lifelong friends, and an opportunity to transcend one's socioeconomic station. Today, though, this word also recalls a slew of headlines that have revealed a dark and persistent world of racial politics on campus. Does this association disturb our idealized visions of what happens behind the ivied walls of higher learning? It should - because campus racism on college campuses is as American as college football on Fall Saturdays. From Lawrence Ross, author of *The Divine Nine* and the leading expert on sororities and fraternities, *Blackballed* is an explosive and controversial book that rips the veil off

## Read Book Free Html Black Book Qpkfill

America's hidden secret: America's colleges have fostered a racist environment that makes them a hostile space for African American students. *Blackballed* exposes the white fraternity and sorority system, with traditions of racist parties, songs, and assaults on black students; and the universities themselves, who name campus buildings after racist men and women. It also takes a deep dive into anti-affirmative action policies, and how they effectively segregate predominately white universities, providing ample room for white privilege. A bold mix of history and the current climate, *Blackballed* is a call to action for universities to make radical changes to their policies and standards to foster a better legacy for all students.
