

Free History Research Papers

Mr. Soberon has provided us with a fascinating chronological review of the history of money in all its forms from several hundred years BCE through the present day. From gold and silver to paper money and beyond, from Dictators to Democrats and Republicans, he chronicles the evolution of the various mediums of exchange and the power and influence held and wielded by those who possessed them in great amounts. This book is certain to hold the interest of both the high school student and the seasoned banker. It is required reading for anyone interested in economics, business, investing or simply world history. Clearly written and unbiased, Mr. Soberon's narrative appears at a crucial juncture in world affairs."

Gaby LeFevre is a suburban, Midwestern firecracker, growing up in the 80s and 90s and saving the world one homeless person, centenarian, and orphan at a time. With her crew of twin sister, Annie, smitten Mikhail, and frenemy Mel, she's a pamphlet-wielding humanitarian, tackling a broken world full of heroes and heroines, villains and magical seeds, and Northwyth stories. Beginning with a roadkill-burying nine-year-old and a gas-leak explosion, it follows Gaby as she traverses childhood and young adulthood with characteristic intensity and a penchant for disaster. Meanwhile, the

large cast of compelling characters entertains and the Northwyth legends draw you into their magic.

The Federalist Papers Read Books Ltd

Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

The Bible's story of creation in Genesis names Adam as the first human in history. His story with Eve in the Garden of Eden is widely known-but what if he actually played a larger part in the story of humanity? In *The Gospel of Adam*, David L. Bishop takes well-known stories and characters from history and presents them through the eyes of Adam, as though he were living throughout all time on a mission to restore fallen humanity to a place worthy of returning to perfection. Following Adam through his profound interactions with Noah, King David, Jesus of Nazareth, and even Adolf Hitler, this book shows how Adam struggles not only with his mission to help humanity but also his own internal doubts as a man of faith. In the vein of works like *The Da Vinci Code* and *The Last Templar*, Bishop's *The Gospel of Adam* weaves history, philosophy, religion, and politics throughout a thought-provoking first-person narrative that both challenges and inspires the reader to consider what it really means to be human.

E Pluribus Kinko's describes how a highly democratic business structure helped Kinko's grow and profit for thirty years, and how the loss of democracy contributed to the company's decline and disappearance. From 1970 to 1999, Kinko's grew from a one-hundred-square-foot copy shop to a two-billion-dollar industry leader with over 1,000 branches worldwide, with thousands of engaged

and participative citizen-coworkers. The foundations of our democracy were The Philosophy, which was like a constitution that clearly articulated stakeholder rights and expectations, our Partnership Ethos, which used profit sharing to spread the benefits and responsibilities of citizenship throughout the organization, and our habit of Pot-Stirring, which produced the frequent revolutions Thomas Jefferson believed were necessary in a healthy democracy. It was very messy - and very profitable.

Daybreak over Ecuador is a historical narrative of the first protestant foreign missionaries to attempt to enter Ecuador after the lessening of religious control in the country. Ecuador was the last Latin American country to open its doors to protestant missions. Those who dared to come faced hostility and deprivation. This is the country where a native indigenous person had to apply for permission to dress like a Spaniard, and an Ecuadorian was not a citizen if he was not a Catholic. Here is where a customs official boasted that "as long as Mount Chimborazo stands the Bible will not enter Ecuador." It was not until 1895 that foreign missionaries were allowed on its soil. This is the story of some of those people. It is a tribute to the faithful men and women who risked their lives in order to establish the evangelical church in Ecuador. There are stories of persistence and meagre beginnings in some of the most isolated places till a national church arose that is today a formidable missionary force in its own right. It is the story of the people who came, and who came to stay. Ecuadorian writers who understood the milieu into which they were coming provide the historical backdrop for the

story. The book foreword is written by the president of the Ecuadorian confraternity of evangelical churches, Eduardo Lopez who says that "AS EVANGELICAL CHRISTIANS IN ECUADOR we ought to be grateful to God for the life and testimony of the first missionaries who came to our nation for the solitary purpose of sharing the Gospel of Christ with Ecuadorians. Daybreak Over Ecuador transports us by way of its pages to an understanding of the life and testimony of these men and women of God, as well as of the events that signalled important milestones in the advance of the missionary enterprise in Ecuador." Daybreak over Ecuador is a primer to understanding evangelical mission effort in Ecuador. There is a serious attempt to set the religious context of the book. Rather than a comprehensive account it is anecdotal and selective. It touches on the original individuals who came, highlighting instructive moments in their careers. Three representative figures form the centrepiece dedicatory. The second half of the book traces some of the attempts to engage the populace with the Gospel in different spheres of endeavor. The resulting national church becomes a watershed mark in 1945. From there the mission family expanded exponentially and the resulting growth pains of the church are noted as missions organizations navigated the landscape. The author is a career international worker who himself lived and researched the stories in the course of his journey and experience as a missionary. As a participant in the drama he offers insights and insider perspective on what was happening and had access to C&MA mission files during the

investigation. Daybreak over Ecuador is part of his journey and is a tribute to the men and women of the Gospel Missionary Union, the Christian and Missionary Alliance, and many others who spent their lives in the face of great opposition to establish the evangelical church in Ecuador. The fierce fanaticism of the times was matched by the steadfast defiance of the early pioneers. Theirs are stories of loneliness and loss, isolation, persecution and tragedy. There are also stories of perseverance and meagre beginnings in some of the most isolated places till a national church arose that is today a formidable missionary force in its own right. These are the stories of ordinary foot soldiers who are honoured today as heroes of faith because they constructed the footholds and built the beachheads on which the church today stands."

"The one source that sets reference collections on Latin American studies apart from all other geographic areas of the world... The Handbook has provided scholars interested in Latin America with a bibliographical source of a quality unavailable to scholars in most other branches of area studies." —Latin American Research Review Beginning with volume 41 (1979), the University of Texas Press became the publisher of the Handbook of Latin American Studies, the most comprehensive annual bibliography in the field. Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines, the Handbook alternates from year to year between social sciences and humanities. The Handbook annotates works on Mexico, Central America, the

Caribbean and the Guianas, Spanish South America, and Brazil, as well as materials covering Latin America as a whole. Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas. The Handbook of Latin American Studies is the oldest continuing reference work in the field. Lawrence Boudon, of the Library of Congress Hispanic Division, has been the editor since 2000, and Katherine D. McCann has been assistant editor since 1999. The subject categories for Volume 60 are as follows: Art History (including ethnohistory) Literature (including translations from the Spanish and Portuguese) Music Philosophy: Latin American Thought

An Introduction to Childhood

The Mises Institute is thrilled to bring back this popular guide to ridiculous economic policy from the ancient world to modern times. This outstanding history illustrates the utter futility of fighting the market process through legislation. It always uses despotic measures to yield socially catastrophic results. It covers the ancient world, the Roman Republic and Empire, Medieval Europe, the first centuries of the U.S. and Canada, the French Revolution, the 19th century, World Wars I and II, the Nazis, the Soviets, postwar rent control, and the 1970s. It also includes a very helpful conclusion spelling out

the theory of wage and price controls. This book is a treasure, and super entertaining!

Do you want to publish your family history research but feel limited by the lack of content that you have? Family History Scrapbooking Simplified helps you map out your heritage using photos, documents, or the content you have. Are you frustrated with the lack of creative control that large photo book printers offer? Family History Scrapbooking Simplified suggests a way to take creative control over your project using digital scrapbooking software. Are you ready to create a heritage scrapbook but do not know what to include in the such a project? Family History Scrapbooking Simplified explains what to put in your projects from a genealogical perspective.

The Battle Of Atlanta; And Other Campaigns, Addresses, Etc., has been considered important throughout the human history, and so that this work is never forgotten we have made efforts in its preservation by republishing this book in a modern format for present and future generations. This whole book has been reformatted, retyped and designed. These books are not made of scanned copies of their original work and hence the text is clear and readable.

Michael Chenault, award-winning investigative journalist with the New York Times, is roused in the middle of the night by NYPD detectives and accused of the bizarre murder of a complete stranger. After clearing himself, Chenault finds that Martin Koplanski, the retired history professor he'd been accused of murdering, was likely killed for a mysterious Mormon relic long thought to be just a myth. Twenty-four hours later, Chenault receives an email with a photo of the recently murdered wife of Presidential candidate, Brockston Ratchford. She too appears to have been ritually killed in the exact manner as Koplanski, right down to having the same cryptic character scrawled in blood across her forehead. With

way more than just a hunch to now go on, Chenault heads out to Salt Lake City, the site of the Ratchford murder investigation, to find out what, if any, connection there is between the murders. With the help of a beautiful young reporter he meets along the way, Chenault comes to learn the dark family secrets of a rising political star, along with the rather strange but true history of the Mormon church. As he pieces the story together of what appears to be an ever-growing conspiracy, Chenault is pursued by The Brothers, two murderous zealots who will stop at nothing to retrieve the Mormon relic Chenault is also trying to find. What Chenault eventually discovers is that what he's uncovered may not only affect the outcome of the next Presidential election, but decide the fate of an entire religion-if he can manage to stay alive. In the tradition of Raymond Khoury, Brad Meltzer, Dan Brown and Steve Berry, *The Moroni Deception* is a cleverly conceived, twisting tale of political and religious intrigue by a new master of the conspiracy thriller.

B. Retelling the stories from Okanogan elders, the author begins in Wenatchee, WA and follows the trail now known as Highway 97 heading north into British Columbia, Canada. The book is arranged as if the author is traveling with you on your adventure through time, including stories of places and events as seen through the eyes of the native settlers of the area.

Cover subtitle: Things you shouldn't know.

The story of "The Ancient" continues... Joseph Miller and Mike

Samson are closing in on one of the Fallen on the busy streets of New York City, with the help of a young woman who just happens to grow fur and fangs. Little do they know someone from Miller's past is hunting them to settle a grudge over a thousand years old. Meanwhile, Lizzie Namgung is desperately searching for her missing friend Ann. Much to her surprise, so is the FBI. As a new evil spreads across the city of Newark, Lizzie finds herself caught in a web of murder, mayhem, and monsters. Ancient Awakening is a Horror/Action novel with just the right touch of comedy. Ancient Enemies is the second book in the series that follows the adventures of eccentric demon hunter Joseph Miller. His job is to defend the human race against seven mythical demons and their offspring. Unfortunately for us, he has been dead for the last hundred years. The series begins with Ancient Awakening, continues here with Ancient Enemies, and is followed by Ancient Revelations. The all-new second edition of Ancient Enemies is professionally edited and 55,700 words. Blair Robertson didn't believe in love at first sight, until he met Susanna. But fate had destined her for his twin.

A biography of Beatrice Blore Browne. Born in the industrial town of Middlesbrough to a family of pottery workers, she was the first woman to drive a motor car to the summit of the Great Orme in Llandudno a holiday resort in North Wales. For a woman in the years

immediately prior to the First World War this was an unusual feat which challenged some of the stereotypes of women prevalent in that period.

In *An Introduction to Childhood*, Heather Montgomery examines the role children have played within anthropology, how they have been studied by anthropologists and how they have been portrayed and analyzed in ethnographic monographs over the last one hundred and fifty years. Offers a comprehensive overview of childhood from an anthropological perspective. Draws upon a wide range of examples and evidence from different geographical areas and belief systems. Synthesizes existing literature on the anthropology of childhood, while providing a fresh perspective. Engages students with illustrative ethnographies to illuminate key topics and themes.

Argues that hip hop has become a primary way to talk about race in America, examining the links between hip hop, violence, and sexism and whether or not hip hop's portrayal of black culture undermines black advancement.

This Work "Primary Sources for History of the Sri Lankan Tamils : A World-wide Search", the First of its kind, is a very significant one. In

this work I see the Historian and the Professional Librarian within the Author Dr. M. Gunasingam a student of Prof. K. Indrapala blend with each other in a very charming way. The author has documented the resources in the various major libraries of the world and those resource centres which possess valuable data relating to the history and culture of the Sri Lankan Tamils. The material is presented in an introductory manner as a historian would do. One cannot fail to notice the specific references the author chooses to give about each of the libraries and centres. In that sense it also becomes a guide. One cannot fail to observe the sense of socio political dedication of the author to the basic theme of the book. This work reveals the depth of the author's conviction and the breadth of the areas of search. I am sure this work will receive the attention of scholars and students researching into not only the Sri Lankan Tamils but also into Sri Lanka as a whole.

Roses Among the Heather

When past and present unite, hearts collide!!!! Ceana has spent her life dreaming of becoming an archaeologist and unlocking the mysteries of the past. However, her own past is a mystery that eludes her until the very man, who has been haunting her dreams, walks through the doors of her family's business and sends her comfortable life into a downwards spiral. She is about to learn that she herself is linked to the past that she has been studying, in more ways than she could ever imagine.

Kessan, a fearsome highlander is torn between protecting his family from destruction and death at the hands of an evil magic, and going through time to find the one person who may be able to defeat the evil that is raging through the highlands.

Travel through time and space with Ceana and Kessan, as they battle family secrets, forces of evil and love. Lives are lost, bonds are formed and secrets uncovered, as Ceana and Kessan try to defeat an evil so dark that it threatens to consume everything.

Businesses and managers everywhere are finding out that using the classical investment analysis methods is not enough to cover their need for smart decision-support for high risk, hard to estimate investments under vague information, such as investments into R&D, IPR, and any other strategic projects and assets. This book introduces the pay-off method and shows how the method can enhance investment analysis and decision-support in a profound way. The pay-off method and a selection of tools within the pay-off method arsenal, including real option valuation, are simple to use, transparent, no-nonsense, and intuitive to understand. This book explains the pay-off method in detail and shows with many numerical easy-

to-follow examples how the method can be applied in real-world decision-making in different industries. This book shows also how decision-making can be enhanced by visualizing imprecision and how real option valuation can be performed simply. All method presented are easily implementable with the most commonly used spread-sheet software. The pay-off method is a clear continuation to where the "old" investment analysis methods usually leave us off and gives you a chance to better plan and to understand your investments. After having read this book you will never be the same decision-maker again, but you will know what information to require for better investment decision-making.

Primary History Kingdom of Benin (Not to be confused with former Dahomey) has been written to support teachers to meet the requirements of the new National Curriculum Framework for history at Key Stage 2: a non-European society that provides contrasts with British history. It covers all historical aspects of the great kingdom which was at its height between the 14th and 16 centuries. This book is divided into three sections. The first section covers study of palace life; the second section covers growing up experiences of the kingdom's children and of ordinary people. The third section provides numerous and varied historical enquiries activities to improve pupils' knowledge and understanding of historical facts of the great kingdom and help to develop their enquiries skills. This section includes comparison of medieval British and Benin kings. This book incorporates historical sources including African oral traditions of storytelling, wood and terracotta sculptures and reading and analysis of the Benin bronze plaques through which the kings and elders of the kingdom chose to record their history. To keep up with

technological advancement and opportunities, a dedicated website has been set up to provide further activities and up to date knowledge and information on the kingdom. A virtual classroom has also been created through which the author can clarify and provide additional support to teachers and pupils as necessary. Details of these websites are below. There are many more resources on the website including videos and photographs with cross curricular activities including ideas for developing writing and word work through drama and role play. This method of learning makes this unit an exciting topic for pupils to study. The kingdom, founded around 40Bc was at its height between the 14th and 16th century when it conquered neighbouring countries on the West African Coast and traded far afield with Europeans and traders from the East. It was sacked by the British in 1897 though the crown was restored in 1914, the king's authority and influence was highly diminished. However, the people's traditions and customs continue to this day. Fidelia Nimmons has a track record of achieving outstanding results with a variety of learners and has written many teaching and learning support books to this aim. Website: www.kingdomofbenin.weebly.com Virtual classroom: <http://kidblog.org/nimmonsvclass/> Twitter page: <https://twitter.com/PrincessIyomon> Enquiries and contact: www.ifitmatter.weebly.com

Sit. Stay. LEAD! The Presidogs of the United States of Pawmerica is a re-imagining of history, telling the story of the forty-four men who have led this nation as if they were furry, fun-loving dogs. How would a rambunctious pooch have handled the Embargo Act of 1807? Or the Cuban Missile Crisis? Or a Civil War?! This coffee table book answers these questions, as well as provides the reader with an endless

supply of historical and pawlantically charged puppy puns. Consti-CHEW-tion, anyone? Since every president is matched to a different breed of dog, this full color volume provides the reader with a concise personality profile for each represented breed. It's a great gift idea for animal lovers, history buffs, goofballs, hipsters, and children of all ages. Learn about history! Learn about dogs! All while laughing your silly head off. The Presidogs of the United States of Pawmerica is a quirky, educational and thoroughly adogable read for the whole family!

History of Cuba Elusive Quest for Freedom

Caution: this book is a document from the future, on how the United States finally split into two independent republics in 2029, and its aftermath. The topic is so sensitive, that its futuristic author must be identified merely as John Doe, Ph.D.

Dateline: 2029. The "One Nation, Indivisible," finally divides. - A political satire.

"Death of a Dream" is a remarkable scholarship book in which Roig searched and described with lucidity, the historical events and collective behavior of the Cubans. The book twenty one chapters are explicitly historical, strongly analytical, concisely written and closely argued;

the result is a brilliant narrative that spanned over five centuries of Cuba's history. This encyclopedic telling is a fast moving and fascinating and much needed, relatively unbiased account of Cuba's promise as a sovereign nation. Mary DeLorse Coleman, PhD Executive Director, Afro Cuban Research Institute, Jackson State University This panoramic study of Cuban history from Columbus to the Castro revolution is beautifully told. Pedro Roig unmasks many of the myths of the Castro brothers' dictatorship while placing them in the much larger and more appealing context. This is a balanced, objective, and eminently readable account. Brian Latel is Senior Research Associate, Institute for Cuban and Cuban American Studies, University of Miami and author of After Fidel: Raul Castro and the Future of Cuba's Revolution. Roig 's "Death of a Dream" is a brilliant history of Cuba written with grace and precision. A vigorous narrative with a deep insight into the mores, values and psychology of the Cuban nation. The essential political facts are all there. An exceptionally good book. Carlos Alberto Montaner Author, Journalist and Historian Roig takes us on a captivating journey through Cuba's history from the days of King Ferdinand and Isabella to the Castro regime. At a time when the end seems to be approaching for Cuba's oppressive government, this book explains much of the hardships of the

Cuban people. Newt Gingrich Historian and Speaker of the U.S. House of Representative. (1995-1999) "Death of a Dream" is an extraordinary book that provides much insight into the values, psychology and behavior of the Cuban people. For those interested in understanding what happened in Cuba, Pedro Roig's book is a must. Jaime Suchlicki Emilio Bacardi Moreau Professor of History, University of Miami

'Life is one big road with a lot of signs, signs and more signs you've got to make up your mind to face reality all the time.' Badmarsh & Shri/Tenor Saw/Bob Marley Shiraz is a newly appointed Police Community Support Officer who discovers the body of an Asian prostitute Mandy in a skip in West Richardson Street, High Wycombe. The investigations lead him to a local taxi driver Asif and a journalist Stacy who works for a local newspaper. Running alongside this is the story of Anna the daughter of a furniture worker in High Wycombe in 1913 and her adventures during these heady times in the town's history. In the background is the spectre of the Assassin whose agenda of racial terrorism drives the story to a profound climax. West Richardson Street is about the past and the present histories of High Wycombe. About lives lost over pieces of dirt and how particular roads and areas of the town resonate with dark and unspoken tales. It's about

placing the arrival of Asian and African Caribbean people to Buckinghamshire in a historical context and making them part of this history rather than existing outside of it. West Richardson Street looks at the town throughout the ages but in particular before the war where the furniture industry in High Wycombe was at its height, the early eighties where there were riots and finally 2007 and the paranoid times after the 2006 terror raids. 'The lie was powerful. It had wrapped itself over the Chiltern Hills and the fabric of the County. It was embedded into the DNA of the mighty and the powerful and covered up a multitude of sins.' Lev Berdnikov offers us 28 biographies spanning five centuries of Russian Jewish history, and each portrait opens a new window onto the history of Eastern Europe's Jews, illuminating dark corners and challenging widely-held conceptions about the role of Jews in Russian history.

Temples were important structures in any civilization and the ancient Egyptians were of no exception. How the temples were created, when they were created and who wanted them created hold important clues on the belief systems and religion dominated during that time. In this book, we'll be visiting the famous temples of Ancient Egypt. Grab a copy today!

Ethnicity, economics, and warfare! These were the factors that shaped the southern backcountry during the eighteenth century. Alexander McGillivray was by far one of the most influential Native American leaders from the Revolutionary and Federalist era. He became a central figure in the territorial struggles for commerce, sovereignty, and identity in what is now the southeastern region of the United States. In order to defend the borders of the Creek Confederacy McGillivray used an amazing mixture of political shrewdness, economic monopolization, and diplomatic finesse. During his relatively brief life of forty-three years he was commissioned as a British officer, a Spanish colonel, and an American brigadier general. However, throughout all of these seemingly conflicting positions he maintained an unyielding support for the Creek Indians and their right to exist as a people.

Ten year old Edwin is surprised to learn that

he will be travelling to America on the famous new Titanic. Even more shocking is that he will be going with grandparents he has never known. Why does his mother want to send him away? Edwin explores the ship, meeting men such as Thomas Andrews, Bruce Ismay, and Captain Smith. Along the way, he also learns secrets about his own family's past. When the ship sinks and Edwin ends up in a lifeboat separated from everyone he knows, he wonders if he has survived the worst only to be abandoned in the middle of the Atlantic.

Waltzing Australia was born out of a dream- and a journey. After walking away from her corporate career, Cynthia Clampitt headed to Australia, to start over, to write, and to test the limits of what she could do.

Waltzing Australia recounts that joyous adventure. It is a story about change and about making dreams come true. But more than that, it is about Australia: the history, legends and art, both European and Aboriginal; the beauty, the challenge, the people, the land. From Sydney to Perth, Tasmania to Darwin, tropics to desert, city to wilderness, Clampitt carries the reader along on an exhilarating grand tour of a fascinating country. With a writing style reminiscent of Annie Dillard, she captures the essence of the land Down Under and invites others to fall in love with Australia.

Hop--and Why It Matters

The Great Separation

The Moroni Deception

How Not to Fight Inflation

It is astonishing to think that many great archaeological discoveries occurred in Egypt only by way of accident during the 19th and 20th centuries. Even today accidents still play a vital, frequent and sometimes comical role, with new discoveries happening almost weekly and with many more secrets of the ancient Egyptian civilization still remaining. This book takes readers beyond these discoveries and their associated accidents. This book cannot be considered purely as an Egyptological and archaeological reading or even as dry history pages covering Egypt's modern era of the 19th and 20th centuries. Rather, it is a book that sheds light on the intimate links between the birth of Egyptology after the deciphering of the famous Rosetta Stone and the raging world politics and regional power shifts in Egypt and its surroundings. The book ties together the political storms of colonialism in the first half of the 19th century and the unsettling effect these upheavals had on Egypt during the reign of Mohamed Ali Pasha. In a storytelling style, the book is a journey through time and place. The book takes readers on a guided tour to most of Egypt's well-known monuments that were mainly discovered by simple accident or in which an accident played a major part leading to discovery. In addition, the book leads readers through time exploring ancient Egypt, the days of the pharaohs, ancient gods, rituals and public ceremonial festivals, with old and new stories that shed light on the true value of such discoveries in antiquity and modern
