SPECIAL PRE-ORDER PRICE: Only for a limited time! Why should I buy this Philippines travel guide instead of any other? The most important reasons: It is cheaper than other travel guides I tried all activities and visited all the sights myself and describe in great detail how you can get there or do it yourself and therefore you can save money It is light as you can bring it along on your phone or e-reader It will inspire you and inform you about secret spots that you don't want to miss It is the best DIY travel guide for the Philippines. This guidebook isn't for you if you don't like texts that are written in a travel blog style. In addition, all the images are black and white in order to keep the costs low and to be able to offer the travel guide at this low price. If that bothers you, you should look for a different travel guide for the Philippines. What "I love Philippines" offers you: If this isn't your first "I love..." travel guide, you already know what to expect. I mostly travel as a "solo female traveler" and with my travel guides I want to make the most beautiful places of that country approachable for individual travelers. Thanks to "I love Philippines" you should travel to the Philippines without any worries, lots of positive anticipation and a good plan. After reading my travel guide, you should have a clear vision of your trip and how to

get to the sights you want to see by yourself. For example, what is the easiest option to get to the spectacular rice terraces? Or how to take the night ferry between Cebu and Siargao? Where can you get the best food in El Nido and where is the best view in the Philippines? (Hint: It's not the Chocolate Hills.) "I love Philippines" will answer you those questions and many more. In "I love Philippines" you find all my personal experiences of my travels to the islands of the Philippines. Each island offers unique and unexpected treasures even for the frequent traveler. Pristine light blue lagoons, bounty white beaches, picture perfect sunsets, cute tarsiers, pretty colonial buildings, amazing waves and not to forget, the many, fantastic waterfalls. I planned all my trips carefully with ideas out of all the good guidebooks I could find, so you don't have to spend this money anymore. Plus, I used TripAdvisor and many helpful blogs. So, if you want to have a more personal experience than the usual tourist and have some actual explanations how to have the best possible experience in a place, this guidebook is definitely right for you. More info about other countries you find on my blog: [www.swissmissontour.com](http://www.swissmissontour.com) As BONUS if you buy "I love Philippines" you will receive a free packing list and the highlights of my "I love Thailand" travel guide.

The second edition of the Impact Evaluation in Practice handbook is a comprehensive and accessible introduction to impact evaluation for policy makers and development practitioners. First published in 2011, it has been used widely across the development and academic communities. The book incorporates real-world examples to present practical guidelines for designing and implementing impact

evaluations. Readers will gain an understanding of impact evaluations and the best ways to use them to design evidence-based policies and programs. The updated version covers the newest techniques for evaluating programs and includes state-of-the-art implementation advice, as well as an expanded set of examples and case studies that draw on recent development challenges. It also includes new material on research ethics and partnerships to conduct impact evaluation. The handbook is divided into four sections: Part One discusses what to evaluate and why; Part Two presents the main impact evaluation methods; Part Three addresses how to manage impact evaluations; Part Four reviews impact evaluation sampling and data collection. Case studies illustrate different applications of impact evaluations. The book links to complementary instructional material available online, including an applied case as well as questions and answers. The updated second edition will be a valuable resource for the international development community, universities, and policy makers looking to build better evidence around what works in development.

It's time to get off the beaten path. Inspiring equal parts wonder and wanderlust, Atlas Obscura celebrates over 700 of the strangest and most curious places in the world. Talk about a bucket list: here are natural wonders—the dazzling glowworm caves in New Zealand, or a baobab tree in South Africa that's so large it has a pub inside where 15 people can drink comfortably. Architectural marvels, including the M.C. Escher-like stepwells in India. Mind-boggling events, like the Baby

Jumping Festival in Spain, where men dressed as devils literally vault over rows of squirming infants. Not to mention the Great Stalacpipe Organ in Virginia, Turkmenistan's 40-year hole of fire called the Gates of Hell, a graveyard for decommissioned ships on the coast of Bangladesh, eccentric bone museums in Italy, or a weather-forecasting invention that was powered by leeches, still on display in Devon, England. Created by Joshua Foer, Dylan Thuras and Ella Morton, ATLAS OBSCURA revels in the weird, the unexpected, the overlooked, the hidden and the mysterious. Every page expands our sense of how strange and marvelous the world really is. And with its compelling descriptions, hundreds of photographs, surprising charts, maps for every region of the world, it is a book to enter anywhere, and will be as appealing to the armchair traveler as the die-hard adventurer. Anyone can be a tourist. ATLAS OBSCURA is for the explorer.
