

Fundamentals Of English Grammar Workbook With Answer Key Vol A

The Longman Academic Writing Series helps English language students master the writing skills needed to succeed in their academic careers. The five-level series spans writing topics from composing sentences to writing research papers. Each level covers the complete writing process from prewriting to revision. Level 2 teaches high-beginning to low-intermediate students to write varied academic paragraphs. The text's proven approach integrates training in grammar, mechanics, vocabulary, sentence structure, and paragraph organization along with the writing process.

The Fundamentals of English Grammar Workbook, Volume B, consists of self-study exercises for independent work. A classic developmental skills text for lower-intermediate and intermediate English language learners, Fundamentals of English Grammar is a comprehensive grammar as well as a stimulating and teachable classroom text.

Designed to address the needs for a college course in traditional English grammar from the conservative Christian worldview. This textbook spends a great deal of time also discussing the construction of good paragraphs. Then it moves on the essays, looking especially at the expository essay, the persuasive essay, and the examination essay-answer (the three types of essays written most often in college classrooms). Finally, there is a thorough instruction on the research paper, using the traditional Turabian format.
