The One About the Episodes

A fully illustrated and authorized episode guide celebrating the twenty-fifth anniversary of the hit-television show Friends, including a look behind-the-scenes of cult-favorite episodes, exclusive photos from Warner Bros., brand new interviews with show creators Marta Kauffman, David Crane, and set designer John Shaffner, and more. The beloved show Friends introduced the world to six young New Yorkers living together, falling in love, breaking up (cue Ross's "We were on a break!"), and getting into hilarious shenanigans, which became an instant classic formula that inspired dozens of "hangout sitcoms" long after the show's reign. But no sitcom has ever come close to the series that started it all, spanning iconic looks like "the Rachel" and timeless catchphrases like "How you doin'?" while creating a cultural sensation that catapulted the cast members to instant mega-stardom. Throughout the show's ten- season run, viewers watched Monica, Rachel, Phoebe, Ross, Chandler, and Joey navigate their twenties and thirties with unwavering friendship, determination, and, of course, plenty of sarcasm. Friends Forever takes fans back to the set where it all began with exclusive photos of the sitcom that won four Primetime Emmy Awards, including Outstanding Comedy Series, eleven People's Choice Awards, and a Golden Globe for Jennifer Aniston for Best Lead Actress in a Television Series. This fully illustrated episode guide will treat readers to nostalgic flashbacks of the top one hundred episodes and sneak peeks of how popularly referenced lines from the show came to be. Friends Forever also boasts new interviews with show creators David Crane and Marta Kauffman on how the show got its start and set designer John Shaffner who reveals his inspirations behind the iconic looks behind Monica's and Rachel's apartment and Central Perk. It's no wonder why the Friends cast was chosen by TV Guide readers as the Best Comedy cast of all time, while countless other publications such as Vanity Fair named the show one of the best sitcoms of all time. Fun, hilarious interactives include: Joey's fake resume vs real one Countdown to the funniest Thanksgiving foods Trivia game Q&A from "The One with the Embryos" (Seriously, what is Chandler Bing's job?) Follow Ross's infidelity trail from "The One with the Morning After" Who's that celebrity? A comprehensive guide to some of the most famous celebrity guest stars from all ten seasons

Young readers can make their own trinkets and gifts using the supplies and instructions provided in this easy-to-follow craft book with six Barbie tales and reusable heart-shaped container.

Del hates Christmas. As a child, she spent too many Decembers on the streets after her parents abandoned her. As an adult, the enforced family focus, the clients who see the holidays as an excuse to get gropey, and the mistletoe her well-meaning colleague Maureen hung over her work desk just seals the deal: December sucks. If only it could stay Halloween for a couple of months instead. Del loves the excuse to slay monsters, the spooky atmosphere--and of course, the werewolves. Because everyone knows werewolves make the best lovers... Pity they're not real. When Maureen conjures up a list of eligible bachelors for the holidays and insists Del take her pick, Del does the only reasonable thing: she lies. And when nosy office Grinch Rafael Kane asks who the lucky fellow is, Del announces it to the whole office: she's getting a dog. So now, the first item on Del's holiday to-do list? Find a dog. Fast. Because if she doesn't, nothing will protect her from Maureen's list of Miami bachelor rejects. A charming, sensual romance for everyone who believes in found families, happily ever after--and werewolves.

"There has never been a craze like Beanie Babies. The \$5 beanbag animals with names like Seaweed the Otter and Gigi the Poodle drove a large swath of America into a greed-fueled frenzy as they chased the rarest Beanie Babies, whose values escalated weekly in the late 1990s. Just as strange as the mass hysteria was the man behind it.

Sometimes called the "Steve Jobs of plush" by his employees, he obsessed over every detail of every animal his company ever released. He had no marketing budget and no connections, but he had something more valuable - an intuitive grasp of human psychology that would make him the richest man in the history of toys. The Great Beanie Baby Bubble is a classic American story of people winning and losing vast fortunes chasing what one dealer remembers as "the most spectacular dream ever sold."--Back cover.
