

Gaudete Steeleye Span

"Everything a really great music memoir should be." –Colin Meloy The Pogues injected the fury of punk into Irish folk music and gave the world the troubled, iconic, darkly romantic songwriter Shane MacGowan. Here Comes Everybody is a memoir written by founding member and accordion player James Fearnley, drawn from his personal experiences and the series of journals and correspondence he kept throughout the band's career. Fearnley describes the coalescence of a disparate collection of vagabonds living in the squats of London's Kings Cross, with, at its center, the charismatic MacGowan and his idea of turning Irish traditional music on its head. With beauty, lyricism, and great candor, Fearnley tells the story of how the band watched helplessly as their singer descended into a dark and isolated world of drugs and drink, and sets forth the increasingly desperate measures they were forced to take. James Fearnley was born in 1954 in Worsley, Manchester. He played guitar in various bands, including The Nips with Shane MacGowan, before becoming the accordion player in The Pogues. Fearnley continues to tour with the band and lives in Los Angeles.

The Changing Face of English Traditional Music

The action-packed story of the adventure that created Glasgow-based Radio Clyde, the first UK commercial station to launch outside of London on Hogmanay 1973. The author was the first person to broadcast on the new radio station that night. Brimming with anecdotes about the personalities and programmes of the station's formative years, the book also traces the origins of radio in Scotland. There's a chapter devoted to the story of the offshore station Radio Scotland and its influence on the future of Scottish broadcasting. Illustrations include photographs and memorabilia from the period 1973-75. Many of those involved in the station's early days have provided their own stories and photographs, and the book includes a follow-up on some of the characters involved in subsequent Radio Clyde reunions. Occasionally irreverent, frequently hilarious but always informative and entertaining, Tony's insightful memoir of the early years of Radio Clyde is sure to become an essential media read for anyone who listens to the radio.

Record expert Neely profiles nearly 175,000 45s, LPs, extended play singles, and 12-inch singles by artists whose first record was issued in 1975 or earlier. 200 photos. 8-page color section.

The Life And Work Of 3 Female Folk Icons David Burke takes the lives of three of British folk music's best-known and best-loved women and intertwines their stories. Why these three? As David explains: "Maddy Prior, June Tabor and Linda Thompson have both endured and evolved. The people's relationship with its heritage may be capricious, but Maddy, June and Linda have remained resolutely committed to it while concurrently contemporising it." They all began in the folk clubs of the second folk revival in the 1960s but, whilst staying true to their roots, have never been afraid to try new things (sometimes to the horror of traditional folkies). Maddy Prior MBE is best known as being the singer with Steeleye Span, though she has done many different things, including the Silly Sisters with June Tabor. June tried to juggle being a librarian and a singer, until singing, thankfully, won out. Elvis Costello said, "If you don't like listening to June Tabor, you should stop listening to music" To a large extent, Linda Thompson's later career has been blighted by hysterical dysphonia, a condition that has stopped her singing for long periods. For this book, all three women kindly provided interviews, but Linda could only communicate via e-mail; her condition (which comes and goes) was so bad at the time. However, her albums with ex-husband Richard Thompson are classics, as are her own solo albums: it is just sad that illness has deprived her (and us) of more of them. In

addition to the three subjects, David has interviewed, amongst others, Ian Anderson, Martin Carthy, Christy Moore, Martin Simpson, Rufus Wainwright and even the creator of the Wombles pop group Mike Batt, who produced Steeleye Span.

This is a magnificent new resource for promoting good singing in schools and choirs. Packed with songs and ideas, the book and double CD will inspire any choir and make singing fun.

Unearthing Britain's Visionary Music

*In its impressive ten-year history, The Big Chill multimedia festival and club has put on over a hundred events based around music, art, performance, comedy and spoken word. It has spanned the world, from Siberia to Australia, Norway to Egypt, England to Brazil, capturing the minds, hearts and souls of a new, open-minded era. Now, on its tenth anniversary, The Big Chill is bringing you its debut anthology of music related essays. Following the success of Matthew Collin's *Altered State: The Story of Ecstasy Culture and Acid House*, which has sold over 50,000 copies since its first publication, Crossfade chronicles from a fan's point of view the recent developments in electronic and ambient music and outstanding success of groups like Zero 7, Lemon Jelly, Royksopp, Bent and Talvin Singh.*

The one-hit wonder has a long and storied history in popular music, exhorting listeners to dance, to teach the world to sing in perfect harmony, to ponder mortality, to get a job, to bask in the sunshine, or just to get up and dance again. Catchy, memorable, irritating, or simply ubiquitous, one-hit wonders capture something of the mood of a time. This collection provides a series of short, sharp chapters focusing on one-hit wonders from the 1950s to the present day, with a view toward understanding both the mechanics of success and the socio-musical contexts within which such songs became hits. Some artists included here might have aspired to success but only managed one hit, while others enjoyed lengthy, if unremarkable, careers after their initial chart success. Put together, these chapters provide not only a capsule history of popular music tastes, but also ruminations on the changing nature of the music industry and the mechanics of fame.

The Complete David Bowie (Revised and Updated 2016 Edition) Titan Books (US, CA)

This resource encourages the theory and practice of singing in schools. The photocopiable projects: encourage participation in singing; include material from a range of cultures, traditions and times; include activities for choirs and class use; and feature games and warm up exercises.

English Progressive Rock and the Counterculture

For the first time, one volume surveys the life, works and critical reputation of one of the most significant British writers of the twentieth-century: Ted Hughes. This accessible guide to Hughes' writing provides a rich exploration of the complete range of his works. In this volume, Terry Gifford: offers clear and detailed discussions of Hughes' poetry, stories, plays, translations, essays and letters includes new biographical information, and previously unpublished archive material, especially on Hughes' environmentalism provides a comprehensive account of Hughes' critical reception, separated into the major themes that have interested readers and critics offers useful suggestions for further reading, and incorporates helpful cross-references between sections of the guide. Part of the Routledge Guides to Literature series, Ted Hughes presents an accessible, fresh, and fascinating introduction to a major British writer whose work continues to be of crucial importance today.

This book (also available in paperback from Troubador) open with a section on Hughes's life, including an authoritative treatment of the relationship with Sylvia Plath and the effect of her suicide on his poetry and reputation, followed by a review of Hughes's artistic strategies, his poetic language, and influences on his work, including his openness to mythology and the poets of Eastern Europe. The body of the book offers an approach to reading *New Selected Poems (1995)*, taking in turn each of the remarkable and remarkably varied works from which the poems were selected - *The Hawk in the Rain*, *Lupercal*, *Wodwo*, *Crow*, *Cave Birds*, *Season Songs*, *Gaudete*, *Remains of Elmet*, *Moortown Diary*, *River and Wolfwatching*. It concludes with a review of Hughes's reception, and a six-page bibliography.

They were the pioneers of American hardcore, forming in California in 1978 and splitting up 8 years later leaving behind them a trail of blood, carnage and brutal, brilliant music. Throughout the years they fought with the police, record industry and their own fans. This is the band's story from the inside, drawing upon exclusive interviews with the group's members, their contemporaries and the groups who were inspired by them. It's also the story of American hardcore music, from the perspective of the group who did more to take the sound to the clubs, squats and community halls of America than any other.

Enfin disponible en français, *Tout Bowie* est le livre référence ultime sur David Bowie l'homme et surtout David Bowie l'artiste protéiforme : compositeur, chanteur et musicien multi-instrumentiste, mais également producteur, acteur, mime, peintre... Acclamé par la critique et reconnu comme la principale source d'analyse et d'information sur toutes les facettes de l'œuvre de Bowie, l'ouvrage fourmille de détails, d'anecdotes, d'avis éclairés et d'une multitude de références à la pop culture de manière générale, et la culture britannique plus particulièrement. La carrière de David Bowie a été l'une des plus colorées, des plus riches et des plus intrigantes de l'histoire du rock moderne. Nicholas Pegg en retrace les moindres faits et gestes, depuis son groupe rock'n'roll et ses débuts folk en solo dans les années 60, à sa transformation spectaculaire en Ziggy Stardust dans les années 70, jusqu'à son dernier chef-d'œuvre, *Blackstar*, en passant par ses rôles dans des films comme *L'Homme Qui Venait d'Ailleurs* ou *Les Prédateurs*. Chaque aspect de l'extraordinaire carrière de David Bowie est exploré et disséqué par Nicholas Pegg, qui combine de manière inégalée connaissances approfondies et perspicacité, pour une somme qui émerveillera tant le fan que le néophyte. Nicholas Pegg est réalisateur, acteur (principalement dans la série «*Doctor Who*»), journaliste et écrivain. *Tout Bowie* est l'œuvre de sa vie. Ouvrage traduit de l'anglais par Christophe Goffette, rédacteur en chef (*Crossroads*), auteur, programmateur radio, producteur... Nicholas Pegg est réalisateur, acteur (principalement dans la série «*Doctor Who*»), journaliste et écrivain. *Tout Bowie* est l'œuvre de sa vie. The 45 RPM Record Directory : 1947 to 1982

The Oxford Handbook of Music and Medievalism

*The biggest edition yet – expanded and updated with 35,000 words of new material Critically acclaimed in its previous editions, The Complete David Bowie is widely recognized as the foremost source of analysis and information on every facet of Bowie's career. The A-Z of songs and the day-by-day dateline are the most complete ever published. From the 11-year-old's skiffle performance at the 18th Bromley Scouts' Summer Camp in 1958, to the emergence of the legendary lost album Toy in 2011, to his passing in January 2016, The Complete David Bowie discusses and dissects every last development in rock's most fascinating career. * The Albums – detailed production history and analysis of every album from 1967 to the present day. * The Songs – hundreds of individual entries reveal the facts and anecdotes behind not just the famous recordings, but also the most obscure of unreleased rarities – from 'Absolute Beginners' to 'Ziggy Stardust', from 'Abdulmajid' to 'Zion'. * The Tours – set-lists and histories of every live show. * The Actor – a complete guide to Bowie's career on stage and screen. * Plus – the videos, the BBC radio sessions, the paintings, the Internet and much more.*

The Oxford Handbook of Music and Medievalism provides a snapshot of the diverse ways in which medievalism--the retrospective immersion in the images, sounds, narratives, and ideologies of the European Middle Ages--powerfully transforms many of the varied musical traditions of the last two centuries. Thirty-three chapters from an international group of scholars explore topics ranging from the representation of the Middle Ages in nineteenth-century opera to medievalism in contemporary video game music, thereby connecting disparate musical forms across typical musicological boundaries of chronology and geography. While some chapters focus on key medievalist works such as Orff's Carmina Burana or Peter Jackson's Lord of the Rings films, others explore medievalism in the oeuvre of a single composer (e.g. Richard Wagner or Arvo Pärt) or musical group (e.g. Led Zeppelin). The topics of the individual chapters include both well-known works such as John Boorman's film Excalibur and also less familiar examples such as Eduard Lalo's Le Roi d'Ys. The authors of the chapters approach their material from a wide array of disciplinary perspectives, including historical musicology, popular music studies, music theory, and film studies, examining the intersections of medievalism with nationalism, romanticism, ideology, nature, feminism, or spiritualism. Taken together, the contents of the Handbook develop new critical insights that venture outside traditional methodological constraints and provide a capstone and point of departure for future scholarship on music and medievalism.

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

This new study of British popular music shows how it engages with class in mythical ways that allow audiences to perform class-based identities. Case studies on folk rock, punk and indie rock show how this performance works and explore the implications for listeners and audiences.

A Handbook for Singing

One-Hit Wonders

A Kirkus Reviews Best Nonfiction of 2011 title In the late 1960s, with popular culture hurtling forward on the sounds of rock music, some brave musicians looked back instead, trying to recover the lost treasures of English roots music and update them for the new age. The records of Fairport Convention, Pentangle, Steeleye Span, and Nick Drake are

known as "folk rock" today, but Rob Young's epic, electrifying book makes clear that those musicians led a decades-long quest to recover English music—and with it, the ancient ardor for mysticism and paganism, for craftsmanship and communal living. It is a commonplace that rock and R&B came out of the folk and blues revivals of the early 1960s, and Young shows, through enchanting storytelling and brilliant commentary, that a similar revival in England inspired the Beatles and Pink Floyd, Led Zeppelin and Traffic, Kate Bush and Talk Talk. Folklorists notated old songs and dances. Marxists put folk music forward as the true voice of the people. Composers like Benjamin Britten and Ralph Vaughan Williams devised rich neo-traditional pageantry. Today, the pioneers of the "acid folk" movement see this music as a model for their own. *Electric Eden* is that rare book which has something truly new to say about popular music, and like Greil Marcus's *Lipstick Traces*, it uses music to connect the dots in a thrilling story of art and society, of tradition and wild, idiosyncratic creativity.

Would you like to plan liturgical celebrations that are accessible to children while remaining true to the riches of the Anglican tradition? Then this book is for you. Drawing on her experience as a children's worker and primary school teacher, Margaret Pritchard Houston provides a whole year's worth of material to celebrate the church year with children.

'Open, entertaining and extraordinarily poignant.' STEVE LAMACQ It's a life-and-near-death story. But whose life? And whose near-death? As a one-time NME journalist, former XFM radio presenter and the founder of enduring homespun British indie record label Fierce Panda, Simon Williams has been at the cutting edge of all things indie for over thirty years. During his time as managing director of Fierce Panda (a role he holds to this day), Simon was responsible for discovering bands such as Coldplay, Keane, Placebo and countless other acts of independent hue - some of whom have gone on to achieve earth-shattering musical superstardom, while others have merely packed out the Bull & Gate in north London on a wet Wednesday evening. Now, Simon's fascinating memoir - filled with insider anecdotes to entertain music enthusiasts everywhere, from the origins of a bootlegged Oasis release to Chris Martin's delight at reaching number ninety-two in the chart - tells the unfiltered story of his time at the indie coalface. But it is also the story of how he tried to take his own life on New Year's Eve 2019. Documenting in blunt, matter-of-fact detail both his suicide attempt and his recovery, Simon reflects on his father's own suicide and the lifetime of mental-health challenges triggered by that formative event. Yet, despite Simon's raw and unflinching honesty, this book is written with warmth, wit, self-deprecation and the wide-eyed good fortune of someone who has stared into the abyss and survived, going down a few musical rabbit holes along the way. The World's Worst Records: Volume One

Electric Eden

The bestselling debut from the award-winning author of *Life Sentences*. "A contemporary ghost story that will chill you to your bones." —*Bustle* Both an eerie contemporary ghost story and a dread-inducing psychological thriller, *The Dead House* features Maggie Turner, a successful young artist who has had bad luck with men. Her last put her in the hospital and, after she's healed physically, left her needing to get out of London to find a place of quiet that will restore her creative spirit. On the rugged west coast of Ireland, perched on a wild cliff side, she spies the shell of a cottage that dates back to Great Famine and decides to buy it. When work on the house is done, she invites her dealer to come for the weekend to celebrate along with a couple of women friends, one of whom will become his wife. On the boozy last night, the other friend pulls out an Ouija board. What sinister thing they summon, once invited, will never go. Ireland is a country haunted by its past. In Billy O'Callaghan's hands, its terrible beauty becomes a force of inescapable horror that reaches far back in time, before the Famine, before Christianity, to a pagan place where nature and superstition are bound in an endless knot. "A solid addition to the treasury of campfire ghost stories." —*The Wall Street Journal* "Atmospheric and unsettling, *The Dead House* takes the traditions of classic ghost stories and builds on them with a contemporary twist. A terrific read." —John Boyne, *New York Times*-bestselling author "Chilling, beautifully written." —*Publishers Weekly* (starred review)

Authorship Roles in Popular Music applies the critical concept of auteur theory to popular music via different aspects of production and creativity. Through critical analysis of the music itself, this book contextualizes key concepts of authorship relating to gender, race, technology, originality, uniqueness,

and genius and raises important questions about the cultural constructions of authenticity, value, class, nationality, and genre. Using a range of case studies as examples, it visits areas as diverse as studio production, composition, DJing, collaboration, performance and audience. This book is an essential introduction to the critical issues and debates surrounding authorship in popular music. It is an ideal resource for students, researchers, and scholars in popular musicology and cultural studies.

An affectionate look at some of the worst recordings ever made, *The World's Worst Records* tells the extraordinary but true stories behind some of the most appalling audio crimes ever committed.

Extensively researched, and featuring music by major stars, 'outsider' artists and almost forgotten singers and songwriters, read about how Elvis Presley came to record a rock 'n' roll version of the nursery rhyme Old Macdonald; discover the truth behind actor Peter Wyngarde's one attempt at pop immortality; meet the beautifully bonkers Florence Foster Jenkins - possibly the most deluded singer in history; find out which Paul McCartney record is most hated world over. Puzzle over why 60's flower-power icon Donovan would record a song about the toilet habits of astronauts.

The official UK charts started in November 1952 with Al Martin's *Here's In My Heart* at the top. Since then, there have been over 50 years of changes and we have now reached the 1,000 number one.

The History of Rock and Roll

1950-1975

The Complete David Bowie (Revised and Updated 2016 Edition)

Few styles of popular music have generated as much controversy as progressive rock, a musical genre best remembered today for its gargantuan stage shows, its fascination with epic subject matter drawn from science fiction, mythology, and fantasy literature, and above all for its attempts to combine classical music's sense of space and monumental scope with rock's raw power and energy. Its dazzling virtuosity and spectacular live concerts made it hugely popular with fans during the 1970s, who saw bands such as King Crimson, Emerson, Lake and Palmer, Yes, Genesis, Pink Floyd, and Jethro Tull bring a new level of depth and sophistication to rock. On the other hand, critics branded the elaborate concerts of these bands as self-indulgent and materialistic. They viewed progressive rock's classical/rock fusion attempts as elitist, a betrayal of rock's populist origins. In *Rocking the Classics*, the first comprehensive study of progressive rock history, Edward Macan draws together cultural theory, musicology, and music criticism, illuminating how progressive rock served as a vital expression of the counterculture of the late 1960s and 1970s. Beginning with a description of the cultural conditions which gave birth to the progressive rock style, he examines how the hippies' fondness for hallucinogens, their contempt for Establishment-approved pop music, and their fascination with the music, art, and literature of high culture contributed to this exciting new genre. Covering a decade of music, Macan traces progressive rock's development from the mid- to late-sixties, when psychedelic bands such as the Moody Blues, Procol Harum, the Nice, and Pink Floyd laid the foundation of the progressive rock style, and proceeds to the emergence of the mature progressive rock style marked by the 1969 release of King Crimson's album *In the Court of the Crimson King*. This "golden age" reached its artistic and commercial zenith between 1970 and 1975 in the music of bands such as Jethro Tull, Yes, Genesis, ELP, Gentle Giant, Van der Graaf Generator, and Curved Air. In turn, Macan explores the conventions that govern progressive rock, including the visual dimensions of album cover art and concerts, lyrics and conceptual themes, and the importance of combining music, visual motif, and verbal expression to convey a coherent artistic vision. He examines the cultural history of progressive rock, considering its roots in a bohemian English subculture and its meteoric rise in popularity among a legion of fans in North America and continental Europe. Finally, he addresses issues of critical reception, arguing that the critics' largely negative reaction to progressive rock says far more about their own ambivalence to the legacy of the counterculture than it does about the music itself. An exciting tour through an era of extravagant, mind-bending, and culturally explosive music, *Rocking the Classics* sheds new light on the largely misunderstood genre of progressive rock.

Britta Sweers chronicles the history of the genre and explores its cultural implications. She characterizes electric folk as both a result of the American folk revival of the early 1960s and a reaction against the dominance of American pop music abroad.

I've Always Kept a Unicorn tells the story of Sandy Denny, one of the greatest British singers of her time and the first female singer-songwriter to produce a substantial and enduring body of original songs. Sandy Denny laid down the marker for folk-rock when she

joined Fairport Convention in 1968, but her music went far beyond this during the seventies. After leaving Fairport she formed Fotheringay, whose influential eponymous album was released in 1970, before collaborating on a historic one-off recording with Led Zeppelin - the only other vocalist to record with Zeppelin in their entire career - and releasing four solo albums across the course of the decade. Her tragic and untimely death came in 1978. Sandy emerged from the folk scene of the sixties - a world of larger-than-life characters such as Alex Campbell, Jackson C. Frank, Anne Briggs and Australian singer Trevor Lucas, whom she married in 1973. Their story is at the core of Sandy's later life and work, and is told with the assistance of more than sixty of her friends, fellow musicians and contemporaries, one of whom, to paraphrase McCartney on Lennon, observed that she sang like an angel but was no angel.

(Book). From tips for evaluating recordings, to lively discussions of bootlegs and piracy, to the history of recording formats, to collectible artists and more, The Music Lover's Guide to Record Collecting covers all the tracks. Designed for anyone who collects records for pleasure or profit, at garage sales or on eBay, this guide is both informative and entertaining. It offers a wealth of detail and informed opinion unique in a field dominated by stodgy price guides. Engaging entries and essays explore the development of all recording mediums, from 78s to MP3; the distinctive character of imports; "most collected artists," from The Beatles to Nirvana; collectible labels, such as Sun, Chess and Motown; original packaging that enhances collectability; and much more.
