Endorsed by WJEC Confidently tackle curriculum change with the market-leading series for WJEC GCSE History; relaunched to cover the new content and assessment requirements, this book helps every student develop the in-depth knowledge and historical skills they need to achieve their best. - Guides you through the key questions and content in the 2017 specification, with thorough and reliable course coverage from a team of expert examiners, teachers and authors - Builds understanding of Welsh, British and wider-world history through a clear, detailed narrative that is accessible to all learners - Enables students to practise and improve their enquiry, analytical and evaluative skills as they progress through carefully-designed activities in each chapter - Enhances subject knowledge and interest by including a range of stimulating source materials for discussion and reflection - Prepares students for assessment with practice questions, sample responses and step-by-step guidance on approaching questions

From Copacabana to urban Yorkshire, from New Mexico to a Welsh funfair, from The Netherlands to the Clare coast, Robert Minhinnick's world is a shrinking one. Its cast of characters includes Rio beach beggars, Madison Avenue literati, saloon-bar poolsters and millionaire scrap merchants. These essays cover a variety of subjects: third world poverty and the internationalism of alcohol, rugby through the eyes of a vegetarian, nuclear power, sunbathing and a thanksgiving dinner for the demise of Margaret Thatcher. But at the core of this collection is a vivid series of attempts to strip away the exhausted mythologies of the writer's own country and the increasingly-packaged places he visits. Whether in the rainforest or the big match crowd, Minhinnick's language, acid, imagist, compassionate, celebrates the people he meets and, fleetingly, defines their lives.

Exam Board: WJEC Level: GCSE Subject: Food & Nutrition First Teaching: September 2016 First Exam: June 2018 Engage your students in all aspects of food and nutrition, improve their practical food preparation skills and prepare them for assessment with this book written specifically for the new WJEC Food and Nutrition GCSE for Wales. Study and Revision Guide

Once in a House on Fire

Revision Guide

'One of the most extraordinary stories you will ever read of the triumph of the human spirit' Daily MailSet in 1970s Manchester, Once in a House on Fire tells the true story of three sisters and their mother, a close-knit and loving family forced to battle with poverty, abuse and the effects of depression. Beautifully written and deeply inspiring, with a new afterword by Andrea Ashworth, it is a book that will stay with its readers for ever.

Endorsed by WJEC, and written by a team of experienced senior examiners this is the only study and revision guide that precisely matches the WJEC AS Chemistry course. It contains essential course notes, revision advice, and examiner tips on how to boost grades as well as a Q&A section with model student answers, examiner commentaries and marks.

Written by bestselling author Stephen Doyle, this student book will engage and motivate you throughout the course. // Endorsed by WJEC offering high quality support you can trust. // Thorough coverage of all the topics in the A2 Level Pure specification. // Extra support for the problem solving and unstructured questions in the specification. // Plenty of examples with worked answers throughout to enable you to check your understanding as you progress through the course. // Answers to questions are provided in order to check your work.

Exam Board: AQA Level: AS/A-level Subject: Biology First Teaching: September 2015 First Exam: June 2016 AQA Approved Develop students' experimental, analytical and evaluation skills with contemporary and topical biology examples, practical assessment guidance and differentiated end of topic questions, with this AQA Year 1 student book (includes AS-level). - Provides support for all 12 required practicals with plenty of activities and data analysis guidance - Develops understanding with engaging and contemporary examples to help students apply their knowledge, analyse data and evaluate findings - Gives detailed guidance and examples of method with a dedicated 'Maths in Biology' chapter and mathematical support throughout to consolidate learning - Offers regular opportunities to test understanding with Test Yourself Questions, Differentiated End of Topic Questions and Stretch and Challenge Questions - Supports exam preparation with synoptic questions, revision tips and skills - Develops understanding with free online access to 'Test yourself' answers and an extended glossary.
