

General Paper Sample Essays

Classic Books Library presents this brand new edition of “The Federalist Papers”, a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. “The Federalist”, as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1753–1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation’s finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

The only endorsed resources for the Cambridge International AS Level English General Paper syllabus. Through exploration of a wide array of topics, from celebrity culture to poetry in the modern world, this book focuses on strengthening communication, evaluation, analysis, application and understanding skills. Helping students improve their written responses, use of English and comprehension, this coursebook looks at discussion points relevant to the globally-minded classroom. With frequent practice questions and sample answers, students have plenty of opportunities to build their confidence answering questions. Answers to coursebook questions are in the teacher’s resource.

Golding’s iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

EVERYTHING YOU NEED to write the TOEFL essay with confidence. And the essay, also known as the Test of Written English, is the hardest part of the test-one that keeps many test takers from succeeding. A Guide to Writing Sociology Papers

With Readings

Essays on the Great Depression

Working with Underrepresented Students in Pre-College Outreach Programs

Ideal for instructors and students in a wide range of sociological courses, this guide makes the case that thinking and writing are integrally related and that writing, therefore, exercises the sociological imagination. Written in a clear and conversational style, A Guide to Writing Sociology Papers examines a wide range of writing assignments for sociology courses at all levels of the curriculum. Employing a variety of writing samples as a means to illustrate effective writing, this brief and inexpensive text teaches students how to deftly research and write about sociology.

Pratyyogita Darpan (monthly magazine) is India’s largest read General Knowledge and Current Affairs Magazine. Few periods in history compare to the Great Depression. Stock market crashes, bread lines, bank runs, and wild currency speculation were worldwide phenomena—all occurring with war looming in the background. This period has provided economists with a marvelous laboratory for studying the links between economic policies and institutions and economic performance. Here, Ben Bernanke has gathered together his essays on why the Great Depression was so devastating. This broad view shows us that while the Great Depression was an unparalleled disaster, some economies pulled up faster than others, and some made an opportunity out of it. By comparing and contrasting the economic strategies and statistics of the world’s nations as they struggled to survive economically, the fundamental lessons of macroeconomics stand out in bold relief against a background of immense human suffering. The essays in this volume present a uniquely coherent view of the economic causes and worldwide propagation of the depression.

#1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME’S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH’S “BOOKS THAT HELP ME THROUGH!” • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as “required reading,” a bold and personal literary exploration of America’s racial history by “the most important essayist in a generation and a writer who changed the national political conversation about race” (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE’S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation’s history and current crisis. Americans have built an empire on the idea of “race,” a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live with it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates’s attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children’s lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

Writing Paragraphs and Essays: Integrating Reading, Writing, and Grammar Skills

A Step-by-Step Guide to Writing a Successful College Admissions Essay

Explores the cultures, ideologies, traditions, and the material and political conditions that influence the writing and publishing of textbooks.

Through a series of poems, a young girl chronicles the life-changing year of 1975, when she, her mother, and her brothers leave Vietnam and resettle in Alabama.

Based on the PBS documentary by Ken Burns, Erik Ewers, and Christopher Loren Ewers. On September 30, 1889, W.W. Mayo and his sons Will and Charlie performed the very first operation at a brand-new Catholic hospital in Rochester, Minnesota. It was called Saint Marys. The hospital arose out of the devastation of a tornado that had struck the town six years earlier. After the storm, Mother Alfred Moes of the Sisters of Saint Francis told the Mayos that she had a vision of building a hospital that would “become world renowned for its medical arts.” Based on the film by acclaimed documentary filmmaker Ken Burns, The Mayo Clinic: Faith, Hope, Science chronicles the history of this unique organization, from its roots as an unlikely partnership between a country doctor and a Franciscan order of nuns to its position today as a worldwide model for patient care, research, and education. Featuring more than 400 compelling archival and modern images, as well as the complete script from the film, the book demonstrates how the institution’s remarkable 150-year history continues to inspire the way medicine is practiced there today. In addition, a series of case studies reveals patients, doctors, and nurses in their most private moments as together they face difficult diagnoses and embark on uncertain treatments. The film and this companion book tell the story of an organization that has managed to stay true to its primary value—the needs of the patient come first. Together, they make an important contribution to the critical discussions about the delivery of health care today in America . . . and the world.

Concepts and Choices is a new approach to teaching writing, one that incorporates recognized concepts and techniques with some neglected ones and some entirely new ones. The assumption is made that extensive practice without attending to such concepts provides nothing more for students than the opportunity for frequent repetition of error. Therefore, this book calls for smaller, manageable units of instruction. In addition, the so-called “process” model of writing used extensively by teachers today has emphasized the “discovery” of arguments (neglecting almost entirely descriptive/narrative writing) at the expense of more important elements, including the quality of content. Writing is a complex activity that cannot be reduced to an analogy in which it is compared to an assembly line at a factory. Good writing indeed requires a rigorous apprenticeship, one that goes beyond a few hours a day in a classroom. This book attempts to provide a guide to good writing.

#1 NEW YORK TIMES BEST SELLER • John Grisham takes you to a different kind of court in his first basketball novel. Samuel “Sooley” Sooleymon is a raw, young talent with big hoop dreams—and even bigger challenges off the court. “Hard to put down ... the pages turn quickly ... building to a climax that won’t leave readers doubting whether this is a John Grisham novel.” —Associated Press In the summer of his seventeenth year, Samuel Sooleymon gets the chance of a lifetime: a trip to the United States with his South Sudanese teammates to play in a showcase basketball tournament. He has never been away from home, nor has he ever been on an airplane. The opportunity to be scouted by dozens of college coaches is a dream come true. Samuel is an amazing athlete, with speed, quickness, and an astonishing vertical leap. The rest of his game, though, needs work, and the American coaches are less than impressed. During the tournament, Samuel receives devastating news from home: A civil war is raging across South Sudan, and rebel troops have ransacked his village. His father is dead, his sister is missing, and his mother and two younger brothers are in a refugee camp. Samuel desperately wants to go home, but it’s just not possible. Partly out of sympathy, the coach of North Carolina Central offers him a scholarship. Samuel moves to Durham, enrolls in classes, joins the team, and prepares to sit out his freshman season. There is plenty of more mature talent and he isn’t immediately needed. But Samuel has something no other player has: a fierce determination to succeed so he can bring his family to America. He works tirelessly on his game, shooting baskets every morning at dawn by himself in the gym, and soon he’s dominating everyone in practice. With the Central team losing and suffering injury after injury, Sooley, as he is nicknamed, is called off the bench. And the legend begins. But how far can Sooley take his team? And will success allow him to save his family? Gripping and moving, Sooley showcases John Grisham’s unparalleled storytelling powers in a whole new light. This is Grisham at the top of his game.

Writing an amazing college admission essay is easier than you think! So you’re a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they’re not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn’t sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, College Essay Essentials is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.

This text integrates the theory and practice of learner-based assessment. Written in response to two recent movements in language teaching—learner-centered teaching and a renewed interest in authenticity in language testing—it examines the relationship between the language learner and language assessment processes, and promotes approaches to assessment that involve the learner in the testing process. Particular attention is given to issues of reliability and validity. Grounded in current pedagogical applications of authentic assessment measures, this volume is intended for and eminently accessible to classroom teachers and program directors looking for ways to include their students in the evaluation process, graduate students, and professional language testers seeking authenticity in assessment and desiring to create more interactive evaluation tools.

This book is designed to help students improve their writing skills. From the interpretation of the question to the planning and writing process, the reader is guided step by step in Guided Writing. Each Model Essay illustrates the process of developing ideas into an essay by putting into practice simple yet invaluable principles of essay writing. An extra section, namely summary writing, is provided to enhance students skills in summarising. Though aimed at Form 1 - Form 3 students, this book is also suitable for anyone who wants to write well.

Focusing on the needs and experiences of underrepresented students in the US, this text explores how pre-college outreach programs can effectively support the development of students’ writing skills in preparation for the transition from high school to college. Synthesizing data from a longitudinal study focusing on multilingual, low-income, and first-generation students, this volume provides in-depth exploration of the strategies and resources used in a pre-college literacy program in the US. Grounded in an expansive, qualitative study, chapters reveal how outreach practices can encourage student-led research, writing, confidence, and collaboration. More broadly, programs are shown to help tackle issues of inequality, increase college readiness, and reduce difficulties with writing which can restrict minority students’ access to higher education and their longer-term college attainment. This text will benefit researchers, academics, and educators with an interest in English and literacy studies, multicultural education, and pre-college writing instruction. Those interested in bilingualism, translanguaging, writing studies, English as a second language (ESL), and applied linguistics will also benefit from the volume.

This lively and stimulating book offers an enlightening new approach to effective study. Without minimising the importance of good organisation and hard work, the author stresses throughout that study must and can be fun. Delivered with characteristic humour and wisdom, Richard Palmer updates and reinvigorates a classic, best-selling book with new sections on computers and the internet, as well as chapters covering important areas such as: memory and review essay planning and writing note-taking time management using resources exam techniques and preparation. This is an inspiring, essential read for all students studying for A Levels and undergraduate degrees who want to find the key to achieving success both in coursework and exams.

This is a book to help social work, psychology, counseling and other human service students and professionals improve their writing. It is written without the use of complicated grammatical terms or complex rules that often confuse and discourage writers. Because it is written specifically for the human services, it contains chapters with examples on writing student papers, client reports, psychosocial histories, evaluations, professional papers, research reports, papers for mass audiences, requests for funding, letters to the editor, the use of the Internet in helping clients, the privacy rules of HIPAA, and the many other uses of writing by professionals. The book contains an easy-to-use chapter on the rules and application of APA Style and explains, in simple terms, when certain punctuation marks are needed and why the choice of certain words may give incorrect or vague meaning.

In this fascinating book, New Yorker business columnist James Surowiecki explores a deceptively simple idea: Large groups of people are smarter than an elite few, no matter how brilliant—better at solving problems, fostering innovation, coming to wise decisions, even predicting the future. With boundless erudition and in delightfully clear prose, Surowiecki ranges across fields as diverse as popular culture, psychology, anti-biology, behavioral economics, artificial intelligence, military history, and politics to show how this simple idea offers important lessons for how we live our lives, select our leaders, run our companies, and think about our world.
