

Genoa The Cinque Terre Country Walkers

"The extent of detail given . . . is good not only for the novice cruiser finding their way around . . . but also for the veteran cruiser who wants to know the latest about the newest ships."
“This is the book with which to gain a full and thorough understanding of the wonderful world of cruising. Repeat cruisers and novices alike will gain from the volume of features, menus, daily schedules, photos, as well as details on every cruise ship and port of call throughout the world. This should be the encyclopedia for any cruise aficionado” (World of Cruising).
“People who've never cruised before or those who have but find themselves faced with a confusing onslaught of new ships need to know a great deal, and this book goes a long way in providing it" (Chicago Tribune).
“Stern's Guide to the Cruise Vacation is one of the most comprehensive authorities and a must-have for both the novice and the seasoned cruiser” (Porthole Cruise Magazine).

Cinque Terre is not a Disney Theme Park: Its unique environment results from thousands of human civilization surviving and adapting to challenging conditions. You can take a boat tour, visit the five towns in three hours, and rightfully claim that you have been to the Cinque Terre: millions of tourists do just that. Suppose you want a more profound, more complete experience. In that case, this guide gives you all the information you need to plan a more extended staying, with details on the restaurants, the places where you can have a drink, where you can sleep, and where you can buy unique souvenirs from each of the five villages. It also lists the places you should visit. Cinque Terre is the place for walking experiences: the guide presents all the trails, from the most simple to the most difficult ones, even outside the Cinque Terre's proper area. The courses have an illustration so you can see and decide where to go. The guide also lists the bicycle rental places and the itineraries for a regular and electric bicycle tour. There is a long tradition of culinary excellence: the pesto has its origin here. This culinary tradition also comes from the nearby Magra Valley area. It is now very much frequented by culinary experts, even if it is not as famous as the internationally known main attraction. It's an even better deal, good quality of the service, in a less crowded environment for superior service. If you come to the area, don't miss the opportunity to expand your experience. The Liguria region's cuisine is rich and varied: at the end of the guide, you have a section covering all its recipes: the links are active when you have an internet connection. You have access to a recipe database for some of them. You will be able to cook at home some of the dishes that you tasted while visiting or dreamed of enjoying it. It's not the same as consuming the speciality sitting at a restaurant table in the Piazza of Vernazza, but at least it is better than nothing!

Rick Steebooks truly are a 'tour guide in your pocket': This colorful, compact 220-page book includes Rick's advice for prioritizing your time, whether you're spending 1 or 7 days in a city. Everything a busy traveler needs is easy to access: a neighborhood overview, city walks and tours, sights, handy food and accommodations charts, an appendix packed with information on trip planning and practicalities, and a fold-out city map.

This guidebook presents 16 graded walks exploring the world-famous Cinque Terre villages of Liguria in Italy. Suitable for beginners and experienced walkers, routes take in the villages of Monterosso, Vernazza, Manarola, Corniglia, Riomaggiore, as well as neighbouring Levanto, Campiglia and Porto Venere. It describes the most popular pathways as well as less trodden routes to hidden gems. Route descriptions and maps for each walk are accompanied by information on how to get around by public transport (train, ferry and bus), with background notes on history, culture, wildlife and flora, and suggestions on when to sleep and what to eat. In short, everything you could possibly need to get the most out of a holiday in this unique corner of the Italian Riviera. One of the best loved places in Italy, the Cinque Terre are UNESCO World Heritage listed, a string of centuries old fishing villages where colourful houses, terraced fields and vineyards perch on plunging cliffs above a breathtaking coastline. It's a paradise for walkers and food-lovers, who can follow age-old routes constructed by the locals and sample the seafood specialities on offer at harbour-side trattorias.

The sustainability of tourism is increasingly under question given the challenges of vertourism, COVID-19 and the contribution of tourism to climate and environmental change. Degrowth and Tourism provides an original response to the central problem of growth in tourism, an imperative that has been intrinsic within tourism practice, and directs the reader to rethink the impacts of tourism and possible alternatives beyond the sustainable growth discourse. Using a multi-scaled approach to investigate degrowth's macro effects and micro indications in tourism, this book frames degrowth in tourism in terms of business, destination and policy initiatives. It uses a combination of empirical research, case studies and theory to offer new perspectives and approaches to analyse issues related to overtourism, COVID-19, small-scale tourism operations and entrepreneurship, mobility and climate change in tourism. Interdisciplinary chapters provide studies on animal-based tourism, nature-based tourism, domestic tourism, developing community-centric tourism and many other areas, within the paradigm of degrowth. This book offers significant insight on both the implications of degrowth paradigm in tourism studies and practices, as well as tourism's potential contributions to the degrowth paradigm, and will be essential reading for all those interested in sustainable tourism and transformations through tourism.

The only in-depth guide to Liguria, a mountainous region of dizzy passes and breath-taking views where mountains plunge down into the sparkling blue waters of the Mediterranean. Liguria will leave you awestruck by its beauty. The narrow strip of coast includes the gems of the world famous Italian Riviera, the great port city of Genoa, the glitzy resort of Portofino and the charms of the Cinque Terre. Yet in the hinterland there are many beautiful villages and mountain walks that have yet to be discovered by tourists. The walks vary in difficulty so are accessible to all. Many of the walks and cycle routes featured in the book are through beautiful wilderness, unlike other guides to the region, Liguria includes a detailed description of the mountains and their hilltop villages. With a strong regional identity all of its own, Liguria is almost a country within a country. The spectacular scenery, the mediaeval towns, quaint fishing ports and the wonderful food have attracted some of the world's most famous writers among them Byron, Mary and Percy Shelley, Henry James, Dickens, Maupassant, D H Lawrence, Virginia Woolf and Dylan Thomas. Tourists flock to the Cinque Terre and Portofino but many of the other resorts have few foreign visitors so Liguria has the best of both world's to offer the visitor the big names on the Mediterranean destination list and mountain villages and small fishing ports which are almost exclusively Italian.

Walking in Italy's Cinque Terre

Stern's Guide to the Cruise Vacation: 2018/2019 Edition

Stern's Guide to the Cruise Vacation: 2021 Edition

Want to know what the best things to eat and drink in the world are and where you can find them? The World on a Plate takes you on a gastronomic tour of the globe to find the best food experiences. Whether it is the most delicious street food in southeast Asia, or the best clam chowder in New England, this beautifully illustrated book includes every must-try treat in some of the world's best destinations, and places them in their cultural and geographical context. Structured by continent, the best or most interesting things to eat in each area are chosen by expert authors. Be it bouillabaisse in Marseille or dim sum in Hong Kong, they recommend the best places to eat the dish, both in its place of origin and beyond. The restaurants recommended are chosen for the quality of the cooking as well as for the experience of dining there. The World on a Plate is an ideal planner for foodie travelers who want to experience authentic food in its original setting, giving you a different way to see the best regions, towns, and cities in the world-through their food.

The Rough Guide Snapshot to the Italian Riviera is the ultimate travel guide to this picturesque coastal region in the northwest of Italy. It guides you through the area, with reliable information and comprehensive coverage of all the sights and attractions, from pottering from village to village along the pretty Cinque Terre coastline and delving into the mountains on the Genoa-Casella train to chilling out at the classic, family resort of Finale Ligure and rolling the dice at San Remo's world-famous casino. Detailed maps and up-to-date listings pinpoint the best caf s, restaurants, hotels, shops, bars and nightlife, ensuring you have the most memorable trip possible, whether passing through, staying for the weekend or longer. Also included is the Basics section from The Rough Guide to Italy, with all the practical information you need for travelling in and around the country, including transport, food, drink, costs, health and festivals. Also published as part of The Rough Guide to Italy. By examining in detail the material life of pre-industrial peoples around the world, Fernand Braudel significantly changed the way historians view their subject. Originally published in the early 1980s, Civilization traces the social and economic history of the world from the Middle Ages to the Industrial Revolution, although his primary focus is Europe. Braudel skims over politics, wars, etc., in favor of examining life in general. Braudel covers food, drink, clothing, housing, town markets, money, credit, technology, the growth of towns and cities, and more. Volume 1 describes food and drink, dress and housing, demography and family structure, energy and technology, money and credit, and the growth of towns.

Where to Go, When to Go, What to See, What to Do

Rick Steves Pocket Italy's Cinque Terre

Offering a comprehensive guide to economical travel in diverse regions of the world, these innovative new versions of the popular handbooks feature an all-new look, sidebars highlighting essential tips and facts, information on a wide range of itineraries, transportation options, off-the-beaten-path adventures, expanded lodging and dining options in every price range, additional nightlife options, enhanced cultural coverage, shopping tips, maps, 3-D topographical maps, and detailed culinary specialties, cost-cutting tips, and other essentials.

Pelicanic s luxury-travel expert Steven B. Stern completely updates this guide each year to provide the most current and accurate descriptions of nearly 300 cruise ships. These listings include not only Alaskan, Mediterranean, and Caribbean cruises but also offbeat destinations like European barge trips and more. Every new edition also contains actual shipboard menus, activity schedules, price categories, and hints on how to best enjoy an eight-hour stay in port.

This valuable guide assists you in selecting the ship best suited to your taste, advises you on how to prepare for your cruise, and explains what toexpect once you are onboard. Stern discusses every major port of call worldwide, listing details on attractions, beaches, hotels, restaurants, shopping, sports, and other recreation. He also includes guidelines on howto make the most of an eight-hour stay in port.

Inspiring photography, insider tips, cultural interpretation, and expert advice are hallmarks of these bestselling travel guides, ensuring a more authentic, enriching experience of the destination. Italy offers a perfect combination of art, culture, monuments, food, fashion, shopping and fun. The natural landscapes are unique in their variety and completely harmonized with human activity. This book takes its readers on a journey through the peninsula, in the company of one of the best-known Italian tourist guides. There are practical tips on organizing a tour, descriptions of the history and the culture of Italy, its art and artisan movements, and of course, the cuisine. The chapters of the guide will provide the traveler with a well-structured, untrammeted guide to the beauties of Italy, starting with the legendary capital Rome, and followed by the regional attractions. Come with us as we visit Lombardy and its lakes, view the splendors of Venice, and travel from Emilia Romagna to the "regions of the monasteries" in the Apennines and on to the gems of southern Italy--the islands of Sicily and Sardinia. Every aspect of Italian life is dealt with in the numerous information boxes that describe a wide range of activities for tourists seeking unforgettable experiences. Follow in the steps of the Grand Tour; take part in the Pallo di Siena, explore the trulli in Puglia; walk through medieval Rome; enjoy a truffle tasting; and experience the Chianti vineyards by car.

Featured on Good Morning America, the front page of Cosmopolitan.com, Travel + Leisure, POPSUGAR, Harper's Bazaar, Good Housekeeping, Redbook, HelloGiggles, Woman's Day, and Country Living. After purchasing one-way flights from New York City to Paris, Kyle James and his girlfriend Ashley gyt their day jobs, planned futures, and daily paradigms to see as much of the world as they could. In 114 days, they trekked across 15 countries and 38 cities with nothing but their backpacks, their smartphones, and each other.

Not Afraid of the Fall is the unvarnished story of their off-the-cuff journey: from cliff-jumping off Croatia's untouched coasts, to bathing with rescued elephants in Thailand; from crashing mopeds on gravelly mounatin roads in Santorini, to hitchhiking with strangers in rental cars in Hungary. Part travel memoir, part love letter to those staring at the walls of a corporate cubicle, Not Afraid of the Fall is an inspiring book that captures the sweet mysteries of life on the road and an empowering narrative for anyone who has ever uttered the words "maybe next year."

Genoa has an incredible story to tell. It rose from an obscurity imposed by its harsh geography to become a merchant-pirate superpower that helped create the medieval world. It fought bitter battles with its great rival Venice and imprisoned Marco Polo, as the leading city-states connected Europe to the glories of the East. It introduced the Black Death to Europe, led the fight against the Barbary Corsairs, bankrolled Imperial Spain, and gave the world Christopher Columbus and a host of fearless explorers. Genoa and Liguria provided the brains and the heroism behind the Risorgimento, and was the last place emigrants saw before building new lives across the Atlantic. It played host to writers and Grand Tourists, gave football to the Italians, and helped build modern Italy. Today, along with the glorious Riviera coast of Liguria, Genoa provides some of the finest places on earth to sip wine, eat pesto and enjoy spectacular views. This book brings the past to life and paints a portrait of a modern port city and region that is only now coming to terms with a past that is as bloody, fascinating and influential as any in Europe.

The volume contains research from the 10th International Conference on Sustainable Development and Planning. The papers included in this volume form a collection of research from academics, policy makers, practitioners and other stakeholders from across the globe who discuss the latest advances in the field. Problems related to development and planning, which affect rural and urban areas, are present in all regions of the world. Accelerated urbanisation has resulted in deterioration of the environment and loss of quality of life. Urban development can also aggravate problems faced by rural areas such as forests, mountain regions and coastal areas, amongst many others. Taking into consideration the interaction between different regions and developing new methodologies for monitoring, planning and implementation of novel strategies can offer solutions for mitigating environmental pollution and non-sustainable use of available resources. Energy saving and eco-friendly building approaches have become an important part of modern development, which places special emphasis on resource optimisation. Planning has a key role to play in ensuring that these solutions as well as new materials and processes are incorporated in the most efficient manner. The application of new academic findings to planning and development strategies, assessment tools and decision making processes are all covered in this book.

The Rise and Fall of a Merchant Pirate Superpower

Civilization and Capitalism, 15th-18th Century, Vol. III

The Western Mediterranean and the World

The Mediterranean

The Index Guide to Travel and Art-study in Europe: a Compendium of Geographical, Historical, and Artistic Information for the Use of Americans

From the Straits of Gibraltar to Sicily, from the Mediterranean nations to the shores of North Africa, the western Mediterranean is a unique cultural and sociopolitical entity which has had a singular role in shaping today' s global society. The Western Mediterranean and the World is the fascinating story of the rise of that peculiar world and of its evolution from the end of the Western Roman Empire to the present. Uniquely, rather than present the history of the region as a strict chronological progression, the author takes a thematic approach, telling his story through a series of vignettes, case studies, and original accounts so as to provide a more immediate sense of what life in and around the Mediterranean was like from the end of the Roman Empire in the West to the present immigration crisis now unfolding in Mediterranean waters. Emphasizing the development of religion and language and the enduring synergies and struggles between Christian, Jews, and Muslims on both shores of the western sea, Dr. Ruiz connects the region to the larger world and locates the development of Mediterranean societies within a global context. Describes the move from religious and linguistic unity under Roman rule to the fragmented cultural landscape of today Explores the relationship of language, culture, and geography, focusing on the role of language formation and linguistic identity in the emergence of national communities Traces the movements of peoples across regions and their encounters with new geographical, cultural, and political realities Addresses the emergence of various political identities and how they developed into set patterns of political organization Emphasizes the theme of encounters as seen from Christian, Muslim, and Jewish perspectives While it is sure to become a definitive text for the extent of details on Mediterranean history, The Western Mediterranean and the World will also have great appeal among scholars of the Mediterranean as well as general readers of history.

The only of detail given . . . is good not only for the novice cruiser finding their way around . . . but also for the veteran cruiser who wants to know the latest about the newest ships (CyberCruises.com).

A sumptuous visual guide to each area of Italy at its peak season, for planning, reminiscing, or dreaming. More than 400 full-color photographs and 8 maps.

"Includes pictures"
“Includes contemporary accounts
“Includes a bibliography for further reading
The mystical floating city of Venice has inspired awe for generations, and it continues to be one of the most visited European cities for good reason. Tourists are drawn to the stunning blend of classical, Gothic, and Renaissance-inspired architecture across the picturesque towns and villages, the charming open-air markets, the mouthwatering traditional cuisine, and of course, the famous gondolas drifting down the twinkling blue waters. While these gondolas, along with the time-honored models of the Venetian vessels docked in the harbors, are one of the city's most defining landmarks, their beginnings are shrouded in a more obscure part of Venetian history. Founded in the wake of the decline of the Roman Empire, the Republic of Venice lasted for more than a thousand years, from 697-1797, and in order to understand its singular position in world history, it is necessary to first note its geographical positioning and its topographical make-up: Located in northeastern Italy at the head of the Adriatic, the city is made up of 120 islands that are connected by 430 bridges that cross over 170 canals, referred to as a "rio" or plural "rivi" (Italian for river). As a maritime power, the interests of Venice once reached all the way to Asia, which allowed it to form an important crossroads within the Eastern Mediterranean, in terms of trade. In Venice, a vast array of products (raw materials, spices, cloth) came all the way from North Africa, Russia, and India and were exchanged for the goods and wealth of Europe."
In a country that is as crowded with famous cities as Italy, Genoa is usually not one that first leaps to mind, at least for an English-speaking audience. If Venice, Florence, and Rome are the top three, they are often followed by Pisa, Siena, and Naples, not to mention the islands of Sardinia and Sicily. Indeed, Genoa would come towards the end of a much longer list, and it might be most closely associated with its famous native son, Christopher Columbus, who ultimately sailed for Spain. For avid tourists, Genoa might be the port of call for those wishing to visit the stunning Cinque Terre on the Ligurian coast nearby, and for an expert in world politics, the city of Genoa might recall the memories of the tragic events of the 27th G8 summit in July 2001, when, at the height of the anti-globalization movement, protests turned violent and resulted in the death of a 23-year-old Carlo Giuliani. In today's news, Genoa might represent Italy's crumbling infrastructure and the apparent powerlessness of its government to repair it - on Tuesday, August 14, 2018, one of the main bridges of the city, the Morandi Bridge, collapsed, killing 43 people and leaving 600 homeless. The bridge's demise also destroyed Italy's reputation as an expert in mechanical engineering. Although Genoa cannot compete in the popular imagination with some of Italy's more famous cities, this busy port town perched above the sea once boasted a powerful empire that rivaled that of Venice. It also lasted for roughly the same time period, rising in the early Middle Ages and coming to an end at the hands of Napoleon Bonaparte near the end of the 18th century. Beyond its own success, the city's position at the head of the Mediterranean gave it an important strategic location from which to observe Italian and European history, as well as the world beyond. Today, historians are starting to correct the imbalance that has focused on Venice, Florence and Rome, and new histories are gradually introducing Genoa to the world, even as much remains to be uncovered.

The Republic of Venice and Republic of Genoa: The History of the Italian Rivals and their Mediterranean Empires looks at the origins of the cities, their rise to power across the Mediterranean, and their inevitable demises.

Not Afraid of the Fall

Stern's Guide to the Cruise Vacation: 2015 Edition

Monterosso al Mare, Vernazza, Corniglia, Manarola and Riomaggiore

The Rough Guide to Italy is full of painstakingly researched information and inspiration to help you enjoy every moment of your Italian adventure. Whether you're after action or relaxation, Italy won't disappoint - from touring Tuscan hill towns to wine-tasting your way around Friuli-Venezia Giulia, lazing on the Amalfi Coast to shopping till you drop in Milan, brushing up on Renaissance art in Florence to kitesurfing in Sardinia, Rough Guides' expert tips and jaw-dropping photos give you everything you need for the perfect stay in Italia. And although it's hard to go wrong with food in Italy, we've got the lowdown on the most authentic rustic trattoria, Michelin-starred restaurants and favourite aperitivo haunts, not to mention the best places to learn how to cook like a local. Full-colour maps throughout - at regional and city level - ensure you won't lose your way. There are also suggested itineraries to help with planning, reliable reviews of the best places to stay, from welcoming agriturismo to stylish city-centre hotels, plus in-depth and engrossing sections on Italian history, art and architecture and groundbreaking film industry, and finally a handy language guide. Make the most of your holiday with The Rough Guide to Italy.

An expert on cruises gives his advice. Packed with statistics, histories, lists, prices, and photographs, this guide delves into the details of more than 280 cruise ships. The pros and cons of voyages and ports of call are summarized with star evaluations and every detail is scrutinized. From shipboard menus and daily activity programs to physical details and recreation opportunities, every aspect of cruise vacations is weighed.

The Rough Guide Snapshot to the Italian Riviera is the ultimate travel guide to this picturesque coastal region in the northwest of Italy. It guides you through the area, with reliable information and comprehensive coverage of all the sights and attractions, from pottering from village to village along the pretty Cinque Terre coastline and delving into the mountains on the Genoa-Casella train to chilling out at the classic, family resort of Finale Ligure and rolling the dice at San Remo's world-famous casino. Detailed maps and up-to-date listings pinpoint the best caf s, restaurants, hotels, shops, bars and nightlife, ensuring you have the most memorable trip possible, whether passing through, staying for the weekend or longer. Also included is the Basics section from The Rough Guide to Italy, with all the practical information you need for travelling in and around the country, including transport, food, drink, costs, health and festivals. Also published as part of The Rough Guide to Italy. Full coverage: Genoa, The Riviera di Ponente, Savona, Noli, Finale Ligure, Albenga, The caves of Toirano, Allassio, Laigueglia and around, Imperia, San Remo, The Valle Argentina, Ventimiglia and around, The Alta Via dei Monti Liguri, The Riviera de Levante, Camogli, Portofino, San Fruttuoso, Santa Margherita Ligure, Rapallo, Sestri Levante, The Cinque Terre, The Golfo dei Poeti (Equivalent printed page exten 74 pages).

"A little village stretching like an arch of the moon around a quiet basin. Never have I felt the way I did when I walked into that quiet basin. From Vie Errante by Guy de Maupassant Portofino is a typical fisherman village of the Ligurian Riviera, which has become one of Italy's most famous tourist spots. It is best known worldwide for its tall colored houses situated in a semicircular formation around the small port and piazza. Portofino and the Tigullio Gulf are symbols representing Italy throughout the world. The coast is a sequence of fashionable resorts with their marinas, pastel-colored houses, first-rate sports facilities, and the Dolce Vita's seductive atmosphere. But perhaps the most striking thing for the traveler is the beauty of the seascapes, with some of Italy's most famous views suspended between the intense blue of the sea and the green mountains. Portofino's area boasts an exceptional natural heritage that includes traces of rural and nautical civilizations, beautiful religious architecture, and clusters of rural houses surrounded by tiny orchards and sections of land planted with grapevines and olive trees. This is a guide to a visit to Portofino and the towns of nearby Riviera del Levante, from Sestri Levante to Genoa, including Sestri Levante, Santa Margherita Ligure, Camogli, San Fruttuoso and the villages of the Cinque Terre, with the trails between them. There are extensive descriptions and photos of the attractions. It contains many reviews for the best-recommended restaurants that are at the location described.

The Rough Guide to Italy (Travel Guide eBook)

Liguria

Stern's Guide to the Cruise Vacation: 2014 Edition

DK Eyewitness Travel Guide Italian Riviera

This new, thoroughly updated edition of Bradt's award-winning guide to Liguria is the essential companion to getting the most out of a visit to this beguiling Italian region. Author Rosie Whitehouse has spent thirty years exploring Liguria and in her comprehensive guide introduces you to not just the glitz of the Riviera but also to the delights of the wild unknown hinterlands and mountain valleys, including in-depth coverage of local gastronomic delights - a key part of any Ligurian visit. This new edition includes new maps, a focus on the growth of small, 'Slow Food' businesses, restaurants and hotels, in-depth coverage of Genoa as a cultural and weekend-break destination, the latest developments in Savona and La Spezia, more walks and bike-riding advice plus new suggested routes, revised hotel and restaurant listings and all the latest transport information. Liguria is a mountainous region of dizzy passes and breathtaking views, where the mountains plunge down into the sparkling blue waters of the Mediterranean. The narrow strip of coast includes the gems of the world-famous Italian Riviera, the great port city of Genoa, the glitzy resort of Portofino and the charms of the Cinque Terre. Yet in the hinterland there are many beautiful villages and mountain walks that have yet to be discovered by tourists. With a strong regional identity all of its own, Liguria is almost a country within a country. Whether you're a gourmet traveller in search of pesto, trofie and freshly baked focaccia, a history buff on the hunt for Roman remains, culture addict dazzled by Genoa's glittering palazzi and top-class museums, or a family heading for a well-earned break, Bradt's Liguria is the ideal guide for travellers of all ages and all budgets. It is also particularly suited to adventurous travellers looking for the Liguria that lies beyond the beaten track and who want a taste of the real Italy.
