must-have for**

Download File
PDF Geography
Exam Papers 2011

every student of human geography, as well as for professionals and interested members of the public.

ÔThis book by Westlund and Kobayashi emphasises the fact that the gap between urban and rural areas is no

**longer relevant
today: all places
and regions are
under a strong
influence from
cities. The authors
show in a
straightforward
way that the
continuum
between more and
less urbanized
places requires
new types of**

regulations, based on innovation and local skills, and that rural policies cannot be based on agriculture only but primarily require the mobilization of local social capital links. Õ Đ AndrŹ Torre, INRA Ñ Agroparistech, Paris, France

**ÔÒRuralÓ
communities are
not all resource
dependent and
very low-density
places. Not all
have people
leaving in droves
and no newcomers.
This bookÓs
theoretical
arguments and
case studies (from
five countries) help**

**one understand
better the
diversity of
ÒruralÓ. We find
population gainers,
population losers;
newcomers and
long-term
ÒstayersÓ
together in sizable
towns; Aboriginal
communities
where out-
migration is**

limited. The diversity is a key dimension in the analyses of public and private action to build and maintain social capital. Õ Đ Roger E. Bolton, Williams College, US ÔThis amazingly surprising book takes the popular topic of social

**capital and
provocatively
examines the
contemporary rural
development
issue. New social
capital driven
thinking and
insights are
applied globally
from a conceptual
frame and locally
with examples. The
way forward for**

both urban and rural development is achieved when the variables that define social capital are simultaneously balanced around focused development objectives. Examples show how a multidimensional

view of social capital enables meaningful rural development. Õ Đ Roger R. Stough, George Mason University, US Social capital is often considered a key factor for local development. This book analyzes the role of social capital for rural

areas survival and development in the current age of metropolitan growth – an era in which urban is the norm and where rural areas must adapt to this new situation and build innovative urban-rural relations. The traditional division between rural

and ŌurbanŌ is no longer valid in the knowledge society. Instead of being a homogeneous unit based on primary sector production, the countryside in the developed world increasingly consists of areas with very different development paths. With

examples from Europe, Asia and America, the book discusses building and renewal of rural social capital from both bottom-up and top-down perspectives, and from the standpoint of business, and both the public and private sectors.

Download File
PDF Geography
Exam Papers 2011

Being the first book to treat social capital and rural development in the age of megacities and the knowledge economy, it will be of great benefit to academics interested in social capital research and rural development.
