Advancing a rapidly growing field of social science inquiry—the anthropology of policy—this volume extends and solidifies this body of work by focusing on education policy. Its goal is to examine timely issues in education policy from a critical anthropological, ethnographic, and comparative perspective, and through this to theorize new ways of understanding how policy "does its work." At the center is a committed and engaged anthropology of education policy that uses anthropological knowledge to imagine and foster more equitable and just forms of education. The authors examine the ways in which education policy processes create, reflect, and contest regimes of knowledge and power, sorting and stratifying people, ideas, and resources in particular ways. In contrast to conventional analyses of policy as text-based, dictated, linear, and rational, an anthropological perspective positions policy at the interface of top-down, bottom-up, and meso-level processes, and as de facto law. Demonstrating how education policy operates as a social, cultural, and deeply ideological process "on the ground," each chapter clearly delineates the implications of these understandings for educational access, opportunity, and equity. Providing a single "go to" source on the disciplinary history, theoretical framework, methodology, and empirical applications of the anthropology of education policy across a range of education topics, policy debates, and settings, the book updates and expands on seminal works in the field, carving out an important niche in the anthropological studies of public policy.

*Department of Defense authorization for appropriations for fiscal year 1987*

"I have read pretty much every rock 'n' roll biography there is worth reading, and you never know what to expect when you pick up a new book. Well, let me tell you Mark Weiss has raised the bar for rock 'n' roll books with *The Decade That Rocked*. Mark has always been at the top of his field, and the level of detail and quality put into this book is the ultimate testament to his rock n' roll photographic legacy." - Sebastian Bach "Mark is the real deal. He may not play the guitar, but that camera is his guitar. He's a rockstar." - Gene Simmons "Mark's energy, his creativity, his drive, his positive attitude and his enthusiasm that make him one of the legends of rock photography. It's why his work—both old and new—is still so in demand today. Mark Weiss inspires greatness in all he turns his camera lens on. But don't take my word for it. Just look at the pictures in this book." - Dee Snider "His pictures say as much as the music" - Rob Halford "He was one of the guys. He wasn't one of the 18 photographers you'd work with that day." - Alice Cooper "He had that instinct, to recognize our energy and use his technical talent to capture it." - Joe Perry "The Decade That Rocked breaches a level of intimacy that so many music photographers are lacking today. Each and every photo exemplifies the trust and the synergy between photographer and subject. You can feel the essence of the music in the live shots, just as vibrantly as you can feel the spirit and the essence of the musicians behind the scenes." - Screamer Magazine Mark "Weissguy" Weiss set an unmatched standard for rock photography. Starting out as a teenager by sneaking into concerts with a neighbor's 35mm camera, he embarked on a legendary career that took him around the globe and onto some of the most memorable album and magazine covers in rock history—featuring the likes of Van Halen, Ozzy Osbourne, Aerosmith, and Mötley Crüe to Metallica, Guns N' Roses, Bon Jovi, and KISS, and so many more. With 700+ photos, brand new interviews, and stories from Mark himself, *Decade that Rocked* is a monument to the photography, friendships, and legacy of an artist that helped define one of rock's most iconic eras. This career-spanning collection features: A unique lens on the golden age of rock: Never-before or rarely seen photos of legends like Van Halen, Ozzy Osbourne, Aerosmith, and Mötley Crüe to Metallica, Guns N' Roses, Bon Jovi, and KISS, as well as countless

others whose sound and image defined the era. Exclusive interviews: Ozzy Osbourne, Dee Snider, Nikki Sixx, Joe Perry, Rob Halford, and many more recall their memories of this era-defining decade. Untold Stories: Relive Mark's unbelievable journey through rock history, from getting arrested for selling photos outside of Kiss concert to touring with legends like Van Halen, to photographing Bon Jovi's infamous "Slippery When Wet" shoot, shooting backstage at Live Aid with Black Sabbath, and so many more. Definitive Lens: Creem magazine readers ranked Mark Weiss as rock's top photographer of the 80s. His work has appeared on some of the most iconic album and magazine covers of all time. Captured from the unique vantage point of a photographer who lived and breathed the '80s in all its grit and glory, The Decade That Rocked brings to life the no-holds-barred sounds and sights that changed the world of hard rock and metal forever.

Short novels are movie length narratives that may well be the perfect length for science fiction stories. This unabridged collection presents the best-of-the-best science fiction novellas published in 2015 by current and emerging masters of this vibrant form of story-telling. In "The Citadel of Weeping Pearls," by Aliette de Bodard, set in the author's Dai Viet interstellar empire, an Empress orders her scientific Grand Master to search deepest space and track down the mysterious Citadel, along with its technologies, to help defend against enemies amassing on her borders. In "The New Mother," by Eugene Fischer, a freelance journalist pursues the career-making opportunity to write a feature article for a major publication following a contagion that turns human ova diploid, capable of parthenogenesis—reproduction without the need for sperm. In "Inhuman Garbage," by Kristine Kathryn Rusch, set in the author's popular Retrieval Artist series, a detective investigates the murder of a body found in a recycling/composting waste disposal crate in a dome on the planet. In "Gypsy," by Carter Scholz, a meticulously rendered, slower-than-light, starship flees a totalitarian Earth on a mission whose outcome is not a clear-cut success or failure. Finally, in "What Has Passed Shall in Kinder Light Appear," by Bao Shu, Xie Baosheng and his lifelong love, Qiqi, are small children as the countdown to the 2008 Beijing Olympics has begun. Their lives in China are prosperous but then history starts to run backwards.

International Population Assistance: The First Decade provides a comprehensive account of the establishment, development and operation of the United Nations Fund for Population Activities. The title identifies the principles guides the Fund, traces the growth of the funds policies, and examines the future of the fund. The coverage of the text includes the topics such as education and communication, family planning, and funding population assistance. The selection also covers funds policies on data collection, international assistance, and following up on the fund's programs. The book will be of great interest to economists, sociologists, and political scientists.
