nefarious specters that snatch anyone who steps into the shadows in which they live, and parakeets that serve as mouthpieces for the dead--these are just a few of the characters Kevin Brockmeier presents in this extraordinary compendium of spectral emanations and their wildly various purposes in (after) life. These tales are by turns playful, chilling, and philosophical, paying homage to the genre while audaciously subverting expectations. The ghosts in these pages are certain to haunt you well after you've closed the book"--
