In *Secrets About Life Every Woman Should Know*, Barbara De Angelis, one of the nation's premier relationships experts, turns her attention to the most important relationship a woman could ever have: the one with herself. In this remarkable blend of timeless wisdom and practical advice, De Angelis presents ten profound secrets for creating the kind of true freedom we all seek--the freedom that comes from knowing how to stop sabotaging our happiness, how to tap into an inner state of confidence, clarity, and peace, and ultimately how to protect that state from life's many ups and downs. Whether you're longing for more calm in a too-busy life, searching for the inner confidence and self-esteem you've been lacking to manifest your dreams, or seeking more emotional stability and deeper spiritual discovery, these secrets will guide you on the next phase of your own very personal journey toward wholeness.

Part manual, part manifesto, a humorous yet incisive guide to navigating subtle sexism at work—a pocketbook *Lean In* for the BuzzFeed generation that provides real-life career advice and humorous reinforcement for a new generation of professional women. It was a fight club—but without the fighting and without the men. Every month, the women would huddle in a friend's apartment to share sexist job frustrations and trade tips for how best to tackle them. Once upon a time, you might have called them a consciousness-raising group. But the problems of today's working world are more subtle, less pronounced, harder to identify—and, if Ellen Pao is any indication, harder to prove—than those of their foremothers. These women weren't just there to vent. They needed battle tactics. And so the fight club was born. Hard-hitting and entertaining, *Feminist Fight Club* blends personal stories with research, statistics, infographics, and no-bullsh*t expert advice. Bennett offers a new vocabulary for the sexist workplace archetypes women encounter everyday—such as the Maninterrupter who talks over female colleagues in meetings or the Himitator who appropriates their ideas—and provides practical hacks for navigating other gender landmines in today's working world. With original illustrations, *Feminist Mad Libs*, a Negotiation Cheat Sheet, as well as fascinating historical research and a kit for “How to Start Your Own Club,” *Feminist Fight Club* tackles both the external (sexist) and internal (self-sabotaging) behaviors that plague today's women—as well as the system that perpetuates them.

In the *New York Times* bestseller that the *Washington Post* called “*Lean In* for misfits,” Sophia Amoruso shares how she went from dumpster diving to founding one of the fastest-growing retailers in the world. Amoruso spent her teens hitchhiking, committing petty theft, and scrounging in dumpsters for leftover bagels. By age twenty-two she had dropped out of school, and was broke, directionless, and checking IDs in the lobby of an art school—a job she'd taken for the

health insurance. It was in that lobby that Sophia decided to start selling vintage clothes on eBay. Flash forward to today, and she's the founder of Nasty Gal and the founder and CEO of Girlboss. Sophia was never a typical CEO, or a typical anything, and she's written #GIRLBOSS for other girls like her: outsiders (and insiders) seeking a unique path to success, even when that path is windy as all hell and lined with naysayers. #GIRLBOSS proves that being successful isn't about where you went to college or how popular you were in high school. It's about trusting your instincts and following your gut; knowing which rules to follow and which to break; when to button up and when to let your freak flag fly. "A witty and cleverly told account . . . It's this kind of honest advice, plus the humorous ups and downs of her rise in online retail, that make the book so appealing." –Los Angeles Times "Amoruso teaches the innovative and entrepreneurial among us to play to our strengths, learn from our mistakes, and know when to break a few of the traditional rules." –Vanity Fair "#GIRLBOSS is more than a book . . . #GIRLBOSS is a movement." –Lena Dunham

Orphan Black meets Margaret Atwood in this twisty supernatural thriller about female power and the bonds of sisterhood Josephine Morrow is Girl One, the first of nine Miracle Babies conceived without male DNA on an experimental commune known as the Homestead. The Girls were raised in the shadow of controversy—plagued by zealots calling them aberrations and their mothers demons—until a devastating fire at the Homestead claimed the lives of three people, leaving the survivors to scatter across the United States. Years later, upon learning that her mother has gone

missing, Josie sets off on a desperate road trip, tracking down the only people who might help: her estranged sisters. Tracing clues her mother left behind, Josie joins forces with two of the Girls, and they journey back through their past, uncovering secrets about their origins and unlocking devastating abilities they never knew they had. Girl One combines the provocative imagination of Naomi Alderman's *The Power* with the propulsive, cinematic storytelling of a Marvel movie. In her electrifying, wildly entertaining new novel, Sara Flannery Murphy delivers a rousing tale of love, ambition, power, and the extraordinary bonds of sisterhood. Romi shares exactly how she talked her way into a Seven-Figure network marketing business and how you can too. You'll learn: The Posture to confidently connect with anyone about your business and your products. The Possibilities for a lucrative, efficient and enormously fun turn-key business. The Power that's already within you to build the life you really want if you dare. Romi Neustadt is a former corporate chick (lawyer, PR executive) who traded in the billable hour for time and money freedom. She's built a 7-figure business that allows her and her husband John and two kids to LiveFullOut. And she's devoted to helping others design the lives they really want too!

Are you ready to turn your ideas into reality and build a wildly successful business? There has never been a better time to say yes! With a computer and an Internet connection you can get your ideas, messages, and business out there like never before and create so much success. In this book, Carrie Green shows you how. Carrie started her first online business at the age of 20—she knows what it's like to be an ambitious and creative woman with big dreams and huge determination . . . but she also knows the challenges of starting and running a business, including the fears, overwhelm, confusion, and blocks that entrepreneurs face. Based on her personal, tried-and-tested experience, she offers valuable guidance and powerful exercises to help you: • Get clear on your business vision • Move past the fears and doubts that can get in the way • Understand your audience, so you can truly connect with them • Create your brand and build a tribe of raving fans, subscribers, and customers • Manage your time, maintain focus, and keep going in the right direction • Condition yourself for success . . . and so much more! If you're a creative and ambitious female entrepreneur, or are contemplating the entrepreneurial path, this book will provide the honest, realistic, and practical tools you need to follow your heart and bring your vision to life.

Can you imagine what life would be like if you could accept failure, cellulite, wrinkles, imperfection, screw-ups, and vulnerability? I'll tell you what would happen: you would finally take that weight off your shoulders and build unshakeable, sustainable confidence. The truth is that confidence isn't about living up to anyone's expectations—it's about affirming, every day, that you're an effing boss. It's not the result of being skinny, making a six figure salary, finding your dream partner, or drinking a green juice every day. It requires patience, dedication, forgiveness, bravery, and an

incredible amount of self-compassion. You've probably read that "confidence is a choice," and while that's true, it's more accurate to say that confidence is a series of repeated choices to accept yourself. To choose pride over insecurity. And to fearlessly show up in the world as the truest expression of yourself. It took me a long time to overcome all the BS. It took me a longer time to develop a rock-solid sense of inner-peace and become intimate with my intuition. To achieve real confidence that lasted longer than a sugar rush. My goal with this book is to share with you how I have arrived here, how I've helped my clients arrive here, and hopefully save you years of pain, shame, and uncertainty. Because, girl, I know how rocky this road can be. I'm going to show you how to block out all the noise around you, and how to free yourself from the opinions and judgment of others. I'm going to teach you how to trust your gut, reclaim your life, and rock what you've got. I'm going to show you how to own the place.

'Want to finally get a grip on your cash? This is the book for you' Cosmopolitan 'The book everyone should read' Stylist 'Packed with encouragement, support and wisdom' Anna Mathur, author of Mind Over Mother Real Life Money is a holistic approach to personal finance that addresses the deeper causes of debt and financial difficulties. Part memoir, part guide, Real Life Money takes the reader on a journey that can be adapted to their own pace and circumstances. It covers everything from how to negotiate repayment terms with creditors and setting realistic budgets without punishing yourself, to dealing with money anxiety. The goal is not to get rich overnight, or to pay off debt at the expense of all of life's pleasures, but rather to gain an understanding of why we feel the way we do about money, and how we can use that to change our mindset and our finances for good.

Bob Schlegel grew up on a struggling family farm, and like his entrepreneurial father, he took charge of his destiny by starting his own businesses—often more than one at a time. He and his wife Myrna partnered together in their early endeavors and raised a family of entrepreneurs. Their diverse startups included a chain of fifteen superior nursing and retirement centers, as well as the nation's leading manufacturer of paving stones and landscaping materials. Though they faced substantial challenges and even near-bankruptcy, they persevered

and built highly profitable enterprises with the help of “angels” —both earthly and heavenly. Bob shares his experiences—his failures as well as his successes—with the goal of inspiring others to start their own businesses.

FROM NEW YORK TIMES BESTSELLING AUTHOR DR. JASON FUNG:
The landmark book that is helping thousands of people lose weight for good. Harness the power of intermittent fasting for lasting weight loss Understand the science of weight gain, obesity, and insulin resistance Enjoy an easy and delicious low carb, high fat diet Ditch calorie counting, yoyo diets, and excessive exercise for good Everything you believe about how to lose weight is wrong. Weight gain and obesity are driven by hormones—in everyone—and only by understanding the effects of the hormones insulin and insulin resistance can we achieve lasting weight loss. In this highly readable and provocative book, Dr. Jason Fung, long considered the founder of intermittent fasting, sets out an original theory of obesity and weight gain. He shares five basic steps to controlling your insulin for better health. And he explains how to use intermittent fasting to break the cycle of insulin resistance and reach a healthy weight—for good.

Whether parents like it or not, romance is a part of girls' everyday lives. They see it in the media and hear about it from their friends and older family members. They may be having feelings they're not even sure how to define. It's all very exciting, but also very confusing for girls. This book helps answer all the questions popping up in her head: How can you tell if a person likes you? How do you tell someone you like them? What if you haven't had a crush yet? And, ugh, what about rejection? It includes tips and quizzes, plus age-appropriate and honest advice on navigating social situations and, most importantly, staying true to herself through any relationship.

Something to be happy about: This mesmerizing bestseller is revised and updated. Originally published 25 years ago (happy anniversary!) from a list that Barbara Ann Kipfer started making as a child, it's the book that marries obsession with happiness. And it now has 4,000 fresh and more current reasons to be happy: Rabbit tracks in the snow. Kiteboarding and kitesurfing. Caramel gelato. Scoring super-high on a Scrabble turn. Babies burping. Summer storms. White cupcakes with multicolored sprinkles. Big red barns. 20 minutes all to yourself. No opinions, no explanations, no asides, no footnotes, editorializing, or proselytizing. Just the simple premise of a list of things that make us smile. With its chunky shape, striking black-and-white cover, and 100 whimsical illustrations by Pierre Le-Tan, the new 14,000 Things is an irresistible catalog of good thoughts completely updated to reflect today's world—and an uplifting gift for people of all moods and all ages.

This book is for the woman who wants to feel good about herself and her body, and learn how to start incorporating healthy habits into her life. It's for the woman who doesn't want to trade in her champagne for skinny jeans. It's for the woman who is done with dieting, and ready to start paying attention to her health before that number on the scale. It's for the woman who is ready to stop letting her weight define her, and is ready to understand why it always did. This is not a diet book. This is a lifestyle guide. This book will change the way you view your weight and yourself forever. You will walk away feeling empowered, inspired, and downright sexy (and probably craving a glass of bubbly). You will learn how to celebrate yourself and your body. You will learn to make your health a priority, always. And most importantly - you will learn to love yourself, exactly as you are. So get ready to embark on a complete dieting and lifestyle overhaul, sister. You are now on The Champagne Diet! Dear Female Founder

As women, we have become professional self-critics. We've become so convinced by society that we need to attain a level of perfection that just isn't real. Whether it's trying to get skinnier, look younger, get that promotion, please our parents, get fuller lips or rid ourselves of cellulite -- we're on a never-

ending mission to change and it always winds up making us feel like crap. Instead, why not focus on all the fabulous qualities we already possess? There is so much to celebrate when we look at all our accomplishments. In this straight-up girlfriend's guide, stylist and wellness coach Cara Alwill Leyba encourages women to discover what makes them sparkle so that they can design the lives they desire and deserve. So raise your glass and toast yourself. You're about to start shimmering, shining and dazzling every day! Because isn't everything better when it sparkles?

"Why Didn't Anybody Tell Me This Sh*t Before?" is the book you wish you had already read. A collection of more than 60 letters from female leaders of multimillion dollar companies, solopreneurs, and every kind of woman in between, these stories are both a lifeline and a roadmap for women navigating our increasingly complex world. From being the only woman in the room in 'old boys' club' businesses, to making the impossible choices between cherished work and family, to dealing with loss, anger and fear, these stories have hard-earned lessons to teach all of us. But it's not all battle scars and suffering-like all good stories, these pages are shot through with laughter, growth and triumph too. So if you've felt alone, or wondered when the right mentor or community is going to appear, you can stop searching. This book is your invitation to learn from the experience of women just like you—to borrow from their strength, courage and fierce will to succeed, and to take your place in this community of women who, day by day, are quietly changing the world.

In a captivating memoir, an Egyptian American visionary and scientist provides an intimate view of her personal transformation as she follows her calling—to humanize our technology and how we connect with one another. **LONGLISTED FOR THE PORCHLIGHT BUSINESS BOOK AWARD** • “A vivid coming-of-age story and a call to each of us to be more mindful and compassionate when we interact online.”—Arianna Huffington **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY PARADE** Rana el Kaliouby is a rarity in both the tech world and her native Middle East: a Muslim woman in charge in a field that is still overwhelmingly white and male. Growing up in Egypt and Kuwait, el Kaliouby was raised by a strict father who valued tradition—yet also had high expectations for his daughters—and a mother who was one of the first female computer programmers in the Middle East. Even before el Kaliouby broke ground as a scientist, she broke the rules of what it meant to be an obedient daughter and, later, an obedient wife to pursue her own daring dream. After earning her PhD at Cambridge, el Kaliouby, now the divorced mother of two, moved to America to pursue her mission to humanize technology before it dehumanizes us. The majority of our communication is conveyed through nonverbal cues: facial expressions, tone of voice, body language. But that communication is lost when we interact with others through our smartphones and devices. "You are not born an entrepreneur. It's a skill that you learn along the way." When the skincare company Rodial launched its cult 'snake' serum, the press quickly called the business an 'overnight success'. However, Rodial's founder Maria Hatzistefanis had been toiling for 18 years, building the company from scratch in her bedroom. Now, the beauty boss sets out to demonstrate in this very accessible book that its success stemmed from sheer hard work, tireless efforts and a lot of patience. Fashion-loving Maria set out with a dream to build a beauty business and - despite not excelling at school, and being fired from her first job - she has achieved it. She did it by dreaming big, working hard, surrounding herself with the best, taking risks, creating buzz and building her own personal brand, which is now a favourite with high-profile models and media personalities including Poppy Delevingne, Daisy Lowe and Kylie Jenner. Crucially, she believes anyone can do this and her book, brimming with good sense, great advice, tips and secrets - all presented in an easy, friendly style - shows how.

*named Girl Code one of the “Top 9 Inspiring Books Every Female Entrepreneur Should Read” alongside Lean In, #Girlboss, and Thrive. A few years ago, I made a crazy claim in the first edition of Girl Code: that in today’s competitive marketplace, the fiercest thing a female entrepreneur can do is to support other women. Something dynamic happens when women genuinely show up for each other. When we lose the facades, cut the bullsh*t, and truly have each other’s backs. When we stop pretending everything is perfect, and show the messy, beautiful parts of ourselves and our work—which all look awfully similar. When we talk about our fears, our missteps, and our breakdowns. And most importantly, when we share our celebrations, our breakthroughs, and our solutions. I’m convinced that there’s no reason to hoard information, connections, or insight. Wisdom is meant to be shared, so let’s start sharing what we’ve learned to make each other better. Let’s start building each other up. Let’s live up to our potential and start ruling the world. Girl Code is a roadmap for female entrepreneurs, professional women, “side hustlers” (those with a day job plus a part-time small business), and anyone in between. This book won’t teach you how to build a multimillion-dollar company. It won’t teach you about systems or finance. But it will teach you how to build confidence in yourself, reconnect with your “why,” eradicate jealousy, and ultimately learn the power of connection. Because at the end of the day, that’s what life and business are all about. An educational toolkit for teaching phonics, consisting of a book, posters and musical CD, all of which provides for multiple options and inputs for learning, including: visual-icons, auditory and kinesthetic motor skill manipulations, as well as a variety of dramatic and emotive cuing-systems designed to target the affective learning domain. This “backdoor-approach” to phonemic skill acquisition is based on current neural research on Learning & the Brain--specifically how our brains actually learn best! The Secret Stories® primary purpose is to equip beginning (or struggling, upper grade) readers and writers, as well as their instructors, with the tools necessary to easily and effectively crack the secret reading and writing codes that lie beyond the alphabet, and effectively out of reach for so many learners! It is not a phonics program! Rather, it simply provides the missing pieces learners need to solve the complex reading puzzle--one that some might never solve otherwise! The Secrets(tm) are sure to become one of the most valuable, well-used, and constantly relied-upon teaching tools in your instructional repertoire!*

Girl Code Unlocking the Secrets to Success, Sanity, and Happiness for the Female Entrepreneur Penguin

What would you do if you weren't afraid? Imagine waking up every day knowing the world is literally at your perfectly manicured fingertips? Imagine living in a reality dripping with glittering opportunity and lush experiences at every turn? Imagine having the intuition to know how to handle every situation with total grace and discernment? I'm going to let you in on a secret: that life exists right at the edge of your comfort zone. And it's available to you once you learn to become fearless. Fear can be responsible for changing your life - for better or for worse. If fear persists, you run the risk of missing out on some of the greatest experiences life has to offer. If you can overcome your fears, you open yourself up to a world beyond your wildest imagination. A fearless and fabulous woman is someone who recognizes her desires, has the confidence to chase her dreams, and believes that everything is possible. She does not believe in the word "failure." She redefines it. To the fearless and fabulous woman, a "failure" is just a signal that she needs to change her course and try a new way of doing something. She thinks positively, takes consistent action toward her goals, and never gives up. This book will help you cultivate the qualities that every fearless and fabulous woman possesses. It will arm you with ten powerful strategies that will help you overcome your fears and live the extraordinary life you're meant to live. It will encourage you to challenge old ways of thinking and kick the status quo to the curb (in your most gorgeous pair of Jimmy Choos, of course!) So put your worries aside and dust off those dreams, sister. You are about to become fearless and fabulous! How does gender and minority status shape entrepreneurial decision-making? This question seems long overdue since minority women in the US start new businesses at four times the rate of non-minority men and women. This book is about minority women entrepreneurs in the United States. Though these women are thriving as business owners, their stories are very seldom told, and few think of minority women as

successful entrepreneurs. Therefore, the first purpose of the book is to give voice and visibility to US minority women business owners. The second purpose is to explain what makes these women different from the standard white male business owners most people are familiar with. Through in-depth interviews and first-hand accounts from minority women entrepreneurs, the authors found that, in innovative and exciting ways, minority women use their outsider status to develop socially conscious business practices that support the communities with which they identify. They reject the idea that business values are separate from personal values and instead balance profits with social good and environmental sustainability. This pattern is repeated in statistical evidence from around the globe that women contribute a much higher percentage of their earnings to social good than do men, but until now there was no clear explanation of why. Using sociological and psychological theories, the authors explain why women, especially minority women, have a tendency to create socially responsible businesses. The innovations provided by the women in this study suggest fresh solutions to economic inequality and humanistic alternatives to exploitative business policies. This is a radically new, socially integrated model that can be used by businesses everywhere. This book is intended for undergraduate and graduate students of business, sociology, race and gender studies as well as practitioners of entrepreneurship, aspiring entrepreneurs, and all those looking for new examples of holistic, sustainable and socially responsible business practices.

you were lonely, you were horny, you thought dating him was better than being alone, all your friends are getting married -- you name it. And before you knew it, you got hung up on the jerk. Go figure. The world is full of sensational women, but in today's market there are too few good men to go around (or so it appears). Now Dr. Ian Kerner, clinical sexologist and author of the smash hit *She Comes First*, explores the battlefield of sex, hook ups, go-nowhere relationships, and the dismal dating treadmill, simultaneously arming women with a sharper set of insights and the tools for change. With humor and sincerity, Kerner shows women how to break the cycle of dating defeat and use the power of sex to find love, "with a great guy who is into you." So raise your standards -- and reach for the love you deserve!

Secrets About Life Every Woman Should Know

“Jam packed with insights from women in the field,” this is an invaluable career guide for the aspiring or experienced female tech professional (Forbes) As the CEO of a startup, Tarah Wheeler is all too familiar with the challenges female tech professionals face on a daily basis. That’s why she’s teamed up with other high-achieving women within the field—from entrepreneurs and analysts to elite hackers and gamers—to provide a roadmap for women looking to jump-start, or further develop, their tech career. In an effort to dismantle the unconscious social bias against women in the industry, Wheeler interviews professionals like Brianna Wu (founder, Giant Spacekat), Angie Chang (founder, Women 2.0), Keren Elazari (TED speaker and cybersecurity expert), Katie Cunningham (Python educator and developer), and Miah Johnson (senior systems administrator) about the obstacles they have overcome to do what they love. Their inspiring personal stories are interspersed with tech-focused career advice. Readers will learn:

- The secrets of salary negotiation
- The best format for tech resumes
- How to ace a tech interview
- The perks of both contracting (W-9) and salaried full-time work
- The secrets of mentorship
- How to start your own company

And much more BONUS CONTENT: Perfect for its audience of hackers and coders, Women in Tech also contains puzzles and codes throughout—created by Mike Selinker (Lone Shark Games), Gabby Weidling (Lone Shark Games), and cryptographer Ryan “LostboY” Clarke—that are love letters to women in the industry. A distinguished anonymous contributor created the Python code for the cover of the book, which references the mother of computer science, Ada Lovelace. Run the code to see what it does!

Describing the hidden mysteries that are contained within each individual, the best-selling author of The Spontaneous Fulfillment of Desire examines fifteen of these secrets—including "Life Hurts When It Is Unreal" and "There Is No Time But Now"—that hold the key to enlightenment, transformation, and personal fulfillment. Reprint. 125,000 first printing.
