But Bourne never knows what terrible acts he'll discover he committed when he digs into the past. The trail will lead him through layers of conspiracy to a vicious Russian mercenary, Leonid Arkadin, who was also a graduate of the Central Intelligence training program Treadstone. A covert course designed to create ruthless assassins for C.I., it was shuttered by Congress for corruption. Yet before it was dismantled, it produced Bourne and Arkadin, giving them equal skills, equal force, and equal cunning. As Bourne's

Greetings to the Natural World

A chronicle of American indigenous life, this guide captures the history of the complex societies that lived in North America when European explorers first appeared on the continent. Not only a history of tribal nations, this exploration also includes profiles of famous Native Americans and their many contributions—from early leaders to superstar athletes, dancers, astronauts, authors, and actors. Readers will learn about Indian

Mpls. St. Paul Magazine and others Here is real food—our indigenous American fruits and vegetables, the wild and foraged ingredients, game and fish. Locally sourced, seasonal, “clean” ingredients and nose-to-tail cooking are nothing new to Sean Sherman, the Oglala Lakota chef and founder of The Sioux Chef. In his breakout book, The Sioux Chef’s Indigenous Kitchen, Sherman shares his approach to creating boldly seasoned foods that are vibrant, healthful, at once elegant and easy. Sherman dispels outdated notions of Native American fare—no fry bread or Indian tacos here—and no European staples such as wheat flour, dairy products, sugar, and domestic pork

and beef. The Sioux Chef's healthful plates embrace venison and rabbit, river and lake trout, duck and quail, wild turkey, blueberries, sage, sumac, timsula or wild turnip, plums, purslane, and abundant wildflowers. Contemporary and authentic, his dishes feature cedar braised bison, griddled wild rice cakes, amaranth crackers with smoked white bean paste, three sisters salad, deviled duck eggs, smoked turkey soup, dried meats, roasted corn sorbet, and hazelnut-maple bites. The Sioux Chef's Indigenous Kitchen is a rich education and a delectable introduction to modern indigenous cuisine of the Dakota and Minnesota territories, with a vision and

Ahead of the 400th anniversary of the first Thanksgiving, a new look at the Plymouth colony's founding events, told for the first time with Wampanoag people at the heart of the story. In

March 1621, when Plymouth's survival was hanging in the balance, the Wampanoag sachem (or chief), Ousamequin (Massasoit), and Plymouth's governor, John Carver, declared their people's friendship for each other and a commitment to mutual defense. Later that autumn, the English gathered their first successful harvest and lifted the specter of starvation. Ousamequin and 90 of his men then visited Plymouth for the "First Thanksgiving." The treaty remained operative until King Philip's War in 1675, when 50 years of uneasy peace between the two parties would come to an end. 400 years after that famous meal, historian David J. Silverman sheds profound new light on the events that led to the creation, and bloody dissolution, of this alliance. Focusing on the Wampanoag Indians, Silverman deepens the narrative to consider tensions

that developed well before 1620 and lasted long after the devastating war-tracing the Wampanoags' ongoing struggle for self-determination up to this very day. This unsettling history reveals why some modern Native people hold a Day of Mourning on Thanksgiving, a holiday which celebrates a myth of colonialism and white proprietorship of the United States. This Land is Their Land shows that it is time to rethink how we, as a pluralistic nation, tell the history of Thanksgiving. In recent years, the news media has directed a significant amount of attention to the effect of globalization on the second most populous nation in the world: India. With the emergence of new economic opportunities and the influx of foreign popular culture and commodities, India has experienced an enormous sea of change in the last few decades. In Decolonizing Psychology: Globalization, Social Justice, and Indian Youth Identities, author Sunil Bhatia focuses on the

psychological tensions that these changes have brought upon Indian youth today. Drawing on dozens of interviews, Bhatia offers readers a compelling glimpse and analysis of how these youth populations are engaging with the emerging presence of globalization in their day-to-day lives. As Bhatia explains, young Indians use the term 'world class selves' as a way to identify and describe the ways in which globalization has strengthened their standing in the world. By frequenting urban cafes and bars, watching American television and cinema, traveling abroad, and regularly consuming foreign commodities, Indian youth absorb the westernized culture and view themselves as peers

to their western counterparts. At the same time, however, these young Indians proudly hold onto their homeland's traditions governing family and religious values. With remarkable clarity and nuance, Bhatia sheds an important light on the universalizing power and the colonizing dimensions of Euro-American psychology. By integrating insights from postcolonial, narrative, and cultural psychologies to explore how Euro-American scientific psychology became the standard approach, Bhatia reminds readers of whose stories are not being told, what knowledge is not being considered, and whose lives are not included in the central understanding of psychology today.

We all know the story of Thanksgiving. Or do we? This uniquely American holiday has a rich and little known history beyond the famous feast of 1621. In *Thanksgiving*, award-winning author Melanie Kirkpatrick journeys through four centuries of history, giving us a vivid portrait of our nation's best-loved holiday. Drawing on newspaper accounts, private correspondence, historical documents, and cookbooks, *Thanksgiving* brings to life the full history of the holiday and what it has meant to generations of Americans.
