CIA Examination Review for the Certified Internal Auditor Designation, 1984

CIA Set Bsdo-17

Ea Review 2004

A CPA exam guide written specifically for international students The US CPA qualification exam is the most popular professional accounting qualification not just in the United States, but around the world as well. As international testing centers open across the globe, increasing numbers of non-American students are taking the exam, but lack a study resource written specifically for them. Author Stephanie Ng passed the exam in less than a year and operates a popular exam test-prep website at IPassTheCPAExam.com. In How to Pass the CPA Exam, Ng explains her techniques and study tactics specifically for students outside the United States. A comprehensive and practical study guide for CPA exam students outside the United States Written by the operator of a highly popular test-prep website for international students Includes practical and effective test-prep resources Packed with smart advice presented from an international perspective, How to Pass the CPA Exam is a must for international students preparing for the test.

The Routledge Handbook of Service Research Insights and Ideas offers authoritative coverage of current scholarship in the expanding discipline of service research. Original chapters from the world's leading specialists in the discipline explore foundations and innovations in services, highlighting important issues relating to service providers, customers, and service design. The volume goes beyond previous publications by drawing together material from different functional areas, including marketing, human resource management, and service process design and operations. These topics are important in helping readers become knowledgeable about how different functional areas interact to create a successful customer experience. This book is ideal as a first port of call for postgraduate students desiring to get up to speed quickly in the services discipline. It is also a must-read for academics new to services who want to access cutting-edge research.
