And the exasperating but essential topics of essay writing and integrated reasoning are covered too. In addition, you get insights into how to avoid GMAT pitfalls and make the most of time-

management tactics during the exam. Take a pre-assessment test to identify the subject areas you need to brush up on Access 7 practice tests and 500 flashcards online Hone your analytical and reasoning skills Create a targeted study plan If you want to conquer the GMAT and stand out from other MBA program applicants, you'll find everything you need here for a stellar score!

The Official Guide for GMAT Review, 12th Edition is the only book on the market written by the creators of the GMAT exam. Inside you'll find more than 800 actual GMAT questions from previous tests with answers and detailed explanations. There's also a grammar review, math review, actual essay topics, sample responses, and scoring information insights into the GMAT exam that debunk test-taking myths. Plus, use the diagnostic section to pinpoint your skill level and focus on the areas where you need the most help.

A celebration of August Wilson's journey from a child in Pittsburgh to one of America's greatest playwrights August Wilson (1945–2005) was a two-time Pulitzer Prize-winning playwright who had a particular talent for capturing the authentic, everyday voice of black Americans. As a child, he read off soup cans and cereal boxes, and when his mother brought him to the library, his whole world opened up. After facing intense prejudice at school from both students and some teachers, August dropped out. However, he continued reading and educating himself independently. He felt that if he could read about it, then he could teach himself anything and accomplish anything. Like many of his plays, Feed Your Mind is told in two acts, revealing how Wilson grew up to be one of the most influential American playwrights. The book includes an author's note, a timeline of August Wilson's life, a list of Wilson's plays, and a bibliography.

The Sentence Correction Guide takes the guesswork out of grammar by presenting every major grammatical principle and minor grammatical point tested on the GMAT. **Ace the GMAT Verbal** will help readers develop the skills and mindset needed to score high on the verbal section of the GMAT exam. This book contains the excerpted verbal chapters on Sentence Correction, Critical Reasoning, and Reading Comprehension including Analytical Writing and Integrated Reasoning, as taken from the parent ebook/paperback titled **Ace the GMAT: Master the GMAT in 40 Days**. "Chance favors the prepared mind." Whether you're a candidate already enrolled in a test-prep course or are undertaking self-study, this book will serve as a rigorous skill-building study guide to help you conquer the verbal section of the GMAT exam. It also includes special workshops on analytical writing and integrated reasoning. Studying for the verbal sections of the GMAT exam requires some 50 hours of study time. This book's content is conveniently divided into topics, which require two to three hours of study time per day. Total study time will vary between 40 to 60 hours for the entire 20 days. "I used this book as my main source of study, supplementing it with practice from *The Official Guide for GMAT Review*. The Official Guide has lots of problems to practice on, but *Ace the GMAT* is superb for helping understand conceptually how the problems work. I highly recommend this manual as your first line of defense. It helped me achieve a 700-plus GMAT score with only a month's practice, despite English not being my first language." —Sam Mottaghi, former consultant, Accenture; Cambridge Judge Business School graduate

GMAT Critical Reasoning Grail

You need three things to do well on GMAT Reading Comprehension you need to know the secrets to reading passages efficiently, learn how to identify and tackle different RC Question Types, and practice enough number of passages from myriad subjects to build the requisite mental stamina so that you are able to comprehend dense and boring passages that the GMAT tests you on. The GMAT Reading Comprehension Grail has been written keeping the above three points in view. The book spans over 300 pages and is the most comprehensive book available today in the market to crack the GMAT Reading Comprehension. The book starts by unraveling the secrets to reading passages quickly yet effectively, then moves on to discuss various RC question types and then provides 60 GMAT like practice passages. By the time, you finish the book, we assure you that you will not fear reading comprehension on the GMAT anymore because you would have learnt what are the best strategies, which of the them work for you and which don t, you will know the types of mistakes you make and what you need to do about them and above all you will not be scared of seeing passages from areas that you had no interest in. In short, you will be much more confident about taking on RC passages. How is this book superior to any other book for Reading Comprehension? This book provides you 3 times the number of practice passages as compared to any other book Unlike other books, the RC Grail strictly follows a 3-4 questions per passage format, just as the GMAT does RC Grail is the only book that categorizes passages into three difficulty levels - low, medium & high. This categorization ensures that by the time you reach high difficulty level passages, you'll be ready to handle them with confidence. RC Grail is the only book that provides a passage map for every passage along with detailed explanations to questions. Unlike those in other books, the passages in the RC Grail are the closest you can get to the GMAT passages in length & structure.

Rousseau first exposes in Discourse on the Origin of Inequality his conception of a human state of nature, presented as a philosophical fiction and of human perfectibility, an early idea of progress. He then explains the way, according to him, people may have established civil society, which leads him to present private property as the original source and basis of all inequality. Jean-Jacques Rousseau (1712 - 1778) was a Genevan philosopher, writer, and composer of the 18th century, mainly active in France. His political philosophy influenced the Enlightenment across Europe, as well as aspects of the French Revolution and the overall development of modern political and educational thought.

***The Complete GMAT Sentence Correction Guide offers a thorough review of all the major grammatical concepts tested on the Sentence Correction portion of the GMAT. Each chapter is accompanied by a rigorous set of exercises, allowing students to practice recognizing as well as correcting errors presented in a variety of ways. To help students transfer their skills to the exam, this book also contains 150 GMAT-style multiple-choice questions accompanied by thorough explanations.***

***The GMAT Critical Reasoning Grail spans more than 240 pages and helps you master Critical Reasoning on the GMAT in a systematic way. The book firstly builds a strong foundation by discussing the basics of Critical Reasoning and then addresses each question type in-depth. It then goes a step further and provides you 100 practice questions for intensive practice. Like the Sentence Correction Grail, the Critical Reasoning Grail is written in an engaging manner and will equip you with all the skills that you need to tackle Critical Reasoning questions confidently. This book is superior to the other books available for Critical Reasoning in many ways. The GMAT Critical Reasoning Grail contains the most up-to-date content for Critical Reasoning. For example, while other books focus on Main Point questions, these question types rarely appear on the GMAT now. Similarly question types such as Logically complete the passage, which are increasingly being tested on the GMAT, find no mention in other books, whereas the CR Grail has an entire chapter that discusses this question type. What also distinguishes the GMAT Critical Reasoning Grail is that it helps you master Critical Reasoning in a step-by-step manner, using jargon free language and does not make you dependent on the diagrammatic approach. It is also the only book that provides you 100 Critical Reasoning Questions for practice***
