the Fourth Industrial Revolution and the way emerging technologies are impacting our lives and changing society. The Fourth Industrial Revolution is characterised by the emergence of new technologies that are blurring the boundaries between

Acces PDF Go Live Is Tomorrow

the physical, the digital, and the biological worlds. This book allows readers to explore how these technologies will impact peoples' lives by 2030. It helps readers to not only better understand the use and implications of

Acces PDF Go Live Is Tomorrow

emerging technologies, but also to imagine how their individual life will be shaped by them. The book provides an opportunity to see the great potential but also the threats and challenges presented by the emerging

Acces PDF Go Live Is Tomorrow

technologies of the Fourth Industrial Revolution, posing questions for the reader to think about what future they want. Emerging technologies, such as robotics, artificial intelligence, big data and analytics, cloud computing, nanotechnology,

Acces PDF Go Live Is Tomorrow

biotechnology, the Internet of Things, fifth-generation wireless technologies (5G), and fully autonomous vehicles, among others, will have a significant impact on every aspect of our lives, as such this book looks at their

Acces PDF Go Live Is Tomorrow

potential impact in the entire spectrum of daily life, including home life, travel, education and work, health, entertainment and social life. Providing an indication of what the world might look like in 2030, this book is essential reading for students,
