**About 16 centuries ago, an unknown Indian author or authors gathered together the diverse threads of already ancient traditions and wove them into a verbal tapestry that today is still the central text for worshippers of the Hindu Devi, the Divine Mother. How are they related, how do we live in a world torn between good and evil, and how do we find lasting satisfaction and inner peace? These questions and their answers form the substance of the Devimahatmya. Its narrative of a dispossessed king, a merchant betrayed by the family he loves, and a seer whose teaching leads beyond existential suffering sets the stage for a trilogy of myths concerning the all-powerful Divine Mother, Durga, and the fierce battles she wages against throngs of demonic foes. and everyone keeps calling her Goddess. When Andra went into a cryonic sleep for a trip across the galaxy, she expected to wake up in a hundred years, not a thousand. Worst of all, the rest of the colonists--including her family and friends--are dead. They died centuries ago, and for some reason, their descendants think Andra's a deity. She knows she's nothing special, but she'll play along if it means she can figure out why she was left in stasis and how to get back to Earth. Zhade, the exiled bastard prince of Eerensed, has other plans. Four years ago, the sleeping Goddess's glass coffin disappeared from the palace, and Zhade devoted himself to finding it. Now he's hoping the Goddess will be the key to taking his rightful place on the throne--if he can get her to play her part, that is. Because if his people realize she doesn't actually have the power to save their dying planet, they'll kill her. With a vicious monarch on the throne and a city tearing apart at the seams, Zhade and Andra might never be able to unlock the mystery of her fate, let alone find a way to unseat the king, especially since Zhade hasn't exactly been forthcoming with Andra. And a thousand years from home, is there any way of knowing that Earth is better than the planet she's woken to? The girl is Chloe Somner, a local nineteen-year-old ecology student well-known to the park rangers and loved by all her classmates. Searching Chloe's home, Amanda can't work out who could have tempted her to the water in the early hours of the morning, but a long night hunting through cold cases gives her a possible lead: twenty years ago another local girl was murdered, a red rose left on her body. But why would this killer strike again now? Focused on the past, the last thing Amanda expects is the news that Chloe's roommate has been found dead, another black orchid left. *California, beginning in the 1970s, The Salt God's Daughter follows Ruthie and her older sister Dolly as they struggle for survival in a place governed by an enchanted ocean and exotic folklore. Guided by a mother ruled by magical, elaborately-told stories of the full moons, which she draws from The Old Farmer's Almanac, the two girls are often homeless, often on their own, fiercely protective of each other, and unaware of how far they have drifted from traditional society as they carve a real life from their imagined stories. Enter the dark, magical world of the House of Night series by bestselling authors P.C. Cast and Kristin Cast, a world very much like our own, except here vampyres have always existed. One minute, sixteen-year-old Zoey Redbird is a normal teenager dealing with everyday high school stress: her cute boyfriend Heath, the school's star quarterback who suddenly seems more interested in partying than playing ball; her nosy frenemy Kayla, who's way too concerned with how things are going with Heath; her uber-tough geometry test tomorrow. The next, she's Marked as a fledgling vampyre, forcing her to leave her ordinary life behind and join the House of Night, a boarding school where she will train to become an adult vampyre. That is, if she makes it through the Change—and not all of those who are Marked do. It sucks to begin a new life, especially away from her friends, and on top of that, Zoey is no average fledgling. She has been chosen as special by the vampyre Goddess, Nyx. Zoey discovers she has amazing powers, but along with her powers come bloodlust and an unfortunate ability to Imprint with Heath, who just doesn't know how to take "no" for an answer. To add to her stress, she is not the only fledgling at the House of Night with special powers: when she discovers that the leader of
