"A bold and subversive retelling of the goddess's story," this #1 New York Times bestseller is "both epic and intimate in its scope, recasting the most infamous female figure from the Odyssey as a hero in her own right" (Alexandra Alter, The New York Times). In the house of Helios, god of the sun and mightiest of the Titans, a daughter is born. But Circe is a strange child -- not powerful, like her father, nor viciously alluring like her mother. Turning to the world of mortals for companionship, she discovers that she does possess power -- the power of witchcraft, which can transform rivals into monsters and menace the gods themselves. Threatened, Zeus banishes her to a deserted island, where she hones her occult craft, tames wild beasts and crosses paths with many of the most famous figures in all of mythology, including the Minotaur, Daedalus and his doomed son Icarus, the murderous Medea, and, of course, wily Odysseus. But there is danger, too, for a woman who stands alone, and Circe unwittingly draws the wrath of both men and gods, ultimately finding herself pitted against one of the most terrifying and vengeful of the Olympians. To protect what she loves most, Circe must summon all her strength and

choose, once and for all, whether she belongs with the gods she is born from, or the mortals she has come to love. With unforgettably vivid characters, mesmerizing language, and page-turning suspense, Circe is a triumph of storytelling, an intoxicating epic of family rivalry, palace intrigue, love and loss, as well as a celebration of indomitable female strength in a man's world. #1 New York Times Bestseller -- named one of the Best Books of the Year by NPR, the Washington Post, People, Time, Amazon, Entertainment Weekly, Bustle, Newsweek, the A.V. Live in the love of a God who desires a relationship with you. Throughout A Friendship Like No Other, renowned spiritual director William A. Barry, SJ, explores the premise that God wants to relate to us as a close friend. Barry has contemplated this idea—radical for many Christians—throughout his lifetime, and he explains that it actually traces back to the “developing revelation of God contained in the Bible.” A Friendship Like No Other offers three well-supported and practical sections: prayerful exercises to help lead you to the conviction that God wants your friendship; a close look at objections

to this idea; and reflections on experiencing the presence of God and discerning those experiences. Brief, personal meditations are woven throughout. Grounded in biblical tradition and with a clear focus on Ignatian spirituality, this book offers a fresh, heart-changing approach to living joyfully in the freedom of the divine embrace. Perhaps no topic appears as potentially threatening to evangelicals as evolution. Yet many evangelicals have reconciled their firm beliefs in God and the Bible with the conclusions of science. How? Here are the stories of over two dozen evangelical scientists, pastors, biblical scholars and theologians who have come to embrace both evolution and faith.

The seventh instalment in James Herriot's classic series of memoirs The fourth volume of memoirs from the author who inspired the BBC series All Creatures Great and Small Finally home from London after his wartime service in the RAF, James Herriot is settling back into life as a country vet. While the world has changed after the war, the blunt Yorkshire clients and menagerie of beasts with weird and wonderful ailments remain the same. But between his young son, Jimmy, trailing him around aping his every move, stubborn farmers refusing to try his "new-fangled" treatments and a goat that has eaten 293 tomatoes, Darrowby is far from quiet. And with another baby on the way, life is about to get even more chaotic... Since they were first

A creation devotional for children ages 6-10, which shows detailed, pen and ink illustrations of animals - mammals, insects, birds - paired with a description of each, then an application for the youthful reader. In exploring God's awesome nature, it is helpful for children to understand God's design for them. For example, just as the monarch butterfly emerges from a cocoon to soar to heights above the clouds, so too can we all rest in the knowledge that God has made each of us special, and He has great love and a plan for us.

Often compared to the novels of James Herriot, ALL GOD'S CREATURES follows the life of a woman veterinarian in modern Tennessee. From an unlikely start as a white-glove debutante in the 1960's to a sexism-defying launch in vet school to the adventures, sorrows, joys and oddities of a long veterinary practice, our heroine spins tales of the animals and people who share her life. "I don't know why you're spending all your time on this. They're only animals--for heaven's sake That was the reaction of one of Andrew Linzey's fellow students at King's College, London, when he was studying theology in the 1970s. Since then, the now Rev. Dr. Andrew Linzey has been arguing that animals aren't "only" anything, but rather that they matter to God, and should do so to us. In this collection of essays, Linzey counters with his customary wit, erudition, and insight, some contemporary (and perhaps surprising) challenges to animal rights--from ecotheologians, the Church, and politicians. He contends that far from the sometimes shallow judgments of those who think animals unworthy of theological consideration, the Christian tradition has a wellspring of sources and resources available to taking animals seriously. Instead of being marginal to the Christian experience, Linzey concludes, animals can take their rightful place alongside human beings as creatures of the same God. There is a long forgotten

spiritual tradition that two children, both named Jesus, were born in Bethlehem to two sets of parents named Joseph and Mary. This tradition is supported by the different accounts of the nativity and life of Jesus Christ in the gospels of Matthew and Luke. Although the Church chose to ignore this tradition, something of it survived in early Christian art and symbolism. The full tradition was preserved only in the literature of esoteric sects such as Gnosticism, which remained outside the official teachings of institutionalized Christianity."

You are one of His little creatures, and He loves you! Heather McCulloch is a mother of three and an elementary school teacher, and she teaches the Kids 4 Christ group at her church. McCulloch has always dreamed of writing children's books, but she never knew that God would call her to write a devotional soon after the birth of her third child. "This book was truly a work of God," she says. "He just used my hands to write His words. I praise Him and thank Him for pushing me to use the gift He gave me." While writing God's Little Creatures, McCulloch knew that God had called her to use her talents to reach others for His glory. Her children love this devotional book and ask her to read it to them every night.

SOME years ago, a priest of singularly long and varied experience urged me to write "a book about God." He said that wrong and imperfect notions of God lay at the root of all our religious difficulties. Professor Lewis Campbell says the same thing in his own way in his work, *Religion in Greek Literature*, where he declares that the age needs "a new definition of God." Thinking the need over, I turned to the *Summa contra Gentiles*. I was led to it by the Encyclical of Leo XIII, *Aeterni Patris*, urging the study of St Thomas. A further motive, quite unexpected, was supplied by the University of Oxford in 1902 placing the *Summa Contra Gentiles* on the list of subjects which a candidate may at his option offer in the Final Honour School of *Literae*

Humaniores,—a very unlikely book to be offered so long as it remains simply as St Thomas wrote it. Lastly I remembered that I had in 1892 published under the name of Aquinas Ethicus a translation of the principal portions of the second part of St Thomas's Summa Theologica: thus I might be reckoned some thing of an expert in the difficult art of finding English equivalents for scholastic Latin.

To me, horses resemble the Word of God in that they are active and living. New discoveries are waiting to be made every day. There is always more to learn because neither is robotic. Each offers a fresh inspiration that evokes us to change and grow. Both are a pillar of strength but have a softness and tenderness that demands our trust. By opening this book, you can come along with me to my horse pens, even if it's only through words on a page. I want you to step into the round-pen with me and receive the revelation God has given me through these amazing creatures. He created them in the first chapter of Genesis at the beginning of time. He saved them on Noah's ark during the flood. They have carried kings and royalty, soldiers into battle, and maybe even witnessed the birth of Jesus Christ in a little stable in the town of Bethlehem more than two thousand years ago.

Participating in sports or being a part of any group gives us a feeling of belonging--a feeling that is cherished and remembered all throughout our lives. It is important to enlighten our children on what a wonderful and exciting world we live in. There are so many different species living in different countries throughout our world--how lucky we are to learn about the creatures that our loving God has made. Here is an opportunity to get to know some of the creatures that inspired me so much that I had to write a poem about them. Other poems within this book are

Beloved pastor Steve Poe helps Christians identify and break free from the destructive patterns that are keeping them from the joy-filled, flourishing life Jesus promised. We all have both good and bad habits in our life. *Creatures of Habit* reveals how to remove bad habits and replace them with godly ones. But it's not a matter of working hard, of "pulling ourselves up by our bootstraps." That approach simply doesn't work. True transformation is God's work--our job is to listen, obey, and put into practice what he's already directing us to do. Steve Poe has pastored large, growing churches for more than thirty-four years, and during that time he has counseled hundreds of people. He's seen that poor choices often become bad habits that in turn cause people a lot of problems. Hundreds of things can become a bad habit in our lives, but Poe focuses on the most common, among them: anger, lust, worry, cynicism, pride, self-centeredness, and greed. Each chapter provides insights, biblical examples, and tangible tools that will help you break the bad habits that can become spiritual strongholds in your life.
