

## Gods Tribesman

A visionary work that combines speculative fiction with deep philosophical inquiry, *The Sparrow* tells the story of a charismatic Jesuit priest and linguist, Emilio Sandoz, who leads a scientific mission entrusted with a profound task: to make first contact with intelligent extraterrestrial life. The mission begins in faith, hope, and beauty, but a series of small misunderstandings brings it to a catastrophic end. Praise for *The Sparrow* “ A startling, engrossing, and moral work of fiction. ” —The New York Times Book Review “ Important novels leave deep cracks in our beliefs, our prejudices, and our blinders. *The Sparrow* is one of them. ” —Entertainment Weekly “ Powerful . . . *The Sparrow* tackles a difficult subject with grace and intelligence. ” —San Francisco Chronicle “ Provocative, challenging . . . recalls both Arthur C. Clarke and H. G. Wells, with a dash of Ray Bradbury for good measure. ” —The Dallas Morning News “ [Mary Doria] Russell shows herself to be a skillful storyteller who subtly and expertly builds suspense. ” —USA Today

Steve Saint, author of the best selling autobiography *End of the Spear* (which sold over 100,000 copies and was made into a feature film), returns with a series of adventurous, inspiring stories of how God makes himself known through both the dramatic and the seemingly mundane events of life. While walking God's trail all over the world, Steve has spotted the Creator's hand at work in many significant life moments—from finding the love of his life to befriending the tribe that murdered his missionary father; from living in the Ecuadorian jungle to creating a major motion picture and presenting it before the United Nations. Sometimes triumphant, sometimes tragic, Steve's invariably thrilling tales are those of a born storyteller.

The New York Times, BusinessWeek, and Wall Street Journal Bestseller that redefined what it means to be a leader. Since it was first published almost a decade ago, Seth Godin's visionary book has helped tens of thousands of leaders turn a scattering of followers into a loyal tribe. If you need to rally fellow employees, customers, investors, believers, hobbyists, or readers around an idea, this book will demystify the process. It's human nature to seek out tribes, be they religious, ethnic, economic, political, or even musical (think of the Deadheads). Now the Internet has eliminated the barriers of geography, cost, and time. Social media gives anyone who wants to make a difference the tools to do so. With his signature wit and storytelling flair, Godin presents the three steps to building a tribe: the desire to change things, the ability to connect a tribe, and the willingness to lead. If you think leadership is for other people, think again—leaders come in surprising packages. Consider Joel Spolsky and his international tribe of scary-smart software engineers. Or Gary Vaynerhuck, a wine expert with a devoted following of enthusiasts. Chris Sharma led a tribe of rock climbers up impossible cliff faces, while Mich Mathews, a VP at Microsoft, ran her internal tribe of marketers from her cube in Seattle. Tribes will make you think—really think—about the opportunities to mobilize an audience that are already at your fingertips. It's not easy, but it's easier than you think.

Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in *Arrow of God* and *No Longer at Ease*.

How the Christian Scriptures Reveal Their Complete Truthfulness

Grammar of Gondi as Spoken in the Betul District, Central Provinces, India

*A special 25th anniversary edition of the extraordinary international bestseller, including a new Foreword by Paulo Coelho. Combining magic, mysticism, wisdom and wonder into an inspiring tale of self-discovery, The Alchemist has become a modern classic, selling millions of copies around the world and transforming the lives of countless readers across generations. Paulo Coelho's masterpiece tells the mystical story of Santiago, an Andalusian shepherd boy who yearns to travel in search of a worldly treasure. His quest will lead him to riches far different—and far more satisfying—than he ever imagined. Santiago's journey teaches us about the essential wisdom of listening to our hearts, of recognizing opportunity and learning to read the omens strewn along life's path, and, most importantly, to follow our dreams.*

*The 4,000-year quest of Judaism, Christianity and Islam.*

*I am the translator who has taken journalists into dangerous Darfur. It is my intention now to take you there in this book, if you have the courage to come with me. The young life of Daoud Hari—his friends call him David—has been one of bravery and mesmerizing adventure. He is a living witness to the brutal genocide under way in Darfur. The Translator is a suspenseful, harrowing, and deeply moving memoir of how one person has made a difference in the world—an on-the-ground account of one of the biggest stories of our time. Using his high school knowledge of languages as his weapon—while others around him were taking up arms—Daoud Hari has helped inform the world about Darfur. Hari, a Zaghawa tribesman, grew up in a village in the Darfur region of Sudan. As a child he saw colorful weddings, raced his camels across the desert, and played games in the moonlight after his work was done. In 2003, this traditional life was shattered when helicopter gunships appeared over Darfur's villages, followed by Sudanese-government-backed militia groups attacking on horseback, raping and murdering citizens and burning villages. Ancient hatreds and greed for natural resources had collided, and the conflagration spread. Though Hari's village was attacked and destroyed his family decimated and dispersed, he himself escaped. Roaming the battlefield deserts on camels, he and a group of his friends helped survivors find food, water, and the way to safety. When international aid groups and reporters arrived, Hari offered his services as a translator and guide. In doing so, he risked his life again and again, for the government of Sudan had outlawed journalists in the region, and death was the punishment for those who aided the “foreign spies.” And then, inevitably, his luck ran out and he was captured. . . . The Translator tells the remarkable story of a man who came face-to-face with genocide—time and again risking his own life to fight injustice and save his people.*

*The Gods of Mars is an Edgar Rice Burroughs science fiction novel, the second of his famous Barsoom series. It can be said that the novel set the tone for much science fiction to come. Its influence can clearly be seen in franchises such as Star Trek and Farscape. While Burroughs no doubt borrowed liberally from the pulp fiction of his day, particularly westerns and swashbuckling tales, the pacing and themes set the tone for the soft science fiction genre. The protagonist, John Carter, with his proficiency in hand-to-hand combat and flirtations with beautiful alien women, could be said to have set the mold for later influential icons like Captain James T. Kirk and James Bond.*

*Northern Wrath*

*A Peculiar Glory*

"Packs a punch worthy of the Thunderer himself. It rocks!" -- Joanne Harris, author of *The Gospel of Loki* "Holdt wows in her Norse mythology inspired debut an electrifying adventure" -- Publishers Weekly, starred review A dead man, walking between the worlds, foresees the end of the gods. A survivor searching for a weapon releases a demon from fiery Muspelheim. A village is slaughtered by Christians, and revenge must be taken. The bonds between the gods and Midgard are weakening. It is up to Hilda, Ragnar, their tribesmen Einer and Finn, the chief's wife Siv and Tyra, her adopted daughter, to fight to save the old ways from dying out, and to save their gods in the process. Following in the steps of Neil Gaiman & Joanne Harris, the author expertly weaves Norse myths and compelling characters into this fierce, magical epic fantasy.

*Nicomachean Ethics* Aristotle - The *Nicomachean Ethics* is one of Aristotle's most widely read and influential works. Ideas central to ethics—that happiness is the end of human endeavor, that moral virtue is formed through action and habituation, and that good action requires prudence—found their most powerful proponent in the person medieval scholars simply called "the Philosopher." Drawing on their intimate knowledge of Aristotle's thought, Robert C. Bartlett and Susan D. Collins have produced here an English-language translation of the *Ethics* that is as remarkably faithful to the original as it is graceful in its rendering. Aristotle is well known for the precision with which he chooses his words, and in this elegant translation his work has found its ideal match. Bartlett and Collins provide copious notes and a glossary providing context and further explanation for students, as well as an introduction and a substantial interpretive essay that sketch central arguments of the work and the seminal place of Aristotle's *Ethics* in his political philosophy as a whole. The *Nicomachean Ethics* has engaged the serious interest of readers across centuries and civilizations—of peoples ancient, medieval, and modern; pagan, Christian, Muslim, and Jewish—and this new edition will take its place as the standard English-language translation.

One day Sophie comes home from school to find two questions in her mail: "Who are you?" and "Where does the world come from?" Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

Chris, Ikem and Beatrice are three like-minded friends working under the military regime of His Excellency, the Sandhurst-educated President of Kangan. In the pressurized atmosphere of oppression and intimidation they are simply trying to live and love - and remain friends. But in a world where each day brings a new betrayal, hope is hard to cling on to.

*We Need You to Lead Us*

*Understanding Counter-insurgency Efforts in Tribalized Rural and Muslim Environments*

*A Novel About the History of Philosophy*

*By Their Blood*

*A Novel*

Yron the moon god died, but now he's reborn in the false king's son. His human father wanted to kill him, but his mother sacrificed her life to save him. He'll return one day to claim his birthright. He'll change your life. He'll change everything. Smiler's Fair: the great moving carnival where any pleasure can be had, if you're willing to pay the price. They say all paths cross at Smiler's Fair. They say it'll change your life. For five people, Smiler's Fair will change everything. In a land where unimaginable horror lurks in the shadows, where the very sun and moon are at war, five people - Nethmi, the orphaned daughter of a murdered nobleman, who in desperation commits an act that will haunt her forever. Dae Hyo, the skilled warrior, who discovers that a lifetime of bravery cannot make up for a single mistake. Eric, who follows his heart only to find that love exacts a terrible price. Marvan, the master swordsman, who takes more pleasure from killing than he should. And Krish, the humble goatherd, with a destiny he hardly understands and can never accept - will discover just how much Smiler's Fair changes everything. 2005 ECPA Retailer's Choice Award winner for best biography/autobiography! Steve Saint was five years old when his father, missionary pilot Nate Saint, was speared to death by a primitive Ecuadorian tribe. In adulthood, Steve, having left Ecuador for a successful business career in the United States, never imagined making the jungle his home again. But when that same tribe asks him to help them, Steve, his wife, and their teenage children move back to the jungle. There, Steve learns long-buried secrets about his father's murder, confronts difficult choices, and finds himself caught between two worlds. Soon to be a major motion picture (January 2006), *End of the Spear* brilliantly chronicles the continuing story that first captured the world's attention in the bestselling book, *Through Gates of Splendor*.

Since 20 December 2001 - the date which marked the authorization of the International Security Assistance Force (ISAF) to assist the Afghan Government - hundreds of thousands of coalition soldiers from around 50 different states have physically been and served in Afghanistan. Roughly 20 rotation periods have been experienced; billions of US dollars have been spent; and almost 3,500 coalition soldiers and 7,400 Afghani security personnel have fallen for Afghanistan. In this badly-managed success story, the true determiner of both tactical outcomes on the ground and strategic results was always the tribal and rural parts of Muslim-populated Afghanistan. Although there has emerged a vast literature on counterinsurgency theories and tactics, we still lack reliable information about the motivations and aspirations of the residents of Tribalised Rural Muslim Environments (TRMEs) that make up most of Afghanistan. The aim of this book is to describe some on-the-ground problems of counterinsurgency (COIN) efforts in TRMEs - specifically in rural Afghanistan - and then to propose how these efforts might be improved. Along the way, it will be necessary to challenge many current assumptions about the conduct of counterinsurgency in Afghanistan. Most generally, the book will show how counterinsurgency succeeds or fails at the local level (at the level of tactical decisions by small-unit leaders) and that these decisions cannot be successful without understanding the culture and perspective of those who live in TRMEs. Although engaging issues of culture, the author is not an anthropologist or an academic of any kind. He is a Muslim who spent his childhood in a TRME - a remote village in Turkey - and he offers his observations on the basis of 15 years' worth of field experience as a Turkish Special Forces officer serving in rural Iraq, Turkey, Kazakhstan, Kyrgyzstan and Afghanistan. Cultures in these areas are not the same, but there are sufficient similarities to suggest some overall characteristics of TRMEs and some general problems of COIN efforts in these environments. In summary, this book not only challenges some of the fundamentals of traditional counterinsurgency wisdom and emphasizes the importance of the tactical level - a rarely-studied field from the COIN perspective - but also blends the firsthand field experiences of the author with deep analyses. In this sense, it is not solely an autobiography, but something much more.

Patrick and Beth have escaped from volcano lava only to be separated again, and no one knows exactly where Beth has gone. Eugene and Patrick frantically try to fix the Imagination Station so they can find Beth, who unbeknownst to them has landed in the Amazon jungle. Will

Patrick find Beth? Will Eugene be able to fix the broken Imagination Station? What will happen to the strange man with the spear in his side? Find out in the latest Imagination Station adventure!

Sophie's World

Worship Matters (Foreword by Paul Baloche)

On Men Unwittingly Turned Divine

Lies of Descent

Anthills of the Savannah

God's Crucible: Islam and the Making of Europe, 570-1215

Fire on the Hills is the remarkable story of Rochunga Pudaite, founder of Partnership Ministries, who has built scores of Christian schools in his native India, planted over 300 churches, started a hospital, a Bible college, and a soon-to-be opened seminary.

"Rich detail and vivid anecdotes of adventure....A treasure trove of exotic fact and hard thinking." —New York Times Book Review For millennia, lions, tigers, and their man-eating kin have kept our dark, scary forests dark and scary, and their predatory majesty has been the stuff of folklore. But by the year 2150 big predators may only exist on the other side of glass barriers and chain-link fences. Their gradual disappearance is changing the very nature of our existence. We no longer occupy an intermediate position on the food chain; instead we survey it invulnerably from above—so far above that we are in danger of forgetting that we even belong to an ecosystem. Casting his expert eye over the rapidly diminishing areas of wilderness where predators still reign, the award-winning author of *The Song of the Dodo* and *The Tangled Tree* examines the fate of lions in India's Gir forest, of saltwater crocodiles in northern Australia, of brown bears in the mountains of Romania, and of Siberian tigers in the Russian Far East. In the poignant and troublesome ferocity of these embattled creatures, we recognize something primeval deep within us, something in danger of vanishing forever.

A list of the one hundred most influential people in history features descriptions of the careers, contributions, and accomplishments of the political and religious leaders, inventors, writers, artists, and others who changed the course of history. Simultaneous.

In this compelling fantasy from a debut author, two young people must unite two warring cultures to banish the gods who destroyed their homeland. The Fallen Gods' War drove the remnants of a victorious army across the ocean in search of a new homeland. A thousand years later, the lifeless continent of Draegora is largely forgotten, a symbol for the regiments that remain. Demons to some. Protectors to others. The power of their god-touched blades has forged a nation, though many resent their absolute control. Riam and Nola are unknowing descendants of the old world. When it's discovered they carry enough Draegoran blood to serve in the regiments, they are dragged away from their families to begin training. If they survive, they will be expected to enforce the laws of the covenant, to fight the Esharii tribesmen who raid along the border, and to be judge, jury, and executioners for those accused of crimes. For Riam, who welcomes his escape from an abusive father, the power to protect those who cannot defend themselves is alluring. For Nola, who wishes to return home, it is a betrayal by all she holds dear. Neither is given a choice...and neither may ever get the chance to serve. *Lies of Descent* begins an epic trilogy of fallen gods, betrayal, and magic—where dark motives often dwell within the true and just, and where the things most feared sometimes lead to salvation.

Blood of the Gods

A History of God

**Records the courage and self-reliance of an Indian girl who lived alone for eighteen years on an isolated island off the California coast when her tribe emigrated and she was left behind.**

**It is 1830. Rutherford Calhoun, a newly freed slave and irrepressible rogue, is desperate to escape unscrupulous bill collectors and an impending marriage to a priggish schoolteacher. He jumps aboard the first boat leaving New Orleans, the Republic, a slave ship en route to collect members of a legendary African tribe, the Allmuseri. Thus begins a daring voyage of horror and self-discovery. Peopled with vivid and unforgettable characters, nimble in its interplay of comedy and serious ideas, this dazzling modern classic is a perfect blend of the picaresque tale, historical romance, sea yarn, slave narrative, and philosophical novel.**

**A collection of inspiring stories tells of those that have sacrificed their lives for their religious beliefs, from the familiar martyrs of ancient and medieval times to the comparatively overlooked Christian martyrs of modern times and even today. Original.**

**Nothing is more essential than knowing how to worship the God who created us. This book focuses readers on the essentials of God-honoring worship, combining biblical foundations with practical application in a way that works in the real world. The author, a pastor and noted songwriter, skillfully instructs pastors, musicians, and church leaders so that they can root their congregational worship in unchanging scriptural principles, not divisive cultural trends. Bob Kauflin covers a variety of topics such as the devastating effects of worshiping the wrong things, how to base our worship on God's self-revelation rather than our assumptions, the fuel of worship, the community of worship, and the ways that eternity's worship should affect our earthly worship. Appropriate for Christians from varied backgrounds and for various denominations, this book will bring a vital perspective to what readers think they understand about praising God.**

**"As definitive a work as we are likely to get on Pima-Papago mythology."—William Bright, author of *A Coyote Reader***  
**A provocative history of men who were worshipped as gods that illuminates the connection between power and religion of divinity in a secular age Ever since 1492, when Christopher Columbus made landfall in the New World and was hailed as a heavenly being, the accidental god has haunted the modern age. From Haile Selassie, acclaimed as the Living God in Ethiopia to Britain's Prince Philip, who became the unlikely center of a new religion on a South Pacific island, men made divine—**

men—have appeared on every continent. And because these deifications always emerge at moments of turbulence—conquest, revolutions—they have much to teach us. In a revelatory history spanning five centuries, a cast of surprising characters sheds light on the thorny questions of how our modern concept of “religion” was invented; why religion and politics are so inextricably entangled in our supposedly secular age; and how the power to call someone divine has been used and abused by both the powerful and the oppressed. From nationalist uprisings in India to Nigerian spirit possession cults, Anna Della Subin explores how religion has been a means of defiance for colonized peoples. Conversely, we see how Columbus, Cortés, and other white explorers used their stories of their godhood to justify their dominion over native peoples, setting into motion the currents of racism and violence that have plagued the New World ever since they touched its shores. At once deeply learned and delightfully antic, *Accidents of Faith* is an unusual keyhole through which to observe the creation of our modern world. It is that rare thing: a lyrical, enterprising work of ideas, one that marks the debut of a remarkable literary career.

From the two-time Pulitzer Prize-winning author, *God's Crucible* brings to life “a furiously complex age” (New York Times Book Review). Resonating as profoundly today as when it was first published to widespread critical acclaim a decade ago, this is a bold portrait of Islamic Spain and the birth of modern Europe from one of our greatest historians. David Levering Moore's narrative, filled with accounts of some of the most epic battles in world history, reveals how cosmopolitan, Muslim Spain flourished—a beacon of cooperation and tolerance—while proto-Europe floundered in opposition to Islam, making virtue out of its hereditary aristocracy, religious intolerance, perpetual war, and slavery. This masterful history begins with the fall of the Greek and Roman empires, followed by the rise of the prophet Muhammad and five centuries of engagement between the Islamic world and an emerging Europe. Essential and urgent, *God's Crucible* underscores the importance of these early, world-altering events whose influence remains as current as today's headlines.

God has provided a way for all people, not just scholars, to know that the Bible is the Word of God. John Piper has shown us that the glory of God is the object of the soul's happiness. Now, his burden in this book is to demonstrate that the Bible is the ground of the mind's certainty. God's peculiar glory shines through his Word. The Spirit of God enlightens the hearts. And in one self-authenticating sight, our minds are sure and our hearts are satisfied. Justified certainty and the peculiar glory of God.

**#1 NEW YORK TIMES BESTSELLER • “A lucid, intelligent page-turner” (Los Angeles Times) that challenges long-held assumptions about Jesus, from the host of Believer Two thousand years ago, an itinerant Jewish preacher walked across the Galilee, gathering followers to establish what he called the “Kingdom of God.” The revolutionary movement he launched was so threatening to the established order that he was executed as a state criminal. Within decades after his death, his followers would call him God. Sifting through centuries of mythmaking, Reza Aslan sheds new light on one of history’s most enigmatic figures by examining Jesus through the lens of the tumultuous era in which he lived. Balancing the Jesus of the Gospels against the historical sources, Aslan describes a man full of conviction and passion, yet rife with contradiction. He explores the reasons the early Christian church preferred to promulgate an image of Jesus as a peaceful spiritual teacher rather than a politically conscious revolutionary. And he grapples with the riddle of how Jesus understood himself, the mystery that is at the heart of all subsequent claims about his divinity. Zealot yields a fresh perspective on one of the greatest stories ever told even as it affirms the radical and transformative nature of Jesus’ life and mission. Praise for Zealot “Riveting . . . Aslan synthesizes Scripture and scholarship to create an original account.”—The New Yorker “Fascinatingly and convincingly drawn . . . Aslan may come as close as one can to respecting those who revere Jesus as the peace-loving, turn-the-other-cheek, true son of God depicted in modern Christianity, even as he knocks down that image.”—The Seattle Times “[Aslan’s] literary talent is as essential to the effect of Zealot as are his scholarly and journalistic chops. . . . A vivid, persuasive portrait.”—Salon “This tough-minded, deeply political book does full justice to the real Jesus, and honors him in the process.”—San Francisco Chronicle “A special and revealing work, one that believer and skeptic alike will find surprising, engaging, and original.”—Jon Meacham, Pulitzer Prize-winning author of *Thomas Jefferson: The Art of Power* “Compulsively readable . . . This superb work is highly recommended.”—Publishers Weekly (starred review)**

***Patricia Crone's God's Rule is a fundamental reconstruction and analysis of Islamic political thought focusing on its intellectual development during the six centuries from the rise of Islam to the Mongol invasions. Based on a wide variety of primary sources -- including some not previously considered from the point of view of political thought -- this is the first book to examine the medieval Muslim answers to questions crucial to any Western understanding of Middle Eastern politics today, such as why states are necessary, what functions they are meant to fulfill, and whether or why they must be based on religious law. The character of Muslim political thought differs fundamentally from its counterpart in the West. The Christian West started with the conviction that truth (both cognitive and moral) and political power belonged to separate spheres. Ultimately, both power and truth originated with God, but they had distinct historical trajectories and regulated different aspects of life. The Muslims started with the opposite conviction: truth and power appeared at the same time in history and regulated the same aspects of life. In medieval Europe, the disagreement over the relationship between religious authority and political power took the form of a protracted controversy regarding the roles of church and state. In the medieval Middle East, religious authority and political power were embedded in a***

*single, divinely sanctioned Islamic community -- a congregation and state made one. The disagreement, therefore, took the form of a protracted controversy over the nature and function of the leadership of Islam itself. Crone makes Islamic political thought accessible by relating it to the contexts in which it was formulated, analyzing it in terms familiar to today's reader, and, where possible, comparing it with medieval European and modern political thought. By examining the ideological point of departure for medieval Islamic political thought, Crone provides an invaluable foundation for a better understanding of contemporary Middle Eastern politics and current world events.*

*The extraordinary story of the young African who came to be called "The Apostle of Simple Faith." While most missionary biographies detail the lives of Western missionaries, this is the story of the African missionary that God called to the United States when slavery and segregation were a way of life.*

*Previously published under the title The March of Faith, this book details the moving life story of Samuel Morris. After a miraculous escape from certain death during the ravages of intertribal warfare in Liberia, Africa, Kaboo was converted to Christ by Methodist missionaries and baptized under the name Samuel Morris. Traveling to America for pastoral training in the late 1880's, his trip was a missionary voyage in itself when several seamen were led to Christ through his godly life. At Taylor University his example of faith made him a leader among the students and a challenge to the faculty. An unforgettable biography which shows Christ's love felling all racial barriers.*
