***Every woman could use a little supernatural assistance now and then. With help from renowned psychic Sophia, now you can do as the ancients did and summon the power of a goddess. Need money? Summon Lakshmi, Hindu goddess of wealth and prosperity. Want to advance your career? Call upon Athena, Greek patroness of career women. Having a run of bad luck? Invoke Fortuna, Roman goddess of good luck and help in gambling. For every dilemma, there is a goddess who has the power you seek. Sophia brings the power of the ancients to you in this fun guide designed to help you get what you want out of life. Sophia describes each goddess in detail, listing her sacred color, symbol, element, stone, and scent. She offers a fascinating history of each goddess and her traits, including how she has been worshiped throughout history. Decide which goddess you need, then perform an invocation to summon her powers. Through a visualization exercise, you will "meet" the goddess in a dream. Finally, spells and empowerment charms help you "become" the goddess and bring her aspects into everyday life. With the wisdom of Athena, the prosperity of Lakshmi, and the***

Silence isn't just the absence of noise. It's a presence that brings us energy, clarity, and deeper connection. Justin Zorn and Leigh Marz take us on an unlikely journey—from the West Wing of the White House to San Quentin's death row; from Ivy League brain research laboratories to underground psychedelic circles; from the temperate rainforests of Olympic National Park to the main stage at a heavy metal festival—to explore the meaning of silence and the art of finding it in any situation. *Golden* reveals how to go beyond the ordinary rules and tools of mindfulness.

It's a field guide for navigating the noise of the modern world—not just the noise in our ears but also on our screens and in our heads. Drawing on lessons from neuroscience, business, spirituality, politics, and the arts, Marz and Zorn explore why auditory, informational, and internal silence is essential for physical health, mental clarity, ecological sustainability, and vibrant community. With vital lessons for individuals, families, workplaces, and whole societies, Golden is an engaging and unexpected rethinking of the meaning of quiet. Marz and Zorn make the bold and convincing argument that we can repair our world by reclaiming the presence of silence in our lives.

With the clarity of a physicist and the compassion of a gifted healer with fifteen years of professional experience observing 5,000 clients and students, Barbara Ann Brennan presents the first in-depth study of the human energy field for people who seek happiness, health and their full potential. Our physical bodies exist within a larger "body," a human energy field or aura, which is the vehicle through which we create our experience of reality, including health and illness. It is through this energy field that we have the power to heal ourselves. This energy

*On Purpose, Selling Your Company With Intention And Purpose!* was written as a guide for the small business owner to understand the steps involved in the process of selling a company for maximum value. Most business owners will only sell a company once or twice in a lifetime making them inexperienced at best. Hiring a business broker is one of the last steps you'll take in selling your company. I wrote this book so you can better understand the steps you need to take to begin the process of selling a company and maximize the value for all parties.
