One night can change it all. One argument can leave you reeling. A look can take you to a place you can never return from again. What happens when one day, you wake up and find your world has been turned upside down? The person you love is gone. The life you thought you'd have is no longer one you see being able to get back to. You lost the one person you loved more than anything. They tell you to move on, try. For them. It's what they would want. But is it really? So I try. This time, will be different. I slowly start to put the shattered pieces of my heart back together, only to have it broken again, by someone I thought I trusted. My heart's barely healed, my world just starting to make sense again, when tragedy and devastation strikes. My circumstances leave me asking one question... Is it worth the risk to love again?

On the anniversary of his sister's murder, Leo, tormented by his mother's insane accusations and his own waking nightmares, kidnaps a wealthy girl intending to kill her, but instead their long night together helps them both face their futures.

There was nothing like wilderness living in Kentucky. Outhouse + cow + momma = frazzled momma Log raft + boy + river = danger Mountain Man + snow + slay = bad choice Bad Indians + momma + girl = kidnapping Momma + grandma + squirrel = biscuits & gravy Rain + boy + momma = loblolly Momma + gun + green eyes = chicken & dumplings Gracies family left Virginia for homesteading in Kentucky. They were nava city slickers, but God sent angels to help them. The land had to be cleared and a log cabin built. Through their strong faith in God and a lot of prayer they staked out their homestead and helped to build a community. The angels worked overtime keeping Bobby Joe out of trouble but sometimes they just watched and laughed. The Mountain Men were the bestest angels God sent them. Gracie was a feisty little girl almost six when they came. She was an observer and wrote their experiences in her diary when she was nine. The places are real. The last names are people living in the community and the charter members of the church. The first names are my children and grandchildren. The events are fictional except for the building of Pleasant Ridge Baptist Church which is still there today.

September 11th, 2001 was America's wake up call to terrorism. Unfortunately, we hit the snooze alarm.

The next wave of terror attacks won't be nation shaking, cataclysmic events. We're ready for that.

Instead, they'll be minor, localized nightmares. Mere pinpricks to our country, but catastrophic to the small towns that find themselves in the crosshairs. Worst of all, there's nothing we can do to stop it from happening - or is there? A gritty novel extrapolated from real world events, this fast-paced, riveting thriller will leave you alarmed, angry, and awestruck at America's unpreparedness for the next wave of terror attacks. Some might refer to it as death by a thousand cuts, but the counterterrorism community calls it Small Ball. Small Ball is an indictment of our woefully wrongheaded security infrastructure and a testament to the resilience, resourcefulness, and integrity of the average American. You'll wonder why it hasn't happened already. Perhaps it's happening right now...
