An award-winning  
play about the

relationship between brothers. Nothing but the Truth is the story of two brothers, of sibling rivalry, of exile, of memory and reconciliation, and the ambiguities of freedom. The play was John Kani's debut as sole playwright and was first performed in the Market Theatre in

Johannesburg. It won the 2003 Fleur du Cap Award for best actor and best new South African play. In the same year Kani was also awarded a special Obie award for his extraordinary contribution to theatre in the USA.

Earl Lind's 1918 autobiography has

been recognized as a pioneering work in the history of transgender literature. Throughout his life, Lind was forced to justify and defend his existence from puritanical authorities. In the first of his trilogy of autobiographical works, he not only demands recognition,

but exposes the denial of his existence as nothing but hatred and fear. “Androgynes have of course existed in all ages of history and among all races. In Greek and Latin authors there are many references to them, but these references are not always understood except by

the few scholars who are themselves androgynes or at least passive sexual inverts. [...] [T]hese men-women, because misunderstood, have been held in great abomination both in the middle ages and in modern times, but the prejudice against them was not so extreme in

antiquity, and a cultured citizen having this nature did not then lose caste on this account.” Situating his own identity within this history of oppression, Lind makes the case for recognizing the presence of androgynes in all human societies. Ever

since he was a child,  
Lind identified as  
feminine and was  
keenly aware of his  
homosexual desires,  
gaining a reputation  
among the local boys  
and soon turning to  
girls for friendship  
and understanding. In  
a world that saw  
androgynes as both  
corrupt and willfully

different, Lind sought to increase understanding and to explain through scientific, historical, and personal evidence why his identity was congenital, and therefore natural. With a beautifully designed cover and professionally typeset manuscript, this
