**A parent and child explore the wonder and joys of the changing moon together in this captivating picture book from award-winning author-illustrator Evan Turk. Hello, Moon! You look so beautiful tonight! Do you mind if we sit with you? In this joyful celebration of a child’s sense of curiosity about the world, a parent and child explore the wonder of the changing moon together. Because sometimes all you need is someone to share the silence with. An analysis of Gandhi’s accomplishments as a politician and civil rights advocate reveals his conflicted ideologies and feelings about his place in history, offering insight into his philosophies, social campaigns, and private disappointments.**

**An old man in India recalls how, when he was a young boy, he got his first taste of freedom as he and his brother joined the great Muhatma Gandhi on a march to the sea to make salt, in defiance of British law.**

**This cinematic picture book from critically acclaimed author and illustrator Evan Turk follows the life of a baby whale from birth, to song, to silence, to a new song of compassion and hope for a brighter future. Two hearts, one song. A young whale and her mother sing together. Heartbeat. Then the mother is gone. One heart, one song. The young whale swims, alone and lonely, for days and years and decades... until one day a little girl hears her and joins her song. Together, they sing of hope for a brighter future. One world, one song, one heartbeat.**

This gorgeous and empowering picture book from award-winning author-illustrator Evan Turk paints the portrait of Marietta Barovier, the groundbreaking Renaissance artisan who helped shape the future of Venetian glassmaking. Marietta and her family lived on the island of Murano, near Venice, as all glassmakers did in the early Renaissance. Her father, Angelo Barovier, was a true maestro, a master of glass. Marietta longed to create gorgeous glass too, but glass was men’s work. One day her father showed her how to shape the scalding-hot material into a work of art, and Marietta was mesmerized. Her skills grew and grew. Marietta worked until she created her own unique glass bead: the rosetta. Small but precious, the beautiful beads grew popular around the world and became as valuable as gold. The young girl who was once told she could not create art was now the woman who would leave her mark on glasswork for centuries to come.

A boy with Down syndrome lifts spirits all over town! It’s the day after the big storm. Adam and his dog, Up, are finishing breakfast when the mayor appears on TV asking everyone to help with the cleanup. She says, “Now, it’s time to get to work. Up and at ‘em!” When Adam hears the mayor tell him and Up to get to work, he’s on it! “We can help!” Adam says. And as everyone in the town is about to discover — they really can! With kindness in his heart and a smile on his face, Adam shows readers that everyone can make a difference in their community!

Laugh with the Moon is on the Texas Bluebonnet Award Master List. Thirteen-year-old Clare Silver is stuck. Stuck in denial about her mother’s recent death. Stuck in the African jungle for sixty-four days without phone reception. Stuck with her father, a doctor who seems able to heal everyone but Clare. Clare feels like a fish out of water at Mzanga Full Primary School, where she must learn a new language. Soon, though, she becomes immersed in her new surroundings and impressed with her fellow students, who are crowded into a tiny space, working on the floor among roosters and centipedes. When Clare’s new friends take her on an outing to see the country, the trip goes horribly wrong, and Clare must face another heartbreak head-on. Only an orphan named Memory, who knows about love and loss, can teach Clare how to laugh with the moon. Told from an American girl’s perspective, this story about how death teaches us to live and how love endures through our memories will capture the hearts of readers everywhere.

Lots of families have secrets. Little-Known Fact: My family has an antebellum house with a locked wing—and I’ve got a secret of my own. I thought getting kicked out of the Gifted & Talented program—or not being “pegged,” as Mama said—was the worst thing that could happen to me. W-r-o-n-g, wrong. I arrived in Tweedle, Georgia, to spend the summer with Granny and Gramps, only to find no sign of them. When they finally showed up, Cousin Isaac was there too, with his trumpet in hand, and I found myself having to pretend to be thrilled about watching my musical family rehearse for the town’s Anniversary Spectacular. It was h-a-r-d, hard. Meanwhile, I, Maebelle T.-for-No-Talent Earl, set out to win a blue ribbon with an old family recipe. But what was harder and even more wrong than any of that was breaking into the locked wing of my grandparents’ house, trying to learn the Truth with a capital T about Josiah T. Eberlee, my long-gone-but-not-forgotten relation. To succeed, I couldn’t be a solo act. I’d need my new friends, a basset hound named Cotton, the strength of my entire family, and a little help from a secret code. With grace and humor and a heaping helping of little-known facts, Bethany Hegedus incorporates the passions of the North and the South and bridges the past and the present in this story about one summer in the life of a sassy Southern girl and her trumpet-playing adopted Northern cousin.

***Feroze Gandhi is often remembered as Indira Gandhi’s husband and Jawaharlal Nehru’s son-in-law. But who was Feroze Gandhi? A Congress worker, a young freedom fighter, a parliamentarian, or just another Gandhi? Diving into the history of the Nehru-Gandhi family, the Swedish journalist Bertil Falk brings together his 40-year-old research in this biography of Feroze Gandhi. Including first-hand interviews of people close to Feroze and personal experiences of the author with some rare photographs, this volume brings to light his significant, yet unrecognized, role as a parliamentarian, in cases such as the Mundhra case, Life Insurance and Freedom of Press Bill. It also busts some myths about Feroze’s controversial birth, his personal life, his importance as a politician, and his relationship with the Nehrus. With interesting details about Feroze as a young boy in Allahabad, to his years as a freedom fighter, journalist, Congressman and a politician, this volume examines the chronology of events that shaped the life of Feroze.***

***On 30 January 1948 Mahatma Gandhi, Father of a NEWLY LIBERATED INDIAN NATION, WAS MURDERED BY A HINDU EXTREMIST. Since then, many lies have been passed off as truths, half-truths have been mixed with true incidents and passed off as whole truths. Gandhi was responsible for the partition ; Gandhi sheltered Muslims and abandoned Hindus ; Killing Gandhi was the only way to save India ; these were, and even today are, some of the statements propagated by Hindu extremists and followers of Godse to justify Gandhi s murder.***

***The first picture book about the inspiring life of humanitarian Jimmy Carter, the thirty-ninth president of the United States and a Nobel Prize winner—from Alabama Spitfire author Bethany Hegedus. Even before Jimmy Carter became president, he knew the value of hard work. Living on his family’s peanut farm, Jimmy saw how hard work yielded strong results. At least it did for some people. But growing up in the segregated South, Jimmy also saw firsthand how white people and black people were not treated equally. None of it was right. None of it was fair. So Jimmy created a list of Good Mental Habits to help him navigate life’s challenges. The list guided his thoughts and actions and helped him fight for change, whether working with civil rights leaders to end racial discrimination in his home state of Georgia, helping to negotiate peace in the Middle East, or building homes for the poor through Habitat for Humanity. From the statehouse to the White House and beyond, Jimmy has worked to make change for all people, devoting decades to public service and becoming one of the most respected humanitarians of our time. It’s hard work, but it’s worth it.***

A charming debut middle-grade novel about a girl from off-the-grid Alaska adjusting to suburban life Eleven-year-old Rigel Harman loves her life in off-the-grid Alaska. She hunts rabbits, takes correspondence classes through the mail, and plays dominoes with her family in their two-room cabin. She doesn’t mind not having electricity or running water—instead, she’s got tall trees, fresh streams, and endless sky. But then her parents divorce, and Rigel and her sisters have to move with their mom to the Connecticut suburbs to live with a grandmother they’ve never met. Rigel hates it in Connecticut. It’s noisy, and crowded, and there’s no real nature. Her only hope is a secret pact that she made with her father: If she can stick it out in Connecticut for one year, he’ll bring her back home. At first, surviving the year feels impossible. Middle school is nothing like the wilderness, and she doesn’t connect with anyone . . . until she befriends a crow living behind her school. And if this wild creature has made a life for itself in the suburbs, then, just maybe, Rigel can too. 365 Days to Alaska is a wise and funny debut novel about finding beauty, hope, and connection in the world no matter where you are—even Connecticut.

In this fascinating and meticulously researched book, bestselling historian Arthur Herman sheds new light on two of the most universally recognizable icons of the twentieth century, and reveals how their forty-year rivalry sealed the fate of India and the British Empire. They were born worlds apart: Winston Churchill to Britain’s most glamorous aristocratic family, Mohandas Gandhi to a pious middle-class household in a provincial town in India. Yet Arthur Herman reveals how their lives and careers became intertwined as the twentieth century unfolded. Both men would go on to lead their nations through harrowing trials and two world wars—and become locked in a fierce contest of wills that would decide the fate of countries, continents, and ultimately an empire. Gandhi & Churchill reveals how both men were more alike than different, and yet became bitter enemies over the future of India, a land of 250 million people with 147 languages and dialects and 15 distinct religions—the jewel in the crown of Britain’s overseas empire for 200 years. Over the course of a long career, Churchill would do whatever was necessary to ensure that India remain British—including a fateful redrawing of the entire map of the Middle East and even risking his alliance with the United States during World War Two. Mohandas Gandhi, by contrast, would dedicate his life to India’s liberation, defy death and imprisonment, and create an entirely new kind of political movement: satyagraha, or civil disobedience. His campaigns of nonviolence in defiance of Churchill and the British, including his famous Salt March, would become the blueprint not only for the independence of India but for the civil rights movement in the U.S. and struggles for freedom across the world. Now master storyteller Arthur Herman cuts through the legends and myths about these two powerful, charismatic figures and reveals their flaws as well as their strengths. The result is a sweeping epic of empire and insurrection, war and political intrigue, with a fascinating supporting cast, including General Kitchener, Rabindranath Tagore, Franklin Roosevelt, Lord Mountbatten, and Mohammed Ali Jinnah, the founder of Pakistan. It is also a brilliant narrative parable of two men whose great successes were always haunted by personal failure, and whose final moments of triumph were overshadowed by the loss of what they held most dear.

The inspiring true story of Harper Lee, the girl who grew up to write To Kill a Mockingbird, from Bethany Hegedus and Erin McGuire. Perfect for fans of The Right Word and I Dissent. Nelle Harper Lee grew up in the rocky red soil of Monroeville, Alabama. From the get-go she was a spitfire. Unlike most girls at that time and place, Nelle preferred overalls to dresses and climbing trees to tea parties. Nelle loved to watch her daddy try cases in the courtroom. And she and her best friend, Tru, devoured books and wrote stories of their own. More than anything Nelle loved words. This love eventually took her all the way to New York City, where she dreamed of becoming a writer. Any chance she had, Nelle sat at her typewriter, writing, revising, and chasing her dream. Nelle wouldn’t give up—not until she discovered the right story, the one she was born to tell. Finally, that story came to her, and Nelle, inspired by her childhood, penned To Kill a Mockingbird. A groundbreaking book about small-town injustice that has sold over forty million copies, Nelle’s novel resonated with readers the world over, who, through reading, learned what it was like to climb into someone else’s skin and walk around in it.

Mahatma Gandhi & My Grandfather, Allama Mashriqi

The Storyteller

Arun Gandhi is the fifth grandson of Mahatma (Mohandas) and Kastur Gandhi through his second son Manilal Gandhi. Together with his late wife Sunanda, the couple have generated an extraordinary read in The Forgotten Woman: The Untold Story of Kastur Gandhi. Here is a book that is not only informative and accessible, but also graced by an elegance and sensitive understanding of a grandmother who was far from being ignorant or clueless a propos the importance of her husband’s mission in life. Kastur Gandhi wife of Mahatma Gandhi. Arun informs his readers in the introduction that he refuses to believe that his grandmother Kastur was incompetent as this was not his experience, nor that of his parents. Although she may not have been formally educated and could not read or write, upon reading this fascinating book we discover she certainly was far from being an unaware and a blundering fool. And as Arun states: “without her unstinted cooperation Grandfather could not have achieved the spiritual heights that he did.” Beginning with an account of the Satyagraha struggle which Gandhi led in South Africa for seven years, Kastur had to give up a great deal and make sacrifices while living an austere life that many a woman would have rebelled against and probably would have also thrown out their husbands. There is even an anecdote where Mahatma wanted to turf out Kastur from their home. Perhaps initially she may not have understood her husband’s technique of passive resistance that ruled out both verbal and physical violence, however, eventually she did come around to accept its principles as she championed it and embraced it whole heartedly. As Arun mentions, “that even though she could not, on her own account, accept any of her husband’s peculiar new notions unless she was convinced he was right, she would always try to understand his way of thinking and, whenever possible, acquiesce to his wishes.” What I found astonishing was her acceptance of her husband’s harsh and sometimes cruel treatment of their children, herself, relatives and others.

“I grew up learning from my family and the Khaksars about the role of Allama Mashriqi, Mahatma Gandhi, Quid-e-Azam Mohammad Ali Jinnah, and other leaders in the freedom movement of the Indian sub-continent. And I have dedicated the last seventeen years to research on this topic. In this book, I seek to share this knowledge with the world. My goal is to help unite the human race, a vision inspired from the ideals of my beloved grandfather, Allama Mashriqi.” - Scholar and Historian Nasim Yousaf \*\*\* In August of 1947, Muslims, Hindus, Sikhs, and others who had lived together peacefully for centuries were torn apart when a united India was divided into Pakistan and India on the basis of the Two-Nation Theory. This partition led to enormous tragedy, as communal riots escalated, families were separated, innocent victims were murdered and females raped. In the years following partition, Pakistan and India fought wars over Kashmir and become nuclear-armed states. Furthermore, hostility between the two countries contributed to terrorism, poverty and constant instability in the region, a situation that persists to this day. All of this could have been avoided had there been an alliance between two prominent leaders of the time: Allama Mashriqi and Mahatma Gandhi. Allama Mashriqi and Mahatma Gandhi shared many similarities - both men left their professions behind and dedicated their lives to liberating India from British rule. Both adopted a life of simplicity and began their grassroots campaigns in the streets and villages of the country. Both were nominated for the Nobel Prize (Mashriqi for his monumental work, Tazkirah, and Gandhi for his non-violence) and shared a common objective of achieving independence for the nation. Yet despite all their similarities, they could not reach agreement on Mashriqi’s “The Constitution of Free India, 1946 A.C.” nor were they able to work together to achieve a united, independent India. Why? The answers are contained in this book. In “Mahatma Gandhi and My Grandfather, Allama Mashriqi,” Mr. Yousaf brings together nearly 17 years of exhaustive research of historical documents as well as firsthand knowledge and insights gained from Allama Mashriqi’s wife, sons, daughters, and the Khaksars, who were part of the freedom movement and witnessed the division of India. He takes the reader through a riveting journey as he brings to light a fresh new analysis of the freedom of British India.

Kids have big dreams. And when those dreams are on the line, how far are they willing to go to achieve them? When Jayden and his teammates find out there’s not going to be a Hoop Group this year—and maybe ever again—they have to learn to lean on each other if they want to save their basketball season, in this inspiring new middle grade novel from NBA superstar LeBron James and acclaimed author Andrea Williams. A New York Times bestseller! Jayden Carr has been training all summer to be ready for Hoop Group—the free afterschool basketball program where his hero, NBA superstar Kendrick King, got his start. But when his beloved coach tells him there’s not going to be a Hoop Group this year, Jayden is heartbroken. And he’s not the only one. Coach Beck’s daughter, Tamika, was planning to be the first girl ever to start for the squad. Chris King, Kendrick’s only nephew, spent the summer bragging that his uncle was coming home just to watch him play. For Anthony Pierson, Hoop Group was supposed to be his way out of trouble. And for Dexter Donyel, all 4’6” of him, Hoop Group was his chance to finally be part of a team, instead of just watching from the stands. For each kid, Hoop Group was more than just a chance to ball: it was an escape, a dream, a family. Now their prospects seem all but impossible—but then the world hasn’t met Jayden, Tamika, Chr Anthony, and Dex before. Determined to have their shot, the five new friends scrap, hustle, fight, and play hard to save their season to prove that sometimes a chance is all it takes. It’s an inspiring, original middle grade story from NBA superstar LeBron James and acclaimed author Andrea Williams that channels the many relatable challenges so many young kids face. The first step to winning is getting out on the court.

A Groundbreaking Narrative of India’s Partition

***A lyrically told, exquisitely illustrated biography of influential Jewish artist and activist Ben Shahn “The first thing I can remember,” Ben said, “I drew.” As an observant child growing up in Lithuania, Ben Shahn yearns to draw everything he sees—and, after seeing his father banished by the Czar for demanding workers’ rights, he develops a keen sense of justice, too. So when Ben and the rest of his family make their way to America, Ben brings both his sharp artistic eye and his desire to fight for what’s right. As he grows, he speaks for justice through his art—by disarming classmates who bully him because he’s Jewish, by defying his teachers’ insistence that he paint beautiful landscapes rather than true stories, by urging the US government to pass Depression-era laws to help people find food and jobs. In this moving and timely portrait, award-winning author Cynthia Levinson and illustrator Evan Turk honor an artist, immigrant, and activist whose work still resonates today: a true painter for the people.***

Muddy Waters was never good at doing what he was told. When Grandma Della said the blues wouldn’t put food on the table, Muddy didn’t listen. And when record producers told him no one wanted to listen to a country boy playing country blues, Muddy ignored them as well. This tenacious streak carried Muddy from the hardscrabble fields of Mississippi to the smoky juke joints of Chicago and finally to a recording studio where a landmark record was made. Soon the world fell in love with the tough spirit of Muddy Waters. In blues-infused prose and soulful illustrations, Michael Mahin and award-winning artist Evan Turk tell Muddy’s fascinating and inspiring story of struggle, determination, and hope.***

***Mahatma Gandhi’s grandson tells the story of how his grandfather taught him to turn darkness into light in this uniquely personal and vibrantly illustrated tale that carries a message of peace. Have you ever wondered how much a ladybird weighs? What about the weight of a snail? A bird or even a swan? In Alison Limentani's extraordinary and original picture book she introduces us to a fascinating world of numbers, weight and wildlife.

Award-winning author and illustrator Evan Turk showcases the beauty and importance of the National Parks in this gorgeous picture book that takes readers on an amazing tour across the United States. Beneath the soaring doorways of stone, and peaks that pierce the ceiling of clouds, from every river, star, and stone comes the eternal refrain: you are home. In simple, soaring language and breathtaking art, acclaimed author-illustrator Evan Turk has created a stirring ode to nature and nation. From the rugged coast of Maine to the fiery volcanoes of Hawaii, You Are Home reminds us that every animal, plant, and person helps make this land a brilliant, beautiful sanctuary of life.

The author, the grandson of Mohandas Gandhi, describes the life of the Indian leader as well as the history of India during Gandhi's time.

Discover ten vital and extraordinary life lessons from one of the most important and influential philosophers and peace activists of the twentieth century—Mahatma Gandhi—in this poignant and timely exploration of the true path from anger to peace, as recounted by Gandhi's grandson, Arun Gandhi. In the current troubled climate, in our country and in the world, these lessons are needed more than ever before. "We should not be ashamed of anger. It's a very good and a very powerful thing that motivates us. But what we need to be ashamed of is the way we abuse it." —Mahatma Gandhi Arun Gandhi was just twelve years old when his parents dropped him off at Sevagram, his grandfather's famous ashram. To Arun, the man who fought for India's independence and was the country's beloved preeminent philosopher and leader was simply a family member. He lived there for two years under his grandfather's wing until Gandhi's assassination. While each chapter contains a singular, timeless lesson, The Gift of Anger also takes you along with Arun on a moving journey of self-discovery as he learns to overcome his own struggle to express his emotions and harness the power of anger to bring about good. He learns to see the world through new eyes under the tutelage of his beloved grandfather and provides a rare, three-dimensional portrait of this icon for the ages. The ten vital life lessons strike a universal chord about self-discovery, identity, dealing with anger, depression, loneliness, friendship, and family—perfect for anyone searching for a way to effecting healing change in a fractured world.

*This book contains poems that issue mainly from the poet's experience and perspective as a First Nation Wampanoag member. Raised and educated by his non-native mother, he was also strongly influenced by his Wampanoag grandfather's stories and knowledge of the history of his people. In his thirties he began to travel to learn from elders of nations that lay distant from civilization in Canada and the north and southwest and found from them the wisdom he had found nowhere else. The elders asked him to go where he might be invited and make this wisdom available to all who asked for it, and for five decades, he has continued to travel wherever invited and speak to all who wish to listen.*

*Beginning with the achievements of Mahatma Gandhi, and following the legacy of nonviolence through the struggles against Nazism in Europe, racism in America, oppression in China and Latin America, and ethnic conflicts in Africa and Bosnia, Michael Nagler unveils a hidden history. Nonviolence, he proposes, has proven its power against arms and social injustice wherever it has been correctly understood and applied. Nagler's approach is not only historical but also spiritual, drawing on the experience of Gandhi and other activists and teachers. Individual chapters include A Way Out of Hell, The Sweet Sound of Order, and A Clear Picture of Peace. The last chapter includes a five-point blueprint for change and "study circle" guide. The foreword by Arun Gandhi, the grandson of Mahatma Gandhi, is new to this edition.*

*How many times are kids supposed to study Gandhi? Come September and out comes the bald head wig, round glasses, white dhoti, tall stick ... that's about the extent of how today's kids engage with the Mahatma. Chandrashekhar is one such teen. Bored by the annual Gandhi projects, he wonders if his teacher is being too unreasonable in asking them to "BE" Gandhi. And then, his world is shaken by events that rock him to the core, forcing him to dig deep and not just find his 'inner Gandhi', but become Gandhi. Not for a day or two. But, maybe even, for life. This is a novel that explores, not Gandhi the man or his life as a leader, but really the Gandhian way that must remain relevant to us. Especially today when the world is becoming increasingly steeped in violence and hate.*
