In Chris Thompson's second sci-fi novel, we find ourselves on the peace-loving world of Correlia, at the heart of the galaxy. The gentle existence of this ancient world is about to be torn apart by savage invaders bent on dominating a vast empire. Unable to defend themselves against the might of the warriors, the fate of Correlia depends upon a young scientist who has discovered the ability to traverse time itself—with unexpected results! Can anything stop the galaxy from being plunged into eternal darkness, and what will be the consequences of trying?

A Companion to Byzantine Italy

New York Times bestselling author Taylor Anderson continues the thrilling Destroyermen series of alternate history and military strategy, as the conflict is about to become terrifyingly personal.... Captain Matt Reddy and the crew of the USS Walker have been fighting for their lives ever since their ship was swept from the Pacific to another world and they became embroiled in a deadly conflict between their Lemurian allies and the ravening Grik. But things are about to get worse. With Reddy's family and allies held prisoner by the mad General Kurokawa, the mysterious League and evil Dominion plotting schemes of their own, and the Grik trying to build their swarm and concentrate power, Reddy faces danger on all sides. Although desperate to confront Kurokawa, Captain Reddy fears he's subordinating the war effort for personal reasons. But Kurokawa is too dangerous to be left alone. With the mighty League battleship Savoie at his command, he plots a terrible vengeance against Reddy and his tiny, battered destroyer. The stage is set for a devastating cataclysm, and Reddy and his allies will have to risk everything to protect what they hold dear.

Devil's Due

" Ever since the USS Walker came from another world war to defy the terrifying Grik and diabolical Dominion, Matt Reddy and his crew have given their all to protect the oppressed Lemurians. But with the Walker in desperate need of repairs just as the Grik's First General is poised to strike, Reddy is desperate"--

In Taylor Anderson's acclaimed Destroyermen series, a parallel universe adds an extraordinary layer to the drama of World War II. Now, Lieutenant Commander Matthew Reddy, the crew of USS Walker, and their allies battle an ever-growing host of enemies across the globe in a desperate battle for freedom ... War has engulfed the—other earth. With every hard-won victory and painful defeat, Matt Reddy and the Allies encounter more friends—and even more diabolical enemies. Even, at last, in the arms of the woman he loves, there is little peace for Reddy. The vast sea, and the scope of the conflict, have trapped him too far away to help on either front, but that doesn't mean he and Walker can rest. Cutting short his "honeymoon," Reddy sails off in pursuit of Hidoiame , a rogue Japanese destroyer that is wreaking havoc in Allied seas. Now that Walker is armed with the latest "new" technology, he hopes his battle-tested four-stacker has an even chance in a straight-up fight against the bigger ship—and he means to take her on. Elsewhere, the long-awaited invasion of Grik "Indiaa" has begun, and the Human-Lemurian Alliance is pushing back against the twisted might of the Dominion. The diplomatic waters seethe with treachery and a final, terrible plot explodes in the Empire of New Britain Isles. Worse, the savage Grik have also mastered "new" technologies and strategies. Their fleet of monstrous ironclads—and an army two years in the making—are finally massing to strike...

After being transported to a strange alternate Earth, Matt Reddy and the crew of the USS Walker have learned desperate times call for desperate measures, in the return to the New York Times bestselling Destroyermen series. Time is running out for the Grand Human and Lemurian Alliance. The longer they take to prepare for their confrontations with the reptilian Grik, the Holy Dominion, and the League of Tripoli, the stronger their enemies become. Ready or not, they have to move--or the price in blood will break them. Matt Reddy and his battered old destroyer USS Walker lead the greatest army the humans and their Lemurian allies have ever assembled up the Zambezi toward the ancient Grik capital city. Standing against them is the largest, most dangerous force of Grik yet gathered. On the far side of the world, General Shinya and his Army of the Sisters are finally prepared for their long-expected assault on the mysterious El Paso del Fuego. Not only is the dreaded Dominion ready and waiting for them; they've formed closer, more sinister ties with the

fascist League of Tripoli. Everything is on the line in both complex, grueling campaigns, and the Grand Alliance is stretched to its breaking point. Victory is the only option, whatever the cost, because there can be no second chances.
