Le regine del rap americano come Cardi B, Nicki Minaj, Doja Cat da qualche anno a questa parte hanno preso i primi posti delle classifiche come non era mai successo nella storia del genere. Un cambiamento epocale che sta ridisegnando l’hip hop USA. Questo nuovo scenario sta impattando anche sul mercato discografico italiano: giovani e agguerrite rapper stanno creando il terreno fertile per salire in alto alle classifiche con l'obiettivo di restarci a lungo. Rap Queens esamina questo fenomeno mettendo in luce le carriere delle rapper italiane che stanno provando a riscrivere una storia al femminile dell'hip hop italiano. Per contestualizzare il testo ripercorre le rappresentazioni della donna nella musica rap, in particolare nel cosiddetto Gangsta rap e nella Trap music. Rappresentazioni direttamente ispirate ai film blaxploitation americani degli anni '70 e della sua immagine stereotipata della donna prostituta. Un'immagine denigratoria della donna che rivive nei testi rap, nei quali è normalmente appellata come "hoe" o "bitch". A fronte di questa situazione, il libro offre anche un respiro di speranza ripercorrendo le risposte fornite del “hip hop feminist”, dalle pioniere come Mc Lyte, Queen Latifah, Lil Kim sino alle attuali Rap queens, nuove icone del femminismo in musica americano.

Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? This new, thoroughly updated 5th edition of Bradt's Armenia remains the only standalone guide available to this mountainous post-Soviet republic at the crossroads of Europe. Packed with detailed background information and invaluable practical advice, Bradt's Armenia remains the essential choice for anyone travelling to this beautiful country. New for this edition is coverage of the gastronomic revival in Yerevan, increased coverage of local music and nightlife, and expanded sections on protected areas, particularly the National Parks, including overview maps of their trail networks. Also new is information on the Transcaucasian Trail, hitch-hiking as a mode of transport, volunteering opportunities for longer-term travellers, and Yerevan as a popular base for 'digital nomads' and young diaspora Armenians. In addition, there is a wealth of new details for adventure travellers, including guidance on hiking and trekking, camping, mountain biking, cycle touring, rock climbing, off-road driving, and winter sports including ski touring. New long-distance trails are covered, too. Bradt's Armenia provides all of the information needed for a successful trip and covers all the most popular sights as well as those off-the-beaten track, including Dilijan National Park and the stunning forested mountains of Tavush, a region which is undergoing a renaissance as a place to explore and reconnect with nature; Areni village, one of the birthplaces of wine 6,000 years ago; and Vayots Dzor, the 'valley of woes', whose side valleys are abundant with wildlife-spotting opportunities. Tatev village and proposed National Park are included, as are the Orbelian caravanserai and other remnants of the ancient Silk Road trading route network that once criss-crossed the Caucasus region. Rich in both history and spectacular scenery, Armenia is a truly captivating country. Whether seeking out ancient monasteries dotted within dramatic landscapes, wandering through one of Yerevan's impressive museums or admiring the intricate stone carvings at Noratus, you'll find opportunities to delve into this nation's past at every turn. Add to this the welcoming locals, superb hiking possibilities and abundant bird life, and you'll soon discover why Armenia is worth more than just a fleeting visit.

This book examines the evolution of the phenomenon and explores the genesis of overtourism and the system dynamics underlining it. The 'overtourism' phenomenon is defined as the excessive growth of visitors leading to overcrowding and the consequential suffering of residents, due to temporary and often seasonal tourism peaks, that lead to permanent changes in lifestyles, amenities and well- being. Enormous tensions in overtourism affected destinations have driven the intensification of policy making and scholarly attention toward seeking antidotes to an issue that is considered paradoxical and problematic. Moving beyond the 'top 10 things you can do about overtourism', this book examines the evolution of the phenomenon and explores the genesis of overtourism as well as the system dynamics underpinning it. With a rigorous scientific approach, the book uses systems-thinking and contemporary paradigms around sustainable development, resilience planning and degrowth; while considering global economic, socio-political, environmental discourses. Researchers, analysts, policy makers and industry stakeholders working within tourism as well as those within the private sector, community groups, civil society groups and NGOs will find this book an essential source of information.

The wedge-shaped V12 Lamborghini flagships were always spectacular – in shape, sound and performance.The Murciélago was an evolution of the Countach and the Diablo, and was as iconic in its time as its illustrious predecessors were in theirs. This book examines the Murciélago in detail, while casting a look back through Lamborghini's troubled history, to understand how the Murciélago came into being. Ferruccio Lamborghini, Patrick Minram, Megatech, Chrysler, and finally VW-Audi, all played their part in the birth of this modern classic. The book touches on the people and organisations involved in the production of this iconic car, before examining each of the model variants, and discusses the joys and tribulations of ownership.

**Non ricordo quando e dove lessi queste parole di Charles Baudelaire, che toccarono le corde più sensibili della mia anima: «Ma i veri viaggiatori partono per partire e basta: cuori lievi, simili a palloncini che solo il caso muove eternamente, dicono sempre “Andiamo”, e non sanno perché. I loro desideri hanno le forme delle nuvole». Quell'anno - il 1993 - avevo forse voglia di leggerezza, di lasciarmi trascinare dalle nuvole di passaggio e il vento soffiava verso Cuba. Cuba: meta affascinante, paese teatro di una rivoluzione, nel bel mezzo del mar dei Caraibi. Come avrei potuto rifiutare due biglietti gratuiti gentilmente offerti da uno dei fornitori delle mie compagnie? Certamente mai avrei potuto immaginare che quel viaggio avrebbe innescato una serie di eventi a catena fino al divorzio da Carla nel 1996. Biglietti alla mano, ero deciso a partire ma Carla era reticente, sentiva i suoi obblighi verso Paola, la mamma, la sorella e la cagnolina. Era piena estate e si trovavano in campeggio, lei proprio non se la sentiva di lasciarle. Io invece preparavo le valigie. Il caro socio, collega e amico Tamai decise di venire con me. Cuba ci aspettava e partimmo colmi di aspettative, guida alla mano e tanti posti nuovi da visitare e scoprire.**

**Passammo una settimana esplorando l'isola in lungo e in largo. Venivamo ovunque accolti con gentilezza e capimmo ben presto che il turista è sacro anche perché porta economia. Ricordo in particolare i nostri pasti nelle casas particulares, dove assaporammo la cucina tipica - criolla - a base di piatti risultato dell'incontro tra la cucina spagnola e quella africana. Il pesce, come l'aragosta e i gamberoni, ci veniva servito freschissimo e ben saporito, a prezzi per noi impensabili. Le spiagge bianche dalla sabbia sottilissima, lambite da un mare eccezionalmente turchese, sono un vero paradiso. Trovata la nostra spiaggia preferita, Tamai e io ci siamo goduti un meritato relax, lontano dagli impegni quotidiani e dalle corse continue a cui il lavoro ci sottoponeva. La natura dell'isola è per fortuna ancora incontaminata e le grandi città raccolgono un incredibile patrimonio storico, architettonico e culturale. Ricercavamo ovunque l'autenticità cubana. Rientrai a San Donà molto contento. Dopo tanti anni un viaggio insieme a un amico era stato un piacevole diversivo. Non pensavo minimamente che al mio ritorno avrei trovato mia moglie ancora infuriata per la mia partenza.**

**This book presents significant theoretical and empirical studies of various aspects of hospitality and tourism from the perspectives of both tradition and innovation. With thirty-nine contributors from Bulgaria, Croatia, Indonesia, Italy, Portugal, Slovenia, Switzerland, Turkey, and the USA, it offers a collection of recent regional and marketing studies. The second part of the book deals with new developments in the tourism industry offering a range of chapters on new technologies and techniques, the modern concept of urban and city tourism development and specific new and innovative tourism types and products.**

**This comprehensive pictorial overview of Rover cars and car-derived vans covers the 60 years from 1945 to 2005. It describes and illustrates all of the great classic Rovers up to and including the SD1, and goes on to look at the models inherited from British Leyland that attracted Rover badges. It finishes with the models designed in conjunction with Honda; the later British-designed cars - and even the final City Rover. There is also consideration of some Rover models that were designed but, for various reasons, did not enter production, and can now only be seen as prototypes in museums. A title in Veloce's popular Pictorial History series, this book describes all of the postwar models with illustrations and technical data for each.**
