sometime in the near future. I am also certain that you would like to know who I am and what and why I am an expert in the field of RV. Fair enough! My name is Bruce Bowers, at the time of this writing I am 68, my wife Jill is

67, we both are retired and been living our dream RV life for last 5 years. But that is not why I wanted to write this book. I started my career as a banker years ago, but in just two years I knew banking was not my cup of tea. I loved

being outdoors, and somehow landed a job at an RV dealership in Austin, TX. Since then till I retired I have managed and operated multiple RV dealerships in TX, LA, and TN. I get asked these 8 questions often from

people. What is the right RV for me? Is buying a used RV a good idea? Are used RV's reliable? Can buying a used RV be a money pit? What are the best and most reliable brands out there? How would I know if the used RV I am buying is

or who should I buy
from? In this book, I
answer these
questions and cover
a few more
important topics that
most first-time RV

travel trailer, or camper of your dreams. Your new motorhome should fit your needs as best as it can. You deserve to travel in comfort and style. Armed with the knowledge of how to get the best deal when buying

a used RV, you can save precious money and time. This book will give you vital advice and guidance on how to buy a used motorhome. I am a travel writer by trade but a nomad by choice.

Traveling the

country by RV is one of the best ways to truly experience nature and adventure. I have lived in my share of different types of recreational vehicles, all with their own pros and cons. With this

nomadic lifestyle comes the challenges of repairs and maintenance of a home on wheels. This book is the culmination of what I have learned about the best practices of how to buy a used

Online Library Guide To Buy A Used Car

RV. The first section of this book is all about the basic factors of RVs. It is important for you to understand all the basics surrounding motorhomes. I help you understand the different types of

Online Library Guide To Buy A Used Car

motorhomes, the features of each type, and the benefits. We also look at the features to expect in an RV and factors to consider before deciding to buy a used RV. I help you compare the benefits of

Online Library Guide To Buy A Used Car

buying a used RV versus buying a new one. This way, you have a clear perspective on your options. In the second section of the book, you are introduced to RV inspections. When purchasing a used RV, the

Online Library Guide To Buy A Used Car

value you get depends on your inspection process. We help you prepare a detailed checklist of everything you desire in an RV. For you to find an RV that matches your needs, you must start by

Online Library Guide To Buy A Used Car

preparing a detailed list of all your needs and expectations. From this list, I help you figure out the features that are the most important and the ones that are not necessary. In the third section, we focus on

Reviews You're thinking about buying a car. You probably already have one in mind. You want a certain make and model; new or used, if used, with only a certain number of miles; and you maybe even know

the color. You consider a few dealerships, either because you have heard about them by word of mouth or from advertised sales. But where do you go from there? Aside from buying a house or paying for your

the constructive and mutually beneficial partnership that successful dealers strive to achieve. These guides not only reinforce anachronistic stereotypes about dealers but also subtly discourage
