Facing Mount Kenya, first published in 1938, is a monograph on the life and customs of the Gikuyu people of central Kenya prior to their contact with Europeans. It is unique in anthropological literature for it gives an account of the social institutions and religious rites of an African people, permeated by the emotions that give to customs and observances their meaning. It is characterised by both insight and a tinge of romanticism. The author, proud of his African blood and ways of thought, takes the reader through a thorough and clear picture of Gikuyu life and customs, painting an almost utopian picture of their social norms and the sophisticated codes by which all aspects of the society were governed. This book is one of a kind, capturing and documenting traditions fast disappearing. It is therefore a must-read for all who want to learn about African culture.

Before they are moved, Breed asks the children to write her letters and gives them books to take with them. Game On! 2020

Despite the differences between people around the world, there are similarities that join humanity together, such as pain, joy, and love. On board pages,

A young girl turns her imagination into action in this beautifully crafted and intricately designed debut picture book. When is an old truck something more? On a small, bustling farm, a resilient and steadfast pickup works tirelessly alongside the family that lives there, and becomes a part of the dreams and ambitions of the family’s young daughter. After long days and years of hard work leave the old truck rusting in the weeds, it’s time for the girl to roll up her sleeves. Soon she is running her own busy farm, and in the midst of all the repairing and restoring, it may be time to bring her faithful childhood companion back to life. With an eye-catching retro design and cleverly nuanced illustrations, The Old Truck celebrates the rewards of determination and the value of imagination.

Now available in board book format with revised content perfect for even the youngest children. Engaging photos will “show” early learners simple actions and concepts that all children learn as they begin to socialize and communicate. Lively, charming photos illustrate real kids doing common activities like helping and sharing or pushing and pulling.

This dark satire about an entitled young banker in a downward spiral is “a very modern and thoroughly haunting piece of work” (The Sunday Telegraph). It’s 2008 and Matt Freeman is living in London, desperately trying to keep a toehold in the financial world by running a shadow banking business with contacts in North Korea and Iran. He is furious with the emptiness and impermanence of twenty-first century life—but addicted to the allure of luxury possessions: cars, watches, bespoke suits. And meanwhile, there is the question of why the women in Matt Freeman’s life seem to disappear. Capturing one of the world’s financial capitals at a crucial moment, poised between extravagant excess and a terrifying recession, Get Me Out of Here is a satirical psychological thriller about the rage and desperation that come with the expectation of money for nothing. By turns darkly comic and unnerving, Sutton’s novel possesses a moral authority rare in contemporary fiction.
