

Guns N Roses The Truth La Verit Voices

From the creator of the popular rock 'n' roll true crime podcast DISGRACELAND comes an off-kilter, hysterical, at times macabre book of stories from the highly entertaining underbelly of music history. You may know Jerry Lee Lewis married his thirteen-year-old cousin but did you know he shot his bass player in the chest with a shotgun or that a couple of his wives died under extremely mysterious circumstances? Or that Sam Cooke was shot dead in a seedy motel after barging into the manager's office naked to attack her? Maybe not. Would it change your view of him if you knew that, or would your love for his music triumph? Real rock stars do truly insane things and invite truly insane things to happen to them; murder, drug trafficking, rape, cannibalism and the occult. We allow this behavior. We are complicit because a rock star behaving badly is what's expected. It's baked into the cake. Deep down, way down, past all of our so-called righteous notions of justice and right and wrong, when it comes down to it, we want our rock stars to be bad. We know the music industry is full of demons, ones that drove Elvis Presley, Phil Spector, Sid Vicious and that consumed the Norwegian Black Metal scene. We want to believe in the myths because they're so damn entertaining. DISGRACELAND is a collection of the best of these stories about some of the music world's most beloved stars and their crimes. It will mix all-new, untold stories with expanded stories from the first two seasons of the Disgraceland podcast. Using figures we already recognize, DISGRACELAND shines a light into the dark corners of their fame revealing the fine line that separates heroes and villains as well as the danger Americans seek out in their news cycles, tabloids, reality shows and soap operas. At the center of this collection of stories is the ever-fascinating music industry--a glittery stage populated by

gangsters, drug dealers, pimps, groupies with violence, scandal and pure unadulterated rock 'n' roll entertainment.

The last great rock 'n' roll memoir, Andy McCoy's autobiography covers the legendary guitarist's life and exploits from childhood through to the rekindling of his massively influential band, Hanoi Rocks, in the 2000s. McCoy helped introduce punk to Finland from an early age - and from their base in a Stockholm subway station, Hanoi Rocks embarked on a wild, death-defying, jet-setting thrill ride. Includes dozens of rare, candid photos and a new preface written by McCoy in 2009 after the final breakup Hanoi Rocks.

Into the Black begins on the eve of the release of Metallica's massive breakthrough with the eponymous LP that became known as "The Black Album." Suddenly, at the dawn of the '90s, Metallica was no longer the biggest thrash metal band in the world-they were the biggest rock band in the world, period. But with such enormous success came new challenges, as Metallica ran the risk of alienating their original fan base. They were beset by controversy over musical stylistic shifts, supposed concessions to the mainstream, even their choice of haircuts. During this transformative era, journalists Paul Brannigan and Ian Winwood had unprecedented access to Metallica. They accompanied the band on tour and joined them in the studio, getting exhilarating eyewitness views into the belly of the beast. Together they amassed over 75 hours of interview material, much of it never in print before now. Through changes both musical and personal, Metallica struggled to maintain their identity and remain a viable creative force. A ferocious battle with the file-sharing company Napster saw the quartet attract the worst PR of their career. Meanwhile, communication breakdowns between James Hetfield, Lars Ulrich, Kirk Hammett, and Jason Newsted (who would leave the band in 2001) led to fierce internal arguments, as laid bare in the controversial documentary Some Kind of Monster. At the end of the century, Metallica had appeared to be a band teetering on

Read PDF Guns N Roses The Truth La Verit Voices

the brink of self-destruction, but through setbacks and struggle they endured and thrived. From Load, Reload, and Garage, Inc. to the stunning return to form in Death Magnetic and the mass tours that accompanied them-including the real story behind the Big Four shows-Into the Black takes readers inside the heart of Metallica and concludes the saga of one of the greatest rock bands of all time.

Reveals the complete story of the superstar rock group Guns N' Roses and its front man, W. Axl Rose, profiling each member of the band and their turbulent history from the group's 1980s origins to its rise to the heights of the music world.

Offering in-depth profiles of a wide variety of bands and performers, this revealing, candid look at the world of heavy metal music draws on personal interviews and anecdotes to chronicle the outrageous personalities of heavy metal, covering such legendary performers as Metallica, Ratt, Van Heln, Twisted Sister, Black Sabbath, Guns n' Roses, and many others. Original. 20,000 first printing. This one-of-a-kind reference investigates the music and the musicians that set the

popular trends of the last half century in America. • Contains an alphabetical collection of entries that each profile a major group and band from the past 60 years • Provides a selected discography and bibliography for further listening and reading for each entry • Covers a wide variety of styles from classic rock to surf rock to hip hop • Features sidebar entries which tie together larger popular music concepts such as the rise and influence of MTV and the phenomenon of girl bands

In the case of true love, the soul is given to the other long before the body. Carolina suffers the terrible and gruesome murder of her father in circumstances surrounded by mystery, intrigue and danger. The young Detective Nicolás Valdés is drawn into a centuries old battle between two allies become foes. Together Carolina and Nicolás fight against the killers who lurk in the shadows, while they grow ever more drawn to each other in a web of repressed desire. They pursue a hidden secret that could change the world, and for which many are prepared to kill. Nothing is as it seems, and who will live and who will die in this struggle is uncertain. Some pursue power and some pursue truth, and some, the lucky few,

find love.

From Andrew Dice Clay, the “Undisputed Heavyweight Comedy King,” comes the unapologetic and uncensored autobiography fans have been waiting for. Andrew Dice Clay’s raw and uncensored stand-up comedy has shocked and entertained audiences for decades and continues to do so to this day. When he released his debut album, *Dice*, in 1989, the parental advisory label simply read “Warning: This album is offensive.” His material stretched the boundaries of decency and good taste to their breaking point, and in turn he became the biggest stand-up comic in the world. But Dice’s meteoric rise and spectacular fame brought on a furious backlash from the media and critics. By the mid-nineties, though still playing to packed audiences, the turmoil in his personal life, plus attacks from every activist group imaginable, led him to make the decision to step out of the spotlight and put the focus on raising his boys. The Diceman was knocked down, but not out. Taking inspiration from what Frank Sinatra once told him—“You work for your fans, not the media. The media gets their tickets for free”—Dice has bounced back with critically acclaimed roles and is once again playing to sold-out audiences.

The Saga of Guns N' Roses
Sex & Drugs & Guns N' Roses
Fargo Rock City

Originally collected in *Sex, Drugs, and Cocoa Puffs* and now available both as a stand-alone essay and in the ebook collection *Chuck Klosterman on Rock*, this essay is about a Guns N' Roses tribute band.

The updated version of McIver's bestselling biography explores the aftermath of Metallica's comeback in the wake of 2008's *Death Magnetic*. The band entering the Rock And Hall Of Fame, toured as the leading member of the Big Four Of Thrash alongside Slayer, Megadeth and Anthrax Establishing their own Orion festival Embarking on side projects aplenty (Lars Ulrich as an actor, Kirk Hammett as a horror buff) and recorded what

is possibly the most despised record in heavy metal history, a collaboration with Lou Reed titled Lulu. Here McIver reveals a refreshing new spin on the Lulu album, re-evaluating its contents in the light of Reed's death in 2013. Many millions of words have already been written about Guns N' Roses, the old line-up, the new line-up. But none of them have ever really gotten to the truth. Which is this: Guns N' Roses has always been a band out of time, the Last of the Giants. They are what every rock band since the Rolling Stones has tried and nearly always failed to be: dangerous. At a time when smiling, MTV-friendly, safe-sex, just-say-no Bon Jovi was the biggest band in the world, here was a band that seemed to have leapt straight out of the coke-smothered pages of the original, golden-age, late-sixties rock scene. 'Live like a suicide', the band used to say when they all lived together in the Hell House, their notorious LA home. And this is where Mick Wall first met them, and became part of their inner circle, before famously being denounced by name by Axl Rose in the song 'Get in the Ring'. But this book isn't about settling old scores. Written with the clear head that 25 years later brings you, this is a celebration of Guns N' Roses the band, and of Axl Rose the

frontman who really is that thing we so desperately want him to be: the last of the truly extraordinary, all-time great, no apologies, no explanations, no giving-a-shit rock stars. The last of his kind.

Guns N' Roses fans know the Use Your Illusion tour went on nonstop from 1991 to 1993. They know that concerts sold out in minutes all over the world so fans could hear chart-topping singles Welcome to the Jungle, Sweet Child of Mine, Paradise City, and November Rain live. They know the Use Your Illusion tour was the last for the band with Slash and Duff. But they've only heard rumors of the behind-the-scenes shenanigans. Fortunately for fans, Craig Duswalt hasn't just heard rumors—he knows what went on backstage on one of the longest and most popular music events because he lived it. As Axl Rose's personal manager during the ridiculously long world tour, Duswalt experienced things that would make most people run the other way and never look back. And in Welcome to My Jungle, he shares the sometimes hilarious, sometimes just plain reckless, and always insane actual happenings on the tour. A true must-read for Guns N' Roses fans, Welcome to My Jungle delights readers with hilarious

and entertaining exclusive firsthand stories like:

- The day Axl Rose, Kurt Cobain, and Courtney Love got into a “huge war” backstage at the MTV Awards
- Why Guns N' Roses are forever linked to Charles Manson
- The night Liz Taylor walked in on a very nude Slash—and stayed a while

Featuring little-known facts for the ultimate GN'R fan, Welcome To My Jungle gives an inside look at what it's really like to live and work with a hugely popular band, from the middle of a rock and roll hurricane.

In Double Talkin' Jive legendary drummer Matt Sorum takes music lovers behind the scenes of a remarkable life in rock. Sorum, whose albums have sold tens of millions of copies around the world, provides an honest, engaging account of the highs and lows of superstardom. Sorum

recounts his childhood years idolizing Ringo Starr and surviving an abusive stepfather. After leaving high school, Sorum sold pot to get by. Over time, his drug dealing escalated to smuggling large quantities of cocaine, a career that came to a halt following a dramatic shoot-out. Sorum fled his old life and settled in Hollywood, where he'd enjoy a rapid ascension to rock 'n' roll immortality. He caught his big break drumming for the Cult, and only a year later was invited to join Guns N' Roses, with whom he'd record two of rock's most iconic albums: Use Your Illusion 1 and 2. The Rock N' Roll Hall of Fame inductee & Grammy Award winning Sorum opens up with forthright honesty, sharing anecdotes from his time touring the globe, battling drug and alcohol addiction, as well as working with Axl Rose, one of the greatest frontmen in rock, Slash and the rest of the GNR team. His career with the Cult, Guns N' Roses, Velvet Revolver, Motörhead, the Hollywood Vampires, and Kings of Chaos costars an ensemble of rock royalty, from Billy Idol to Steven Tyler, Billy F Gibbons and Alice Cooper. Double Talkin' Jive goes beyond the clichés of sex, drugs, and rock 'n' roll, telling the very human story of what it takes to make it in music, and the toll stardom exacts from those who achieve success. Sorum invites fans to

revel in the debauchery of the good times, but also paints a stark portrait of life after the party. Music fans of any generation will find value in the pages of this evocative, thoughtful, and candid autobiography.

*Forty years, twenty-eight ODs, three botched suicides, two heart attacks, a couple of jail stints, a debilitating stroke . . . Now, Steven Adler, the most self-destructive rock star ever, is ready to share the shattering, untold truth. Once upon a time, Steven Adler—along with four uniquely talented but very complicated and demanding musicians—helped form Guns N’ Roses. They emerged from the streets, primal artists who obliterated glam rock and its big hair to resurrect rock’s truer blues roots . . . and took “sex, drugs, and rock ’n’ roll” to obscene levels of reckless abandon. By the late 1980s, GN’R was the biggest rock band in the world, grabbing headlines and awards while selling out huge arenas. But there was a price to pay. For Adler, it was his health and sanity, culminating in his brutal public banishment by his once-beloved musical brothers—a humiliating act of betrayal that caused him to plunge into the dark side and spend most of the next twenty years in a drug-fueled hell. In *My Appetite for Destruction*, Adler digs deep, revealing the last secrets—not just his own but GN’R’s as well.*

For the generation coming of age in the years from 1987 to 1994, RIP magazine was every bit as crucial as Rolling Stone. Life on Planet Rock describes how Friend, the editor of RIP, became the Zelig-like chronicler of the biggest musical moments of that time—from introducing Guns N' Roses (in nothing but a top hat, underwear, and cowboy boots) to sitting in during the making of Metallica's "Black Album." Life on Planet Rock provides revealing portraits of artists as varied as Kurt Cobain, Gene Simmons, Alice Cooper, Axl Rose, James Hetfield, Steven Tyler, and many more. Part oral history, part candid and humorous memoir, it is a wormhole back to a fast-moving time in music that saw tastes flash from new wave to hair metal to grunge, told as only someone who was there through it all could tell it.

The year is 1983, and Chuck Klosterman just wants to rock. But he's got problems. For one, he's in the fifth grade. For

Read PDF Guns N Roses The Truth La Verit Voices

another, he lives in rural North Dakota. Worst of all, his parents aren't exactly down with the long hairstyle which rocking requires. Luckily, his brother saves the day when he brings home a bit of manna from metal heaven, SHOUT AT THE DEVIL, Motley Crue's seminal paeon to hair-band excess. And so Klosterman's twisted odyssey begins, a journey spent worshipping at the heavy metal altar of Poison, Lita Ford and Guns N' Roses. In the hilarious, young-man-growing-up-with-a-soundtrack-tradition, FARGO ROCK CITY chronicles Klosterman's formative years through the lens of heavy metal, the irony-deficient genre that, for better or worse, dominated the pop charts throughout the 1980s. For readers of Dave Eggers, Lester Bangs, and Nick Hornby, Klosterman delivers all the goods: from his first dance (with a girl) and his eye-opening trip to Mandan with the debate team; to his list of 'essential' albums; and his thoughtful analysis of the similarities between Guns 'n' Roses' 'Lies' and the gospels of the New Testament.

Includes brand new chapter covering Guns N' Roses epic world tour. Many millions of words have already been written about Guns N' Roses, the old line-up, the new line-up. But none of them have ever really gotten to the truth. Which is this: Guns N' Roses has always been a band out of time, the Last of the Giants. Guns N' Roses' Use Your Illusion I and II

Goodbye, Guns N' Roses transports the reader into a mind-altering trip through the colors, scandals, nihilism, and mythology that make Guns N' Roses so much more than another "hair metal" band. A valentine and a breakup letter to one of rock's most controversial bands. Goodbye, Guns N' Roses is a genre-rattling attempt to explain the appeal of America's most divisive rock band. While it includes uncharted history and the self-lacerating connoisseurship of a Guns N' Roses fetishist, it is not a recycled chronicle — this book is a deconstruction

of myth, one that blends high and low art sketches to examine how Guns N' Roses impacted popular culture. Unlike those who have penned other treatments of what might be considered a clichéd subject, Art Tavana is not writing as a GNR patriot or former employee. His book aims to provide an untethered exploration that machetes through the jungle of propaganda camouflaging GNR's explosive appeal. After circling the band's three-decade plundering of American culture, Goodbye, Guns N' Roses uncovers a postmodern portrait that persuades its viewer to think differently about their symbolic importance. This is not a rock bio but a biography of taste that treats a former "hair metal" band like a decomposing masterpiece. This is the first Guns N' Roses book written for everyone; from the Sunset Strip to a hyper-digital generation's connection to "Woke Axl," it is a pop investigation that dodges no bullets.

A deep look into the raging social media battles between red and blue Americans and the growing threat to US democracy from right-wing extremism. The Far Right's rise to power has ignited a digital civil war that rages across multiple fronts and multiple platforms. It is waged with words and images that are designed to inflict psychological harm, to injure through verbal violence, to intimidate and incite, to wreak havoc with rhetoric. The combatants are citizens, activists, politicians, pundits, coders, conspiracists, trolls, agitators, hackers, and journalists. At stake are the nation's bedrock principles: equal rights, fair elections, freedom of speech, racial justice, and the rule of law. In Digital Civil War: Confronting the Far-Right

Menace, Peter Daou, a veteran digital media adviser to major political figures, provides a firsthand account from the war's front lines. He explains that the unceasing toxicity of social media—often treated as an aberration—is a feature, not a bug, of digital warfare. A better understanding of how the underlying value systems and moral arguments of the warring parties play out online, Daou argues, aids us in confronting the Far Right's takeover of the Republican Party and the consequent assault on truth, facts, and the foundations of our democracy.

Murder She Writes presents a one-of-a-kind romantic suspense anthology with ten all-new short stories and novellas that promise thrills, chills, romance, intrigue, passion, danger, murder...and love. Penned by New York Times and award winning authors, some stories in this exclusive collection will make you laugh out loud while others will force you to sleep with the lights on. These never-before-published stories were penned by: Lori Armstrong, Allison Brennan, Josie Brown, Toni McGee Causey, Sylvia Day, Laura Griffin, Lorelei James, Sophie Littlefield, Roxanne St. Claire, and Karin Tabke.

MurderSheWrites.com is a six-year-old blog of suspense and romance writers who collectively have more than 150 books published, nearly two years on the NYT best seller list, and are the recipients of several major awards, including the RITA, the Shamus, the Anthony, and the Daphne.

If you could but see it, nearly everything about the way human culture treats sex is expressive of fear. If sex were a child, it would be the most battered and brutalized child in the universe. In its genuine spiritual or authentic character, sex is repressed,

suppressed, denied, covered up, legislated, caged, and not allowed to see the light of day; while, at the same time, in its institutionalized and public expressions it is distorted, exploited, ridiculed, flagrantly flashed in everyone's face and paraded through the streets. This book is the narration of a young man who died of AIDS in the early 1990's. It is a graphic description of his homosexual drives and engagements. Then it turns to his personal encounter with the Grace of God. That is followed by his ongoing transformation and a prophetic ministry from God through him. Can it ""aid"" the reader to wake-up to the power of the Risen One that resides within those that believe?

The True Story of Guns N' Roses

Slash

Double Talkin' Jive

(FAQ). Thirty years ago, five L.A. punks unleashed their debut album upon the atrophied and decadent rock charts of Reagan's America. Within weeks, Appetite for Destruction ascended to number one on the U.S. charts; to date, Appetite has sold more than thirty million copies, making it the bestselling U.S. debut album of all time. To say that Guns N' Roses

redefined rock 'n' roll is akin to asserting that Jimi Hendrix revolutionized surf music a statement that, while technically true, does more to conceal the truth than elucidate it. GN'R turned back the tide of MTV-spawned New Wave/synth pop by infusing the blistering hard rock of Led Zeppelin and Aerosmith with a punk sensibility that hearkened back to the onstage anarchy of the Stooges, New York Dolls, and Sex Pistols. In *Guns N' Roses FAQ: All That's Left to Know About the Bad Boys of Sunset Strip*, Rich Weidman charts the amazing journey of this seminal record and the band behind it. From the gutters of West Hollywood to the Rock and Roll Hall of Fame, from *Appetite* to *The Spaghetti Incident?*, these 400 pages of hedonistic nihilism, salacious debauchery, and raw, unadulterated rock are guaranteed to turn your head, blow out your eardrums, obliterate your comfort zone, and leave you begging for more. Written in Backbeat's popular FAQ format, *Guns N' Roses FAQ* breaks the band's story into a series of chapters equally suitable for a straight-through read or piecemeal consumption. Weidman's treasure trove of facts, trivia, stories, and photographs touch on every topic imaginable. Subjects explored include the band's earliest influences and venues, most notorious concerts and opening acts, highlights from their seemingly endless *Appetite for Destruction* and *Use Your Illusion* tours, bizarre TV appearances (like the time they destroyed the set of MTV's *Headbangers Ball!*), public

and private feuds, music videos, best and worst covers (Pat Boone, anyone?), and much more. From the golden years of the late eighties and early nineties to the outrageous antics and self-destructive tendencies that to irreconcilable inner turmoil, from the band's West Hollywood club days to the reunion of three of the five classic band members during the 2016 Not in This Lifetime Tour, Guns N' Roses FAQ paints a portrait replete with sheer talent, raw power, dangerous rivalries, rock excess, and sudden reconciliation that's simply unrivaled by anything else on the market.

A journalist who had unprecedented access to Guns n' Roses at their peak delivers a big, brash history of the band's charismatic, fantastically talented and idiosyncratic leader—W. Axl Rose Even in the world of rock and roll, a figure like Axl Rose doesn't come along very often. Mercurial and brilliant, deluded and imperious, Rose defies easy description or analysis. Few people have studied Rose as closely as Mick Wall has. Traveling with Guns n' Roses and writing about them in the late 1980s and early 1990s, Wall first earned Axl's trust and later his fury. W.A.R. goes back to the beginning, revealing Rose's childhood influences (and how he got his name), and tracking the birth of the band and their enormous success with albums like "Appetite for Destruction" and "Use Your Illusion." With fame and money came substance abuse and infighting, and a lead singer who morphed from

eccentric to seemingly unhinged. Wall's book is richly detailed and offers surprising new views on some celebrated Guns 'n Roses and Axl Rose incidents, including: --the death of two fans at a concert in Donington Park in England, --Rose's fall-out and eventual split from every one of the other original Gn'R band members, --fights with perceived enemies like Kurt Cobain, Motley Crue's Vince Neil and fashion designer Tommy Hilfiger, --Rose's consistent refusal to show up at concerts throughout his career, --Axl becoming a virtual recluse at his Malibu mansion for most of the past 15 years. The book goes right up to the present, to explore why a new Guns n' Roses—with a reconfigured band—has toured but still hasn't released their long-awaited album "Chinese Democracy", now over a decade in the making at a cost of over \$13 million. W.A.R. is about great music, bad relationships, and the public and private personas of one of the most controversial performers of our time.

The New York Times bestselling epic tale of the last great rock band From the bestselling author of Hammer of the Gods comes the complete story of Guns N? Roses ? from their drug-fueled blastoff in the 80s to the turbulent life of legendary singer Axl Rose, and his fifteen-year, multimillion dollar quest to make the perfect hard rock album. Riotous world tours. Drug-induced rampages. One hundred millions albums sold. In his sixth major rock biography,

Stephen Davis details the riveting story of the last great rock band. Watch You Bleed documents the life of every band member, including the improbable story of W. Axl Rose. Davis brilliantly captures the Guns? raw power ? from the gutters of Sunset Strip to the biggest stadiums on the planet. Based on exclusive interviews, private archives, and packed with stunning revelations, Watch You Bleed is the savage, definitive, and highly unauthorized story of Guns N? Roses. For the first time, millions of fans will learn the whole truth about this legendary band.

A rock band on the cusp of massive stardom, Unlocking the Truth is made up of three thirteen-year-old African American boys: Malcolm, Jarad, and Alec. When not in school they spend their time as rock stars opening for the likes of Queens of the Stone Age, Motorhead, and Guns N' Roses, and crowd surfing at Coachella. They are currently working on their soon to be released debut EP. The key to their success: hard work, dedication, passion, and focus on their art. Part memoir and part guide book, the boys share the essential truths and principles, such as faith, determination and friendship, that led to their success and continue to drive them. The book will inspire and be a resource for kids looking to realize their own dreams, as well as parents who want to support their children's aspirations.

The Inside Story of Metallica (1991-2014)

He was a hardworking child actor in the early 1970s, appearing on dozens of popular films and TV programs. Then he was offered a chance to make a record and “Leif Garrett, teen idol” was born. Millions of teenage girls all over the world covered their walls with his picture. His face adorned hundreds of international magazine covers as he became one of the biggest and most desired heartthrobs in history. There were jet-setting tours, TV specials, and hit records, along with an endless supply of beautiful women, alcohol, and ultimately, the drugs that sent this shooting star into the darkest depths of addiction. Idol Truth is a harrowing survivor’s story as well as a charmed tale filled with compelling pop culture characters—from Michael Jackson and Brooke Shields to John Belushi, Freddie Mercury, and many more. It’s the first time ever that Leif Garrett has come clean about his life, revealing all the details of his spectacular journey

'Reckless Road' documents the beginning of the legendary band Guns N' Roses and the creation of their seminal groundbreaking album 'Appetite for Destruction'.

This is the story of how a group of LA street bums became one of the most successful rock bands of their generation. It provides an insight into the excesses of the rock world, showing how the group's career has been littered with fights, arrests, bans, sex and drugs.

Read PDF Guns N Roses The Truth La Verit Voices

Compelling trivia for our age of disinformation American culture is awash in lies. Despite the fact that we have the truth at our fingertips at all times, Americans still believe lies about everything from health to politics to science to business. Kate Adams's clever trivia book debunks the 500 most common untruths and shows readers why we are all so susceptible to misinformation, and also includes a chapter on facts that are true, but seem like bullsh*t. Sample Lies: Left and Right Brain There's no solid division between hemispheres; the left brain can learn "right-brain skills" and vice versa. Three Wise Men Nowhere in the Bible does it specify that there were three. Flush Rotation A flushed toilet doesn't drain the other way in the opposite hemisphere. The Coriolis effect doesn't apply to water in toilets. Einstein was a terrible student and failed mathematics. Albert Einstein actually aced his report cards. His reputation for being a notoriously terrible student? That came from his habit of talking back to his teachers when he felt they were acting too authoritarian. Sample Facts that Seem Like Bullsh*t: A day on Venus is longer than a year. A chicken lived without a head for 18 months. Human children don't get kneecap bones until they're around three years old. A mantis shrimp can punch with the force of a 22-caliber bullet.
