

## Half A War Shattered Sea Book 3

A classic coming-of-age tale set in a vivid and richly-imagined world from Sunday Times bestselling author Joe Abercrombie.

It's called the "Gettysburg of the West," the battle for control of Glorieta Pass, near Santa Fe. At stake is a route to Colorado's gold and San Francisco's unblockadable sea coast, which would give the Confederate States a vital edge. General H.H. Sibley's Texas Confederates are opposed by a Union army under Colonel E.R.S. Canby. Before the war, Sibley and Canby were on the same side. Now there's just no winning in this bloody battle between countrymen torn apart by money, politics, and geography. History will ignore the fate of Lieutenant Franklin O'Brien, Captain O'Brien of the Colorado Volunteers, Jamie Russell of San Antonio, and Miss Laura Howland, recently arrived from Boston. They will be utterly changed, however, in the cauldron where the fate of Glorieta Pass--and hundreds of lives--is decided.

Settle in for a thrill-a-minute journey to the land of the ancient Incans in H. Rider Haggard's novel *The Virgin of the Sun*. An antique dealer whose life is thrown into disarray by a sudden disaster sets off for the adventure of a lifetime -- and along the way finds a romance that begins to heal his hardened heart.

A dark epic fantasy series, where one woman's thirst for revenge and struggle with her inner demons will put the entire world in jeopardy. The only thing twenty-one year old Adrastine wants is revenge against her depraved father-but when she tries to kill him, she is caught and thrown into a holy war for a god she doesn't believe in. But disaster is coming, and all Adrastine's powers seem minor by comparison. Someone, or something, is draining the planet's lifeblood, killing the land and everything on it at an alarming rate. Jacob is a shelon, a man who can wield magic, a spy dispatched by Queen Valtice to find The Rose of Nerine - the only one who can stop the rape of the land and save the people. But when Jacob finds Adrastine, he can't convince her to let Rose, let alone to leave her home and journey with him across the tempestuous sea to Nerine. Adrastine is drawn to Jacob, despite their differences. But that is a dangerous path, an unwelcome distraction to her quest for revenge. And if she learns his secrets, it will cement her hatred of men forever, weakening powers she is only just learning she has, powers that can change the world.

"He Walks with Dragons" takes place when what was, what is, and what shall be were one in the same. Draig, a boy on the verge of his manhood, is summoned to the majestic mountain by the Great Ones. There he finds out he is about to transcend the ages and risk his life to prevent the destruction of mankind. Born into the naïve innocence of ancient man, Draig lives a simple pastoral existence in a quiet, small village. But one day he is flung on a magical journey into a forbidden new world. There, Draconos, a dragon, befriends the boy, training him in the art of warfare. From this day forward, the young boy finds himself in awe at the wonders the world holds for him. Not only has Draig become a man, but he is living like a dragon and learning their mystical powers. "From the time Man first crawled upon this earth...we found him worthy to take his rightful place among the creatures that walk upon the earth. While hiding in the shadows, we have protected him. We have nurtured him all these many ages. But now man grows in great numbers and makes war on everything he sees." And when the time comes, will Draig be willing to lay down his life for the sake of saving the dragons? And when the dragons are gone, where will he go? He is no longer just a man.

"Written for those who are especially interested in action, adventure, war and even romance, the novel offers an escape for people of all ages into another world that once was. Based on actual events and battles that happened, *The New King* also includes a lot of historical elements that make it both an entertaining and educational read." - Natalia Balcerzak "Perhaps the next major series to captivate a generation will take place in a land closer to home, one that young people are both familiar with and could never truly understand all the same." -Ashley Moniz

When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. Armed soldiers converge on the scene to ward off the invaders, but meanwhile, more Martian cylinders land on Earth, bringing reinforcements. As war breaks out across England, the locals must fight for their lives, but life on Earth will never be the same. This is an unabridged version of one of the first fictional accounts of extraterrestrial invasion. H. G. *All fiction is character-driven, according to William Bernhardt. How can you use characters to create dynamic fiction that will captivate readers? This book explains the relationship between character and plot, and how the perfect melding of the two produces a mesmerizing story.*

*Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero. Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting of a toilet bowl. Much to his amazement, he sells it. In short order he's hailed as the new Andy Warhol and becomes an overnight sensation—and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs, and calendars than Edvard Munch's The Scream. His friend and mentor, Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and reacquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiouser and curiouser from there. During his stay—which is sometimes zany and sometimes frightening—he meets his hero, Michelangelo, who teaches him the true meaning of art.*

*I have never been one for history. It was the past. But history was dropped in my lap the day two dusty, dirty boxes were discovered in the old farmhouse where my mother was born. As I opened the lids, I was immediately thrown back in time. I was now in the 1940's and caught in the realms of WWII. From the air over the Pacific to the cold harsh winter of the Ardennes in Europe, this is a daughter's story as told to her by her fathers.*

*Charles Dickens attained an astounding level of popular acclaim during his lifetime; Victorian audiences clamored for his traditional Christmastime stories every year. The tale "A Message from the Sea" is an example of one of Dickens' Christmas publications; although the nautical setting of the story is not what one would traditionally expect from a holiday publication, the themes of charity, good will, and rising above seemingly insurmountable odds are sure to spark a warm glow in readers' hearts any time of the year.*

After a terrible accident turns into a protected secret, a twisted string of events brings Drake miles away from home to an elderly man's front door. Every promising opportunity also brings new doubts and temptations to run away—this time for good. *The story of an unconventional man; tales of adventure, travel and inspirational meetings. From hazardous sports to bold business ventures, music, and dance - all life is here.*

*I lived in a world of darkness, never to see the light again. It's been eleven years since my father cursed Crystal City, since he condemned me to a life of loneliness and misery. By taking away everything that my mother loved, he took everything that I knew and cared for. Everything, but the throne. Only what good was being a queen in a city of mindless killers? A city that would never see the sunlight until the day of my death. I truly had nothing to live for... Or so I thought. The night that Wolfe was dragged into my palace, I knew that my life would never be the same. We were childhood friends once, but we went our separate ways. He became captain of the pirates, and I ascended to the diamond throne. My once sworn protector had become my enemy, but we were both alone, and the connection we felt was almost unbearable to ignore. My heart only cracked after my father abandoned me, but Wolfe would completely shatter it. For someone that hasn't felt anything for years, that wasn't such a bad thing.*

*Having survived the worst effects of the Civil War, the city of Memphis, battered but unbowed, finds itself facing a far more dangerous foe. It is invisible, lethal, and unstoppable: a plague of yellow fever. It is the story of JP Mahoney, 14-year-old farm boy who dreams of escape from tedious chores and farmlife routine. It is the story of a courageous young woman, Ginnie Moon, onetime Confederate spy, who now operates a boarding house for men who have survived the war. And it is the story of Kevin O'Boyle, an embittered riverfront laborer, who blames the world for his troubles, and finds the crippled city his perfect prey. Several characters in the novel are actual historical figures, most notably Ginnie Moon, Judge "Pappy" Hadden, and Cap'n Jim Lee. Their actions, and those of the other characters, are entirely fictional. The plague, one of several to hit the city in the years following the war, was all too real.*

Now that belief will be tested in the crucible of revolution: the Breakers and Burners have seized the levers of power, the smoke of riots has replaced the smog of industry, and all must submit to the wisdom of crowds. With nothing left to lose, Citizen Brock is determined to become a new hero for the new age, while Citizeness Savine must turn her talents from profit to survival before she can claw her way to redemption. Orso will find that when the world is turned upside down, no one is lower than a monarch. And in the bloody North, Rikke and her fragile Protectorate are running out of allies . . . while Black Calder gathers his forces and plots his vengeance. The banks have fallen, the sun of the Union has been torn down, and in the darkness behind the scenes, the threads of the Weaver's ruthless plan are slowly being drawn together . . .
