Mainstream economics ignores or distorts the most fundamental aspect of this reality: that the vast majority of people must, out of necessity, labor on behalf of others, transformed into nothing but a means to the end of maximum profits for their employers. The nature of the work we do and the conditions under which we do it profoundly shape our lives. And yet, both of these factors are peripheral to mainstream economics. By sweeping labor under the rug, mainstream economists hide the nature of capitalism, making it appear to be a system based upon equal exchange rather than exploitation inside every workplace.

The "taut and haunting" first thriller in the Gardiner and Renner series from the New York Times bestselling author of *Every Kind of Wicked* (Jeff Lindsay, creator of the Dexter series). As a forensic investigator for the Cleveland Police Department, Maggie Gardiner has seen her share of Jane Does. The latest is an unidentified female in her early teens, discovered in a local cemetery. More shocking than the girl's injuries—for Maggie at least—is the fact that no one has reported her missing. She and the detectives assigned to the case (including her cop ex-husband) are determined to follow every lead, run down every scrap of evidence. But the monster they seek is watching every move, closer to them than they could possibly imagine. Jack Renner is a killer. He doesn't murder because he enjoys it, or because he believes himself omnipotent, or for any reason other than to make the world a safer place. When he follows the trail of this Jane Doe to a locked room in a small apartment where eighteen teenaged girls are anything but safe, he knows something must be done. But his pursuit of their captor takes an unexpected turn. Maggie Gardiner finds another body waiting for her in the autopsy room—and a host of questions that will challenge everything she believes about justice, morality, and the true nature of evil . . . "An absolute must read."—*Suspense Magazine* "Black skillfully portrays the stark realities of homicide cases."—*Library Journal* "Intriguing forensic details help drive the plot to its satisfying conclusion."—*Publishers Weekly* "The surprising ending is sure to keep readers coming back for more."—*Booklist*

The British and American Congo Reform Movement (ca. 1890-1913) has been praised extensively for its › heroic ‹ confrontation of colonial atrocities in the Congo Free State. Its commitment to white supremacy and colonial domination, however, continues to be overlooked, denied, or trivialised. the main agenda of this first major human rights campaign of the 20th century. Through a thorough analysis of contemporary sources, Felix Lösing unmasks the colonial and racist formation of the modern human rights discourse and investigates the historical work of racism at a crossroads between imperial power and white crisis.

*Dear, dear, when the soft-hearts get hold of thing like that missionary's contribution they completely lose their tranquility they speak profanely and reproach Heaven for allowing such a find to live. Meaning me . They think it irregular. They go shuddering around, brooding over the reduction of that Congo population from 25,000,000 to 15,000,000 in the twenty years of my administration ; then they burst out and call me the King with Ten Million Murders on his Soul. They call me a 'record'. Perhaps the most popular of all canonical American authors, Mark Twain is famous for creating works that satirize American formations of race and empire. While many scholars have explored Twain's work in African Americanist contexts, his writing on Asia and Asian Americans remains largely in the shadows. In *Sitting in Darkness*, Hsuan Hsu examines Twain's career-long archive of writings about United States relations with China and the Philippines. Comparing Twain's early writings about Chinese immigrants in California and Nevada with his later fictions of slavery and anti-imperialist essays, he demonstrates that Twain's ideas about race were not limited to white and black, but profoundly comparative as he carefully crafted assessments of racialization that drew connections between groups, including African Americans, Chinese immigrants, and a range of colonial populations. Drawing on recent legal scholarship, comparative ethnic studies, and transnational and American studies, *Sitting in Darkness* engages Twain's best-known novels such as *Tom Sawyer*, *Huckleberry Finn*, and *A Connecticut Yankee in King Arthur's Court*, as well as his lesser-known Chinese and trans-Pacific inflected writings, such as the allegorical tale "A Fable of the Yellow Terror" and the yellow face play *Ah Sin*. *Sitting in Darkness* reveals how within intersectional contexts of Chinese Exclusion and *Jim Crow*, these writings registered fluctuating connections between immigration policy, imperialist ventures, and racism. A dazzling, spellbinding novel set in a mythical Jewish community by the acclaimed author of the New York Times Notable Book *The Book of Mischief* It's the late 1960s. The Pinch, once a thriving Jewish community centered on North Main Street in Memphis, has been reduced to a single tenant. Lenny Sklarew awaits the draft by peddling drugs and shelving books—until he learns he is a character in a book about the rise and fall of this very Pinch. Muni Pinsker, who authored the book in an enchanted day containing years, arrived in the neighborhood at its height and was smitten by an alluring tightrope walker. Muni's own story is dovetailed by that of his uncle Pinchas Pin, whose epic journey to North Main Street forms the book's spine. Steve Stern interweaves these tales with an ingenious structure that merges past with present, and his wildly inventive fabulism surpasses everything he's done before. Together, these intersecting stories transform the real-world experience of Lenny, whose fate determines the future of the Pinch, in this brilliant, unforgettable novel.

***This is the Complete Works of America's favourite storyteller Mark Twain. The eBook contains over 60 novels and shorter texts (short stories, essays, letters, speeches). Twain began his career writing light, humorous verse, but evolved into a chronicler of the vanities, hypocrisies and murderous acts of mankind. At mid-career, with Huckleberry Finn, he combined rich humor, sturdy narrative and social criticism. Twain was a master at rendering colloquial speech and helped to create and popularize a distinctive American literature built on American themes and language. Samuel Langhorne Clemens (1835 – 1910), better known by his pen name Mark Twain, was an American author and humorist. He wrote *The Adventures of Tom Sawyer* (1876) and its sequel,***

***A rich collection of primary materials, the multivolume Archives of Empire provides a documentary history of nineteenth-century British imperialism from the Indian subcontinent to the Suez Canal to southernmost Africa. Barbara Harlow and Mia Carter have carefully selected a diverse range of texts that track the debates over imperialism in the ranks of the military, the corridors of political power, the lobbies of missionary organizations, the halls of royal geographic and ethnographic societies, the boardrooms of trading companies, the editorial offices of major newspapers, and far-flung parts of the empire itself. Focusing on a particular region and historical period, each volume in Archives of Empire is organized into sections preceded by brief introductions. Documents including mercantile company charters, parliamentary records, explorers' accounts, and political cartoons are complemented by timelines, maps, and bibliographies. Unique resources for teachers and students, these volumes reveal the complexities of nineteenth-century colonialism and emphasize its enduring relevance to the "global markets" of the twenty-first century. While focusing on the expansion of the British Empire, The Scramble for Africa illuminates the intense nineteenth-century contest among European nations over Africa's land, people, and resources. Highlighting the 1885 Berlin Conference in which Britain, France, Germany, Portugal, and Italy partitioned Africa among themselves, this collection follows British conflicts with other nations over different regions as well as its eventual challenge to Leopold of Belgium's rule of the Congo. The reports, speeches, treatises, proclamations, letters, and cartoons assembled here include works by Henry M. Stanley, David Livingstone, Joseph Conrad, G. W. F. Hegel, Winston Churchill, Charles Darwin, and Arthur Conan Doyle. A number of pieces highlight the proliferation of companies chartered to pursue Africa's gold, diamonds, and oil—particularly Cecil J. Rhodes's British South Africa Company and Frederick Lugard's Royal Niger Company. Other documents describe debacles on the continent—such as the defeat of General Gordon in Khartoum and the Anglo-Boer War—and the criticism of imperial maneuvers by proto-human rights activists including George Washington Williams, Mark Twain, Olive Schreiner, and E.D. Morel.***

Autobiography Biographies... Samuel Langhorne Clemens (1835-1910), better known by his pen name Mark Twain, was an American writer, humorist, entrepreneur, publisher and lecturer.

Expertly authored by the co-editor of the best-selling text *Cultural Criminology Unleashed*, this book re-examines criminology in a global context. Wide-ranging and up-to-date, it covers the topics of colonialism and post-colonialism, genocide, state control, the impact of September 11th and the post-9/11 world. Exploring the relationship between criminology, discipline and modernity, it reworks the history and composition of criminology in light of September 11th and the prevalence of genocide in modernity. Analyzing statistics, anthropology and the everyday assumptions of criminology's history, this text addresses the political and scholarly grip on the territorial state and the absence of a global criminology. Rejecting the prevalent belief that September 11th and the responses it evoked were exceptions that either destroyed or revealed the absence of global legal order, the author argues that, in fact, they confirm the nature of the world order in modernity. A compelling and topical volume, this is a must read for anyone interested or studying in the areas of criminology and criminal justice.

Gathers documents written by U.S. government officials seeking to establish legal justification for the use of coercive interrogation and torture and to absolve those implementing the policies of any wrongdoing.

Kelly falls for Romberg promises laced with deception. Kelly has a wonderful marriage. So why is she so restless? Determined to get that elusive spark back in her life, Kelly takes off to her birthplace of Frankfurt, Germany, for the adventure of a lifetime. There she is befriended by the ever so charming David, who immediately appoints himself as her translator and tour guide. Kelly is so totally in love with her husband, but finds herself wishing he were more like her new friend David. But it isn't long before Kelly realizes that life is not always greener on the other side of the fence. In fact, it can be downright deadly! (Christian Fiction/Romance/Suspense Thriller) Excerpt: There's nothing wrong with a married woman having a friend...or is there? "Were you waiting for someone?" asked a deep sultry voice. Turning slightly to get a better view in the darkened lights of the club, Kelly found herself looking up into the eyes of a strikingly handsome man. He appeared to be in his mid-thirties. And being that she was in Europe, Kelly could easily imagine that in an earlier time he could have been the model for the statue of David. He was more than chiseled. "No, I'm just enjoying the bands," replied Kelly. "My name is David," he said extending his hand. "David Holloway. Would you mind if I joined you?" "Not at all," replied Kelly. "My name is Kelly Cave...I mean Kelly Brooks." "May I refresh your drink?" asked David as he settled into the seat besides Kelly at the small table for two. "Yes, thank you," said Kelly. "I'll have a white wine." After David had taken care of their orders and the waitress had returned with their drinks, they turned their attention back to the bands. When the last of the bands had played, the DJ switched the music to a lively array of dance tunes. "May I have the pleasure of this dance?" offered David. "Well I haven't been dancing in so long," said Kelly. "I'm not sure I know the latest steps." "Dance isn't always about technique," said David. "It's about fun. You mean to tell me a beautiful woman such as yourself doesn't have men lined up to take you dancing?" "Thank you for the compliment," said Kelly ignoring the question about men lined up. Fun. Was that even a part of her marriage anymore? The last time she and Jeff had danced had been at their wedding reception. Before they'd gotten married it'd been an entirely different story. They'd gone dancing at least two or three times a month. "Yes, I would like to dance," Kelly answered with an excited smile. "Let's do it." The night hours passed like the wind. They danced and laughed and talked. The only time they left the floor was when the DJ would do a triple-play set of slow romantic ballads. On these songs, she conveniently excused herself to the

ladies room, or said that she needed a little break. Even without her wedding ring, Kelly couldn't imagine herself dancing that closely with another man. But as for the fast tunes, Kelly had a ball. This was the most fun she'd had in years. If only Jeff....oh never mind. Forget the what ifs and lets party, she thought. And party they did.
