Celebrated Theologian Offers Wisdom for Civic Engagement
Christian citizens have a responsibility to make political and ethical judgments in light of their faith and to participate in the public lives of their communities—from their local neighborhoods to the national scene. But it can be difficult to discern who to vote for, which policies to support, and how to respond to the social and cultural trends of our time. This nonpartisan handbook offers Christians practical guidance for thinking through complicated public issues and faithfully following Jesus as citizens of their countries. The book focuses on enduring Christian commitments that should guide readers in their judgments and encourages legitimate debate among Christians over how to live out core values. The book also includes lists of resources for further reflection in each chapter and "room for debate" questions to consider.

We live in a time of certainty and extremes where questions must be answered and spiritual salvation is centered on a single moment. By drawing on the writings of St. Maximos the Confessor (580-662 CE), this book seeks to introduce the reader to a new, albeit old, way of following Jesus of Nazareth into the darkness of the unknown by embracing the mystery of uncertainty as a way of life in which each person's journey is different. Interwoven together, the concepts of the Mystery, the Way, and the Journey provide a way forward through the uncertainty of the future by following the path set forth by the ancient church while understanding that we are part of something bigger and older than modern American Christianity.

We live in a world filled with complexities and difficult choices to make. When we add in the hectic and faced paced lives that we lead, it's no wonder that most of us spend a lifetime searching for answers. Unfortunately many people fail to go to the one place that contains answers to every difficulty that man could face-the Bible. "Answers to Tough Questions" is meant to encourage believers not only to finding the answers to life's difficulties, but to maintaining consistent fellowship with the Lord who holds those answers. This book was prayerfully conceived with the desire that every reader would be strengthened and encouraged in their growth in the Lord.

This book sought to explore whether school funding practices satisfy the equity and adequacy standards delineated by policymakers and judges, and demanded by the broader public. A funding formula myopia, the book argues, has left student engagement largely overlooked. It comes as no surprise, therefore, that vast funding enhancements have introduced disappointing outcomes results. The book argues the front of the classroom must become and remain the epicenter of reform activity: and that transforming instructional and engagement behaviors are effort-intensive endeavors that very little in pecuniary terms.

Without answers, doubt creeps in and the future of the church is in jeopardy. With insight and precision, Geisler and Jimenez address one hundred penetrating questions that the culture asks and Christians must be prepared to answer, including both controversial questions raging in the public sphere and personal questions about family issues, the purpose and meaning of life, and the future of the world. The purpose of this doctoral-project is to address the millennial generation's loss of confidence in the Bible as God's authoritative word. Many young adults wonder if a thoughtful person can still seriously believe that God wrote a book. Today, there are an unprecedented number of sophisticated attacks on the origin, credibility, and reliability of the Bible and these attacks are being evaluated in a personal and social context where secularism is undercutting the possibility of spiritual and moral knowledge, and skepticism toward institutional religion is at an all-time high. In the absence of a thoughtful response to these challenges, a new generation will continue to see their confidence in the authority of the Bible erode. /p/ In order to address this problem, it is necessary to engage the following urgent challenges: (1) anti-intellectualism in Christianity; (2) skepticism regarding the historical Jesus; (3) discovering what the earliest Christians believed; (4) defining the nature and scope of the New Testament canon; (5) engaging questions of authorship and pseudonymity in New Testament writings; (6) claims of textual changes and corruption; (7) claims of biblical contradictions; (8) claims that the Bible is unscientific; (9) claims that the Bible is immoral (specifically sexist, racist, homophobic, and genocidal); (10) confusion over the doctrine of Scripture; and (11) that there is no privileged or objective interpretation of the biblical text. It is the conclusion of this project that these challenges can be reasonably addressed and that young adults can have confidence that

The Honest, Loving Answers Children Need to Hear What should you say when your five-year-old asks about his dying grandma? Or when your seven-year-old wonders if the devil is real? Or when the sixth graders in your Sunday school class are talking about a tragedy they heard about on the news? When it comes to the dark and tragic aspects of our world, it can be hard to know what to say and how much. Mother/daughter team Elyse Fitzpatrick and Jessica Thompson will carefully walk you through difficult conversations, one topic at a time. Speaking from personal experience, informed by child development research, these two moms offer practical insights and age-appropriate guidance. Talking about tough topics may not be as hard as you think, and, more important, you'll see how these conversations can lead to meaningful discussions of God's unchanging goodness. "I love this book! I will recommend it again and again. It is street-level theology for children that drips with the gospel of Jesus Christ. Parents, read it, live with it, share it daily with your children, and not only will they learn and grow, you will, too."--Paul David Tripp, president, Paul Tripp Ministries "This is a scripturally rooted and profoundly wise guide for parents who desire to weave gospel truths into the answers to their kids' toughest questions. I highly recommend this book. It takes the pressure off of parents to have all the perfect answers, reveals the radical nature of God's grace, and weaves the "scarlet thread of redemption" through every answer."--Jeannie Cunnion, MSW, author of Parenting the Wholehearted Child "These hard questions aren't random--children wonder about these issues, and they impact our everyday lives. Now talking about these questions doesn't have to be overwhelming for lack of resources. I'm so thankful for Elyse and Jessica's hard work, precision, and focus on Christ in this book."--Gloria Furman, author of Glimpses of Grace and Treasuring Christ When Your Hands Are Full "Martin Luther once said he measured his ability as a preacher by his ability to communicate the gospel to the young. This book is filled with such gospel truth, so simply articulated. No one has helped me connect the gospel to parenting more than Elyse Fitzpatrick and Jessica Thompson."--J. D. Greear, PhD, author of Ready to Launch: Jesus-Centered Parenting in a Child-Centered World and Stop Asking Jesus Into Your Heart "As a mother of seven, I'm always interested in grace-filled, Bible-based answers to the tough questions of this life. Elyse and Jessica do a beautiful job of balancing truth with grace, while offering parents practical, solid answers to topics that many parents cringe over. I'll be looking at this great guide again and again, not because it contains all the answers, but because the authors humbly point parents back to the only source of truth that's ever existed: the Bible."--Heidi St. John, author and speaker "This is a great book to help answer the big theological questions of little children."--Pastor Mark Driscoll "Elyse and Jessica have written a must-have book for parents and those involved with ministry to children. It provides helpful, gracious, wise, and faithful answers to some of the most difficult questions children can ask about the Christian faith."--Justin S. The very nature of elites makes them difficult for social researchers to study. This volume provides valuable insights into how researchers can successfully gain access to elite settings. Using their actual experiences, the contributors provide constructive advice as well as cautionary tales about how they learned to manoeuvre and become accepted in worlds otherwise closed to them. Three broad research areas are covered: business elites; professional elites; and community and political elites. Useful information is given on how researchers in these areas can gather data, construct interview strategies, write about their subjects and come to experience the research process.

Followers of Jesus need not fear hard questions or objections against Christian belief. In A Reasonable Response, renowned Christian philosopher and apologist William Lane Craig offers dozens of examples of how some of the most common challenges to Christian thought can be addressed, including: Why does God allow evil? How can I be sure God exists? Why should I believe that the Bible is trustworthy? How does modern science relate to the Christian worldview? What evidence do we have that Jesus rose from the dead? Utilizing real questions submitted to his popular website ReasonableFaith.org, Dr. Craig models well-reasoned, skillful, and biblically informed interaction with his inquirers. A Reasonable Response goes beyond merely talking about apologetics; it shows it in action. With cowriter Joseph E. Gorra, this book also offers advice about envisioning and practicing the ministry of answering people's questions through the local church, workplace, and in online environments. Whether you're struggling to respond to tough objections or looking for answers to your own intellectual questions, A Reasonable Response will equip you with sound reasoning and biblical truth.
