

## Harry Potter Research Paper Topics

Contributions by Christina M. Chica, Kathryn Coto, Sarah Park Dahlen, Preethi Gorecki, Tolonda Henderson, Marcia Hernandez, Jackie C. Horne, Susan E. Howard, Peter C. Kunze, Florence Maätita, Sridevi Rao, Kallie Schell, Jennifer Patrice Sims, Paul Spickard, Lily Anne Welty Tamai, Ebony Elizabeth Thomas, Jasmine Wade, Karin E. Westman, and Charles D. Wilson Race matters in the fictional Wizarding World of the Harry Potter series as much as it does in the real world. As J. K. Rowling continues to reveal details about the world she created, a growing number of fans, scholars, readers, and publics are conflicted and concerned about how the original Wizarding World—quintessentially white and British—depicts diverse and multicultural identities, social subjectivities, and communities. *Harry Potter and the Other: Race, Justice, and Difference in the Wizarding World* is a timely anthology that examines, interrogates, and critiques representations of race and difference across various Harry Potter media, including books, films, and official websites, as well as online forums and the classroom. As the contributors to this volume demonstrate, a deeper reading of the series reveals multiple ruptures in popular understandings of the liberatory potential of the Potter series. Young people who are progressive, liberal, and empowered to question authority may have believed they were reading something radical as children and young teens, but increasingly they have raised alarms about the series' depiction of peoples of color, cultural appropriation in worldbuilding, and the author's antitrans statements in the media. Included essays examine the failed wizarding justice system, the counterproductive portrayal of Nagini as an Asian woman, the liberation of Dobby the elf, and more, adding meaningful contributions to existing scholarship on the Harry Potter series. As we approach the twenty-fifth anniversary of the publication of *Harry Potter and the Philosopher's Stone*, *Harry Potter and the Other* provides a smorgasbord of insights into the way that race and difference have shaped this story, its world, its author, and the generations who have come of age during the era of the Wizarding World.

The generation of readers most heavily impacted by J.K. Rowling's Harry Potter series--those who grew up alongside "the boy who lived"--have come of age. They are poised to become teachers, parents, critics and writers, and many of their views and choices will be influenced by the literary revolution in which they were immersed. This collection of new essays explores the many different ways in which Harry Potter has shaped this generation's views on everything from politics to identity to pedagogical spaces online. It seeks to determine how the books have affected fans' understanding of their place in the world and their capacity to create it anew.

Through classroom activities, wizard rock concerts, and organizations like the Harry Potter Alliance, Harry Potter fans are using creativity to positively impact the world. This collection of essays and interviews examines how playful fandom--from fanfiction to Muggle quidditch, cosplay, role-playing games, and even Harry Potter burlesque--not only reimagines the canon but also challenges consumerism, questions notions of identity, and fosters participatory culture. The contributors explore

issues applicable to fan studies and performance studies at large, such as the role of performance, the nature of community, and questions of representation and ownership in the digital age. Presented in three parts, the essays discuss discrepancies between sanctioned versions of Harry Potter and fan creations, the reenactment and reinterpretation of the original narrative in fan performance, and collaborative and participatory performances that break down the boundaries between actors and audiences.

A fun, user-friendly guide that takes the confusion out of writing essays and papers for students of all ages. Unlike other books that are so full of technical jargon that they confuse more than help, *Homework Helpers: Essays and Term Papers* uses straightforward language and simple steps to guide students through the essay-writing process. *Homework Helpers: Essays and Term Papers*:

- Describes in detailed “plain English” each element and step involved in writing a dozen different types of essays.
- Includes a rough, edited, and final draft sample of each type of essay discussed.
- Explains the necessity of proofreading and citing sources, providing tips and instruction on how to accomplish these tasks.
- Presents step-by-step instructions on how to write a great SAT essay.
- Discusses what students can expect when they reach college-level courses.

Students of all ages can find help in writing essays for every major subject in high school or college. Neophytes will find guidance on the basics, while those further along in their educational career can adapt the detailed instructions for more in-depth assignments.

Terminus was a Harry Potter conference that took place August 7-11, 2008, in Chicago, Illinois. The conference featured more than 180 hours of educational programming presented by scholars, teachers, business and industry professionals, librarians, readers, and others with an interest in the Harry Potter novels, films, and phenomenon; at the time of the conference, presenters were able to analyze all seven novels and many related works. Following the conference, presenters were invited to contribute papers for this compendium, which includes perspectives on Harry Potter as part of the curriculum, an analysis of the wizarding world's legal system, criticism of gender roles in the series, sets of questions from roundtable discussions, and many additional essays.

Global ethics addresses some of the most pressing ethical concerns today, including rogue states, torture, scarce resources, poverty, migration, consumption, global trade, medical tourism, and humanitarian intervention. It is both topical and

important. How we resolve (or fail to resolve) the dilemmas of global ethics shapes how we understand ourselves, our relationships with each other and the social and political frameworks of governance now and into the future. This is seen most clearly in the case of climate change, where our actions now determine the environment our grandchildren will inherit, but it is also the case in other areas as our decisions about what it is permissible for humans beings to do to each other determines the type of beings we are. This book, suitable for course use, introduces students to the theory and practice of global ethics, ranging over issues in global governance and citizenship, poverty and development, war and terrorism, bioethics, environmental and climate ethics and gender justice.

The Journal of Interdisciplinary Science Topics (JIST) form part of the 'Interdisciplinary Research Journal' module in the third year of both the BSc and MSci Interdisciplinary Science degrees. It is intended to provide students with hands-on experience of, and insight into, the academic publishing process. The activity models the entire process from paper writing and submission, refereeing other students' papers, sitting on the editorial board that makes final decisions on the papers, to finally publishing in an online journal. This book is a compilation of the papers written by undergraduate students that were published during the 2015/2016 academic year.

Taking up the various conceptions of heroism that are conjured in the Harry Potter series, this collection examines the ways fictional heroism in the twenty-first century challenges the idealized forms of a somewhat simplistic masculinity associated with genres like the epic, romance and classic adventure story. The collection's three sections address broad issues related to genre, Harry Potter's development as the central heroic character and the question of who qualifies as a hero in the Harry Potter series. Among the topics are Harry Potter as both epic and postmodern hero, the series as a modern-day example of psychomachia, the series' indebtedness to the Gothic tradition, Harry's development in the first six film adaptations, Harry Potter and the idea of the English gentleman, Hermione Granger's explicitly female version of heroism, adult role models in Harry Potter, and the complex depictions of heroism exhibited by the series' minor characters. Together, the essays suggest that the Harry Potter novels rely on established generic, moral and popular codes to develop new and genuine ways of expressing what a globalized world has applauded as ethically exemplary models of heroism based on responsibility, courage, humility and kindness.

Great Writing 5: From Great Essays to Research

The Sociology of Harry Potter

**Seminar paper from the year 2013 in the subject English Language and Literature Studies - Literature,**

grade: 1,7, University of Leipzig, language: English, abstract: In his article "Heroism: Why heroes are important" Scott LaBarge states that "we need heroes first and foremost because our heroes help define the limits of our aspirations." Heroes can be found in history since the beginning of mankind - although the term 'hero' was not used until the ancient Greeks (LaBarge). It can be said that we always were and still are fascinated by outstanding skills and personalities. One timeless tale in which two famous heroes can be found is the Arthurian legend, namely King Arthur himself and the wizard Merlin. The story can be referred to as timeless because "it is full of universal ideas that we still feel connected to" (Hardyment). This means that, even though King Arthur and Merlin are heroes of the past, they are significant today because we still appreciate the values they embody. Down to the present day, the legend was adapted numerous times in different forms of media or used as an inspirational source. Consequently, it also found its way into children's literature, for instance into Joanne K. Rowling's famous fantasy book series "Harry Potter", which was published between 1997 and 2007 (Eldridge). In her essay "Is Dumbledore another disguise? Where to find Merlin in Harry Potter", Florence Marsal puts forward the thesis that "the consensus of [the series] is an amalgam of popular myths, foes, and heroes, reworked into a modern fantasy tale (...)". The aim of this seminar paper is to prove Marsal's thesis to a certain extent, by examining the elements of the medieval legend in the "Harry Potter" series, focusing on the characters of Merlin and King Arthur as well as Dumbledore and Harry Potter. First, a closer look at the history of the Arthurian legend, together with a definition of the terms 'legend' and 'myth', will give the reader a better understanding of the topic. Subsequently, the subject of history in "Harry Potter" will be investigated from two different angles: the handling of history within the story and the reflection of 'real historical events', together with an explanation of J.K. Rowling's usage of the past. The following sections will deal with the above-mentioned characters and in which way the ancient heroes can be rediscovered in the modern children's story. Annotating, it has to be said that, as Merlin is a "'multi-faceted' character" (Marsal), his history and characteristics cannot be discussed completely in this seminar paper.

Urging readers of the Harry Potter series to dig deeper than wizards, boggarts, and dementors, the authors of this unique guide collect the musings of seventeen philosophers on the series, who cover a wide range of Potter-related philosophical issues, including the difference between good and evil, the ethics of sorcery, and Aristotle's own school for wizards. Original.

"An explosive, fascinating book that reveals how the Bible cannot be used as a rulebook when it comes to sex. A terrific read by a top scholar." -Bart Ehrman, author of Misquoting Jesus Boston University's cutting-edge religion scholar Jennifer Wright Knust reveals the Bible's contradictory messages about sex in this thoughtful, riveting, and timely reexploration of the letter of the gospels. In the tradition of Bart Erhman's Jesus Interrupted and John Shelby Spong's Sins of Scripture, Knust's Unprotected Texts

liberates us from the pervasive moralizing—the fickle dos and don'ts—so often dictated by religious demagogues. Knust's powerful reading offers a return to the scripture, away from the mere slogans to which it is so often reduced.

Drawn from the Mugglenet.com fan site, offers opposing viewpoints on what should have happened versus what did happen in the Harry Potter series.

Philosophers and psychologists have explored the Harry Potter stories through the lenses of their disciplines, now it's time for sociologists. In the twenty-two chapters of *The Sociology of Harry Potter*, social scientists from eight countries cast their imaginations on the wizarding world. From standard topics such as inequality and identity to more contemporary topics such as technology and trauma memory, this essay collection analyzes, not J. K. Rowling's books as fiction, but her wizarding world as a "real" society. The Hogwarts house system, Quidditch, internet fan fiction and the lives of our favorite witches and wizards are explored in reference to sociological theories and concepts. Fans of these bestselling books will gain insights into the world of Harry Potter as well as sociology. Sociologists and their students will be intrigued to see everyday tools of the trade working magic in another universe. "Even after so much scholarship on Harry Potter, this collection offers something delightfully new, plunging us into the inner workings of the wizarding world as if we're truly a part of it. By letting the experts loose, *The Sociology of Harry Potter* reveals the cause of Snape's antagonism, Voldemort's secret sexual shame, the reason our world needs Death Eaters, the true power of pets, and so much more. A brilliant anthology not to be missed " Valerie Estelle Frankel editor of *Teaching with Harry Potter* and *Harry Potter, Still Recruiting* Capitalize on the child appeal of fantasy literature to create challenging activities

that address the 12 Standards of the English Language Arts sponsored by NCTE and IRA. This guide contains practical ideas that enable the teacher or librarian to incorporate acclaimed fantasy literature in the elementary and middle school curriculum, and also serves as a reference guide to parents seeking outstanding examples of fiction for students. Each fantasy novel is accompanied by a plot summary and list of major characters, a comprehension check, a vocabulary exercise, discussion questions, reference topics, and suggested multidisciplinary extension activities. Fantasy book selection includes: Harry Potter and the Goblet of Fire The Hobbit The Dark is Rising Tuck Everlasting Poppy James and the Giant Peach Ella Enchanted The Amber Spyglass

Opinion mining and text analytics are used widely across numerous disciplines and fields in today's society to provide insight into people's thoughts, feelings, and stances. This data is incredibly valuable and can be utilized for a range of purposes. As such, an in-depth look into how opinion mining and text analytics correlate with social media and literature is necessary to better understand audiences. The Handbook of Research on Opinion Mining and Text Analytics on Literary Works and Social Media introduces the use of artificial intelligence and big data analytics applied to opinion mining and text analytics on literary works and social media. It also focuses on theories, methods, and approaches in which data analysis techniques can be used to analyze data to provide a meaningful pattern. Covering a wide range of topics such as sentiment analysis and stance detection, this publication is ideal for lecturers, researchers, academicians, practitioners, and students.

The tropes and themes of J. K. Rowling's massively popular series are interpreted within the context of its audience.

The most important skill you can have in any field or subject is the ability to express yourself with eloquence and confidence in writing. The tools and rules needed are simple and easy to remember. Learn everything you need to know to write engaging and informative essays, stories and research papers. Find ways to take the writing skills you have learned in school and apply them to real world tasks, be they work related or personal.

Harry Potter. The name conjures up J.K. Rowling's wondrous world of magic that has captured the imaginations of millions on both the printed page and the silver screen with bestselling novels and blockbuster films. The true magic found in this children's fantasy series lies not only in its appeal to people of all ages but in its connection to the greater world of classic literature. Harry Potter's Bookshelf: The Great Books Behind the Hogwarts Adventures explores the literary landscape of themes and genres J.K. Rowling artfully wove throughout her novels-and the influential authors and stories that inspired her. From Jane Austen's Emma and Charles Dickens's class struggles, through the gothic romances of Dracula and Frankenstein and the detective mysteries of Dorothy L. Sayers, to the dramatic alchemy of C.S. Lewis, J.R.R. Tolkien, and William Shakespeare, Rowling cast a powerful spell with the great books of English literature that transformed the story of a young wizard into a worldwide pop culture phenomenon.

A philosophical exploration of the entire seven-book Harry Potter series Harry Potter has been heralded as one of the most popular book series of all time and the philosophical nature of Harry, Hermione, and Ron's quest to rid the world of its ultimate evil is one of the many things that make this series special. The Ultimate Harry Potter and Philosophy covers all seven titles in J.K. Rowling's groundbreaking series and takes fans back to Godric's Hollow to discuss life after death, to consider what moral reasoning drove Harry to choose death, and to debate whether Sirius Black is a man or a dog. With publication timed to coincide with the release of the movie Harry Potter and the Deathly Hallows (Part 1), this book will be the definitive guide for all fans looking to appreciate the series on a deeper level. Covers a range of intriguing topics such as the redemption of Severus Snape, the power of love, and destiny in the wizarding world Gives you a new perspective on Harry Potter characters, plot lines, and themes Makes a perfect companion to the Harry Potter books and movies Packed with interesting ideas and insights, The Ultimate Harry Potter and Philosophy is an ideal companion for anyone interested in unraveling the subtext and exploring the greater issues at work in the story.

Essays on Fandom and the Expanding Potterverse

JK Rowling now is half-way through a series which has taken the world by storm.

Unusually, she has attracted success both in terms of massive sales figures and critical acclaim. This study will look at her books and consider some of the reasons for their phenomenal success. This will be done against a background of how Harry Potter relates to other contemporary children's books so that students and teachers can place them in the context for which they were written. This book has not been authorized by JK Rowling, her agent, or Warner Bros.

Harry Potter and the Millennials tells the fascinating story of how the team designed the study and gathered results, explains what conclusions can and cannot be drawn, and reveals the challenges social scientists face in studying political science, sociology, and mass communication. Specifically, the evidence indicates that Harry Potter fans are more open to diversity and are more politically tolerant than nonfans; fans are also less authoritarian, less likely to support the use of deadly force or torture, more politically active, and more likely to have had a negative view of the Bush administration. Furthermore, these differences do not disappear when controlling for other important predictors of these perspectives, lending support to the argument that the series indeed had an independent effect on its audience. In this clear and cogent account, Gierzynski demonstrates how social scientists develop and design research questions and studies.

Young wizard Harry Potter finds himself back at the miserable Hogwarts School of Witchcraft and Wizardry. He doesn't realize the difficulty of the task that awaits him. Harry must pull out all the stops in order to find his missing friend. Harry Potter has given the study of popular culture a unique platform for exploring the nature of human identity. "Potter Studies" is developing into a vibrant interdisciplinary field of scholarship. This collection of new essays examines issues surrounding race, class, gender, sexual orientation, and personal virtue, both in the wizarding world and in our own. The contributors discuss an array of meanings and contexts in the Harry Potter books relating to identity issues, and the ways in which these manifest in fandom cultures and real-world schools and businesses.

Reading Harry Potter Again: New Critical Essays extends the discussion of the Harry Potter books by covering the entire series in one new and comprehensive volume. This new volume of essays covers the entire seven-book sequence. Contributors consider a number of themes from different perspectives. Areas addressed include religious themes, morality, race, magic, and other themes popular in discussing the books. Fans of the books or anyone interested in the Harry Potter phenomenon, will better appreciate and understand Rowling's works and the impact of her stories on our times.

This thoroughly revised edition includes updated essays on cultural themes and literary analysis, and its new essays analyze the full seven-book series as both pop cultural phenomenon and as a set of literary texts. Critical Perspectives on Harry Potter, Second Edition draws on a variety of intellectual traditions to explore the texts, including moral-theological analysis, psychoanalytic perspectives, and philosophy of technology. The Harry Potter novels engage the social, cultural, and psychological preoccupations of our times, and Critical Perspectives on Harry Potter, Second Edition examines these worlds of consciousness and culture, ultimately revealing how modern anxieties and fixations are reflected in these powerful worlds. ("DISCLAIMER: This book is not authorized, approved, licensed, or endorsed by J.K. Rowling, Warner Bros. Entertainment Inc., or anyone associated with the Harry Potter books or movies.")
