In the old days there were songs... Something is bothering Russel Susskit. He hates waking up to the sound of his father's coughing, the smell of diesel oil, the noise of snow machines starting up. Only Oogruk, the shaman who owns the last team of dogs in the village, understands Russel's longing for the old ways and the songs that celebrated them. But Oogruk cannot give Russel the answers he seeks; the old man can only prepare him for what he must do alone. Driven by a strange, powerful dream of a long-ago self and by a burning desire to find his own song, Russel takes Oogruk's dogs on an epic journey of self-discovery that will change his life forever.

Guess what -- Gary Paulsen was being kind to Brian. In Guts, Gary tells the real stories behind the Brian books, the stories of the adventures that inspired him to write Brian Robeson's story: working as an emergency volunteer; the death that inspired the pilot's death in Hatchet; plane crashes he has seen and near-misses of his own.

He describes how he made his own bows and arrows, and takes readers on his first hunting trips, showing the wonder and solace of nature along with his hilarious mishaps and mistakes. He shares special memories, such as the night he attracted every mosquito in the county, or how he met the moose with a sense of humor, and the moose who made it personal. There's a handy chapter on "Eating Eyeballs and Guts or Starving: The Fine Art of Wilderness Nutrition." Recipes included. Readers may wonder how Gary Paulsen survived to write all of his books -- well, it took guts.

Two years after having survived a plane crash into the Canadian wilderness, a sixteen-year-old returns to the wild to befriend a wounded dog and hunt a rogue bear.

The eerie, windswept Hatchet Island off the coast of Maine becomes the site of a double murder and a disappearance in this thriller from bestselling author Paul Doiron. A call for help from a former colleague leads Maine game warden investigator Mike Bowditch and his girlfriend Stacey Stevens on a sea kayaking trip to a research station far off the coast. Stacey spent summers interning on the island, a sanctuary for endangered seabirds, and they are shocked by the atmosphere of tension they encounter when they come ashore. The biologists are being threatened and stalked by a mysterious boatman who they suspect is trespassing on the refuge late at night. And now

the sanctuary's enigmatic founder, whose mind has been slowly unraveling, has gone missing. Camped on an islet for the night, Mike and Stacey waken to the sound of a gunshot. When they return to the refuge at dawn, their darkest fears are confirmed: two of the three researchers have been brutally murdered and the third has disappeared, along with the island skiff. Mike's quest to find the missing man leads to a nearby island owned by a world-renowned photographer and his equally brilliant wife. The inhabitants of this private kingdom quickly close ranks, and Mike increasingly comes to believe that someone in the village knows more about the killings than they dare admit. With no one to trust and miles from shore, Mike Bowditch must stop a ruthless murderer determined to make sure a terrifying secret never sees the light of day.

Writings on Contemporary Fiction

After having survived alone in the wilderness, Brian finds that he can no longer live in the city but must return to the place where he really belongs.

Rife with textual analysis, historical context, and insights about the power of fiction, Peck hacks away literature's deadwood to discover the vital heart of the contemporary novel.

In this book, Paulsen describes some of the dangerous episodes in his own life, many of which he has drawn on in his novels.

In the 1830s, Jack Kelly is an Irish lad sold

into indentured servitude. Jack's master turns out to be a mean-tempered drunk in frontier St. Louis and treats him harshly. There, Jack learns how to hunt, shoot a bow and arrow, trap, and throw a Tomahawk superbly-gaining his nickname "Hatchet Jack." One day, Jack's master beats him to within an inch of his life. Jack vows to escape to the untamed West to become a Mountain Man fur trapper. Thus begins an adventure involving turncoat fellow trappers, deadly betrayal, death on the frontier, battles with hostile Blackfoot Indians, loss, love, fortune, and an ultimate surprise. The Adventures of Hatchet Jack is an epic story of the life and times of a Mountain Man when the West was young, dangerous and yet beautiful beyond compare ... told only as Terry Grosz can tell it.
