Revised and Updated for the Gold Rush From one of the world's most knowledgeable coin dealers—a former consultant to the Federal Trade Commission who is often quoted by the Wall Street Journal—comes a thorough update of the most-trusted consumer protection handbook to buying and selling rare and valuable coins. The T70 was prolific throughout the mid- to late-1960s, and over 100 examples were built in three versions – both open-topped and coupé models. The first successes for the T70 were in the US, and in 1966, the T70 dominated the Can-Am championship, winning five of the six races in the series – with John Surtees becoming champion in a Chevrolet-powered example. In 1968, T70s finished 1 - 2 in the Daytona 24 Hours, and the T70 was highly successful in the domestic UK and European championships, winning regularly. Today, Lola T70s are regular competitors on the historic racing scene, and examples are highly sought after by collectors. This Lola
