"And at that exact moment, the earth tipped, and we all slid into a parallel universe..." On Christmas Day 2016, the Jessops were just an ordinary family, but on Boxing Day, one near-death experience swept them all into the bewildering world of hospitals and serious illness, and their lives changed forever. *Pulling Through* is a handbook of everything Catherine has learned on their journey. It covers many practicalities, such as explaining hospital tests and scans, jargon-busting medical terms, finance, rehabilitation and more. But it also illuminates the emotional aspect of illness and how massively it affects family and friends. There are chapters on the power of nature, music, counselling, optimism and humour, and how to look after the mental health of both patient and carer. This is a book of hope, help and reassurance on every aspect of coping with life-changing illness in the family: the good, the bad, the funny, the sad, and the useful. If you, or someone you know, has a life-changing illness, then this book is here to help.

A letter to parents is included to guide them as they talk to their children about heaven. Scripture along with a Q&A section with answers from the Bible are also included in the book.

New Headway iTools makes it easy to use interactive whiteboards and digital technology with Headway. Everything about these resources is user-friendly and supportive - and here's why. First, you don't need any special equipment. Just use what you already have in the school - an interactive whiteboard, a computer, a data projector, an ebeam. New Headway iTools works on all of these, and it doesn't matter which brand of whiteboard you have. Second, you get a full-colour Teacher's Guide in the pack. This shows you when and how to use the activities in the lesson, and includes whiteboard tips so you're never without support. The Guide also appears on the disc, for easy access during the lesson. New Headway iTools saves you time, too. How? Pre-selection ... the activities on the disc are pre-selected from the Student's Book. This means you don't need to go through the book deciding which activities are most suitable for the interactive whiteboard - they've already been researched and chosen for that very reason. Just go ahead and use them in class, with confidence.

Comprehensive, challenging, and effective - the best of American Headway for upper-intermediate to advanced students.
